Barcelona occupied by revolutionists. They have imprisoned all civil officials and military officers and are in possession of entire district.

Minister Bowen, in the dispatch, the contents of which the State Department made public today, says he is advised by the United States Consul at Barcelona that the revolutionists "are sacking that town and searching private houses."

Rebels Hold Another Port. Just before the department closed a dispatch was received from Commander Nickels, of the Topoka, at Porto Cabello, stating that the revolutionists were in control, and that there was no danger of an attempt to retake the town by the government forces.

HER GREAT FORTUNE

A Woman Saved From Life-Long Misery and Made Happy and Useful.

A woman confined to the house for several years with a chronic female derangement had finally given up hope of being cured.

She had tried physician after physician, and remedy after remedy, without any permanent improvement.

Her treatment had cost her husband, who was a poor man, hundreds of dollars. They had been obliged to deny themselves many comforts of life in order to get money enough to pay the physician's bills.

At last, in spite of all economy there was a small mortgage on their property because of the expense her illness had brought upon them.

The woman had become weak, nervous and wretched, and scarcely able to keep out of her bed. Her children were worn growing up neglected and ragged, because of the want of a mother's care.

Her husband was becoming discouraged and broken down with overwork. Picking up the paper one day she happened to read an item which contained the names of Dr. Hartman and a friend advised her to try Peruna.

She soon received a letter telling her exactly what to do, and what medicines and appliances to get. She began the treatment (the principal remedy being Peruna) at once, and in a few weeks she was well and strong again, able to do her own work.

This offer of free home treatment to women is still open to all who may need the services of this eminent physician. All letters applying for treatment will be promptly answered, and be held strictly confidential.

Miss J. Newlove, 25 Rowley street, Rochester, N. Y., writes: "I suffered with systemic catarrh, had such a tired feeling, faint spells, pain in the back of my head and over my eyes, got so I could hardly see. I was getting very nervous so that my hands trembled. I was chilly nearly all the time. During the months I doctored I lost 40 pounds so I thought I would have to try something else. Peruna was recommended to me by a friend, and I gave it a trial. Now I feel better than I have for years—do not think I could feel any better."

Miss Estella Richardson, 48 Straight street, Grand Rapids, Mich., writes: "I have been troubled, as most women are, with irregularities and pains at my menstrual period, and a friend advised me to try Peruna, and so I did. This seemed to relieve the pain and I kept on taking it until now I am well and strong. I have no pains whatever and feel like a new woman, and am gaining in flesh and strength."

MISS ESTELLA RICHARDSON. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of the Hartman Sanitarium, Columbus, O.

Miss Annie Hoban, Post Pochontas of Yemassee Council of Red Men (Women's Branch), writes from 52 Eighth Ave., New York:

"Three months ago I was troubled with backache and a troublesome heaviness about the stomach. Sleep brought me no rest for it was a restless sleep. The doctor said my nervous system was out of order, but his prescriptions didn't seem to relieve me. I was told that Peruna was good for building up the nervous system. After using it for two months I know now that it is. I want to say that it made a new woman of me. The torturing symptoms have all disappeared and I feel myself again. Peruna did me more good than all the other medicines I have taken." ANNIE HOBAN.

Secretary Woman's State Federation. Mrs. Julia M. Brown, Secretary of the Woman's State Federation of California, writes from 1314 Fifth St., Los Angeles, Cal., as follows: "I have never known of any patent medicine which did what I professed to do except Peruna. This remedy does much more than it claims, and while I have never advocated any medicine I feel that it is but justice to speak a good word for it because I have found it to be such a rare exception."

10 per cent ad valorem, under the tariff provision for raw or unmanufactured articles not enumerated or prescribed for. The board finds that the water is not mineral water, but is a liquid which is claimed made by the importers, is not sound. Instead, it finds that the water is enumerated in the free list, in part 3, which covers minerals, crude or not advanced in value or condition by refining or grinding or by other process of manufacture not specially provided for in this act. The board holds that natural water is a crude material, the manufacturer having failed to make this claim, however, the protest is overruled, and duty will have to be paid in this instance, and in the case of future shipments of holy water it will come in free.

Army Changes. WASHINGTON, Aug. 14.—Several important changes have been ordered in the Adjutant-General's department as a result of the recent promotion of Colonel William H. Carter to Brigadier-General. Lieutenant-Colonel Andrew, now ranking officer on duty at the War Department, has been assigned to duty as Adjutant-General of the Department of California. He takes the place of General J. A. Babcock, ordered to this duty for duty as Adjutant-General on the staff of Lieutenant-General Miles. Colonel Andrew's transfer to San Francisco, which was made at his own request, will take effect October 15. To provide for the vacancy thus created at the department, Major Charles J. Crane, now at Manila, has been ordered to this duty, and Lieutenant Colonel James T. Kerr has been ordered to Leavenworth, Kan., for duty with the General Service School.

Funston Again at Headquarters. DENVER, Aug. 14.—General Frederick Funston was in his office in Army headquarters today for the first time in more than a week. There have been two operations on his hip for an abscess, caused by a bullet wound received in Cuba, but he believes that he is now permanently relieved.

Sherman Arrives at Manila. WASHINGTON, Aug. 14.—The War Department has been advised of the arrival of the transport Sherman at Manila, August 7, from San Francisco.

CANDIDATES USE FISTS. Senatorial Aspirants in South Carolina Come to Blows. GAFFNEY, S. C., Aug. 14.—Congressman Aubrey C. Lattimer and ex-Congressman John J. Hemphill came to blows here today. Both are candidates for the United States Senate and are making an oratorical tour of the state, together with four other avowed candidates for Senator. Congressman Lattimer, who is a farmer, made a statement that five lawyers were vamping on one poor farmer. This was resented by Colonel Hemphill, and it is said that Lattimer struck Hemphill a severe blow in the face. Friends interfered and the men were separated without serious injury to either. Both Hemphill and Lattimer were notified to appear before Mayor Little tomorrow.

Subject to Tax. Revenue Will Be Collected From Banks' Profit and Loss Accounts. WASHINGTON, Aug. 14.—Commissioner Yerkes, of the Internal Revenue Bureau, has directed that immediate steps be taken for the collection of the taxes on profit and loss accounts of undivided private or private banks, under the war revenue act of June, 1898. The amount to be collected will approximate, it is said, \$1,000,000. Under the opinion of the Department of Justice the tax had only been collected on the capital and surplus of banks, but the Commissioner ruled last January that the undivided profits of profit and loss accounts of banks are part of the surplus and thereby subject to tax. After this ruling was made by request of representatives of banks the Commissioner agreed, on January 27 last, to withhold collection pending a decision by the United States District Court in a suit to be brought to test the question. This suit was brought in the southern district of New York, and the United States Bank of New York and was decided a few weeks ago adversely to the bank, the court sustaining the position taken by the Commissioner.

Holy Water on the Free List. NEW YORK, Aug. 14.—The board of classification of the United States Board of Customs and Excise has made a decision as to what is officially described as so-called "holy water," taken from the spring or well at Lourdes, France, which is collected in bottles and imported in large quantities. The water was imported last October, and it was reported by the appraiser at this port to be natural mineral water, and duty was assessed at the rate of one cent per gallon, with 1 cent per pound upon bottles. The importer, William Torres, declared that the duty should be assessed at the rate of
