WORK OF 25 MASKED MEN

Culprits Are Believed to Be Miners Who Took Exception to Sheepmen Encroaching on Land They Had Blazed.

HEPPNER, Or., Sept. 5,-(Special)-Ed Day, a prominent sheepman of Morrow County, came to this city from his Grant County ranch today and reported that 25 masked men, supposed to be miners, shot into his band of sheep in the Greenhorn Mountains, and killed and wounded at least 400. The trouble occurred Monday, miles from Susanville.

On Monday morning at 8 o'clock Mr. Day arrived at his sheep camp, where he went for the purpose of getting his sheep started out of the mountains. He had hardly arrived when one of his sheepherders who was out on the hill with the sheep came running into camp with the news that 25 masked men with guns were after the sheep. Just then shooting comed, which lasted for several minutes. Mr. Day's loss is about \$1200, Mr. Day remained at the camp that day and then set out for this place to notify the officers.

The sheepmen of this country are very much worked up over the affair. The miners have what they call a miners' reserve. They will blaze a piece of ground their sheep on it. Mr. Day had his sheep on a place of this kind, and it is supposed this is the cause of the shooting

MASKED MEN ROB STOREKEEPER. Conclude Their Work by Blowing Open a Safe and Looting it.

BAKER CITY, Or., Sept. 5 .- A telephone message from Prairie City, Grant County, says five masked men entered the store of Moses Durkhelmer last night about 9 o'clock, held up and robbed the proprietor, and then blew open the safe and took therefrom \$70 in gold dust and cash, be-sides a lot of checke and county warrants. Three of the men entered the store and compelled Mr. Durkheimer to give up all money he had on his person and in the cash drawer, after which they blew open the safe. The explosion shook the build-ing and scattered things about generally. After looting the safe the men joined their two companions outside, mounted their horses and rode away.

Five men whose appearance corresponded to the Prairie City robbers were seen on the road leading to Sumpter early this morning. The Sheriff of Grant County is on the trail of the men, and Sheriff Brown, of this county, is on the lookout for them also. It is believed that the men who held up and robbed Mr. Keller, of Cornucopla, near that place, last month are members of the same gang.

Mr. Winstanley reports having received a letter from a grower in New York State saying that in order to save their crops from the lice the growers there began picking when the hops were still green. This, the writer said, would prove damaging to the quality of the product and stimulate the market for Oregon's superior product. Mr. Winstanley says recent advices from England are to the effect that the crop there will be somewhat better than has been predicted, but he says it will not be more than a moderate crop.

THROTTLE THROWN OPEN IN COL LISION WITH FREIGHT TRAIN.

OAKLAND, Cal., Sept, 5. - An extra switch engine of the Southern Pacific Company, while standing beneath the coal bunkers in the West Oskland yards last bumped into by a freight train and the throttle thrown open. The locomotive plunged forward instantly, and began a runaway trip through a network of hun-dreds of sidetracks and headed for the West Oakland Mole, where a dozen trains and 2000 passengers from San Francisco were waiting to be carried overland to local points. By a fortunate chance, the tower man, knowing the engine was not manned, threw the runaway to an extreme cutside track. thus averting a collision with the standing trains and preventing the iron monster from crashing through the waiting-rooms at the ferry depot,
