

FOR TARIFF CHANGES

Minnesota Men Strongly Favor a Revision.

MEMBERS OF RECENT CONGRESS

Heatwell Believes Northwest Members Will Couple Issue With That of Cuban Reciprocity—Claims for Indian War Veterans.

OREGONIAN NEWS BUREAU, Washington, Aug. 19.—Representative Eddy, of Minnesota, who is one of the men who will not be returned to Congress, in an interview here, talks strongly in favor of tariff revision. He says the tariff should be removed from all articles upon which monopoly exists, and that the sentiment of the people west of the Alleghenies is in favor of tariff revision on these lines. Another Minnesota not coming back to Congress, Representative Heatwell, has delivered himself in his own paper of an article on tariff revision and Cuban reciprocity in which he discusses the whole question at length. He says the men from the Northwest who insist that coupled with Cuban reciprocity, or any other tariff revision, there shall be a revision of the tariff and a reduction or abolishment of many articles such as iron, steel and lumber, wood pulp and all articles controlled by trusts.

Heatwell also declared that the men who were strongest in favor of Cuban reciprocity, Senators Aldrich, Allison, Platt, of Connecticut, Hanna, Lodge, and Representatives Payne, Daisell, Grovernor and others of the same class are the men who have declared that there shall be no tariff revision at the short session of the next Congress. He says these men are in control, and can make tariff revision impossible, as they control the revenue committees of both houses. He calls attention to the fact that before the adjournment of the last Congress President Roosevelt called these and other men to the White House to consult on all matters of tariff revision, and they all declared that they were not opposed to it.

Claims for Indian War Pensions.

To date the pension office has received 27 claims for pensions under the Indian War veteran act passed at the last session of Congress, and because of the completeness with which the evidence has been submitted in many cases it is now expected that allowances will commence within two or three weeks after the papers can be examined to identify the names and other marks of authenticity. The bureau finds that as a rule the veterans have properly followed instructions and submitted such evidence as was required.

Spanish War Claims Settled.

The annual report of the Auditor for the War Department made public today shows that the claim of Oregon against the Government on account of the Spanish war has been practically adjusted, \$4,687 having been paid to the state, and \$1,481 outstanding, leaving but \$326 pending payment.

Washington's Claims have been satisfied, \$65,500 being paid and \$180 disallowed. Idaho has been paid \$18,322, \$246 disallowed, and \$1,500 has been secured awaiting adjustment.

RUN INTO FROM REAR.

Bad Collision Between Two New Jersey Trains.

ASBURY PARK, N. J., Aug. 19.—A New York & Long Branch Railroad, bound north, was run into from the rear at Belmont Station, where it had stopped tonight, by a special Central Railroad of New Jersey train. The engine of the Central train telescoped the rear car of the Pennsylvania train, six cars were wrecked, several persons were killed and a number injured. Alice Biggert, 23 years of age, of Rahway, N. J., was killed as she was being put aboard the waiting train. Eugene Lippincott, of the Central train, struck by his post, and is believed to have been killed. Brakeman Towie was seriously injured, and may die. First body recovered was that of an unknown man about 35 years of age.

EXPLOSION AND FIRE.

Five Persons Burned to Death and Another Missing at New York.

NEW YORK, Aug. 19.—Something exploded in a furniture store on the ground floor of a double tenement at 35 Essex street today, and before the tenants could recover from the surprise the building was a mass of flames. The fire broke through the roof, which the firemen had to fight while the work of rescue was going on, and before the flames were under control two women and three children had been burned to death and a man and woman taken to the hospital, suffering painful injuries. Many others were badly injured.

BEYERS ASSOCIATION.

17th Annual Convention Opens at New York.

NEW YORK, Aug. 19.—The fifth annual convention of the American Association of American began here today, and will last over tomorrow. One of the subjects to be considered is the establishment of a death beneficiary fund. Another matter for consideration is the consolidation of the American into a constitutional amendment to change the date of the annual meeting from August to February. The association has been publishing a monthly paper, and the question of continuing this publication will be discussed.

DROPPED IN THE STREET.

Sudden Collapse, Due to an Over-taxed and Nervous Constitution.

Not long ago his headline appeared in the paper, and how often might it not appear again if it was not that people are the greatest remedies for nervousness and deranged constitutions. For insomnia, nervousness, and all the ailments which remove the effects of early folly and excess and tone down the nerves to that normal state which induces the cure of his own doctor. They are sold at 50 cents a box, or \$1.00 a dozen, by the country in plain, sealed packages.

SHAW AND THE TARIFF

NOT OPPOSED TO A READJUSTMENT OF THE SCHEDULES.

Opens the Republican Campaign in Vermont—Effect of High Rates on Nonopolites.

MORRISVILLE, Vt., Aug. 19.—Five thousand persons listened to Secretary of the Treasury Leslie M. Shaw, who was the principal speaker at a Republican rally here today. Secretary Shaw lived here when he was a boy and went to school here, and the residents of all the section round about came to hear him. He spoke in part as follows:

"I have been quoted as opposed to a revision of the tariff. I have never opposed readjustment of the tariff. Whenever Congress reaches the conclusion that the friends of protection are strong enough to consistently modify certain schedules so as to meet changed conditions and at the same time successfully resist the efforts of the opposition to revise the entire tariff law, thus paralyzing business."

DECLARES HIMSELF IN FAVOR OF A READJUSTMENT OF THE TARIFF.

Secretary of the Treasury Leslie M. Shaw.

expressed some opinion in favor of it. I have expressed some doubt, however, about the wisdom of instructing by resolutions or excluding pledges from candidates for Congress, when the effect is liable to precipitate a protracted debate, with very uncertain results.

INTER-TRIBAL FIGHT.

Moros of Mindanao Are Warring Among Themselves.

MANILA, Aug. 19.—There have been no developments today in the Moro situation on the island of Mindanao. General Chaffee was expected to reach Cebu on the army transport Ingalis this morning, but the vessel's arrival at that port has not yet been reported. It is believed here that General Chaffee will increase the American forces in Mindanao and issue an ultimatum to the hostile Moros.

TREACHEROUS MOROS.

Pretend to Be Friendly, but Are Lying in Wait to Kill Americans.

WASHINGTON, Aug. 19.—Manila newspapers received in the incoming Philippine mail at the War Department some important information concerning affairs in the islands.

Operators Will Not Give In.

NEW YORK, Aug. 19.—The presidents of the anthracite coal roads had their usual weekly conference here today. Before going to the meeting Mr. Trevelyan, president of the Lackawanna Railroad Company, said:

President Mitchell at Chicago.

CHICAGO, Aug. 19.—President John Mitchell, of the Santa Fe in Chicago tonight from the Spruce Valley, Ill. When asked regarding the report that he came here to meet with the miners, Mr. Mitchell said there was no such thing. During the evening the officials of the Illinois State Miners' Association called on Mr. Mitchell and talked over the situation in Illinois. According to Mr. Mitchell, nothing of importance transpired.

Shut Down a Washery.

HAZELTON, Pa., Aug. 19.—Strikers gathered in force today at the Klondike washery in Park View which has been open for some weeks, and drove back the men who reported for work, causing a suspension of the plant.

Five Non-Union Men Shot.

SCRANTON, Pa., Aug. 19.—Michael Connelly and Forest Crossman, said to be non-union workmen employed about the Edgerton colliery, were shot from ambush today, probably by strikers. It was necessary to amputate his right foot. Connelly's condition is regarded as serious. The men were working on a water course near the breaker.

Santa Fe Machinists Indignant.

TOPEKA, Kan., Aug. 19.—The Machinists' Union of this place is much annoyed over the action of the Santa Fe in discharging 130 of its members yesterday. The machinists claim that the company took special pains to discharge the officers of the union. A meeting has been called to discuss the matter.

Gebr Is Released.

PARKERSBURG, W. Va., Aug. 19.—Judge Jackson this afternoon released John Gebr, a member of the United Mineworkers' union, from a sentence for violating his injunction. Gebr promised not to violate the court's order again.

The Cause of Many Sudden Deaths.

This is disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney poisons and blood will attack the vital organs or the kidneys themselves break down and waste away by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this advertisement in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

treacherous, lying native office-holders into a pill of water, thereby washing away an impediment in their speech, could not be greater. Of the conditions in Mindanao Province, General Davis takes the same view as Captain Ryan. He said that Rufino, whom Ryan disciplined, was as much a menace to Mindanao as Lakan in Samar or Malvar in Luzon. General John P. Sanger, who reviewed the case of Ryan, practically acquitted Ryan of all charges. During the testimony Lieutenant Elliott, of the Thirtieth Infantry, said that each town in Mindanao had a band of assassins whose duty it was to kill any one holding communication with the Americans.

The celebrated Garcer investigation came to an end at the time the last mail left Manila, and it is stated that the record and report on the case will be forwarded to Washington for consideration. General Chaffee is in command of the United States forces in Mindanao, but his last reports to the War Department were to the effect that he would review the case, if possible, within the time he had at his disposal. He had under consideration the Moro campaign, which was occupying his time, and he has probably now forwarded the Gardner papers to the city.

Strike Leaders Will Investigate the Killing of Sharp.

TAMAQUA, Pa., Aug. 19.—General Gobin, who is in command of the battalion of the Pennsylvania National Guard sent from Shenandoah to the Panther Creek Valley, this morning opened temporary headquarters in the town tonight. The funeral of Patrick Sharp, the strike leader who was killed last night by a deputy, will take place Thursday.

This afternoon Thomas Duffy, president of District No. 7, and Peter Gallagher, member of the Executive Board, came to Lansford to make an investigation of the facts connected with the shooting of Sharp. After interviewing several of the men who saw Sharp killed, they went to Mauch Chunk to engage counsel and to make arrangements to push the prosecution of the deputy charged with the shooting.

Staged Assistant superintendent of the Lehigh Coal & Navigation Company, is authority for the statement that Deputy George Ronemus and N. H. McElmoyre are the men who shot Sharp last night. It is said that Ronemus admits the shooting, but declares he was acting in self-defense. Both Ronemus and McElmoyre are in jail at Mauch Chunk.

Operators Will Not Give In.

NEW YORK, Aug. 19.—The presidents of the anthracite coal roads had their usual weekly conference here today. Before going to the meeting Mr. Trevelyan, president of the Lackawanna Railroad Company, said:

"There is no foundation for the rumor that the anthracite coal operators will be forced to concede a 10-cent advance in the price of coal for the Fall season. The operators are ready to meet any advance in the price of coal that they may have any grievances they may have and they never have discriminated against any of their men because they have belonged to the union. What the operators will not do is to discuss their business affairs with outsiders."

President Mitchell at Chicago.

CHICAGO, Aug. 19.—President John Mitchell, of the Santa Fe in Chicago tonight from the Spruce Valley, Ill. When asked regarding the report that he came here to meet with the miners, Mr. Mitchell said there was no such thing. During the evening the officials of the Illinois State Miners' Association called on Mr. Mitchell and talked over the situation in Illinois. According to Mr. Mitchell, nothing of importance transpired.

Shut Down a Washery.

It was necessary to amputate his right foot. Connelly's condition is regarded as serious. The men were working on a water course near the breaker.

Santa Fe Machinists Indignant.

TOPEKA, Kan., Aug. 19.—The Machinists' Union of this place is much annoyed over the action of the Santa Fe in discharging 130 of its members yesterday. The machinists claim that the company took special pains to discharge the officers of the union. A meeting has been called to discuss the matter.

Gebr Is Released.

PARKERSBURG, W. Va., Aug. 19.—Judge Jackson this afternoon released John Gebr, a member of the United Mineworkers' union, from a sentence for violating his injunction. Gebr promised not to violate the court's order again.

Delaware Regular Republicans.

DOVER, Del., Aug. 19.—The "regular" Republican state convention nominated the following ticket: Congress, L. H. Ball; State Treasurer, M. B. Burros; State Auditor, P. P. Norman. The platform indorses the Administration of President Roosevelt and pledges him the support of the Delaware Republicans for renomination in 1904; commends the work done by the Fifty-seventh Congress, but recommends trade concessions for Cuba; indorses McKinley's protection and reciprocity sentiments as expressed in his last speech at the Buffalo Exposition.

James Knows Nothing of It.

MENHES, Tenn., Aug. 19.—Senator J. K. Jones, of Arkansas, who was here today, in an interview, denied positively that he has been offered a place on the Isthmian Canal Commission by President Roosevelt. It is a mere rumour, he said, and an appointment from any source, except the press.

Nominated for Congress.

BOWLING GREEN, Ky., Aug. 19.—J. McKenize Moss was today nominated for Congress by the Republicans of the Third District.

DECLARES HIMSELF IN FAVOR OF A READJUSTMENT OF THE TARIFF.

Secretary of the Treasury Leslie M. Shaw.

expressed some opinion in favor of it. I have expressed some doubt, however, about the wisdom of instructing by resolutions or excluding pledges from candidates for Congress, when the effect is liable to precipitate a protracted debate, with very uncertain results.

GATES FACTION LOSES.

Court Refuses Injunction Against Colorado Fuel & Iron Company.

DENVER, Aug. 19.—The John W. Gates faction of the Colorado Fuel & Iron Company has lost another round in its battle for control of that company. Judge G. H. Williams, of the Colorado Supreme Court, tonight denied their application for a preliminary injunction to prevent the present officials of the company from refusing to allow them to vote proxies they hold at the present stockholders' meeting, which is scheduled for tomorrow in this city. The suit, which was brought in the name of John J. Mitchell and others against the Colorado Fuel & Iron Company, was based upon the alleged fraud by-law, and before absolutely void by law, which was adopted by the board of directors of the company July 30 last, and which the plaintiffs charged was enabling the officials of the Colorado Fuel & Iron Company to dictate the action of tomorrow's meeting, and also to prevent the complainants and the shareholders who represent by proxy from voting at such meeting.

Judge Ritter held that the allegations in the bill of complaint were fully met and denied by the answer of the defendants. In deciding on the application for preliminary injunction, the court was not expected to pass upon questions of law. However, he would say that on its face the by-law provided for an orderly and lawful method of conducting a shareholders' meeting, and that apparently there was no other purpose in view. The by-law was adopted in good faith. The application for preliminary injunction would, therefore, be denied.

The application was made several days ago, and a brilliant array of legal talent was represented on either side of the case. The courtroom tonight was crowded with spectators, among whom were the leading members of the local bar, who have watched the course of the battle with deep interest. Mr. Gates and his friends listened attentively to the reading of the bill of complaint, and as soon as it was completed left the courtroom with their attorneys.

Attorney-General Post declared today that the state laws would be invoked, if necessary, to prevent consolidation of the Colorado Fuel & Iron Company with the steel trust.

"The laws of this state are sufficient," said Attorney-General Post, with emphasis, "to prevent a future trust from being proceeded against just in the same manner as we have proceeded against the smelter trust in the Supreme Court. The laws forbid consolidation in restraint of trade and provide that when evidence of their existence is produced, the state may take steps in the courts to dissolve the corporation, or corporations, forming such monopoly. If it is shown in advance that a monopoly is to be formed, injunction proceedings may be commenced."

The attorneys for John W. Gates today filed in the Federal court an affidavit, signed and sworn to by the plaintiffs, that their intention to sell out to the trust, as alleged by the Ogden faction.

The offices of Mr. Gates' attorneys presented a scene of active commotion. Typewriters were going rapidly, and stenographers were taking dictation behind closed doors. Mr. Gates was in consultation with Mr. Valle until late in the night. It is said two separate stockholders' meetings will be held tomorrow, the one called by the present officers of the

Colorado Fuel &
