Portland Team Pulls Out of a Tight Hole.

CAUSED BY HANNIVAN'S ERROR

Helena Has the Webfoots Shut Out. but a Misplay Permits a Tie, and Victory Comes Four Innings Later,

HELENA, Mont., Aug. 28.-Charitable as the people of Helena are, they can hardly forgive Hannivan for his fiagrant muff of Vigneux's fly in the sixth inning of today's game. Otherwise Portland would have undoubtedly been shut out. The trouble all happened with two men out, two on bases and the score 2 to 0 in favor of the locals. Then Hannivan dropped an easy fly and allowed two run. ners to score. Vigneux scored on a hit by Muller, tying the score before the side was out.

three innings neither side scored, but in the tenth, Peeples' error, followed by a clean hit and a wild pitch, gave the visitors two runs and the game.

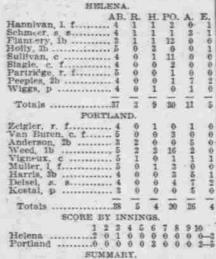

Four hits off Wiggs punctuated through-

Eliminating the unpardonable error by Hannivan, Portland did not have a lookin for the game. Wiggs was a Gibraltar against the visitors, but despite his masterly work in the box and the strenuous efforts of the other members of the team, the gods were with the Webfooters, and it seemed to be ordained that the score should be 5 to 3, after 10 innings of hard and careful play on either side.

When Portland went to bat in the first half of the tenth inning, the score stood 2 to 2. Van Buren flew out to Schmeer. Peeples fumbled Anderson's grounder and Andy then stole second. Weed beat out a slow infield hit, while Vigneux sacrificed, secring Anderson, and a wild pitch brought in Weed, placing Portland two to the good. In the Helena half, Holly and Sullivan singled, but the latter was doubled at second on Partridge's hit, and Slagle struck out.

Chicago, 4-4; Philadelphia, 1-5. CHICAGO, Aug. 26.-Philadelphia and Chicago each won and lost today. The leaders hit Piatt hard in the second game, and won in the eighth on four singles, a balk, and Paly's mun.

He spoke on the power of the United States to acquire and govern territory, which, he said, was a question growing out of the acquisition of, ter-ritory from Spain. Unless the Constitution is changed, which is hardly prob-able, said Mr. Carlisle, the law is the same whether the territory is located in the Eastern or Western Hemisphere.
