BLINHORSE WINS

Rythmic Takes the $10,000 Bonner Memorial Purse.

RACES AT BRIGHTON BEACH

Prince Direct, a Former Seattle Pacer, Takes a Heat in the 2:15 Day at Other Big Tracks.

NEW YORK, Aug. 11.—The second seaside meeting of the New York Trotting Association began at Brighton Beach under favorable auspices. The track was fast, and 5000 spectators saw the sport. The feature of the card was the $10,000 Bonner Memorial purse for trotters of the 2:12 class, for which there were 12 starters. The horse Rythmic, who has won all his races down the line from Detroit, was the choice at $50 to $40, but eventually sold at 1. He won in three straight heats.

The race was on what is named the novelty plan. The race was completed in three heats. The winner of the first and second heats retired from the race and the first money went to the winner of the first heat, second and third money the same way, while the fourth was awarded to the horse holding the next position. In reality each heat was a distinct race. Prince Direct, formerly Freddie C., of Seattle, was the favorite in all three heats, but he was not able to get to the front until the third. The summary:

2:15 class, pacing, purse $1500, novelty race—Online G. won the first heat in 2:11¼; Hal Wilkes won the second heat in 2:0 Prince Direct won the third heat in 2: Alice Mapes, Schley Pointer, Surf, Baroletta, Mercury Wilkes and Josh started.

2:12 class, trotting, Bonner Memorial, purse $10,000—Rythmic won three straight heats in 2:09¼, 2:09¾, 2:12. Lady Thisbee, Major Delmar, Alice Carr, Miss Whitney, Leola, Alcy, Silver Sign, Belle Kuser, Alfred Star and Ruthmas also started.

2:14 class, trotting, purse $1500, novelty, same conditions as 2:15 pace—The King won the first heat in 2:13¾, Mobel the second heat in 2:10¾, Ida Highwood the third 2:13¾. Meadow Belle, A. J. D., Flashtning, Ivandoff, Mars and Malborrso started.

2: class, pacing, purse $1500, unfinished—Fale Dillard won the first and fourth heats in 2:05¼, 2:06½. Dan R. won the second and third heats in 2:04½, 2:07¼. Hetty G., Dumont W., Dariel, Riley B. and Martha Marshall also started.

IRISH LAD KEEPS THE MONEY.

Offer to Return Stake on Account of Criticism Rejected by Saratoga.

SARATOGA, N. Y., Aug. 11.—As an aftermath of the Saratoga Special on Saturday, won by Whitney & Duryea's Irish Lad, those gentlemen, in view of the discussion which has arisen through Burns riding on W. C. Whitney's Girdle, forwarded a letter to the stewards offering to return the gold plate and the stake money won by Irish Lad. The stewards unanimously refused to accept the offer.

Starter Fitzgerald was stricken with typhoid fever on Sunday night, and C. H. Pettingill took his place. Burns & Waterhouse sold their 2-year-old colt Alsono before the first race for a sum stated to be in the neighborhood of $10,000. He started favorite in the first race, but was unable to finish better than second, Ada Nay, at 7 to 1, winning. The sale of the Clarence H. Mackay string will take place in the paddock at noon tomorrow. Newton Bennington's entire string also will be disposed of at the same time. The summary:

Inland Empire League.

PENDLETON, Or., Aug. 11.—The standing of the four teams in the Inland Empire League at the close of the games Sunday was as follows:

	Won.	Lost.	P. C.
Pendleton	15	5	.750
Baker City	10	10	.500
Walla Walla	9	11	.450
La Grande	6	14	.300

Pendleton still has a comfortable lead, and will no doubt maintain it. Walla Walla and Baker City are having a lively fight for the second place, with the chances in favor of the latter team. La Grande, at the tail end, has been unfortunate. Six games they lost by only one score, and two of these were for more than nine innings. The Beetpullers are a heavy hitting aggregation, and with some strengthening in the pitching staff they may prove dangerous in the race for the pennant.

Spokane Ball Team Here.

The Spokane baseball team arrived last evening and will open the series with Portland today. The team has lately been reinforced by Quick, a speedy twirler, who struck out 15 men in the famous 15-inning game at Seattle last Wednesday, and Gordon, who once occupied the box for Denver. Both men are crack pitchers, and Manager Grim believes that Spokane will pick up more victories in the near future. Grim has also signed Ferris, a crack infielder, whom he now uses as a general utility man. Elsey will catch for Spokane this afternoon, and Grim will play first base. With one or two exceptions, the visitors are in good shape, and ought to give Portland a hard tussle during the present series. Either Cunningham or Witbeck will pitch for Portland today.

Centralia, 11; Olympia, 2.

CENTRALIA, Wash., Aug. 11.—(Special.)—The Olympia "fans" turned out in large numbers today to witness the defeat of the Maroons at the hands of the Centralia Yellow Jackets. The Olympia boys were outclassed in every point of the game, which was never in doubt. The score was 11 to 2. Olympia got her two scores on a wild pitch of Shriver and a wild throw of Davis to first. Brinker, of Olympia, was hit freely, while Shriver, who pitched for Centralia, allowed only three singles. An excursion of 300 came over from Olympia. Batteries—Centralia, Shriver and Ruff; Olympia, Brinker and Hodge.

Hillsboro, 13; Waverly, 5.

HILLSBORO, Or., Aug. 11.—(Special.)—The Waverly nine, of Portland, played the Diamond W.s yesterday afternoon, the visitors scoring in but two of the nine innings. The game was made quite lively by a number of Forest Grove rooters who were present to aid the Waverly team. Leavitt occupied the box for the Diamond W.'s and Letto for Waverly. The score was 13 to 5. Waverly made four runs, and the local team nine runs in the fourth.

Trident Wins Seawanhaka Cup.

MONTREAL, Aug. 11.—The Trident won the Seawanhaka Cup today by defeating Tecumseh by 5 minutes and 27 seconds. The course was triangular, and at the hour of starting there was a dead calm. After waiting an hour and a half the breeze strengthened to a squall. The wind shifted a good deal from west to southwest, and varied from 25 to 18 miles an hour. The elapsed time:

	H M S
Trident	1:49:55
Tecumseh	1:55:22

Begin Training for Regatta.

NEW YORK, Aug. 11.—The local oarsmen who were in last week's event at Worcester, Mass., have returned home, and actual training was started today for the Middle States regatta, to be held on the Harlem River Labor Day, although some crews have been practicing quietly for two weeks. The Crescent Boat Club, which has long been dormant regarding actual racing, has started a junior eight. The Nassiua Club promises several entries, as also do the Harlema, Wyanokes and Metropolitans. The Bohemians will make an effort to get out a senior eight composed of the four-gig crew which won the junior and intermediate races on Decoration day, Budrie and Veseley, the champion double-scullers, and two other men not yet selected. The Atlanta Club, Lone Stars and Friendships will start their crews today, each promising several entries. The Dauntless junior eight will not get down to hard work until the last of the week.

MOB HOLDS THE STREETS

London Is Having a Last Good Look at Coronation Illuminations.

NEW YORK, Aug. 12.—Cabling from London early today, the correspondent of the Tribune says:

The streets are again in possession of a mob, and Londoners are having a last good look at the coronation illuminations. The police have again wisely stopped all vehicular traffic, but the main thoroughfares from Piccadilly to the Bank of England are crowded with sightseers, walking along in two endless streams. There is, however, no crushing or jostling, and after the recent exhibitions it comes somewhat as a surprise to find how orderly a London crowd can be. "Mafficking" has apparently become a lost art.

Court officials are still employed in explaining the hitches and delays in Saturday's ceremonial, and bits of the by-play behind the scenes are disclosed. One of the pleasantest incidents was the King's solicitude for the Archbishop of Canterbury, when they met in the confessor's chapel after the coronation. The archbishop was seated, and the King would not allow him to rise, but went up to him and inquired anxiously whether he had recovered from his temporary weakness.

The resignation of Dean Bradley, whose infirmity was painfully evident on Saturday, when he well-nigh dropped the chalice at the coronation services, will offer to the new Prime Minister the first change for making an ecclesiastical appointment and disclosing his preference in churchmanships. If he has any preference for a broad churchman, the incumbent will probably be selected from among the head masters of the great schools, in accordance with recent traditions at Westminster, although the trend of churchmanship at the Abbey has been rising with the increasing influence of Archdeacon Wilberforce and Canon Duckworth.

HYDROPHOBIA.

Vagrant Dogs and Cats Should Be Mercifully Slain.

Brooklyn Eagle.

Hydrophobia has always been a rare disease in this country, but within the past few weeks a surprising number of cases have been reported. Cats are liable to rabies, but it is more common to dogs, and seems to arise from overheating and too little liberty. Pets that are kept in a house all the time live an artificial life, especially if they are stimulated by high feeding. One animal also communicates the germs to others, and some times a dozen dogs, cats, horses and cattle will be affected by the bites of a single dog running at large.

While there is faith in the Pasteur treatment of the bitten subject, prevention is far easier. Ailing dogs ought to be watched, especially if they slink under furniture, whine, appear uneasy and dejected, and instead of shooting a dog that has bitten a person the animal should be chained and kept under watch to see if genuine rabies is developed. Many cases of supposed hydrophobia are merely hysteria, and if a bitten person knows that the dog who has inflicted the wound is healthy he will be relieved from much anxiety, whereas if the animal is quickly killed the uncertainty as to the danger may result in simulated hydrophobia, with nervous breakdown. On general principles it would be well to end the lives of the poor dogs and cats that wander about our cities unfed, uncared for, sickly, a nuisance to neighborhoods, a burden to themselves.

Superlative Possibilities.

Philadelphia Times.

A jovial-looking man on a Jersey City to Pittsburg train drank frequently and deeply from a quart bottle, which he courteously offered before each swig to his fellow-passengers, one of whom, an ascetic-looking man, refused the bottle with scorn, and eventually delivered a lecture on temperance, ending with:

"You take awful chances in clouding your brain with alcohol. When you again come into possession of your normal senses you may be in the gutter, you may be in prison, you may be in eternal punishment!"

After the berths had been made up for the night the jovial one staggered down the aisle, pulled aside the flap of that occupied by the lecturer, and asked:

"Where yoush goin', ol' fel'r?"

"Pittsburg"—this severely.

"Yoush didn't tip p-p-porter."

"I never do. It's a bad practice."

"You take awful chances, ol' fel'r, in losin' your wits not tippin' porter. When you wake up, yoush may be in Pittsburg, yoush may be in Fort Wayne, yoush may be in Chi—Shicago!"

TASTING MILITARY LIFE

PYTHIANS OF UNIFORM RANK IN CAMP IN SAN FRANCISCO.

Are 11,000 in Number and Come From All Sections of the Country—Grand Lodge Opens.

SAN FRANCISCO, Aug. 11.—San Francisco was turned over to the Knights of Pythias today, and gold lace and uniforms have taken possession of the city. Fully 6000 visitors arrived yesterday, and today 11,000 Knights of the uniform rank reached the Golden Gate, many of them having traveled over 3000 miles. General Carnahan stated this morning that considering the distance most of the Pythians must cover to reach the Western camp and the time consumed, the present conclave would be the most remarkable in Pythian annals.

Market street was filled with bands and brass buttons all day as the arriving delegations were escorted to the encampment by the California Knights. Eight companies of Indiana Knights of the uniform rank came in today. A detachment of California Knights was kept busy doing escort duty to the arriving Pythians. At 10:25 an installment of Pennsylvania Pythians was met and welcomed with drawn swords and military salute. They were escorted to the pavilion and the escorts marched back to welcome the next delegation from Mississippi, at 2:30 o'clock. The Missouri delegation is due at 12:55 A. M., and the New Yorkers at 8 A. M. tomorrow. The Kansas people have not been heard from, but will arrive in time for the parade on Wednesday.

C. F. Neal, president of the Board of Control of the endowment rank, arrived from Chicago today. Two new members are to be elected to the board and the president will make his report.

In a large vacant lot at Twelfth and Market streets 600 tents have been pitched and a model military camp established by the uniform rank.

The first formal exercises in connection with the conclave were held this afternoon, when an exhibit of the products of the various counties of California was opened in the nave of the Union ferry building. Mayor Schmitz extended the hospitality of the city to the visitors, and Insurance Commissioner Wolf, representing the Governor, spoke in behalf of the state. A felicitous response was made by Major-General J.-R. Carnahan, of the Pythian Order.

At 5 P. M. the military camp was formally turned over to Supreme Chancellor Ogden H. Fethers, who at once placed General Carnahan in command. The American flag was then unfurled, and the duties of camp life begun. Early in the evening the commanding officers of brigades and regiments assembled at the headquarters of Major-General Carnahan at the Pavilion to receive orders and instructions at general parade.

Later there was a reception in the Pavilion which was attended by thousands of Knights and citizens. When darkness had fairly settled over the city the elaborate electric decorations were revealed for the first time in their full beauty. Never before has San Francisco presented so gorgeous a spectacle, and words fail to express the admiration of the city's guests. Tomorrow the Grand Lodge will begin its sessions in an elaborate council chamber which has been arranged for the occasion at the Palace Hotel.

WARE BECOMING UNPOPULAR.

Pension Commissioner Approaching Fate of His Predecessors.

OREGONIAN NEWS BUREAU, Washington, Aug. 11. — The probabilities are that Commissioner Ware, a Grand Army man and an old soldier of the Civil War, with a good record, a man who was selected because he was highly recommended by Grand Army men, will soon be as unpopular as any other Pension Commissioner. He expressed surprise the other day because there were four times as many applicants for pensions as a result of the Spanish War from volunteer regiments as there were from the regular Army regiments. He could not understand why the Michigan and District of Columbia regiments that went through the same campaign as the regular regiments should have been so badly injured. This expression of astonishment has caused the professional Grand Army men to rush into print criticizing Commissioner Ware. One of them makes matters worse by saying that one reason why there are so many applicants from the volunteer regiments is because they stood little chance of getting pensions unless they got their applications in early. This statement alone indicates that they depend more upon applications than upon the justice of their claims.

There was one feature of the Spanish War whill will go a long ways toward turning down professional pension-grabbers. By the foresight of General Ainsworth, Chief of the Record and Pension Division of the War Department, an order was issued that upon the muster-out of every volunteer regiment there should be a medical examination of each man to determine his physical condition at the time of his retirement from the Army. That record stands today, and some of the professional pension-grabbers will have a hard time to dispute the medical certificates which showed the soldier to be in good health at the time of his muster-out. Maybe a great many years hence Congress will pass a law giving every man a pension who served in the Spanish War, but just at the present time the people are not ready to so largely increase the pension roll.

DISASTROUS FIRE.

Suspected Incendiary Caught and Narrowly Escapes Lynching.

FRESNO, Cal., Aug. 11.—Fire today destroyed the major portion of the business part of the little town of Reedly. The loss is $75,000. The flames broke out in Gosliner Bros.' store, and, fanned by a brisk northwest breeze, spread rapidly to adjoining buildings, the only available means to combat them being a bucket brigade. Suspicion of incendiarism is rife, owing to the fact that one Webster, arrested some time ago for the burglary of Bollin & Matthews' store, in the Gosliner building, and discharged for lack of evidence, was heard to threaten revenge. The fire began in an unoccupied room upstairs. Webster was arrested for arson, and only the calmer reason of the crowd prevented a lynching.

ICE FAMINE THREATENED.

Independence Unable to Get a Supply From Neighboring Towns.

INDEPENDENCE, Aug. 11.—(Special.)—What borders on an ice famine threatens Independence. A great quantity of the ice consumed here comes from Corvallis, but the output of that city has been inadequate to the demand, and calls have been made on the plants at Salem and Albany, and they have been unable to grant the requests. A great quantity of the ice now used here comes from Portland, and the cost of transportation makes it very expensive.

INGRATITUDE OF OXNARD.

Forgets Men Who Helped Him to Defeat Reciprocity Bill.

OREGONIAN NEWS BUREAU, Washington, Aug. 11.—The Oxnard campaign against Cuban reciprocity and the way Oxnard has treated those who helped him prevent the passage of the reciprocity bill are interesting politicians here. Oxnard had all the beet sugar interests bring pressure to bear on the men from states producing beet sugar, making them believe that there was a real sentiment against aiding Cuba in their respective sections. Now that it is all over it is understood that Oxnard is doing nothing for the men who helped, but is allowing them to struggle along the best way they can to explain matters to their constituents. It is hinted that since the reciprocity plan was defeated Oxnard has come to some understanding with the sugar trust and is now working with the refiners, as he has done on many other occasions, and is really little interested in what becomes of the men who helped him make a "winning" by the defeat of reciprocity.

Stole a Bicycle.

SALEM, Aug. 11.—(Special.)—A. J. Horner today pleaded guilty in the Police Court to the larceny of a bicycle, the property of Lester Davis, and was sentenced by Recorder Judah to 25 days in the County Jail. Horner has served two terms in the Oregon Penitentiary, and is considered a bad character by the Salem police.

Fell on a Saw.

HILLSBORO, Aug. 11.—(Special.)—Perry Reed, of the firm of Nelson & Reed, sawmill men north of this city, this morning lost three fingers off his right hand, the result of falling on a saw. He was brought to this city, where a local physician dressed the wound.

RECEPTION TO SMITH.

Famous "Burn and Kill" General in His Home Town.

PORTSMOUTH, O., Aug. 11.—General Jacob H. Smith was given a royal reception at his home here tonight, fully 5000 people being at the station to meet him, accompanied by a band and drum corps. The mother of General Smith was among those at the station. A crowd, including several companies of the Ohio National Guard, escorted the General to his residence. General Smith refused to discuss the order relieving him. He said he was still a soldier and amenable to Army regulations. When the time comes to make a statement, it would be made, and not until then. His report of the campaign in Samar, he said, would be made out soon and forwarded to the War Department.

Change in Convention Date.

DENVER, Aug. 11.—The Republican state committee has decided to call the state convention for September 12 in Denver, instead of September 4, as originally decided upon.

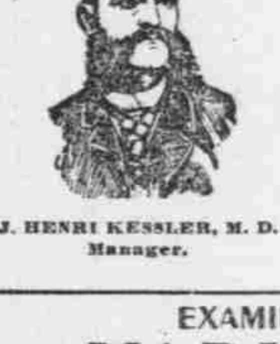
DISEASES OF MEN
And Their Certain Cure


J. HENRI KESSLER, M. D.
Manager.
There is a certain cure for these diseases without resorting to those unpleasant and painful methods still used by many, which aggravate, rather than give relief. With the same certainty as that of a perfect diagnosis, I adapt my special French treatment to the radical cure of
Stricture, Prostatis, Inflammation of the Bladder, Private Disorders, Varicocele, And all Genito-Unlary Diseases
It affords instant relief. I remove every vestige of disease without resorting to those painful processes usually employed and which do not give satisfaction. It is not reasonable to suppose that a man can exercise the essential functions while the urinary channel is blocked by stricture or other disease, which destroys the vital power and which becomes more aggravated under improper treatment. These diseases, while they last, always detract from the sexual and bladder functions, and an early cure is always advisable.
EXAMINATIONS FREE
VARICOCELE
THE DISEASE.—An enlargement of the veins surrounding the spermatic cord, a twisted, knotted, wormy-like or swollen appearance of the scrotum.
THE CAUSE—Sometimes self-pollution, but often blows, falls, strains, excessive horseback or bicycle-riding.
THE EFFECT—At times a dull, heavy, dragging pain in small of back, extending down through loins into the parts, low spirits, weakness of body and brain, nervous debility, partial or complete loss of sexual power and often failure of general health.
THE CURE—If you are a victim of this dire disease, come to my office and let me explain to you my process of treating it. You will then not wonder why I have cured, to stay cured, more than 700 cases of VARICOCELE during the past 12 months. Under my treatment the patient improves from the very beginning. All pain instantly ceases. Soreness and swelling quickly subside. The pools of stagnant blood are forced from the dilated veins, which rapidly assume their normal size, strength and soundness. All indications of disease and weakness vanish completely and forever, and in their stead comes the pride, the power, and the pleasures of perfect health and restored manhood.
I also cure to stay cured forever, Stricture, Syphilitic Blood Poison, Impotency and all associate diseases and weaknesses of men. To these maladies alone I have earnestly devoted my whole professional life.
If you cannot call at my office, write me your symptoms fully. My home treatment by correspondence is always successful. My counsel is free and sacredly confidential, and I give each patient a legal contract in writing to hold for my promise. Address
J. H. KESSLER, M. D., Cor. Yamhill and Second, Portland, Or.
