Five Days' Events Begin at Stupere Irvington Track.

MANY HORSES ON THE GROUND

Fine Programme Prepared by Portland Jockey Club-Harness and Running Events-Special Sweepstakes.

The Portland Jockey Club's inaugural eting at Irvington track today prom-s to be the most successful meeting yet held in Portland. The North Pacific Fair Association has done a great deal to organize racing in these districts and to put racing on a solid basis. Seattle's ting was a success, which was folmeeting was a success, which lowed by Vancouver, Whatcom, Everett and Salem. The idea of this new association is to raise the standard of harness districts. and thoroughbred racing in these districts.

Portland has no fair to attract the attention of the public, but the association can guarantee five days' high-class racing. There will be mixed events, with one harness and three or more running races each day.

The Portland Jockey Club hopes to build The Portland Jockey Club hopes to build up racing here, and has solicited the entries of all the best horsemen that have raced over the circuit. Twenty-two caploads of horses arrived here yesterday afternoon from Salem, and this guarantees a season of closely contested racing.

There is a strong possibility of a special sweepstakes at one-half mile between Honest John, Sad Sam and Judge Thomas. The race was much talked of in Salem, and each of the owners is willing to wager

\$100 a corner, and the association has
promised to add a sufficient sum to make
the race interesting. Judge Thomas was
the sensation of the Montana Jockey
Club's meeting at Butte the past Summer.
In fact, all the best horses that have raced
in Montana, Idaho, Washington and Oregon are now at Irvington Park and will be raced during the five days' meeting at the East Side track. Robert Leighton, who has so ably filled

the position of presiding judge and start-er, will officiate here.

The races will commence promptly each day at 1:30 P. M., rain or shine.

Ayers and McCarthy have the pooling privilege, and pools will be sold each night

of the entries. Honest John, Sad Sam and Judge Thomas, hold world's records for the 3½, ½ and 5½ furlongs. Sad Sam is an Eastern-bred horse that has raced on every prominent track from the Atlantic to the Pacific. It is a toss-up between the entries as to which gets away from the post first and be returned the winner. The following is the official list of entries for today:

PORTLAND HANDILY DEFEATS TA-COMA-SCORE, 6 TO 1.

Visitors Make No Errors-Six Hits Off Kostal-Anderson's Stick Work.

NORTHWEST LEAGUE. Yesterday's Game Portland 6; Tucoma, 1. Standing of the Clubs.

Tacoma made the first run of the game yesterday in the third, but after that they never had a chance at all, and the Portland team finally won out, 6 to 1. The Tigers played erroriess ball, and got six safe hits off Kostal, who was on the slab for the Webfeet, but they simply couldn't win, as their game was totally lacking in ginger and snappy playing. A game yesterday was necessary, all because the two teams couldn't settle which was the better in the second game Sunday afternoon, a tie, 2 to 2, being the result. It was announced at the time that the game would be played off Monday at the usual time, and it was to be expected that a goodly number of fans would show up to see the match. This assumption did not prove to be correct, a number thinking, perhaps, that the game would be commenced at the 11th inning, and the first team securing a tally would be declared the winner. Even the most enthusiastic did not- wish to pay the necessary entrance fee to see two or three innings at the most. The whole affair was a mistake, as nine in-nings were played, and a good game, from the local standpoint, was furnished. Kostal, who was in the box for Port-

first on balls, and the Tacoma players thought that they had the Webfoot pitch-er up in the 'air. They were way off, however, for the man on first never got even as far as second. It was not until the third that a Ta coma man made the rounds, and it was Johnson who did it. He hit to center field for his first, and went to second on Letcher's sacrifice hit. Nagel went out at first, and it was then up to the mighty Rockenfield. He hit a little grounder to Weed, and the third baseman made such a poor throw to Stovall at first that Johnson came home from second. Hutchinson went to bat with two men on bases, but be could do nothing, and went out to first with a grounder. Score, 1 to 0.

and, started the game by giving Letcher

In the last of the fourth Portland got even. Weed flew out to Nagel, and then Andy Anderson inmmed out a beautiful three-base hit, almost ripping the leather off the ball. Stovall went out on a fly to Fisher, who made one of the greatest catches of the day, but he couldn't get the ball in quick enough, and Anderson came home from third. Sammy got a base on balls, but Murdock went out on a high fly to Letcher, and ended that chance for that inning.

The landslide commenced in the last of

the sixth. The unlucky Weed flew out again to Fisher, but Anderson made a two-bagger and waited on second while Stovall made preparations for a little stunt of his own. He lifted the ball high in the air, and it sailed way out to right, in Fisher's garden. The right fielder started after it on the hike, but wesn't quite fast enough, and it slipped past him, landing about three feet inside the foul line near the fence. It rolled back, and Stovall went to third, while Andy walked home. With Stovall on the next walked home. With Stovall on the next station to the home plate, Sammy hit for a single and took his first, while Stovall came in for run No. 2. Sammy stole second, and Murdock hit such a hot one between short and third that the runner came home, and the batter got his first. Deisel went to the bat, and, while he was swinging, Murdock stole second with ease. Jake went out on a foul to it was coming in to the pitcher, but when Kostal came to the bat a minute later he was not equal to the occasion and flew

out the first thing. Score, 4 to 1. Portland practically repeated the per-formance in the seventh, and made two more talites. Muller made his only hit of the day and went on to second, while Van Buren was going out at first. Weed hit, and Andy followed suit, making ond himself, sending Weed to third and bringing Muller home for a run. Stovall flew out to Fisher in right field, and Weed made another run while the ball was being thrown in, making the score

The last two innings were without features, the playing being restricted to fouls files and put-outs at first. Nobody got past second, and the final score stood 6

The only two errors were made by Weed, one being a bad throw to first, and he dropped an easy pop fly. Both pitchers struck out two men, and both gave two bases on balls. Four Portland players stole bases, and five of them made earned runs. Anderson's fine batting was the feature of the game as a whole, and contributed to the size of the local score

Many Women Enter Golf Contest. NEW YORK, Sept. 22.—Entries for the women's golf championship will close to-morrow, and there is every indication that the entry list will exceed any that the United States Golf Association has yet received. The list is more general heretofore, and entries are coming in from all parts of the country. It is expected that over 100 women will drive off from the first tee. The reason for the large entry list is the fact that the large number to qualify has been increased from 16 to 32. This championship is to be decided over the Brookline Country Club links, Sep-tember 30, October 1, 2, 3 and 4.

INQUIRY ORDERS

CHARLES FRANCIS ADAMS' LETTER

Philippine Affairs Are to Be Thoroughly Investigated and Volunteers Punished if Guilty.

WASHINGTON, Sept. 22. - Secretary Root has received a copy of the second letter prepared by Charles Francis Adams and others, addressed to the President, dealing with affairs in the Philippines The first communication addressed to the President, and known as the Lake George letter, also has been received by the Sec-retary. Before leaving for the West to-day, the Secretary turned the letters over to General George B. Davis, Judge-Advo-cate of the Army, with instructions to make a thorough investigation of the allegations, and, if any of the offenses can be placed upon officers or men of the Army, to have such persons brought to trial.

As some of the allegations are against volunteer officers who, under court decisions, cannot be reached by military tribunals of the regular Army, it is the intention of the Secretary to have these investigated through the Department of Justice, if the inquiry of General Davis develops facts which will warrant a trial. General Davis has already addressed a letter to Mr. Adams, asking for evidence and specifications which will enable him to institute proceedings by court-martial against any officers or men who may be implicated.

It is said at the War Department that the absence of Secretary Root in Europe delayed any action heretofore, the President desiring Secretary Root, who was diction over it, to take such action as might be necessary. As soon as General Davis obtains the evidence he has asked for, he will have the inquiry extended in

Prices You Will Be in Tune With---

Pianos You Will Be Delighted With---Terms You Cannot Rea-

The best medium-grade piano on the market, and which has been sold heretofore by another house for \$100 and \$275, we are going to seil at \$204 and \$171.

There are three carloads in the lot, and the prices, which are dealers' wholesale prices, are in themselves great concessions to the trade. In addition to this we are making exceedingly reasonable terms. \$10 down places the instrument you select in your house, and the small sum of \$6 per monta until paid completes the deal. Then, again, if you desire to pay cash, and the prices are only \$173 and \$204, you get an additional discount of 3 per cent. Figure this out and think if you can invest that amount of money in more lasting pleasure and profit to yourself and family. A full guarantee goes with every one of these pianos, as it does with every other one we sell. We handle pianos in great quantities to supply our four large houses, at Spokane, at San Francisco, at Sacramento and here at Portland. This insures the lowest rate obtainable from the manufacturer and trainload rates from the manufacturer and trainload rates from the manufacturer and trainload rates from the railroad company. The instruments are shipped without boxes—another great gaving—they are hundled direct from the tracks to our warehouse, and moved by our own trucks and teams, so that every point of saving has been guarded by us in order that we might sell better planos to the people for the price than have ever been sold before. Why? Because we would rather sell pianos at a less profit than fewer planos at a greater gain, Again, why? Because every plano sold that gives satisfaction is a big advertisement of itself, and of the reliability of our house, more people are able to possess a good instrument, and we are really better off.

We handle 25 different makes of planos, so no purchaser can fall to secure exactly what he wants in price, appearance and tone quality. Among these planos are the three greatest makes in the world—the Chickering, of Boston; the Weber, of New York, and the Kimball of

While making a night run she struck what was supposed to be a whale and sank in 350 feet of held tomorrow night to pass the bill.

MANY YEARS ALONE

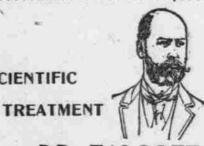

For 15 years old Dr. Kessler was the only specialist in this city for diseases of men, and hundreds of men are healthy today who were cured by him of Prostatic Inflammation or some private disease. He could point to thousands he has cured, but he has always made it a rule to never use a patient's name. He wouldn't tell your own father that he was doctoring you. His word is good and he guarantees to cure any case he takes. He cured a case of private disease last month that had been treated by five doctors. He wants just such cases that other doctors can't cure.

SAD **SUFFERING** WOMEN

The Ladies' Department is luxurious, and there is no need of you suffering any longer from your complicated diseases. Dr. Kessler will see you himself if you call for him. He is a very busy man, but any lady who desires to consult him in person can see him. Quite a number are sent by country doctors. All such are provided with a comfortable, homelike place while they are being treated. Always write a few days before coming so he can arrange for you. Inclose ten 2c stamps and address

SUCCESSFUL METHODS

DR. TALCOTT & CO.

Many of the leading physicians and surgeons throughout the United States are beginning to agree with us in regard to so-called weakness, namely, that the nerves play but a subsidiary role in the production of disorders of men. It is very unusual to find any trouble in an otherwise strong man other than a damaged prostate or deep wrethral inflamination, particularly in those whose disorders originated in too-long-continued and too-often-repeated excitement, or the harmful influence exercised by an ill-treated contracted disorder, and if exhausted nerve force seemed to be present, it is only as a concomitant, or perhaps we may say a complication of chronic prostatitis, and disappeared with its ours. Still further, these facts are verified by purely local treatment, for procedures directed toward repairing the damaged gland are always rewarded by the most brilliant cures.
