

CHEER IN DETROIT

President Roosevelt Gets Enthusiastic Reception.

SAW SICK SOLDIER IN HOSPITAL

Attended Church and Took Long Drive About City—Dined With General Alger—Full Program for Today.

DETROIT, Mich., Sept. 21.—President Roosevelt arrived at 8 o'clock this morning over the Michigan Central and found Detroit awaiting his arrival in gala attire. Flashes of light and bright beams of light greeted the President as he stepped from the car. The President greeted the eye at every turn. Throughout the day the crowds lined the streets about the Hotel Cadillac, anxious for a glimpse of the Chief Magistrate. His appearance was always the signal for enthusiastic cheering. The weather was all that could be desired, being bright and warm, with a pleasant breeze stirring.

Tonight the President dined at the Cadillac with a party of friends. President's hearty reception. When President Roosevelt's special train arrived this morning, the great crowd on the platform and in the station cheered lustily. The reception committee, composed of General A. T. Bliss, General H. A. Alger, ex-Secretary of War, Mayor William C. Maybury, Congressman John B. Corliss, William E. Quinby, ex-Minister to the Hague; Judges Donovan Brown and Rhoads; D. M. Ferry, Joseph Barbour and a delegation from the Spanish War Veterans marched down the platform to the steps of the President's car. Mayor Maybury and General Alger entered the car and greeted the President. In a few moments the President, accompanied by Secretary Cortelyou, stepped down from the car, and the members of the reception committee were presented to the Chief Magistrate.

At a brisk walk, with the President and Mayor Maybury leading, the party then started down the platform for the station entrance. A few minutes after 11:30 P. M. the President stepped on the Cadillac with a party of friends. The platforms were crowded with people anxious for a glimpse of the President. To the cheering which greeted his car, the President responded repeatedly with a smile and a wave of his hand. As the party reached the engine of the Presidential train, President Roosevelt stopped. He stepped over to where E. Lester James Thomas and Fireman John Moeber hung out of the cab window and gave the hand of each a hearty grasp.

Naval Reserves Out. The Detroit battalion of the Michigan Naval Reserves left the President and sailed on a cruise on the lakes while he was Assistant Secretary of the Navy, stood at present arms on Third street, as the President emerged from the station. Bowing to the crowd, the President returned to the car, and President Roosevelt entered his carriage, accompanied by Secretary Cortelyou, General Alger and Mayor Maybury. After the other members of the Presidential party had mounted their carriages, the Naval Reserves wheeled into line, and with a squad of mounted police at the head, the party started up Third street. Despite the fact that the President's streets were lined with people, and the President was greeted with a succession of cheers throughout his ride to the Hotel Cadillac. At the hotel entrance the reverse again took place. The President stood at present arms as the President alighted from his carriage at the Washington-avenue entrance. Before entering the President's carriage, he walked across the street to the hotel, and stood at present arms as the President alighted from his carriage at the Washington-avenue entrance. GUIDI IS CONSECRATED. Cardinal Rampolla Conducted the Service, Which Was Notable. ROME, Sept. 21.—The consecration today of Monsignor Guidi, apostolic delegate to the Philippines, as archbishop, occurred in the Church of Santa Maria in Aquilo, which is owned by the Somaschian Fathers, his first instructors, assumed the importance of a religious event. The consecration was conducted by Cardinal Rampolla, who is the highest pontifical personage in the Vatican. Cardinal Rampolla was assisted by Monsignor Constanti, the papal secretary, and Monsignor Giampardi, secretary extraordinary of ecclesiastical affairs, and who also acted as secretary to the commission of cardinals, which treated with Governor Taft, of the Philippines, in his negotiations with the Vatican concerning the disposition of the friar property in the islands. The entire diplomatic corps accredited to the Vatican were present at the ceremony. The United States was represented by Rev. J. E. Farley, of Nashville, Tenn., who was recently appointed privy chamberlain to the pope.

German Socialist Expectations. BERLIN, Sept. 21.—Reports from all the electoral districts of the country received by the executive committee of the Socialists give the party managers a basis for announcing that they expect to obtain 2,000,000 votes in the Reichstag next year, and a number of prominent strikers against 2,100,000 votes in 1898 and 2 1/2 seats in the Reichstag. The last annual convention of the Socialist party preceding the election closed yesterday at Munich, after having spent much of the time in discussions between the two different wings of the party on party discipline. But before the convention adjourned, it amended the standing platform of the party upon which the campaign of next year will be made, it demanding that the old-age pensions be raised to 10 marks a month, and that the cost of these pensions be borne by all classes. National insurance of the unemployed, widows and orphans, was demanded, as was also a law making the employment of a child under 14 years of age illegal. The Socialist members of the Reichstag were instructed by the convention to use their discretion in proposing an eight-hour day.

OMAHA, Sept. 21.—What are presumed to be preparations for the merging of packing-house interests will begin at the South Omaha Packing-House tomorrow in the way of taking inventories of stock and other properties. One of the largest companies paid its men in advance last week, and has sent out a circular instructing agents to settle claims and take inventories during the coming week. The same work is under way in one of the other large houses, while it was completed in a third during the past week. A party of men said to be representatives of the proposed combine were in the city several days last week, making an investigation for the purpose of preventing advanced in London bank rates. Some \$1,750,000, which was available in the open market the middle of last week, has disappeared and its whereabouts to have been bought for the New York market. There are many evidences of a desire to obtain gold without disturbing the London market.

SMALL CLEW OF YOUNG

BELIEVED TO HAVE GONE TO CANADIAN APPEL TO DIE.

Based on Gansy Story From Brooklyn—Police Scouring the Country for Traces of Murderer.

NEW YORK, Sept. 21.—The search for William Hooper Young, the man wanted for the murder of Mrs. Joseph Pulitzer, whose mutilated body was found floating in the abandoned Morris Canal, near Jersey City, Thursday morning last, had, up to a late hour today, been unavailing. The police forces of this and the surrounding boroughs have been bending all energies and running down all clews which come to them to locate Young. The chief development of the day came from Brooklyn, and it leads the police to believe that the fugitive has escaped to the vicinity of Canarsie, L. I. Captain Titus is inclined to believe that Young, finding all avenues of final escape shut off, has fled to this spot on the Long Island coast and raided the place. All the copies of the paper were torn up and the forms which were locked up ready for an edition the following day, were piled on the floor.

The publishers were arrested and tried for publishing obscene literature. They were given suspended sentences. They wanted to continue the publication of a paper. They wished to change its name, and to retain the pink paper, by which the sheet had become known. Permission to do so was refused. DERRY THINKS HE HAS YOUNG. Man Answering His Description Arrested There. DERRY, Conn., Sept. 21.—The police have in custody here a man who answers the description of William Hooper Young, of New York, who is wanted in this city for the murder of Mrs. Annie Pulitzer. The man vigorously resisted arrest, and when brought to headquarters refused to give an account for his presence in this vicinity. At police headquarters the likeness to Young was striking despite the fact that a disguise had been attempted. He wore a high top hat, a long coat and a light coat and vest. The gold tooth, which in the descriptions sent out had been so prominently mentioned, was immediately looked for. It was missing, but a tooth had been extracted quite recently. No revolver was found on the man, but two of his pockets were full of red pepper. The prisoner said he had been drunk for three days and carried the pepper to sober him up. On closer questioning, he admitted that he had had a quarrel with a woman, and that the eyes of his captors with the stuff. The prisoner demanded to know the reason for his arrest and after some discussion among the officials it was decided to hold him temporarily on the charge of housebreaking. He has not been informed that he is wanted on a charge of murder. A short time after reaching the station, the prisoner became more communicative and talking for an hour or so, he mentioned whiskey and a cigarette. He accounted for his presence in this vicinity by saying that he was disappointed in a love affair six years ago in Oregon and took to the road, and that he was in the city since. His appearance, however, belies this statement. Chief of Police Gillett was asked why the New York police had not been notified and he added that he wished to be positive that he had his man before informing Captain Titus. A Constable ordered him to be taken to the station. Wounded Man Died. SALT LAKE, Sept. 21.—Henry Strong, who was shot through the neck by Captain Miles W. Romney, the proprietor of the Ophir saloon, last Sunday afternoon, died at Holy Cross hospital early this morning. Strong was the adopted son of Dr. E. Treat Payne, of New York. At the autopsy today it was developed that the bullet from Romney's revolver had destroyed the outer covering of the carotid artery, in the neck, and that the artery was ruptured by an attack of coughing. Killed by the Posses. BANCROFT, Neb., Sept. 21.—Peter Olsen, who shot and killed his sweetheart, Mary Hansen, in Omaha, September 8, was killed in a fight with a posse three miles north of this place at noon today. The members of the posse were on horseback and overtook Olsen three miles and raced for it. Before the lodgers came up, the car with the fugitive on board was blocked away. The above story was told to Captain Titus early today, and this evening he received a corroborator of it. This was that at 2:30 o'clock this morning a man resembling Young had been seen in Canarsie. The information was that the man seemed all worn out and almost exhausted. The Captain added that Police Captain Short, of Canarsie, and all his force were scouring the country thereabouts for the man. Captain Titus said, however, that he feared they would succeed, in case the man was Young, in finding only his dead body, as he is of the impression that Young would commit suicide. Up to a late hour tonight the search at Canarsie had been fruitless. YOUNG ONCE IN PORTLAND. Alleged New York Murderer Was a Quiet, Unassuming Clerk. Hooper Young, alleged murderer of Mrs. Annie Pulitzer, in New York City, was well known in Portland and other points on the coast of the Saturday afternoon, when a newspaper man in San Francisco, later in the employ of one of the leading business houses of this city, he finally went to Seattle and started a newspaper in this city. The Saturday afternoon, which was suppressed by the officers on account of the obscene publications. While in Portland he manifested a character far different than has been told of in other places. He seemed to be a man that was easily influenced, however, and his friends say that it was always possible for him to be led into anything if the proper inducements were offered. When he was a very studious fellow, and carried a Bible with him all of the time. He was very fond of discussing religious topics, and when he was not at work was to be found reading biblical literature. He had an aunt who died but a short time ago. Her 12-year-old daughter, who survives her, however, is a cousin of the alleged murderer. His people here were highly respectable people and moved in the best circles of society. His friends seemed to be among the better classes, and all seem to feel very badly that he has got into such a scrape. It is quite possible, though, they say, "for him to be led into anything." "He was too good a fellow," said another. "He was willing to do anything that he was asked, and that naturally led him among evil companions. If he met a man that treated him well, he could induce him to do almost anything." "The people of Seattle are reported to have been a very different sort of a character. He started a small newspaper, which is described as follows: The paper was printed on pink paper, but it was not fully in keeping with its color. It was nothing more nor less than an obscene blackmailing rag. Its news was of questionable occurrences between the people of Seattle. Its object apparently was to connect the name of some prominent citizen with some disreputable resort south of Yesler Way. If a respectable citizen was seen about the doors of any gambling-house or other low resort below the dead line, the fact was published in the Court News—unless the citizen was willing to pay to have his name kept out of the paper. At least such was the general reputation of the sheet. The paper, as might be imagined, kept itself in private. On one occasion it was raised by trouble citizens, who had been victims of its peculiar style of journalism. The language used was of such a nature that at least the police were compelled to take notice of its existence. WILL NOT SUPPORT US

NEITHER AUSTRIA NOR RUSSIA FAVOR THE JEWS.

Admitted That Roumania Infringes Treaty, but This Is Not First Time Without Protest.

MASS FOR LATE QUEEN.

To Be Celebrated at Spa—Bereaved King Snubs Princess.

LONDON, Sept. 21.—Cabling from Vienna, the correspondent of the Daily Chronicle says he learns that neither Austria nor Russia is willing to support the appeal made by the United States in behalf of the Jews of Roumania. It is admitted, says the correspondent, that the treatment of the Roumanian Jews infringes the treaty of Berlin of 1878, but it is only one of numerous cases in which this treaty has been violated without the signatories protesting. MASS FOR LATE QUEEN. To Be Celebrated at Spa—Bereaved King Snubs Princess. SPA, Belgium, Sept. 21.—A requiem mass for the late Queen of the Belgians, which the bishop of Liege will officiate will be celebrated here tomorrow. Special trains will be run for the occasion from Brussels, to bring members of the royal family, who, after the mass, will conduct the remains of the late Queen back to the capital. King Leopold arrived here today. (Princess Stephanie is the second daughter of the late Queen Marie Henriette and was married to King Leopold in 1835, and was left a widow in 1889. She was married the second time in 1900 to Eimeur de Broqueville. This marriage was against the wishes of King Leopold, who refused to permit it to be legalized. He has been very bitter against his daughter and courts friendly to that of Belgium have declined to receive the Princess.) Queen Clings to Dead Son's Gift. BRUSSELS, Sept. 21.—By Queen Marie Henriette's own desire, her remains will not be embalmed, and an amulet, a gift to her by King Leopold, which she always wore will not be removed. There are various versions of the quarrel at Spa between King Leopold and his Majesty arrived at the palace. He refused to enter until she had left the room. The King then ordered the King's third daughter, came and took Princess Stephanie away. King Leopold then entered the death chamber and prayed before the coffin for 25 minutes. The news of the quarrel between the King and the Princess spread rapidly. BAD IN MACEDONIA. Russian Minister Asks Sultan to Improve Situation. CONSTANTINOPLE, Sept. 21.—The Russian Ambassador to Turkey, Captain Zinovief, in the course of an audience with the Sultan yesterday, called His Majesty's attention to the Macedonian situation and strongly urged the necessary measures be taken to improve it. The Ambassador also referred to the lack of order among the Albanians, who have fiercely resisted the appointment of a Russian Consul at Mitrovitza, European Turkey. The decision of the Sultan to permit for Russian torpedo-boats to pass the Dardanelles is regarded here to be a violation of an international convention, and action in the matter is expected from the other signatory powers. Russians Allowed to Pass. CONSTANTINOPLE, Sept. 21.—An irra has been issued authorizing the passage through the Dardanelles of the four Russian torpedo-boat destroyers on condition that they also obtain the necessary permission of Russia, with an interval of 24 hours between each boat, and that they carry no armament or naval crews, so that international treaties be not violated. SOUTH AFRICAN COLONIES TO PAIR Their Share of War Expense Put at \$500,000,000. LONDON, Sept. 21.—The Daily Mail this morning says the government has decided to trade and expansion of revenue permitted to be required to pay \$500,000,000 toward the cost of the South African War. The colonies are, however, to be allowed any time in which to make this payment. It will not be collected until the extension of the loan and expansion of revenue permitted. Consequently the loan will not be floated for two or three years. Mining profit will probably be taxed 10 per cent more than they were before the war, and more also to be obtained by granting all kinds of concessions and mineral rights. Port Malina Not Yet Subdued. LONDON, Sept. 21.—In a dispatch from Shanghai, the correspondent of the Standard declares that Boxerism in the Province of Szechuen has not yet been subdued. The premises of the China Inland Mission at Metchou have been destroyed but no lives were lost. The Boxers, according to the correspondent, are threatening three cities, Tanlien, Hong Yen and Kailing Fu. The Non-Irritating Cathartic. Hood's Pills. Nervous? Tuttt's Pills. Cure All Liver Ills. MEAT TRUST GATHERING.

MEAT TRUST GATHERING. Largest of the Packing-Houses Absorbed—Stockyards Next. Recent advices from Boston say that while official information is lacking, there is now in question but that the Schwarzschild & Sulzberger Co. has been absorbed by the meat packing combination. Mr. Sulzberger, who represents \$3,000,000 of the \$4,200,000 capital stock of the Schwarzschild & Sulzberger Co., asked \$400 per share cash for his company, but it is understood that the persuasiveness of Gustavus Swift resulted in a sale of the \$4,200,000 stock for \$300 per share. The purchase is understood to have been upon the same basis as that upon which the Oddy business was acquired, namely, securities to issue to the extent of 25 times the net earnings of last year. This made the purchase price of the Oddy Company \$2,100,000, based upon \$80,000 of net earnings last year. This same basis would make the purchase price of the Schwarzschild & Sulzberger Co. about \$5,000,000 in securities, as the "S. & S." did a net business of \$1,000,000 last year. This figures out a price of \$600 per share in new securities for the present \$4,200,000 of stock. As the Swift interests in Chicago recently picked up in Boston 3000 shares of "S. & S." stock at \$10 per share, there must be less than 2000 shares of the stock now in the hands of the general public, as President Sulzberger and Mr. Samuel Well, of New York, own 38,000 shares of the stock. Stockyards Come Next. It is understood that after the packing-house consolidation has been completed, the same interests will form a separate organization to control the stockyards of the country in the interest of the packers' combination. The packing-house interests are today in control of all the stockyards of the country with the exception of Chicago and Kansas City. Kansas City stockyards stock has recently been sold to the packers, and it is believed that rather than engage in a protracted warfare with the packing-house combination the controlling interests in the Kansas City yards would be willing to place the Kansas City company in the packers' combination at about \$100 per share, which, it is said, the Swifts consider an equitable price for the property. It is understood that Chicago stockyards people place a value of \$40,000,000 upon their property, which figures out a price of 150 for the 6 per cent preferred and 250 for the common stock of the Chicago Union Junction Railways & Union Stockyards Company, figuring par for the \$14,000,000 bonds outstanding. "While the packing-house interests recognize the valuable property holdings of the Chicago company, they do not coincide with these figures as an equitable price for the absorption of the Chicago company. The stock of the Omaha Stockyards Company is expected to go into the hands of the packers, and this fact may have an influence in determining relative values. Omaha stock is now quoted at 105 1/2 bid, 108 asked.

The same work is under way in one of the other large houses, while it was completed in a third during the past week. A party of men said to be representatives of the proposed combine were in the city several days last week, making an investigation for the purpose of preventing advanced in London bank rates. Some \$1,750,000, which was available in the open market the middle of last week, has disappeared and its whereabouts to have been bought for the New York market. There are many evidences of a desire to obtain gold without disturbing the London market.

Recent advices from Boston say that while official information is lacking, there is now in question but that the Schwarzschild & Sulzberger Co. has been absorbed by the meat packing combination. Mr. Sulzberger, who represents \$3,000,000 of the \$4,200,000 capital stock of the Schwarzschild & Sulzberger Co., asked \$400 per share cash for his company, but it is understood that the persuasiveness of Gustavus Swift resulted in a sale of the \$4,200,000 stock for \$300 per share. The purchase is understood to have been upon the same basis as that upon which the Oddy business was acquired, namely, securities to issue to the extent of 25 times the net earnings of last year. This made the purchase price of the Oddy Company \$2,100,000, based upon \$80,000 of net earnings last year. This same basis would make the purchase price of the Schwarzschild & Sulzberger Co. about \$5,000,000 in securities, as the "S. & S." did a net business of \$1,000,000 last year. This figures out a price of \$600 per share in new securities for the present \$4,200,000 of stock. As the Swift interests in Chicago recently picked up in Boston 3000 shares of "S. & S." stock at \$10 per share, there must be less than 2000 shares of the stock now in the hands of the general public, as President Sulzberger and Mr. Samuel Well, of New York, own 38,000 shares of the stock. Stockyards Come Next. It is understood that after the packing-house consolidation has been completed, the same interests will form a separate organization to control the stockyards of the country in the interest of the packers' combination. The packing-house interests are today in control of all the stockyards of the country with the exception of Chicago and Kansas City. Kansas City stockyards stock has recently been sold to the packers, and it is believed that rather than engage in a protracted warfare with the packing-house combination the controlling interests in the Kansas City yards would be willing to place the Kansas City company in the packers' combination at about \$100 per share, which, it is said, the Swifts consider an equitable price for the property. It is understood that Chicago stockyards people place a value of \$40,000,000 upon their property, which figures out a price of 150 for the 6 per cent preferred and 250 for the common stock of the Chicago Union Junction Railways & Union Stockyards Company, figuring par for the \$14,000,000 bonds outstanding. "While the packing-house interests recognize the valuable property holdings of the Chicago company, they do not coincide with these figures as an equitable price for the absorption of the Chicago company. The stock of the Omaha Stockyards Company is expected to go into the hands of the packers, and this fact may have an influence in determining relative values. Omaha stock is now quoted at 105 1/2 bid, 108 asked.

MASS FOR LATE QUEEN.

To Be Celebrated at Spa—Bereaved King Snubs Princess.

LONDON, Sept. 21.—Cabling from Vienna, the correspondent of the Daily Chronicle says he learns that neither Austria nor Russia is willing to support the appeal made by the United States in behalf of the Jews of Roumania. It is admitted, says the correspondent, that the treatment of the Roumanian Jews infringes the treaty of Berlin of 1878, but it is only one of numerous cases in which this treaty has been violated without the signatories protesting. MASS FOR LATE QUEEN. To Be Celebrated at Spa—Bereaved King Snubs Princess. SPA, Belgium, Sept. 21.—A requiem mass for the late Queen of the Belgians, which the bishop of Liege will officiate will be celebrated here tomorrow. Special trains will be run for the occasion from Brussels, to bring members of the royal family, who, after the mass, will conduct the remains of the late Queen back to the capital. King Leopold arrived here today. (Princess Stephanie is the second daughter of the late Queen Marie Henriette and was married to King Leopold in 1835, and was left a widow in 1889. She was married the second time in 1900 to Eimeur de Broqueville. This marriage was against the wishes of King Leopold, who refused to permit it to be legalized. He has been very bitter against his daughter and courts friendly to that of Belgium have declined to receive the Princess.) Queen Clings to Dead Son's Gift. BRUSSELS, Sept. 21.—By Queen Marie Henriette's own desire, her remains will not be embalmed, and an amulet, a gift to her by King Leopold, which she always wore will not be removed. There are various versions of the quarrel at Spa between King Leopold and his Majesty arrived at the palace. He refused to enter until she had left the room. The King then ordered the King's third daughter, came and took Princess Stephanie away. King Leopold
