OGDEN, Utah, Sept. II.—The Republican State Convention today nominated Joseph Howell, of Wellsville, Cache County, for Congress: Judge W. M. McCarthy, of Se-vier County, for Supreme Court Justice, and adopted a platform in which mention of Cuban reciprocity was omitted. On this point the beet-sugar interests of the state won our after a somewhat bitter and protracted debate in the committee on resolutions. Friends of Representative Sutherland, who was one of the Republican "insurgents" on the reciprocity quen-tion in the last session of Congress, were determined that specific indorsement of the President's Cuban policy should have no place in the platform, and this policy prevailed. In this they were sided by the church people, who insisted that a com-promise platform be adopted cordially in-dorsing President Roosevelt's Administration, but leaving out direct reference to the proposed 20 per cent reduction. This pro-gramme was changed last night to have Senator Beveridge speak at the close of the morning session today. When the bect-sugar sympathizers heard of this they openiy threatened to give him a hostile reception, believing it a pian to influence the convention in favor of a Cuban reciprocity plank, the result being that the programme was changed, Senator Bever-idge speaking this evening. Then, with the platform adopted, the delegates more than made up for their refusal to hear him in the morning by greeting him with wild

The platform deplores the death of Pres-

He will not permit it to come before the convention, although admitting that if such a resolution were brought before the convention it would undoubtedly be
