The realty market is already feeling the influence of the Exposition site through the demand for property in that vicinity. Lots that were held for some time by a well-known real estate company without finding a bidder at \$600 were readily sold for \$800 when the fair site was de-cided upon. So widespread is this influence that even across the river from the site the real estate men have found smoother sledding in the disposal of prop-

Rumors are rife of many new projects as to buildings in that neighborhood. One that has been current for the past day or two around town is that a company will be incorporated in a few days to erect a large hotel on Williamette Heights to accoming the visitors to the Exposiaccommodate the visitors to the Exposi-tion. Nothing definite can be learned as-to the members of the company, but it is said that many of the methods em-ployed at the hotels surrounding the Chi-cago World's Fair will be repeated, and that a novel manner of transporting guests to the Exposition grounds will be installed. Those handling the Willam-ette Heights property are extremely retiette Heights property are extremely reti-cent in regard to the matter, but it is understood that the plan will be made public in a few days.

Big Water Front Deals.

The largest item of the real estate transfers for the past week is the sale of the water front in Watson's Addition by Ellis G. Hughes to the American Can Company, the consideration being \$5,000. The sale was made several weeks ago, and was chronicled at the time, but has just been recorded. Another important sale of water front property is that of three lots in block 79, at the foot of Stark street, the amount involved being \$17,090. E. W. Spencer is the purchaser, and Walter V.

Smith the other party.

In the building line a number of important permits have been taken out. Ferguant permits have been taken out. Fergu-son & Houston will build a factory at North Front and Eighteenth streets at a cost of \$12,500. Beno & Ballis have ap-parently embarked in the residence building business, as they have taken out permits for three two-story dwellings at Lovejoy and Twenty-fourth streets at an aggregate cost of \$850. The Portland Academy has also received a permit for the new addition and gymnasium, and places the figures at \$10,000. S. Morton Cohe and Street Cohn evidently intends making extensive improvements in his property at Park and Oak strets, for he estimates that the alterations will cost \$3500.

Many Cement Sidewalks.

The cement sidewalks are indirectly a part of the building business, for they in-dicate that property-owners, in complying with the ordinance, are rendering their property more valuable. Many miles of permits have now been taken out, and the demand still continues. On Monday last permits for 1233 feet of co-ment sidewalks were granted, as it is evigood resolutions on the first business day

Inquiry among leading real estate men shows that they are preparing for an unusually heavy business this Fall. "Inquiries are increasing every day, and these are not idle queries by any means," said a gentleman connected with one of the largest realty firms in the city. "A large percentage of the inquirers investigation, while our rental

houses list is still as short as ever."

The bids for the Weinhard building at Fifth and Oak streets will be opened today, and there is still a possibility that the builder will decide to build upon the entire block this Fall.

Deducting the large \$55,000 sale from last week's transactions, as it cannot be properly listed therein, the increase in the amount of the transfers over those of the preceding week is more than \$38,000, ring a steady and natural increase, and proving the prediction that the realty ould reach a record-breaking place this year.

Growth of Northeastern Albina. Northeastern Albina is growing rapidiy. Between Vancouver and the city limits eastward and north from Stanton street there is a great building boom. One can hardly keep trace of the new houses. Foundations are laid in this portion of the city every day. Alone Williams aver. the city every day. Along Williams avenue north to Alberta both sides of the street are building up solidly. Between Vancouver and Union avenues a score or more of handsome dwellings are being erected. East of Union avenue between and 40 new houses are under constrution. The growth in this part of Port-land is extraordinary. There is going to be a demand for water, sewerage, street improvements and fire protection as a result

HONOLULU, Sept. 14.-(Corresponder of the Associated Press.)—The United States Senatorial Commission has heard testimony regarding the question of labor for plantations. F. M. Swanzy, as trustee of the Planters' Association, and W. G. John Kanuhi, one of the leading native politicalns, died suddenly last Friday. He was 72 years of age. Kanuhi organized the natives under the political conditions arising under the change with annexation, and has ever since continued at the head of native politics. He caused no end of amusement recently by moving in the home rule convention that the United States be requested to lend the territory \$25,000,000. His grandfather was one of the first Hawaiians to go to the United States to be educated. He was educated at Cornell University, and returned to the Islands in 1820, before the missionaries arrived.

The backers of the Marcus Island Expedition will make a demand on the State Department to put them in possession of the island on the grounds that the United States recognized the claim of Rozehill to the place years ago, and accepted a bond of \$50,000 from the company, as required in the operation of Guano islands. The executive com-mittee has secured a commedious building on Second street for pavillon dis-plays, and have arranged for all portions of the Carnival to be under cover out of the reach of possible bad weather. The Seventeenth Infantry band from Vancouver, Wash., has been engaged to furnish music at the racetrack and pavilion through the week. Besides the speed programme, which includes entries by some of the best racing blood in the state, a farmers' racing list is advertised, as are also Indian dances and pow-wows by Warm Spring, Klickitat and Ceilio Indians. A total of \$4500 is offered in premiums and prizes. The stables at the track are now well filled with horses in training for the week's racing.

He said yesterday he had assurances that led him to have hopes that before long either the Mount Tabor or the Mount Tabor or the Mount Tabor or the Montavilla branches of the City & Suburban Rallway Company will be extended so as to form a circuit around Mount Tabor, and probably make a connection with the Richmond branch, which now ends half a mile from South

Several years ago Mr. Niblin interested himself sufficiently to secure a right of way for a sufficiently to secure a right of way for a railway over this route, and he thinks that much of that right of way is now available, although some time has elapsed since it was secured.

"We are very anxious to secure this electric railway," said Mr. Niblin, "and we don't care what line comes into our neighborhood, but it seems to me that it would be best to extend the Montavilla railway. However, I am confident that the time is not far distant when this Branch will be extended along or near the the company has secured water rights and extensive lands for power station later, but I am interested in getting an electric railway to South Mount Tabor. BUILDING COMMITTEE APPOINTED Work to Be Started on the Soldiers Monument in Lone Fir.

At a meeting of the Lone Fir Monument Association yesterday afternoon, at 64 Grand avenue, a building committee was appointed by M. L. Pratt, president, and reports were received on the movement to bold a bazaar. The building commit-tee is as follows: E. Martin, Sumner Post; J. Worlck, George Wright Post; H. Sutcliff, Lincoln-Garfield Post; J. H. Mc-Millen, Indian War veterans; C. U. Gantenbein, Spanish-American veterans; M. L. Pratt, representing the association. The duty of this committee will be to decide on the plan and size of the monu ment, and select the material of which it will be built.

John H. Williams reported that most of the G. A. R. posts and Woman's Relief Corps had appointed committees to take charge of the proposed bazaar. The In-dian veterans and Spanish-American veterans will also make appointments. In a few days the full committee will be made public. It was estimated that a considerable sum would be realized from this bazaar, and the association desires that the committee should take hold with

Is Your Rent High Enough?

NO WAITING REQUIRED

If you have been provident and have accumulated property sufficient to secure us for the money we would have to advance you, we can mature you a contract in our series "C" immediately, and set you up in your own home at once, and allow you to repay us in small easy monthly payments. We charge no interest after your contract reaches natural maturity, so that in the long run you pay but 2 or 3 per cent per annum for the time you have the use of our money.

If you have nothing to start with, you can take a contract in our series "B" and rest assured that your contract will be matured in its natural order and your home ready for you to walk into long before you have deposited a tenth of its value with us.

We are prepared to back every word we say and deposit securities with the Title Guarantee & Trust Company to guarantee the fulfillment of every obligation and liability we incur under our contracts.

Come in and see us. We can do you good. Fraternal Home Purchasing Co.
