# YOUNG IS RUN DOWN

## New York Murderer Tries to Pass for Portland Man.

### MAKES A FULL CONFESSION

**Maintains He Is Not the Individual Wanted Until Confronted by a Former Employer—Young Says He Had an Accomplice.**

DERBY, Conn., Sept. 22.—William Hopper Young, for whom the police of New York have been searching in connection with the murder of Mrs. Anna Nelson Pulitzer, has been found, and is also said to have made a confession regarding the killing of Mrs. Pulitzer. The prisoner talked readily this morning, and with a good deal of intelligence. He said his name was Bert Edwards; that he was 26 years of age, and formerly lived with his stepfather, Henry Carruthers, and his mother at 620 Sixth street, Portland, Or. He left Portland on June 15 because of a fight with his stepfather, and had since then been roaming about the country.

In the guise of a tramp he had been wandering about the country for several days, and was arrested last evening by the Derby police on suspicion. Although his description corresponded closely with that sent out by the New York officers, the prisoner at first stoutly denied any connection with the murder, and even when he was confronted with a man who was formerly a fellow workman, he still denied his identity. But this evening, upon the arrival of a man with whom he was intimately acquainted, the prisoner acknowledged that he was William Hooper Young. He consented to go back to New York without the formality of requisition papers, and will be taken there probably tomorrow morning.

It was to Max Levy, a physical culture instructor, of Brooklyn, and Detective Sergeant Edward Hughes, of New York, that the prisoner admitted his identity. During the interview with the officers which followed Young's admission of his identity, he is said to have made a confession regarding the crime. The exact nature of this confession was not made public tonight. It was said that Young had spoken of an accomplice, but one of the officers when questioned about this replied:

"If you say simply that a confession has been made you will tell the whole story."

From another reliable source, however, came the information that Young did say he had an accomplice. Shortly before 9 o'clock the officers withdrew from the prisoner's cell and left him for the night, the announcement being made that the man would not be taken to New York until tomorrow evening.

The prisoner has become more and more nervous since his identification, and at times his condition is pitiable. Most of the time he spends sitting on his cell bench with his face covered by his hands, but he twitches spasmodically, and some times he is noticed to shake violently. Now and then he paces up and down the cell, stopping occasionally and casting anxious glances about him. The authorities are maintaining the closest watch possible over the man.

Late this evening, several hours after Young had admitted his identity, he was shown a copy of the cablegram sent by his father, John W. Young, from Paris, advising him to surrender, and declaring that his family would stand by him. Young read the message, and for the time gave evidence of strong emotion. Tears rolled down his cheeks, and he turned to the wall of his cell, while he made a strong effort to repress his sobs. He refused to speak of the message afterward.

Young is said to have made a confession, in which he alleges that an accomplice actually committed the murder. Young is said to have told Max Levy that he and one Charles Simpson Elling, of Bridgeport, Conn., lured the woman to Young's flat, where Young left them for a while. On his return, Young says that Elling, who immediately fled, told him he had killed the woman by giving her a dose of chloral hydrate in a glass of beer. In order to save his friend from detection he endeavored to dismember the body, and he subsequently removed it in a trunk. No such man as Elling is known in Bridgeport, and the police regard the confession as a clumsy attempt on the part of Young to shield himself. Elling is the name to which Young addressed the trunk to Chicago. Young says he expected Elling to go to Chicago and claim the trunk.

### HIS HOME NOT IN PORTLAND.

**Young Lived Here Short Time—His Aged Mother Far Away.**

The many allusions made to Portland by Young, the alleged murderer of Mrs. Pulitzer, since his capture would lead to the conclusion that he was well known here, and that he had at one time made Portland his home. Such, however, is not the case. While he was well known at some places along the Coast, he was in Portland but a short time. He has an uncle and a cousin in the city. His aunt died but a short time ago. While here he was employed in a well-known business house of the city, the proprietor of which is acquainted with Young's family, and says that they are fine people.

"The report that his mother lives in Portland is not true," said he, yesterday, "nor is his mother's name Mrs. Dr. Wilcox. His mother is a very old, feeble woman, and she lives far from the railroad and telephone. It would take five days of traveling, at the best, to reach her. I do not know whether she has yet heard of the crime that her boy is accused of, but I am afraid that it will kill her when she does hear of it.

"I do not know much of the boy, except what I learned during the time that he worked for me. He was never very intelligent and was always contented if he was comfortable for the present, never seeming to think of the future. He was very studious and especially fond of Biblical literature. He was seldom to be seen without his Bible. His father is one of the sons of Brigham Young and is a well-known man in Utah. He used to be a bridge contractor and made a great deal of money. He is a Mormon and his family was so large that they probably had but little attention when small. He had every luxury that money could afford, but not the proper training.

"As to his friends here, I know but little. His people and relatives are all highly respected and I think that he moved in much the same circles. I was surprised when I learned that there were letters in his trunk from Portland girls, for he was here for such a short time that I did not think he made any friends that would be interested enough to keep up a correspondence with him. Since he has been of any else, I do not think that he has been in Portland more than five or six days. One of his brothers, whose full name I do not know, was a volunteer in the late war and went to the Philippines."

The story that he told when arrested in Connecticut was probably made up entirely. Being familiar with Portland, he was able to give an address which would seem plausible enough and feigned the name.

(A thorough search has failed to show that any person named Henry Carruthers, with a stepson named Bert Edwards, has lived in Portland. The Connecticut suspect told the police that his home was formerly at 620 Sixth street, Portland, Or. John P. Nelson and family have lived at that number for 17 years, and never heard of any one in the vicinity by that name. The old city directories show no such name, nor does the new one, which is now about completed. Other means have been attempted to ascertain if there is such a man living in Portland, but no one can be found of that name.)

### YOUNG'S TRUNK IS OPENED.

**Many of the Dead Woman's Effects Are Found Therein.**

NEW YORK, Sept. 22.—When the trunk of William Hooper Young, the alleged murderer of Mrs. Anna Pulitzer, was opened at police headquarters today, there were found in it a sword-shaped stiletto with a blade eight inches long and an ivory handle four inches long; the half-dozen mixed cakes which the woman left her apartments for; her set of false teeth, with one tooth missing; her skirts and underclothing; a switch of light-colored hair; a pair of gloves, the missing bed clothing from Young's apartments; a pair of blue and white silk corsets; the woman's underclothing, black silk skirt; polka-dot waist; the woman's slippers; her hat, three pairs of men's shoes, all well worn; Young's hats, trousers, coat, vest and undershirt; a piece of writing paper on which was printed: "I. Salomon, 305 First street, Hoboken, outfitter"; some red pepper; a broken comb; hairpins, a bent safety pin, and a newspaper clipping of September 20.

As soon as the lid of the trunk was lifted it could be seen that the inside of the receptacle was covered with blood. The blade of the stiletto was covered with blood its whole length. The woman's skirts, underclothes, a couple of handkerchiefs and several small pieces of rags were found to be saturated with blood, as was the bedclothing from Young's room. Young's trousers, which showed blood stains, were wet and appeared as if Young, after the murder, had washed his trousers and packed them into the trunk without letting them dry. The man's undershirt was also covered with bloodstains. It was remarked at the time the pepper was found in the trunk that the man now in custody of the Derby, Conn., police, had red pepper in his possession. Captain Titus says that every article that is missing from Young's apartments was found in the trunk.

The body of Mrs. Anna Pulitzer was shipped today from the Jersey City morgue to Perth Amboy, N. J., where her parents live.

### MORMONS NOT TO BLAME.

**Police Say They Can in No Way Be Connected With the Crime.**

NEW YORK, Sept. 22.—The quest for the supposed murderer of Mrs. Anna Pulitzer was ended tonight when news reached police headquarters in this city that the man alleging himself to be Bert Edwards, of Portland, Or., and who was arrested last night near Derby, Conn., had admitted he was William Hooper Young, after he had been positively identified by Max Levy, a professor of physical culture, in whose establishment in Brooklyn Young was at one time employed. The police announce that Young will be brought to this city tomorrow morning, his counsel in this city having said that he would waive extradition proceedings which might delay his surrender to the New York authorities for a day or two.

The articles of feminine apparel found in the trunk brought from Chicago were positively identified as belonging to his wife by Joseph Pulitzer, who was deeply affected when shown the little bag of cakes his wife had bought for him when she went out on Tuesday night last. The trunk was also positively identified by Alfred Dolby, the hall boy, as the one which he had helped Young to carry out of his flat.

Captain Schmitberger held a conference today with the Mormon elders who lived in the house where the murder was committed. The captain afterward said he was satisfied that the Mormon elders were in no way connected with the crime.

### FATHER TELLS HIM TO GIVE UP.

**Young Informs His Son Through the Press That He Will Stand by Him.**

NEW YORK, Sept. 22.—William F. S. Hart, who has been retained to defend William Hooper Young, received the following cablegram from John W. Young, father of William Hooper Young:

"Paris, Sept. 21.—Please give this to the newspapers and request publication: To William Hooper Young: I hear you are suspected of a heinous crime, and being sought for. I advise you to surrender to the officers of the law, facing the charge like a man. I have engaged counsel for your defense. No one knowing you can believe you guilty. You owe it to yourself and your family and the religion you forsook to prove your innocence. If you take this course, we will stand by you.

(Signed) "JOHN W. YOUNG."

Elders Quarrie, Snow and Porter, some of the Mormons who have been occupying one of the Young apartments, were closeted for some time with Police Captain Schmittberger.

### CHARGED WITH CAUSING PANIC.

**Negroes Who Fought in Shiloh Church Friday Night Arrested.**

BIRMINGHAM, Ala., Sept. 22.—William Hicks, the negro insurance agent, with whom J. H. Ballou, the negro lawyer, engaged in an altercation which it is said caused the disaster in Shiloh Church Friday night, is under arrest. After giving bond he said: "I do not feel responsible for the stampede or for the deaths of so many Christian people, but how the courts will look at this will be a different matter, and I will willingly abide by their verdict."

An investigation of the cause of the disaster will begin in the Superior Court tomorrow.

### CHARGED WITH FISH'S DEATH.

**Coroner's Jury Holds Sharkey Delivered Fatal Blow to Banker.**

NEW YORK, Sept. 22.—The Coroner's jury inquiry into the death of the late Nicholas Fish, banker, clubman and son of Hamilton Fish, who was Secretary of State in President Grant's Administration, returned a verdict today that Nicholas Fish's death was due to a fall caused by a blow struck by Thomas J. Sharkey. Sharkey was held in $10,600 bail for the action of the grand jury.

### Dies a Peculiar Death.

NEW YORK, Sept. 22.—The body of Mary Gruner, a dressmaker, 29 years of age, was found in her room in West Forty-eighth street, this afternoon. The woman's lower lip was badly swollen. The police thought the woman's death required investigation, and detectives were assigned to the case. Miss Gruner came to this city 10 days ago from Salt Lake City. In her room were dresses and jewelry to the value of about $100.

Investigation satisfied the police that death was due to natural causes, though of a somewhat peculiar nature. Their theory is that the young woman had received news that a love affair had ended unhappily for her, and that in a violent fit of emotion she had burst a blood vessel

ST. LOUIS, Sept. 22.—Deputy Sheriffs today rearrested ex-Delegates Jerry J. Hannigan, T. L. Bright and Charles J. Denny on informations filed by Mr. Folk, to take the place of the bench warrants. # TROOPS TO THE SCENE

**MINERS RESIST SHERIFFS, WHO CALL ON GOVERNOR.**

**Mob Attacks Colliery at Archbold and Two Men Are Shot Before Order Is Restored.**

SCRANTON, Pa., Sept. 22.—Sheriff Schadt, of Lackawanna County, tonight telegraphed Governor Stone to send troops to his assistance. The Sheriff had just given to the newspapers a proclamation announcing he would call the troops if the lawlessness did not cease, when he received a series of telephone calls to quell disturbances up the valley. He found on investigation that the situation was such that he could not cope with it, and sent a call for troops. Adjutant-General Stewart called the Sheriff by telephone, and had a long talk with him. The Adjutant-General suggested a posse of citizens be called upon for assistance. While the Sheriff was preparing to act upon this suggestion he received more reports of violence up and down the valley, and at once sent another urgent telegram to the Governor, calling for immediate assistance, and the Thirteenth Regiment, with headquarters here, was ordered out.

The worst of tonight's outbreaks occurred at Archbold. A crowd of 200 strikers, mostly foreigners, ransacked the quarters occupied by the 40 men employed at the Raymond Washery of the Ontario & Western Company, while the men were at work, and then meeting with the men as they were returning, drove them back to the refuge of the washery. The mob then returned to the colliery proper, drove out the engineers, firemen, pumpmen and guards and took possession of the breaker. The plant of the Crescent Electric Light Company, which is supplied with steam from the breaker, had to shut down, and the whole region around was left in darkness. In the attack on the breaker, two men were shot, one a striker and the other a workman. Their names or condition could not be learned.

Chief Deputy Sheriff Miles McAndrew was attacked and shot at by a mob at Oliphant. The steam pipes of the Pennsylvania Coal Company's colliery at Old Forge were blown up with dynamite tonight. Two colored cooks at the colliery were rescued by Deputy Sheriffs from a crowd that was hastening to lynch them.

### PROCLAMATION BY SHERIFF.

**He Asks Strikers to Observe Law Before Calling for Troops.**

SCRANTON, Pa., Sept. 22.—Prior to a call for state troops tonight, Sheriff Schadt, of Lackawanna County, issued a proclamation, in which he says in part:

"I am informed that since the miners' strike began numberless acts of violence, intimidation and terrorism have been and are still being committed in the county, having for their object intimidation of men who wish to work for the support of themselves and their families and the punishment of those who are at work.

"Complaint has been made to me that these acts are committed in a covert way, and it is impossible for me and my deputies to fully prevent lawlessness in the county and to detect the offenders in the commission of it.

"Now, therefore, I, Sheriff Schadt, Sheriff of Lackawanna County, do hereby declare and order that all persons who shall be disposed in any manner to intimidate and try to prevent by force any person from exercising his right to work shall immediately desist and abstain therefrom. In case this proclamation shall not be effective and prevent all and any acts of lawlessness, it shall be my duty to call for such assistance as the proper officers of this commonwealth are required to give and the laws of the state provide."

Another day of innumerable petty outbreaks in all parts of the county moved the Sheriff to issue his proclamation.

### FROM ANOTHER QUARTER.

**Strikers Resist Arrest and Officers Call for Troops.**

SHENANDOAH, Pa., Sept. 22.—Sheriff Beddall and half a dozen deputies arrived here this afternoon and attempted to arrest the strikers who have been taking coal from the mine breakers. The men resisted arrest, and the Sheriff appealed to General Gobin for assistance. The General ordered the Second City troop to the scene to protect the Sheriff in the discharge of his duty. Meantime a mob of about 500 people had gathered in the vicinity of the breakers. With the protection which the presence of the troops afforded, the Sheriff's men arrested three coal pickers, but the rest succeeded in escaping. The prisoners were taken to the Pennsylvania Railroad station, surrounded by troops and followed by the mob, hissing and jeering. About the time they were passing General Gobin's headquarters, the First Battalion of the Twelfth Regiment came dashing up the street with Colonel Clement at their head. The battalion, as it approached the mob, formed in company front, and the crowd scattered in every direction. It was the intention to take the prisoners to the jail at Pittsville, but while they were at the station the strike leaders produced bail for them, and they were released.

### STRIKERS WILL NEVER YIELD.

**Gompers Says Miners Are Prepared to Hold Out for Months.**

WASHINGTON, Sept. 22.—President Gompers, of the American Federation of Labor, said today that the striking miners in the Pennsylvania coal fields were prepared to hold out for months. He said the miners were disposed to make concessions, but the presidents had had no overtures made to them, and that the men "are not going to yield."

"The strikers," he said, "are receiving all the supplies they need, and can continue their fight indefinitely. The federation will do all it can to aid them. One thing is certain, that is the strikers will never yield on the basis of the dismemberment of their union organization, which is all that has ever raised them even ever so little above their former desperate condition."

### Stone's Order to Troops.

HARRISBURG, Pa., Sept. 23.—Governor Stone issued an order at midnight directing the Thirteenth Regiment to report to General Gobin for duty in the strike region. The Thirteenth's headquarters are at Scranton, and it will be quartered in its armory at that city temporarily. This regiment consists of 11 companies, and its strength is about 700.

### STONE DENIES PEACE REPORT.

**Governor Will Hold No Conference Regarding an Extra Session.**

PITTSBURG, Pa., Sept. 22.—Governor Stone said tonight there was no truth in the report that he will shortly hold a conference in Philadelphia with representatives of the People's Alliance and Senators Quay and Penrose relative to an extra session of the Legislature for the enactment of legislation to end the anthracite strike, or that he has the promise of a majority of the members of the Legislature to pass a compulsory measure prepared by the Alliance. The Governor also said he had referred to Attorney-General Elkin for his consideration the bills which have been sent to him, and admitted that he expected to see Senator Quay soon in regard to the appointments to speak in the campaign.

### Twentieth Week Sees No Change.

WILKESBARRE, Pa., Sept. 22.—The opening of the 20th week of the coal strike shows very little change in the situation. If anything, the lines are more tightly drawn. At the offices of the coal companies, it is said that the output of coal at the collieries and washeries in operation is growing all the time, but no figures are given out. At strike headquarters, it is asserted that the striking miners have spies at all the mines where work is now carried on, and that they are not the least bit alarmed over the amount of coal being sent to market.

President Mitchell returned from New York this evening. He said there was no change in the situation.

### Coal Miners Offer to Return to Work

POTTSVILLE, Pa., Sept. 22.—A delegation of mineworkers called at the offices of the Philadelphia & Reading Coal & Iron Company tonight and submitted a proposition to return to work if they could have assurances that President Baer will adjust all local differences at the collieries. The delegation will have a conference with the company's officials tomorrow morning.

### United Mineworkers Recognized.

CHARLESTON, W. Va., Sept. 22.—The Plymouth Mines tonight signed the scale promulgated by the Huntington convention and agreed to recognize the United Mineworkers of America. This will put about 500 men to work.

### Pianomakers' Union Wins.

NEW YORK, Sept. 22.—Delegates of the Pianomakers' Union have reported to the Central Federated Union that 15 pianomakers had granted demands for a nine-hour day, and a 10 per cent increase in wages by 23 firms.

### ARMY MEN PASS THE LIE

**Dramatic Incident at Meeting of Spanish-American Veterans.**

INDIANAPOLIS, Sept. 22.—The removal for alleged incompetency of W. C. Liller, as Adjutant-General of the Spanish-American Veterans, is said to have destroyed the only obstacle in the way of a concentration of the Spanish War veterans now meeting in Detroit and the Spanish War veterans now meeting in Indianapolis. President Roosevelt in his speech tomorrow will advocate this concentration, which is favored by the officers and men of both organizations. Liller was originally adjutant of the Spanish War Veterans, and was removed by J. Warren Keifer, Commander-in-Chief, by a general order issued November 19, 1899. The differences that have existed between the officers of the Spanish War Veterans culminated at the second session of the encampment this afternoon in a sensational incident. At the last encampment, Colonel Harrison was appointed chairman of the auditing committee to go over the accounts of Adjutant-General Liller, and after the latter had finished them he arose and said the minutes of the last meeting had been so changed that he was unable, as chairman of the committee, to proceed under the resolution.

Adjutant-General Liller arose and exclaimed:

"Do you mean to say that I falsified the record?"

Colonel Harrison—"I mean just that and nothing more."

"You are a liar," exclaimed Liller.

Colonel Harrison jumped from his seat and made a dash toward the deposed officer. He had not gone 10 feet before he was grabbed by Colonel Hutchins and Mr. Sauer. A moment later Charles H. Madeen, of this city, arose and addressing Colonel Harrison's accuser, exclaimed: "I'll smash your head." After the committee on credentials had reported Colonel Harrison was recognized by the chair. He said:

"It is with much timidity that I enter into a statement in regard to the work of Mr. Liller at the convention at Buffalo. I was chairman of a committee to audit the accounts of the Adjutant-General. The reports of the Adjutant-General were in such condition that I was unable to do much with them—in fact their form made it necessary that they be examined by other committees."

Acting Assistant Adjutant-General Frank S. Clark read an order directing Liller to appear before the Council of Administration, which in army parlance is known as a court martial—to act on charges preferred against him. Liller arose in his seat and briefly declined to appear before the council. He said the matter had been given such prominence that he had been placed in a bad light before the country and in consequence he had decided to settle the matter in the courts.

Captain Richmond P. Hobson, Brigadier-General Jacob H. Smith, United States Army, retired; Past Commander-in-Chief J. W. Hulings and other leading figures in the military establishment of the United States in the last campaigns of the Army will attend the encampment.

NERVOUS PROSTRATION IS

# SYSTEMIC CATARRH

(Peruna is the only Systemic Catarrh Remedy known in the Medical Profession.)

MRS. IDA L. GREGORY
A LEADING CLUBWOMAN OF DENVER, Colo.

Mrs. Ida L. Gregory, President of the Poets and Authors Club of Colorado; President of Colorado Art Club, Director of School of Industry and Design, Vice-President of Sherman Art League, Is One of the Leading Club Women of Colorado.

In a recent letter from 2 Grant avenue, Denver, Colo., this prominent lady says:

**"Some years ago my husband suffered from nervous prostration, and, advising with a friendly druggist, he brought home a bottle of Peruna. His health was restored from its use, his appetite was increased, and restful sleep came to him. I therefore heartily indorse Peruna, as an honest remedy worthy the good things which are said of it."—Ida L. Gregory.**

Nervous prostration is so frequently associated with systemic catarrh that some doctors do not distinguish between the two. In systemic catarrh the disease has pervaded the whole system and there is a constant loss of vital fluids from the mucous membranes.

A great many people are doctoring for nervous prostration who would be immediately cured by a course of Peruna. Peruna makes clean, healthy mucous membranes. By this preservation of the fluids the weakening drain of their discharge is prevented.

The medical profession is just beginning to awaken to the fact that chronic catarrh, especially systemic catarrh, will soon produce a condition so nearly resembling nervous prostration that it is very difficult to tell one from the other.

Peruna cures these cases without fail.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

## The Diagnosis Made Easy by the Famous Symptom Questions; the Cure Made Certain by the Wonderful Medication Which Reaches Every Part Subject to Catarrh.

### THE TREATMENT THAT CURES

**Dr. Copeland's treatment that has lifted the darkness and blight of the word "incurable" from hundreds of thousands of cases of Catarrh of the Head, Throat, Ear Tubes, Bronchial Tubes and Lungs, works its curative actions for two reasons:**

**(1) It reaches every diseased spot from the orifice of the nose to the depest part of the lungs and the innermost recesses of the middle ear.**

**(2) Instead of irritating, inflaming and feeding the fires of the disease, it soothes, quiets, heals and cures.**

### AVOID CURE-ALLS

**In Catarrh, as in other maladies, avoid blind doctoring by patent cure-alls. Get individual treatment for your individual ailment at the Copeland Institute.**

### THE PROPER COURSE FOR SUFFERERS

**The proper course for sufferers is** this: Read these symptoms carefully over, mark those that apply to your case, and bring this with you to the Copeland office. If you live away from the city, send by mail and ask for information of the new home treatment.

### CATARRH OF HEAD AND THROAT

**The head and throat become diseased from neglected colds, causing Catarrh when the condition of the blood predisposes to this condition.**

"Is your voice husky?"
"Do you spit up slime?"
"Do you ache all over?"
"Do you snore at night?"
"Do you blow out scabs at night?"
"Is your nose stopped up?"

"Is the throat dry in the morning?"
"Are you losing your sense of taste?"
"Do you sleep with your mouth open?"
"Does your nose stop up toward night?"

### CATARRH OF BRONCHIAL TUBES

**This condition often results from catarrh extending from the head and throat, and if left unchecked, extends down the windpipe into the bronchial tubes, and in time attacks the lungs.**

"Have you a cough?"
"Are you losing flesh?"
"Do you cough at night?"
"Have you pain in side?"
"Do you take cold easily?"

"Have you pain behind breastbone?"
"Do you feel you are growing weaker?"
"Is there a burning pain in the throat?"
"Do you cough worse night and mornings?"
"Do you have to sit up at night to get breath?"

### SYMPTOMS OF EAR TROUBLES

**Deafness and ear troubles result from catarrh passing along the Eustrachian tube that leads from the throat to the ear.**

"Is your hearing failing?"
"Do your ears discharge?"
"Do your ears itch and burn?"
"Are the ears dry and scaly?"
"Have you pain behind the ears?"
"Is there throbbing in the ears?"
"Is there a buzzing sound heard?"

"When you blow your nose do the ears crack?"
"Is hearing worse when you have a cold?"
"Is roaring like a waterfall in the head?"

### CATARRH OF STOMACH

**This condition may result from several causes, but the usual cause is catarrh, the mucus dropping down into the throat and being swallowed.**

"Is there nausea?"
"Are you costive?"
"Is there vomiting?"
"Do you belch up gas?"
"Have you waterbrash?"
