LETTER INTERVIEW IN SCALP BOUNTY REPEAL.-State Senator Justus Wade, of Union County, is in Portland for a few days and during his visit here will spend a day at the State Fair, at Salem. He said yesterday, in speaking of Legislative matters, that Union County is taking no particular interest in the question whether the coyote scalp bounty law should be repealed, though people generally believe that the bounty accomplished its purpose in reducing the number of coyotes and saving many sheep. So far as Mr. Wade knows, no effort will be made to repeal the bounty law, which was taken away from Union and added to Baker at the last session of the Legislature. The question of dividing Baker County and creating a new county to include the Panhandle is likely to be a source of some controversy. As the proposed new forest reserve in the Blue Mountains takes in but small part of Union County, little discussion of the policy of creating the reserve is heard in that county.

MEETING OF AID SOCIETY.-The executive committee of the Boys' and Girls' Aid Society of Oregon met yesterday afternoon in the chamber of United States Judge Gilbert, when there were present F. E. Beach, Judge Bellinger, L. L. Hawkins, Mrs. Levi White, Mrs. A. G. Barker and Mrs. J. A. Sladen. Current bills were presented and ordered paid and the report of the superintendent regarding 43 children present at the Receiving Home. The death of Mr. Ira F. Powers was spoken of with regret, and a committee consisting of F. E. Beach, Dr. T. L. Elliot and Superintendent Gilbert was appointed to formulate suitable resolutions to be presented to the family of the late Mr. Powers, expressing the sentiments of the society and their appreciation of his efforts in organizing the same; these resolutions to be presented for adoption at the next regular meeting of the board.

WHO LOST THE RING?-It turns out that the arrest of Edgar A. Townsend, at The Dalles, Monday, has resulted in the fact that Townsend is the young man who walked into a jewelry store at The Dalles, asked to see a diamond ring, and tried to substitute a cheaper ring and walk away with more expensive rings. He was searched and in his pockets were found three rings. A small diamond ring, an opal ring with three fine stones and a small gold ring, set with two rubies and three emeralds. When questioned as to how the rings came to be in his possession, Townsend said that he had newly arrived from this city and had bought the rings from Belding Brown, the jeweler on Third street. Belding Brown, however, tonight night they deny that they sold Townsend the rings in question. Now the police are wondering who the person is in this city who has recently lost three rings.

HOPKINSON BOYS TO RETURN.-Hopkickers are beginning to return from the yards, and the transportation companies are again busy with that class of passenger traffic. Traveling Passenger Agent J. F. Jones, of the Southern Pacific, went up to Brooks last evening to return the Albany local in the morning, when 250 hopkickers will be brought home. Of these, 200 will come from Brooks, 100 from Aurora and the remainder from Hubbard. It will be necessary to carry extra baggage care for the camp equipment the pickers carry with them. Those who are now returning are as a rule those who went to the yards and have finished picking the yards in which they were engaged. Some, however, are quitting the yards before the work is completed in order to start the children in school. Hopkicking will be pretty well over by the end of this week.

SALE OF DOG TAGS INCREASES.-The gathering in of unlicensed canines by Poundmaster Fred Reed has stimulated business at the dog license counter of the Auditor's office very much. Yesterday over 100 tags were disposed of. A license for a dog costs \$3 and for a female \$5 is charged for a tag. No discount is allowed on small dogs. It costs just as much for a team reaching as for a dog. One man was heard to remark that "none but the rich can afford to keep dogs." He said it cost him \$13 last year for tags, but this year he was able to pay \$8, as he had diminished the family by one.

SHERIFF WANTS CASES FOR TAX ROLLS.-Sheriff Storey wants a steel case placed in his office in which to keep the tax rolls so that they will be safe from fire. There is no vault attached to the Sheriff's office except a very small one as large as an ordinary closet, and it is already filled with all manner of papers. The tax rolls comprise a number of large volumes, and soon the Sheriff will have the books for 1902 turned over to him. The County Clerk does not take the old books as formally. The County Commissioners will probably order the case which the Sheriff requires.

CHARLES N. CRITTON SPEAKS TONIGHT.-Mr. Charles N. Critton will hold a "Rescue Service" tonight at Grace Methodist Church, to promote work at the First Baptist Church, on Twelfth and Taylor streets. An interesting song service is in prospect, to be rendered by the choir. Mr. Critton is the National president of the National Rescue Homes bearing his name; he is a man of fine personal appearance and gracious manner. His earlier years were given wholly to business, in which he was eminently successful. The public is invited to hear him.

LECTURE ON HYGIENE.-Madame De Gohere Davenport, the noted European health lecturer and physical culture teacher, who has been lecturing to the members of the Y. M. C. A. will give a farewell lecture on Hygiene, here at the mothers of Portland, at the Y. M. C. A. auditorium today at 3 o'clock.

PORTLAND DAY AT STATE FAIR.-Special excursion leaves Union Depot 8:30 A. M. Tomorrow. All arrangements made by the railroad company, and fair management for an enjoyable day's outing. Tickets only \$1.50 for the round trip, including admission to game and races.

BASEBALL GAME POSTPONED.-There will be no baseball game today, owing to delay in Tacoma team reaching here. It will be played as a double-header Sunday afternoon, 2:30 P. M. sharp.

UP-TO-DATE TEACHING. Piano and sight-singing. Private singing classes of eight or more members formed. Phone West 25. Eug. Steibinger, Seventh-street terrace.

MISS COPELAND will open a dancing class for beginners, Friday evening, September 19, at St. Luke's Hall, Vancouver. Dr. J. F. RELL has returned to the city. Office Mackley building.

POLICEMEN ADMIRE PASTE DIAMOND.-An instance showing how one can easily be fooled when examining precious stones occurred in a Third-street jewelry store yesterday. The jeweler was polishing up a sham diamond, when a friend came in and said: "I would like to see you working your time on a paste diamond. Anyone with half an eye would see that it is not a real thing." "I don't know about that," he said. "I can fool the police with it." The jeweler's friend thought that the joke was far enough, and putting in an appearance, he enlightened the policeman as to the nature of the paste diamond. They immediately became a wrathful set and the jeweler took the collection that he had been fooling with the paste diamond. A petition for REPEAL OF LICENSES.-The Portland Union Stock Yards has filed a petition in the City Auditor's office, addressed to the Common Council, asking for a reduction of the license fee. The petition states that the company does a business of only \$18,000 per annum, and when the license was fixed at \$50 it was because there were complaints made concerning the way the yards were conducted, but that all grounds for such objections have since been removed, and there are now no complaints. The Ames Mercantile Company has petitioned the Council to reduce its license from \$35 to \$10 per quarter, and offers to pay five back quarters if the reduction is granted. The company sets forth in the petition that it is only a business throughout the United States like the Braadstreet and Dunn agencies, and that \$10 per quarter is a sufficiently high license.

REPORT FROM COUNTY SCHOOLS.-County School Superintendent Robinson, speaking of the schools under his control, states that he has not yet received any reports concerning the attendance at the different schools, except that the school at Mount Thibault opened a little light. The schoolhouse at Lents and the one at Palmer have both been destroyed by fire. The people at Lents have decided to erect a new building at once. What will be done at Palmer is a matter for future determination. The town may be rebuilt in a different location, closer to the timber. At the Russellville school, grades have been established, and an additional teacher has been employed to take charge of it. This is an approach to high school work, as there are only eight grades in the county grammar schools. The Grays school has a ninth grade, and a tenth grade, making two higher grades, will probably be put in this year.

TWO BOGUS CHECKS.-Bogus checks to the amount of \$118.50, it was reported yesterday, have been passed on two saloon-keepers, Otto W. Nelson, Front street near Morrison, and an Italian who keeps a place on Second street near Salmon. A man calling himself Charles Cunningham gave Nelson a check for \$18.50, purporting to be drawn by the Bridal Veil Lumber Company, per Charles Whitney, manager. Nelson cashed the check in the course of trade, and afterward got the check from Cunningham, who signed it as Charles Whitney. It is stated to be a forgery. The other check complained of, for \$100, was recently given to the Italian saloon-keeper by a friend of his, and it also was passed on a Vancouver bank where it had been sent for collection. It is probable, however, that this matter may be settled privately.

METHODIST PARISH MEET.-At the meeting of the ministers of the Methodist Episcopal Churches of the city yesterday in the auditorium of the Y. M. C. A., there were several important addresses. Bishop Duncan, of the Southern Church, gave a very happy and stirring speech and he was followed by the Rev. Dr. Hammond, who is one of the educational secretaries of the Southern Church. Bishop Cranston and Dr. Huff, secretary for church extension, also made addresses, which aroused much fraternal enthusiasm. In the course of the meeting the news was brought of the death of Mrs. J. M. Thoburn, and resolutions of sympathy were immediately passed. In the matter of the present distress in the districts ravaged by fire, the meeting appointed committees to look after the gathering and sending of speedy relief.

TO WORK CALIFORNIA MINES.-It is reported by San Francisco papers that Dr. Maxim Schumann, the Colorado engineer and operator, with a strong Portland company back of him, has taken over the East and Hope mines, which are consolidated of Butte County, California, and is working towards putting the property on a producing basis again. These mines, so the papers state, were great producers of gold, but when the sulphide levels were struck. By modern methods the largest proportion of the values was lost. This property is said to be fully equipped, the machinery being run by water power, and in over a million dollars' worth of ore is already blocked out ready for the mill.

WATER COMMITTEE MEETS.-A meeting of the Water Commission was held in the City Hall at 2 P. M. The commission took up routine business and discussed the financial situation. Several petitions were read from residents in suburban districts asking for extension of mains. The money on hand is only sufficient for about one-half the requested new mains, and besides the commission finds itself without any pipe. The pipe now being made by the Oregon Iron & Steel Company is at least as supplied for the Seventh-street main. As soon as this is finished it was agreed to go on with further new work as speedily as pipe could be procured.

TOP CROP OF GOOD QUALITY.-A. J. Ray, of the J. M. Russell Company, has just returned from a tour of the Willamette Valley hopfields. He says the crop this year will be the best ever harvested in Oregon. He did not find a single case of moldy product, nor did he see any lice. The crop is falling lighter than expected to do, but its quality could be no better. Mr. Ray estimates this season's yield at about \$5,000 bales. Picking will be about over by the end of this week.

ISSUED IN TWO WEEKS.-The booklet which the commercial bodies of the city will issue for the Harriman Immigration Bureau will be out of the press in about two weeks. It is issued in a book by the delayed arrival of paper for the edition. The number of copies printed will be 150,000 and they will cost about \$200. This money has been raised by subscriptions from Portland merchants. A joint committee of the Board of Trade and Chamber of Commerce raised the fund.

WANTS PAY FOR HIS HORSE.-Herman Terwadow, who lives at Milwaukee, wants the city to pay him \$75 damages on account of injuries which his horse sustained in falling through a defective bridge near the mill of the Eastern Lumber Company. The animal was rescued by members of the fire department, and Terwadow summoned to assist him. He says the horse is now worthless, and he has petitioned the Common Council to pay him the amount of his loss.

BOYS WAIVE EXAMINATION.-The three East Side boys, Martin Toomey, Robert McGloin and Ernest Allison, who were recently arrested charged with setting fire to the pattern shop of the R. & N., waived examination yesterday before Municipal Judge Hogue, and each were held in \$200 bail for the grand jury. The necessary bail was furnished and the boys went to their homes.

DR. HOLLISTER has returned, Oregonian building.

MUSIC INSTRUCTOR RESIGNS.-Miss Anna Rankin, who has been the instructor of music in the Portland public schools for the past two years, has resigned her position and will go east to study at the Boston Conservatory. There are several applicants for Miss Rankin's position in the city, and a selection will be made for her successor at the next meeting of the school board.

CHANGED WITH STEALING TOOLS.-Jamais Amantia, an Italian carpenter, was arrested yesterday by Detectives Ford and Cordano, charged with the larceny of tools valued at \$25 from the pastor of the Italian Church, Fourth and Hill streets. Amantia had been working on the church building.

DEATH OF MRS. THOBURN.
Wife of Methodist Bishop Passes Away.
Mrs. Anna J. Thoburn, wife of Bishop J. M. Thoburn, a woman of wide acquaintance in Methodist and missionary circles for many years, died yesterday morning at her home on East Tenth street, between Twelfth and East Thirteenth streets. Mrs. Thoburn's health commenced failing four years ago. There were times when her husband and friends were inspired with the hope of her full recovery, only to be disappointed by a relapse. She came to Portland in the early part of July, and for a time the climate proved beneficial. Her improvement was so marked that her recovery was confidently hoped for.

Mrs. Thoburn was born in Kingston, O., June 23, 1855. Her father was a prominent citizen of Ross County, Ohio. When 17 years of age she entered the Lake Erie College, Painesville, O., and was graduated

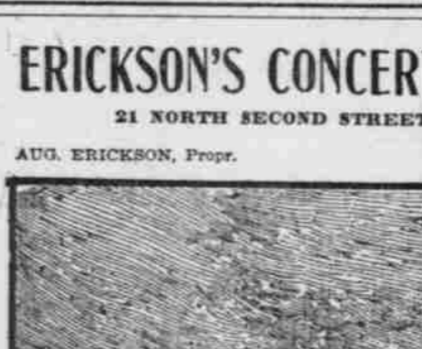

The late Mrs. J. M. Thoburn, wife of the Methodist Bishop of India.

at the age of 21. She then entered the Philadelphia Women's Medical College, where she took a thorough medical course. In November, 1883, she was married to Bishop Thoburn, before he had been elected to the episcopacy, and while he was pastor of a large church in Calcutta, India. She assisted him in his work, and with her knowledge of medicine was able to make herself very useful to the people of that city. After her husband was elected missionary bishop of India, she accompanied him on his many tours through that great country and greatly aided him in his work. With Bishop Thoburn she came to the United States on three trips. Her health began failing four years ago, but to the last she kept up her confidence and courage in a wonderful manner, and made a heroic effort to recover her health. She occupied a prominent place among the women interested in the women's foreign mission field. Her knowledge of the work in India, where she spent so many years in active personal work, gave weight to her counsel on the subject. A constant memory of her only in this country, but on the other side of the globe, will grieve over her death. A husband and two children, a son 9 years old and a daughter 4, survive her.

The funeral will be held tomorrow afternoon at 2:30 o'clock, from the Centenary Methodist Church, Dr. Oldham, missionary secretary, who was associated with Bishop Thoburn in India for many years, will conduct the services. He will arrive in Portland this evening. The interment will take place in Lone Fir cemetery, by the grave of her father, Rev. C. R. Thoburn. Bishop Thoburn will return to India about November 15.

Mr. James Neill and company, now playing at the Marquam Grand Theater, will give a professional matinee this afternoon at 2:15 o'clock, when "The Red Knight" will be presented. The public will be admitted on the usual terms. All the actor folk in the city have been invited to witness Mr. Neill's latest addition to his already extensive repertoire. Tonight, by special request, "A Bachelor's Romance" will be produced. Mr. Neill, as David Holmes, has been seen here before, and it is one of the best remembered of his productions.

"Nancy & Co." at Baker's Next Week.
"Lady Windermere's Fan," now playing a highly successful engagement at Baker's Theater, will be followed next week, beginning Sunday afternoon and evening, with "Nancy & Co.," one of Augustin Steele's great comedies. It is said of "Nancy & Co." that it had a continuous run of 1000 performances in New York City, a high testimonial to its qualities as a bright and entertaining play.

At Cordray's.
Cordray's Theater will offer for the rest of the week "A Thoroughbred Tramp," a new sensational comedy full of the crimes and adventures of a typical vagabond. T. Rush Thompson, a talented and versatile actor, will play a lion his play revolves. True to his nickname, Thompson is a very dashing person, and causes the whirl of events to revolve at a rate that leaves the audience in a dull moment during the 2 1/2 hours consumed in the performance. Several sensational scenic effects are introduced.

FRITZ'S NEW THEATER.
This elegant new playhouse, since its opening has been crowded nightly, which is due to the excellent character of the programme rendered. The proprietors justly feel flattered at the success of their efforts to please the theater-going public. The evening's entertainment commences with A. W. Ida Howell, a talented and vivacious artist, has made a great hit; Stanley & Scanlon appear in an entire change of novelties this week. Introducing A. W. Stanley's latest and original instrument, the musical portiere, MAUD LONIA, a cute, little artist, appears in up-to-date songs and dances; Borton and Draper, Earle and Hampton, Bella Doyle, Beale Vernon and other accomplished artists, are also on the bill. The great Edison and many others, all of which we are the only representatives for Oregon and contiguous territory. Easy terms of payment may be arranged with those so desiring.
