

IS TILLMAN'S MAN

Latimer's Lead in Race for Senate Explained.

NOT A HIDE-BOUND DEMOCRAT

Vote Was With Republicans to Defeat Own Party Substitute for the Philippine Civil Government Bill.

OREGONIAN NEWS BUREAU, Washington, Aug. 27.—It is believed that Representative Latimer's lead in the race for the seat of McClaurin in the Senate, Latimer was the originator of the Farmers' Alliance movement in South Carolina, and still largely adheres to those doctrines, although he has become unstable on the silver question. In the last session, he voted for the Hepburn canal bill. He supported Richardson's motion to recommend the Philippine revenue bill with instructions to report a bill reducing the tariff and internal revenue laws now in force throughout the United States to a revenue basis, and apply the same to the United States and to the Philippines until order should be restored and a stable, independent government established. He did not vote on the final passage of this bill. Latimer voted with the Republicans against the adoption of the Democratic substitute for the Philippine civil government bill, but did not vote on the final passage of the measure. He voted for the Morris amendment to the Cuban reciprocity bill, and voted for the bill as amended. He was paired against the irrigation bill. No roll-call was had on the river and harbor bill, and at any rate there are no improvements in Latimer's district.

AVANT TARIFF REVISION.

Comment of the Hartford Courant on the Idaho Plank.

OREGONIAN NEWS BUREAU, Washington, Aug. 27.—The Hartford Courant, in a belated editorial on the Idaho Republican tariff declaration, says: It is a surprise—though we not know that it should be—to find the Idaho Republicans occupying a more advanced position on the tariff than the Iowa Republicans. They are protectionists, of course, being Republicans; but they are not petrified protectionists. After quoting their declaration for revision, "without unreasonable delay," the Courant adds: We don't know whether the Idaho Republicans would consider unreasonable delay. We don't believe they want a revision of the Dingley tariff from and to this coming winter. Certainly the party at large does not want it, nor does the country. The right way is to proceed prudently and conservatively, with no unnecessary disturbance to business, to make the law plainly needed and wise changes that will deprive the enemies of the protective tariff of their most effective ammunition, and then to rest for a time, as long a time as sound judgment, based on an intelligent study of things as they are, may indicate the goal to be kept in sight. William McKinley indicated it before his death. In that last and great speech of his, the Buffalo speech, on which he had been so long and so thought and making ready to use the no longer needed protective duties in our tariff as keys with which to unlock for American products the markets beyond the seas.

NEW NORTHWEST POSTMASTERS.

OREGONIAN NEWS BUREAU, Washington, Aug. 27.—Postmasters were appointed today as follows: Oregon—Butteville, Arthur C. Her, vice E. C. Stevens resigned; Leeds, Lizzie Goodlow, vice Frank M. Manning resigned; Sweet Home, Peral Davis, vice Rosa L. N. Mickelson resigned.

WASHINGTON—MONEY ROCK, ADA V. SWIGERT, vice William W. Benson resigned.

NEWLANDS IS INDORSED.

By Democratic and Silver Parties in Nevada.

RENO, Nev., Aug. 27.—The Silver party and Democratic State Conventions adopted platforms today and appointed committees to lobby for Balloting for Congressmen, Governor and state officers will begin tomorrow.

THE DEMOCRATIC PLATFORM DENOUNCES THE KANSAS CITY PLATFORM.

The Democratic platform denounces the Kansas City platform and endorses the Fowler currency bill, favors land reform, pronounces in favor of the Constitution following the flag, opposes the ship subsidy bill, favors the admission as states of the Territories of Arizona, New Mexico and Oklahoma, felicitates the people of the region on the passage of the irrigation bill, and compliments Congressman Newlands on the "able and effective part taken by him in securing its enactment." Congressman Newlands is endorsed for United States Senator.

The Silver party platform does not differ materially from the Democratic, but declares more specifically for free coinage. It endorses Newlands' candidacy for United States Senatorship.

South Carolina Primaries.

COLUMBIA, S. C., Aug. 27.—The latest returns from yesterday's Democratic primary show that D. C. Heyward and W. J. Talbert will go into the second primary for Governor, and W. C. Latimer and John Wiley will go for Senator. There will be a second primary for Lieutenant-Governor, Secretary of State, Controller-General, Adjutant-General and Railroad Commissioner.

Nominating vote for Representatives.

A nominating vote for Representatives was secured in five of the seven Congressional districts, as follows: First, George B. Legare; Fourth, John Johnston; Fifth, D. E. Finley; Sixth, R. B. Scarborough; Seventh, A. B. Metzger. A second primary will be held in the Second and Third Districts for the naming of Representatives.

Nominated for Congress.

ST. JOSEPH, Mo., Aug. 27.—Reed, general solicitor of the St. Joseph & Grand Island Railway, was today nominated for Congress by acclamation by the Republicans of the Fourth District.

Fifth Kansas District—R. Eckwahl, Socialist, Saline County.

First Kansas District—John E. Wagner, Democratic-Popular, Leavenworth.

Eleventh Iowa District—L. M. Sink, Democrat.

Thirteenth Illinois—Lewis Dickes, Democrat.

Murders at Beaumont.

BEAUMONT, Tex., Aug. 27.—Sunday the body of a white man was found floating in the Neches River, about half a mile below the drawbridge of the Kansas City Southern Railroad, and at noon yesterday another body was found in the same vicinity. The floater found yesterday was buried without identification, but from appearances it was the body of a Mexican laborer, between 30 and 40 years of age. There was a slight wound over the left eye. This wound might have been caused by a small-caliber bullet. The body of the

man found Sunday was exhumed this morning by two men, who identified it as that of Jim Broderick, an English brick-layer.

PANAMA THREATENED.

Government Has Few Troops to Defend the Place.

WASHINGTON, Aug. 27.—The first detailed and official account of the exact situation on the Isthmus of Panama, as it stood August 18, is contained in the following report just received at the Navy Department from Commander William P. Potter, of the Ranger, which now lies at Panama: "I have the honor to inform the Department that no reliable information has been received in regard to the results of operations at Agua Dulce. It is believed that the government forces are surrounded and cannot hold out much longer. In consequence of the report that the revolutionists have landed at San Cristobal, about 45 miles from here and intended to advance to Panama, I went down to the coast to Panama. The company with the Consul-General on the Panama and Railway Company's tender Bolivar as far as that point, but saw nothing to indicate that such a landing had taken place. The authorities are very apprehensive of an attack on Panama and have very few troops to defend the place and no means of bringing more from other points. The health of Panama is in the same unsatisfactory condition."

JOINS COLOMBIAN NAVY.

Captain Marmaduke Will Serve on Vessel Bought at Seattle.

WASHINGTON, Aug. 27.—Captain Henry Marmaduke, who served during the Civil War on the famous Confederate ironclad Merrimack and the Alabama, has joined the Colombian Navy and will sail for that republic on the new war vessel which has been purchased at Seattle by Senator Concha, the Colombian Minister at Washington. The Colombian Government plans to attack the revolutionists on the Pacific coast of Colombia about the middle of September. The new war vessel, on which the finishing touches are being placed at Seattle, will start on her journey down the coast to Panama in a few days. The Colombian Government is negotiating for another war vessel.

Forced to Leave Limbe.

FARIS, Aug. 27.—A dispatch from Cape Haytien, Haiti, says the troops of General Nord, the Minister of War of the provisional government, have been defeated and forced to evacuate Limbe, and adds that the fighting continues. It is further reported that the Insulars of Ayre Cayes and Agulha have risen against the provisional government, and that General Simon, commander of the Department of the South, who is in favor of Firmin, is marching on Morange.

CAPE HAYTIEN, Aug. 27.—General Albert Firmin, commander of the Artibonite Firminite troops, has renounced the army under General Nord, of the provisional government, and is at present master of the Limbe district.

A TRIPLE TRAGEDY.

Jealousy Causes a Double Murder and Suicide at New York.

NEW YORK, Aug. 27.—Lizzie O'Neil, formerly of Stroudsburg, Pa., Arthur Campbell, of this city, and Christian Gans, Government Inspector at New York, were dead as the result of a tragedy which took place today in the apartments of the woman in East Twenty-fifth street, where she had a boarding house. The woman and Campbell, it is believed, died almost instantly. Gans died in Bellevue Hospital tonight. It is said by the police that Gans shot the woman and Campbell because she objected to a defaulter of the latter there. He then fired a bullet into his own brain.

SPECULATED IN STOCKS.

Teller of a Pittsburg Bank in Jail for Embezzlement.

PITTSBURG, Aug. 27.—H. H. Brinker, formerly receiving teller of the German National Bank, is in jail here for embezzlement. The amount of the short charge charged to him is \$20,000, which, it is alleged, the bank was defrauded of by Brinker manipulating the deposit slips. Cashier Ramon says the bank is satisfied the incident is closed so far as the bank is concerned, as the Mercantile Trust Company, which was on Brinker's bond for \$5,000, paid the balance in July last, since which time Brinker has been trying to pay the trust company. As the payments on the bond since then have been comparatively small, the company decided to let Brinker out on a \$5,000 defaulter's Speculation in stocks caused the teller's downfall.

The Wake Island Incident.

WASHINGTON, Aug. 27.—The statement that the United States is about to dispatch a warship to Wake Island for the purpose of ejecting the Japanese is erroneous. Some time ago an American ship, which touched at Wake Island, reported that a number of Japanese were living on the island, and this led to more or less confused reports concerning an alleged claim supposed to have been set up by Japan to sovereignty over the island. Several conferences between State Department officials here and Mr. Takahira, the Japanese Minister, followed and were concluded by a definite admission on the part of the Japanese Minister that his government made no claim to sovereignty over the island. Later, the Navy Department ordered the commander of the training ship Adams, which will leave about September 10, to make a cruise of the Pacific, to touch at Wake Island and report upon conditions there. There is not even a suggestion in any orders looking to the ejection of such Japanese as may be found on the island. American sovereignty over the island is not questioned by Japan.

Beef Trade Inquiry.

ST. JOSEPH, Mo., Aug. 27.—The beef trade inquiry, begun yesterday, was continued today. The interest was much greater and the attendance larger. The cross-examination of John Wason, a local butcher, who testified to the existence of a combination among the packers, brought out very little of importance. He admitted that the retail butchers had agreed upon a scale of prices, but said that this was necessary for the protection of the packers' trust. He also admitted that the packers had made "concessions" in the matter of over-ripe meat which he had sold at the regular scale as practical meat.

Greek Currant Crop Injured.

NEW YORK, Aug. 27.—According to official reports of the Greek Government, cables the loss of the currant crop in Greece, caused by heavy rains, amounting in some places to inundations, have inflicted considerable damage to the currant crop, especially in the vicinity of Argos, Olympia and Pyrgos and in the district of Elis. This district in which Corinth is situated practically escaped. The damage, although partial, will tend, adds the correspondent, to aggravate the existing bad condition of the currant trade.

Pius Fund Claims.

NEW YORK, Aug. 27.—Ambassador Choate has returned, looking greatly benefited by the invigorating climate of North Berwick, cables the London correspondent of the Tribune. He has met the counsel engaged in preparing the American side in the first arbitration case before the tribunal at The Hague—that of the Pius fund claims of various Roman Catholic bodies against the Mexican Government. The hearing session of the tribunal will be held on Tuesday at The Hague, and will be mainly devoted to formalities.

NEW LAWS NOT NEEDED

BUT REPEAL OLD ONES, SAYS MAYOR JONES, OF TOLEDO.

President Ashley, of the Municipal League, Speaks for Home Rule for Cities.

GRAND RAPIDS, Mich., Aug. 27.—Two hundred delegates were present today at the opening session in the Furniture Exposition Building, of the sixth annual convention of the League of American Municipalities. By tomorrow it is expected there will be 300 more delegates present, making the convention one of the largest ever held by the league.

Mayor Jones, of Toledo, spoke at the convention of the League of American Municipalities. He was followed in the address by President Charles S. Ashley, Mayor of New Bedford, Mass. Mr. Ashley said that much thought and discussion had been given to the subject of municipal administration by the members of the league, and they had been the cause of paying concentrated attention to the question of municipal ownership. Continuing on this topic, he said: "Home rule for cities. No dependency on the state. No interference with the local government. President Roosevelt has said more than once that the power of corporations over prices should be subjected to public control. Very recently he said, 'We may need, and in my belief, we do need, new legislation, enacted in no radical or revolutionary spirit, but in a spirit of common sense, common honesty and a resolute desire to face facts as they are.' This language is clear, and will meet with general approval. The principal difficulty pertains to the remedy. President Roosevelt said that the remedy sometimes proposed with seeming confidence was that of publicity, but he declared that publicity would only serve to prolong the present situation. 'Another remedy suggested,' he said, 'is an amendment to the Federal Constitution giving power to Congress to control all corporations, a very drastic remedy; indeed, one that would greatly strengthen the lobby, one that might introduce a era of political corruption hitherto unknown.' President Rose said that the Sherman anti-trust law fails to meet all the difficulties of the situation, adding: 'Whether this act exhausted the powers of Congress over the subject-matter is a question about which there may be a difference of opinion among the members of the league. At the conclusion of Judge Rose's address, routine business and the reading of reports were taken up.

The Bar Association tonight elected general counsel from each state and territory, including: Alaska, Melville C. Brown, Juneau; Idaho, William W. Woods, Wallace; Montana, W. Sanders, Helena; Ore-

LONDON TIMES' CHARACTERIZATION OF ROOSEVELT.

Discusses His Decision to Appeal to the People on the Trust Question—Austria's Suspicions.

LONDON, Aug. 27.—The Times this morning publishes an editorial article discussing President Roosevelt's decision to appeal from party wirepullers to the people on the trust question. The paper says: "This is a bold decision if President Roosevelt is ambitious of a second term, his object is to throw a protecting shield over the trust question, and that his attacks on the trusts are regarded with suspicion by American protectionists.

"It is interesting to observe that in Austria it is frankly assumed that Mr. Roosevelt's object is to throw a protecting shield over the trusts and that his attacks on the trusts are regarded with suspicion by American protectionists.

"The result of the struggle between a crony and a nation, and the impotence of monopoly will soon be visible in the United States, and Mr. Roosevelt apparently will have credit for having raised a great issue with conspicuous fairness."

A German View.

BERLIN, Aug. 27.—President Roosevelt's advocacy of Government supervision of trusts has caused the Post, of this city, to discuss a "new trust danger." It says: "Germany, and indeed, all Europe, must be on its guard."

"The Kreuz Zeitung, in a leader on 'American Imperialism,' says: 'American imperialism is not only a danger to Europe, but a danger to the world. This arrogance is the outgrowth of the puritanical belief in the God-given mission and its own invulnerable position.'"

STORMS AND FLOODS IN ORIENT.

Typhoon at Hong Kong Caused a Number of Deaths.

VICTORIA, B. C., Aug. 27.—According to former advice, storms and floods visited China and Japan during July and the early part of August. July 18 a typhoon struck Hong Kong, causing the death of many people, and the destruction of several houses and the wrecking of several steamers. August 6 another typhoon came along, and besides doing damage to the coast, blew down several houses and in one case 12 persons were killed. At Kobe and along the southern coast of Japan the 12th inst., considerable damage was done by heavy wind and high waves. Several villages were entirely swept away, many lives and hundreds of animals were placed homeless. The water in many places reached the roofs of the houses. American engineers are in Shanghai preparing for an early start on the construction of a navigation canal between the Chinese indemnity on a silver basis has proved a failure and that, therefore, China has to pay her indemnity on a gold basis.

Little news is being received of the rebellion in Kwang Si, as the wires have been cut in the vicinity of Nanning. It is said the rebel have their headquarters at Heliang. In a place near the border of Kwai Chow Province, while Heliang is situated not far from the border of Yunnan. Viceroy Lin, of Yunnan, has suggested that a strong force, consisting of soldiers and police, be sent out in the prefecture of Yung Chow, Hunan Province, resulting in the destruction of a chapel.

It is said that the order of Wu Ting Fang to remain in the province of Yunnan, which memorialized the throne, saying that since the appointment of Wu Ting Fang to the ministry, he had done many things to the great benefit of China, that in his opinion no other official was better qualified for the post and that, therefore, he strongly recommended that Wu be given another term of ministry.

A Singapore telegram of July 30, to the China Mail says:

"A collision occurred in the Straits of Malacca yesterday morning between the Dutch mail steamer Prins Alexander and the British steamer Bin Hin Guan. The Prins Alexander sank and the first officer, first engineer and six of the passengers and crew were drowned. Twenty passengers, including the captain, were saved by the Bin Hin Guan. The Bin Hin Guan, which was badly damaged, was towed into Singapore and beached.

Boers Say There is No Row.

AMSTERDAM, Aug. 27.—The Boer General have issued a statement declaring there is no truth in the reports of differences between themselves and Mr. Kruger, Dr. Leyds and the Boer delegates in Europe, adding that their relations with them continue to be most harmonious.

CHIEF OF INSULAR DIVISION OF WAR DEPARTMENT.

COLONEL CLARENCE R. EDWARDS ACTS AS COLONIAL SECRETARY.

As chief of the insular division of the War Department, Colonel Clarence R. Edwards performs duties which under the British Government pertain to the post of the Colonial Secretary. He is the brain, brawn and vitality of the division. Colonel Edwards was his brief for gallantry in the Philippines, where he was chief of staff to General Lawton. He is an Ohioan, and was appointed to West Point in 1882. General Lawton highly praised his administrative ability and professional skill. The Porto Rican and Philippine tariffs were framed by Colonel Edwards.

Half of Necessary Amount Guaranteed for World's Fair Building.

DENVER, Colo., Aug. 27.—The forenoon session of the National Fraternal Congress was taken up in hearing reports of officers and committees. The president, Dr. H. A. Warner, announced that assurances had been received from individual fraternalities which practically guarantee \$100,000 for a fraternal building at the World's Fair at St. Louis, and that from present prospects there is no doubt the full amount of \$200,000 estimated to be necessary will be raised.

The right to enter into the field with municipal ownership provides a means of saying to the oppressor, Be square and decent with us, and we will pay a proper price to you; if not, we ourselves will pay to ourselves, buy of ourselves, and the amount expended will be that which is, of itself, right, and not what you exact from us, and we will pay a proper price as a club to exterminate, but rather as a means to a remedy and a solution.

"Give us home rule for cities, in place of the state, in matters of purely local concern, freedom from guardianship and the right to do as we will with our own."

At this afternoon's session of the convention, Major V. M. Head, of Nashville, Tenn., was the first speaker, his topic being "Transportation and Taxation." He advocated public ownership and control of public utilities. The feature of the evening session was the address of Mayor Samuel Jones, of Toledo. His subject was, "What is the right of the people?" He said society was the real criminal, and not the man or the individual. In condemning the present criminal system he said: "The press is in the pulpit, the judge on the bench, the workman on the street are a part of this system, which is sick from head to foot and must share in the evil until we purge the whole mass. The sending of the poor man to the workhouse because he cannot pay his fine is but imprisonment for debt, yet we boast that the debtor's prison has been abandoned. If we believed the prison did good, we would occasionally put our children there, but there is not a judge who would not move heaven and earth to save his child from such a penalty. It is not new laws that are needed, but the repeal of old ones."

LAWYERS TALK OF TRUSTS.

President Rose's Address to American Bar Association.

SARATOGA, N. Y., Aug. 27.—The American Bar Association began its 25th annual meeting here today with a large attendance of delegates. President U. M. Rose, of Little Rock, Ark., delivered an address. He spoke feelingly of the death of President McKinley, and said that the execution of the assassin failed to satisfy the just demands of the violated law. He deplored the fact that anarchistic literature is disseminated freely through the mails, and that public meetings where "speeches of the incendiary character are made by refugees from foreign lands" are permitted to be held.

Postmaster's Convention.

MILWAUKEE, Wis., Aug. 27.—The national association of Postmasters' convention today discussed two topics—a local inspector for large offices and suspension of clerks. A. W. Machen, General Superintendent of Free Delivery, favored a measure whereby rural mail carriers could pay out money on money orders on their routes.

P. ENSOR SUPT. SOUTH CAROLINA STATE INSTITUTION.

Indorses the Catarrhal Tonic Pe-ru-na—A Congressman's Letter.

Dr. J. F. Ensor, postmaster of Columbia, S. C., late Superintendent and physician in charge of the State Insane Asylum at Columbia, S. C., writes: "After using your Peruna myself for a short period, and my family having used and are now using the same with good results, and upon the information of others who have been benefited by it as a cure for catarrh and an invigorating tonic, I can cheerfully recommend it to all persons suffering with any of the above named ailments."

"Dr. J. F. Ensor. Hon. C. W. Butts, ex-member of Congress from North Dakota, in a letter from Washington, D. C., says: "That Peruna is not only a vigorous, as well as an effective tonic, but also a cure of catarrh is beyond controversy. It is already established by its use by the thousands who have been benefited by it. I can only too highly express my appreciation of its existence."—C. W. Butts.

Only the weak need a tonic. People are never weak except from some good cause. One of the obscure causes of weakness and the one often overlooked is catarrh. Catarrh inflames the mucous membrane and causes the blood plasma to escape through the mucous membrane in the form of mucus. This discharge of mucus is the same as the loss of blood. It produces weakness.

Peruna stops the catarrh and prevents the discharge of mucus. This is why Peruna is called a tonic. Peruna does not give strength by stimulating the nervous system, but by preserving the mucous membrane against leakage. It gives strength by converting the

blood fluids and preventing their draining away in mucous discharge. Constant spitting and blowing the nose will finally produce extreme weakness from the loss of mucus. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of the Hartman Sanitarium, Columbus, Ohio.
