TRE MORNING OREGONIAN, SATURDAY, AUGUST 16, 1902. 10.000 union men are expected to be in line. It will be divided into six sections, and each headed by a band. A prize of a hand-some banner has been offered for the union that makes the best appearance in the parade, and a strong try will be made by the various organizations to capture this honor. Regular meetings are being held to drill the members in marching, and some of them are going to a large expanse for uniforms and equipment. The athletic sports will be held at Mult-nomah Field, and will commence at 1:30. The feature of the afternoon will be a baseball game between the Building Trades Council and the rest of the unions. overvide the ordinance that forces them to pay a license for their business. The cases that are on trial for Monday will probably be made test cases, and be hotly OR CONTEMPT OF COURT TO TEST THE TAX **ONE MORE LABOR LEADER** CARS BLOCK UP STREET walk was needed on the east side of the avenue the entire distance, and on the west side a part of the way. _______A letter from W. Dr. A. D. McKenzie, secretary of the medical society, refused to make any statement as to the stand of the medical statistical as to the stand of the measure society in the matter. He did not deny that the society had taken the action to oppose it, but said "that was a long time ago, and the members may have changed their minds about it by now. Haven't we paid our license once? Do they want us to pay two licenses? I think that the doctors would all be willing to contribute to the public fund if they thought it was necessary, but they don't want it to be

called a license." Circulars were circulated among the grocerymen yesterday and the most of those that were seen asserted their willing-ness to contribute toward the expense of testing the case. "It is an unjust mens-ure," said D. C. Burns, a Third-street groceryman, "and we are all going to stand together and fight it. All of the business men, hardware dealers, the saw factories and the rest are going to take a similar action.'

A conference was held by the hardware dealers regarding the matter, but they would not announce what action they would take. "We are considering the matter, and will announce our action in a day or so," said Thomas D. Honeyman, who refused to be interviewed further in the matter.

Much fun is being made out of the matter, and the men who are called to account are made the subject of a large number of

Dr. Coffey is one of the proprietors of the North Pacific Sanitarium, and a re-the North Pacific Sanitarium, and a re-porter found two of the partners having what seemed to be a lot of fun. "What's the joke?" asked the reporter,

"Coffey is in jail," said they. "What's the offense?" was asked, "Oh, he was practicing without a Hcense," said one. "Poor fellow; I hope they take him to the county jail instead

of the Police Court." 'Is the matter so serious that you can't ball him out?" asked the reporter, becom

ing intcreated. But they did not heed the question. "I would not care so much," said one "but you know the first thing that they make a prisoner do is to take a bath, and

I am afraid that he won't be able to stand the shock. Just then the doctor under discussion

came in. "Broke jall?" asked one.

"What's the fine?" said another. But the doctor did not seem to think it was such a joke as it was cracked up to be. "No fine," said he. "I showed them this," drawing from his pocket the license for the firm, "and they saw they had no case against me. When they got through I told them what I thought of the whole matter, and that I did not want to be bothered with their foolishness any more. whom did you say this?" interrupt-listener. "To the court?"

ed a listener. "No," was the answer. "I left before the court was called to order," 'To the Judge?"

"To the Judge?" "No; he was not there yet." "Ob, I see." said his partner, "he was teiling his troubles to the janitor. Did you give the janitor a good roasting?" Among the business men there was the same spirit of joking, but beneath it all was a determination to try if possible to

New Fire Hydrants.

New fire hydrants are now being in-stalled along the new water main on East Water street. These hydrants are much larger than the old ones and can supply enough water for the largest engine in the city. The work is being rushed and the East Side water front will soon have good fire protection.

M'MILLAN'S FUNERAL.

Simple Services Over the Remains of the Late Senator.

DETROIT, Mich., Aug. 15-Extreme implicity marked the funeral services this afternoon over Senator James Mc-Millan. The Senator's inte residence was crowded to its capacity and many persons were unable to gain admission. Both branches of Congress, the State Legisla-Both ture and all departments of the state and city government were represented. Governor Bilss was present with several of his staff. The Senatorial delegation included Senators Hanna, Ohio; Foraker,

Ohio; Allison, Iowa; Lodge, Massachuş-etts: Burrows, Michigan; Fairbanke, In-diana, and Cockrell, Missouri. Rev. Alfred H. Barr, for a long time

the Senator's pastor here, officiated at the services. The interment was private. Followed only by his family and a very few intimate friends, the body was taken to Einwood Cemetery and placed in the McMillan mausoleum, which was filled

with flowers. As a mark of respect; the car works here, which Senator McMillan developed, were closed today, and in many other plants in which he was interested work stopped at the hour of the funeral. On the lakes, every wheel on the Detroit & Cleveland and Detroit & Buffalo steamens stopped for a while at 2:30.

Sudden Increase in Insaulty.

NEW YORK, Aug. 15.-In the last three days 32 persons suffering from mental derangement were admitted to the Bellef derangement were admitted to the Bellet vue Hospital Insane Pavilion. The usual daily average is less than three. The physicians are unable to account for the increase. They say that so far this Sum-mer there has been no weather hot enough to send the average above the normal point. They also are puzzled by the fact that 21 of the 22 patients are women, and the further fact that few of those admitted are alcoholic patients. On Tuesday the first signs of the in-crease were manifest. Some of the percrease were maintest. Some of the per-sons received were taken from police courts. A few were admitted of their own volition, and others were admitted on permits issued by the Superintendent of the Outdoor Poor. It is a remarkable fact that the majority of the patients are unusually violent, and the attendants have had practically no rest for three

nights.

Coal Famine at Indianapolis.

INDIANAPOLIS, Ind., Aug. 15.-The price of anthracite coal has jumped to \$9 in Indianapolis. The price was fixed the first of this month at \$7 50 a ton by the first of this month at so or a con by the Coal Exchange, and has been held at that figure, but most of the dealers here have wold all their hard coal and the supply is in the hands of a few. It is estimated that there are not over 1000 tons of an-

any other brotherhood and we have received compliments upon our success from per cent of these we have won and a few are still unsettled."

cry is 'New York for New Yorkers!' and we had to fight very vigorously to win control, but the union there is now in line

with the National Brotherhood. This we count a great success for the other brotherhoods have found the same diffi-brotherhoods have found the same diffi-tree was appointed to revise the by-laws. The members are: Goldrainer, of the Shipculty in controlling the New York unlons. Bendes, we have gained some strong local unions that were before outside. Among these is the union at Butte, Mont., where the wages are higher than at any other which was are nigher than at any other place in the country. Then we have now with us the union at Washington, D. C., which was long under the Knights of Labor."

When asked about his views on efficiency of Building Trades Councils Mr. Skemp said: "It is the most powerful in-strument for good that we have. To break strument for good that we have, to break it up or try to discupt it would be the height of foily. The Building Trades Council is a double advantage. It pro-tects the individual craft by the united strength of all allied crafts and it gives the contractor and the public a guarantee for faithful performance. In San Fran-cisco, where my home is, the Council ab-solutely controls the unions in the city and it does it for the common good. You will find that under the Council the unions

will find that under the Council the unions are more conservative. The union that has a grievance cannot strike without permission of the Council, and that per-mission is not extended except under stringent regulation. For instance, the demand must be made three months be-fore action is taken; that is, three months notice must be given the employers. All contracts made prior to the date of the demand are to be finished at the old scale of wages and the Building Trades Coun-cil will entertain but one demand at a time. In other words, one strike must be settled before another can be declared. The Councils all over, the country are do-The Councils all over, the country are do-ing such a wast amount of good that the National Brotherhoods are more and more declining to enter into local contro-versies. It is felt that the local Trades Council is better acquainted with the con-ditions, is more deeply concerned and is better able to do the proper thing. I

consider the Building Trades Council to be at present the nearest solution of some of the problems that confront us and you will find our Brotherhood, always in the front when it comes to Last night Mr. Skemp spoke to the local

union in its hall at Second and Morri-son streets. He outlined the year's progress, encouraged the craftsmen and gave them a strong feeling that they were members of a great National body. This morrise Ma Sherr Leaves for California

morning Mr Skemp leaves for California. As he laughingly said, he left a wife down there, and owing to the very stringent di-vorce laws of California his return must be hurried. "If I were away much longer," he added, "I should fear for my

reception. Anyway, seven weeks is long time to be away from one's family.

Calls It'Snap Judgement

MONTREAL, Aug. 15. - Denald Mc-Master, leading counsel for the United States, today gave out a statement in reference to Judge Caron's judgment in the Gaynor-Greene cases. "In my opinion," he said, "the judg-

ment is bad, and the reasons in support of it worse. The judgment is, in effect, a snap judgment, without an opportunity for counsel being heard upon the whole case.

The first ground of the judgment, viz., that the warrant issued by Judge La Fon-taine for the arrest of the prisoners, does not contain the date of the commission of the crime, Mr. McMaster considers most extraordinary, as he holds the warrant to be in the words of the form prescribed by the statute. According to him, the date In the warrant was not at all necessary, either by the form of the statute or by the express terms of the extradition act. "The authorities submitted on behalf of the United States do not appear to receive any consideration," said McMaster, "Neither does the judgment of Justice Andrews. It is either ignored or lightly brushed aside. The judgment was res judicata. Justice Caron was absolutely bound by its terms upon every principle underlying the administration of justice."

Elevation of Father Shepard.

NEW YORK. Aug. 15.—It is currently eported in Catholic circles in Paterson. J. J., that Father John J. Shepard, of this city, will shortly be elevated to the bishop's chair in the Newark diocese. The elevation of Father Shepard is contingent on the possible elevation of Bish-op Farley, of New York, to be archbishop of the Diocese of New York. Bishop Farley's elevation will leave his present po-sition vacant. To fill this, it is said, Bishop O'Connor, of the Newark diocese, will be transferred to New York.

Fire at Hamilton, O.

were headed for Portland. The Associated and Union Oil Companies wanted the same privileges as the Standard Oll Company. Portions of Albina were up in arms against the location of the Standard's tanks in that section. The Associated had secured an option on property on North Front street. Near by were 200 feet of water-front property owned by Ellis G. Hughes, and upon which an option had been given to a company which will engage in the manufacturing business. The option expired the other day, but it was renewed and the company said it would not take the property if the city allowed the oil tanks to be placed oppo site it. The Eastern, Western and Mar-tin lumber mills and the Portland Linsed Oil Company did not want the tanks lo-cated near their places. The proper thing to do was to prohibit the building of any more tanks in the city. Good locations with rail communication could be secured outside of the c...y and north of the North Pacific mill, on the West Side, and north of Killingsworth avenue, on the East Side, A prohibitive ordinance would be drawn up, but would not be presented until its passage was certain. In Mr. Rumelin's opinion the company now in the city could not be driven out.

"We must be careful," said Mr. Zim-merman, "not to draw the lines too close, Crude petroleum means cheap fuel, and electric power is expensive." Mr. Sharkey said the crude petroleum

would not prove dangerous, and Mr. Rumelin said the only trouble would be in event of a fire in the vicinity of the tanks the department would have to turn the water upon the tanks and neglect other places

No Macadam for This Street.

The petition of the Gambrinus Brewing Company for the substitution of macadam for asphant in the improvement of Wash-ington street west of Twenty-third street was not favorably received by the com-mittee. Mr. Rumelin said property-owners along the lower end of the street were employed by the comagainst the change, and if it were recom-mended, many of those who had signed the netition for the improvement would file a remonstrance. Others who were indiffer-ent to the condition of the street, and who had signed only through pressure, would selze the slightest protext to protest. The improvement would probably not be made this year, as the railway company would not be able to obtain the heavy grooved rails required for several months, and the pavement could not be laid in the Winter. Attorney Wagner said the company preferred macadam to asphalt along its frontof 325 feet.

age Mr. Sharkey moved that the petition b granted, but he found no second. He will submit a minority, and Mesars. Rumelin and Zimmerman a majority, report to the

As to Seventh Street.

Superintendent Taylor, of the Trinidad Asphalt Company, asked what the com-mittee intended to do about the improve-ment of Seventh street. The matter had been pending since March, and the Water Compilies had taken to steps toward Commission had taken so steps toward the laying of the 10-toch main which was to be finished before work on the pave-ment was begun. The best information the committee had at hand was that the ommission would lay the main, but just when no one seemed to know. Mr. Taylor thought that, if an ordinance were passed, work on the main would speedily be be-The matter was referred to the gun. Council.

For Peninsular Avenue.

An old petition for the improvement of Peninsular avenue was brought up again and was laid over again, this time for two weeks. Speaking in its favor, S. H. Carter said it would open up the street from Peninsula Station, on the St. Johns motor ine, to the Columbia boulevard. A side-
