

PROFIT BY STUDENTS

Berkeley Boys Take Possession of Train.

SPIRIT OF DEVILRY PREVAILS

Five Hundred Collegians Turn on Brakes on Car, Put Out Lights, and Raise Havoc Generally—One Arrest—More to Follow.

Berkeley, Cal., Sept. 24.—The students of the University of California indulged in riotous behavior tonight, as a result of the number, Winfield Reed, of Santa Barbara, Cal., is in jail with a charge of felony confronting him, and others are likely to be incarcerated for equally serious and minor offenses. The trouble arose out of the big rally to the football team on the campus. Early in the night boys made a raid on a quarry of railroad ties and transferred the fuel to the campus to be used for bonfire. After the rally a spirit of devilry seemed to take possession of the students. About 500 of them took possession of the 19 o'clock local train, and turned out the lights, turned on the handbrakes and demolished the interior furnishings. Winfield Reed was detected in the act of pulling the brake lever, and Deputy Constable Loveland arrested him. The students rushed to his rescue, and a desperate fight ensued, but Loveland, after being reinforced, succeeded in placing his prisoner in the freight house, where he will be used as a jail. The boys tried to storm the place and rescue their comrade, but were repulsed. Reed was later taken to the Oakland jail. He is a freshman, and admits he pulled the air brake, but declares he did not realize the seriousness of his offense, which the law makes a felony. President Wheeler, of the university, when seen tonight, said he saw no reason why the law should not take its course in Reed's case, as the offense was serious. Other arrests will doubtless be made.

MURDER OF OFFICERS AVENGED.

Negro and White Man Hanged for Killing Mississippi Marshals.

Oxford, Miss., Sept. 24.—Will Mathis, white, and Orlando Lester, colored, were hanged here today at noon for the murder of the Montgomery marshals. (The murder of Deputy United States Marshals John A. and Hugh H. Montgomery, for which Will Mathis and Orlando Lester were hanged today, was committed in November last, 15 miles from Oxford, at Mathis' home, whether the officers had gone to arrest him for illicit distilling, the mutilated and charred bodies of the deputies were found in the ruins of the Mathis house the day after the intended raid. Mathis escaped to the swamps of the Yucca River where he eluded a large posse for three days. He finally was forced to surrender, and Orlando Lester, the negro, who was working for Mathis at the time the murder occurred; Bill Jackson, George Jackson, W. H. Owens, and this father-in-law, and Mrs. Mathis, also were arrested, charged with complicity in the crime. Mathis and Lester made confessions which they later repudiated, but they were found guilty of murder and sentenced to death. Owens was also found guilty, and will be hanged October 24.)

PULITZER INQUEST BEGUN.

Attorney of Hooper Young Present to Watch His Interests. NEW YORK, Sept. 24.—The inquest into the death of Mrs. Annie Pulitzer was begun tonight in Jersey City. The New York District Attorney's office was represented, and William F. Shart was present to watch the interests of Hooper Young, who is under arrest for the crime. Nothing important was brought out at the brief session. The case went over to September 8. The latest development in the case is the identification tonight of Young as the man who bought the trunk in which the clothing of Mrs. Pulitzer was shipped to Chicago. The dealer who sold the trunk identified Young as the purchaser after looking at photographs of the prisoner.

Stabs Husband; Cuts Own Throat.

NEW YORK, Sept. 24.—On alarm from the Manxeph police, an ambulance was sent, early today, from a Brooklyn hospital, on the four-mile run to the home of Joseph Aistrakofski. The ambulance surgeon found the man lying on the floor in a pool of blood. "My wife stabbed me," he gasped. "She had been drinking, and was abusing our daughter when I came in, and I protested and she stabbed me." The woman lay on a bed apparently asleep. The surgeon began to work on Aistrakofski's wound, while a policeman ordered the woman to get up and go with him to the station. He turned his back. The woman jumped up, snatched her husband's razor and before the policeman could turn around to stop her, cut her throat from ear to ear. Then both man and wife were hurriedly carried to the hospital, but the physicians say neither can recover.

Held for Murder of Striker.

OMAHA, Neb., Sept. 24.—Judge Burke, in the Police Court today, held John Spellman to the District Court in \$100 bond for the murder of September 8, of Earl Caldwell, the Union Pacific striker. John Spellman, who was held by the coroner's jury for further investigation, was discharged.

Autopsy Shows It Was Not Murder.

NEW YORK, Sept. 24.—An autopsy has been performed on the body of Marie Gruner, a dressmaker who recently came here from Salt Lake, and was found dead in her room. The physician states that she died from natural causes.

DEADLOCK ON THE TARIFF

Germany and Reichstag Majority Unable to Agree. BERLIN, Sept. 24.—The government and the Reichstag majority have reached a deadlock on the tariff. The Imperial Secretary of State, Count von Posadowski-Wehner, announced to the Reichstag that before the government's determination not to accept the bill as amended at the first reading, and the committee immediately re-voted the meat and animal duties to the same rates as at the first reading, to which Count von Posadowski-Wehner had particularly objected. Herr Herold, the Centrist leader, affirmed that without these duties the Centrists would not support the bill, and by one representative of the Agrarians, the two Conservative factions and portions of the National Liberals sustained Herr Herold's position. Count Posadowski-Wehner made a confidential statement to the committee rejecting the minimum scale of duties on animals and meats. These reasons are understood to be in connection with the negotiations of the new commercial treaties. Upon a member inquiring how much the Count's remarks were confidential, the Secretary replied that the government wanted to know openly that the Federalists were opposed to the animal schedule as amended. Paine's Celery Compound

Cures a Lady Who Was Told That Her Life Depended Upon a Surgical Operation.

The greatest misfortune of the present generation is that wives and mothers are so frequently unfitted for the duties of life and domestic enjoyment by reason of broken down health and overtaxed systems. The duties of women of all ages are really more worrying and wearing than the troubles met with by men. Social, household and office duties press upon women very heavily. In this way the delicate nerves and sensitive organs become deranged, suffering ensues, and life becomes a burden that many carry to the grave. For the special weaknesses to which women so often fall victims, medical science has provided Paine's Celery Compound. This famed medicine has specific powers for correcting the disorders of the female organism; it maintains health, gives strength, vivacity, and good looks, and imparts to the body the elasticity of girlhood. No other medicine can so quickly banish and permanently cure painful and obdurate flatulency. Mrs. L. S. Long, of Flint, Mich., says: "For twenty-five years I have been a great sufferer from insomnia, never obtaining more than four nights' sleep in a week. For sixteen years I was constantly burdened to me because of prolapsus uteri, whose tortures no words can describe, and from which no physician gave me any hopes of relief, except by an operation. I was slow for years, and suffering with rheumatism to such an extent in my right shoulder as to nearly disable me. "Last February I was induced to try Paine's Celery Compound, in hopes that relief from insomnia and rheumatism might be obtained. After using three bottles of the Compound, the rheumatism was better, I could sleep like a child, and, strange as it may, my uterine trouble was cured. "The accident is of a very serious character, but he gets a new one, at the cost of repairing the dock. From the advice at hand, it is the opinion of the officers of the department that the accident was due to bad management in docking the pontoon."

WILL OF QUEEN OF BELGIUM.

Bequests Are Mostly of a Private Character. BRUSSELS, Sept. 24.—The will of Marie Henriette, Queen of the Belgians, was opened today. It directs that she should be buried in the cathedral, but that there shall be no public lying in state. The Queen bequeaths her 12 horses to her private secretary, Baron Goffinet, upon whom King Leopold today conferred a Commandership in the Order of Leopold, in recognition of the baron's devotion to the late Queen. The other bequests made by Her Majesty were of a private character.

PANIC AT A WEDDING.

Fire Near Moscow From Cigarette Costs Lives of 100 People. LONDON, Sept. 24.—A special dispatch from St. Petersburg says that while 400 peasants were attending a wedding celebration yesterday in a barn at Werba, near Moscow, a fire was started from a cigarette and within a few minutes the barn and children were trodden under foot. The fire spread rapidly, and within a quarter of an hour over 100 of the wedding guests had been suffocated or burned to death, and many had been seriously injured.

Marconi at Odds With Germany.

LONDON, Sept. 24.—William Marconi will be present at a meeting of the Marconi Company here called to discuss Germany's proposed conference on the subject of wireless telegraphy, the main purpose of which is to establish the general principles of an international agreement regarding wireless telegraphy on the lines laid down by the International Telegraph Convention. The manager of the concern regards the proposal in the light of a direct attack on his own system, and says Germany has taken exception to the company's refusal to permit other wireless systems to utilize the Marconi system. The secretary of Lloyd's denies that anything like a monopoly of Lloyd's signal stations has been secured by the Marconi Company, as announced in Germany.

Alarmed by Negro Invasion.

LONDON, Sept. 24.—According to the Cape Town correspondent of the Times, the archbishop of Cape Town, addressing students of the college for sons of native chiefs, emphasized the distinction between the loyal Ethiopian orders connected with the Anglican church and the so-called Ethiopian movement engineered from America by educated negroes, which the archbishop said was regarded in Cape Town with great anxiety. The American Methodist authorities, continues the Times correspondent, denied that this Ethiopian movement has any political significance, but there is strong evidence to the contrary.

American Opinions Not Requested.

BERLIN, Sept. 24.—The North German Gazette has published an editorial note denying the statements that Emperor William had requested Major-General Corbin and Lord Roberts to furnish him with written reports of their impressions on the recent German Army maneuvers, and contradicting the report that the Crown Prince Frederick William will accompany the Duke and Duchess of Connaught when the latter go to India to represent King George V. Queen Alexandra at the coronation Durbar.

Boxers Not as Active as Reported.

PEKIN, Sept. 24.—Viceroy Tseng, with his battalions of the Shanse Province Guard, has ordered the Boxers to the city of Cheng Tu Fu. The Chinese Foreign Office says the military operations in Shanse are not meeting with serious opposition, and asserts that the reports of the activity of the rebels are exaggerated.

England Changes Fijian Mail Route.

LONDON, Sept. 24.—The Postmaster-General, Austin Chamberlain, has announced that the transmission of the Fiji mails by way of San Francisco has been found to be disadvantageous compared with other routes, and that hereafter they will be dispatched via Vancouver or Suez.

Russia Will Denounce Treaty.

VIENNA, Sept. 25.—The Neue Priele Presse declares that M. De Witte, Russian Minister of Finance, intends to denounce the Russo-German commercial treaty.

Macedonian Insurrection Growing.

SOFIA, Bulgaria, Sept. 24.—Advices from Macedonia show that the insurrectionary movement is increasing. The railway and telegraph lines are damaged in many places.

Carnegie to Visit King Edward.

LONDON, Sept. 24.—Andrew Carnegie has gone to Balmoral to visit King Edward. Lord Rosebery and Spencer Churchill are at Balmoral.

Floating Drydock Badly Damaged.

WASHINGTON, Sept. 24.—The Havana floating drydock was injured seriously today than was anticipated from the brief cable reports received at the time of the accident last week. Naval Constructor Taylor, who arrived in Havana yesterday, made a report by cable to Rear-Admiral Bowley today, and a mail report concerning the accident was received today from Lieutenant-Commander E. J. Dorn, who was in charge at the time the accident occurred. Mr. Dorn's report shows that

TILT OVER LABOR UNIONS

A. B. Stickney and Miss Jane Addams Disagree as to Their Purpose. MINNEAPOLIS, Sept. 24.—The feature of today's session of the National Convention of the Association of Employers and Employees was a lively tilt between A. B. Stickney, president of the Chicago Great Western Railroad, and Miss Jane Addams, of Chicago. Mr. Stickney read a paper on "Rewards of Industry," in which he asserted among other things that the chief object of labor unions was to secure high wages. Miss Addams took issue with this, and said their principal object was to get shorter hours. Mr. Stickney said too many men had been attracted to the anarchistic fields by the high wages, and that caused the present trouble. Miss Addams declared the operators were responsible for overstocking the market. They had imported labor and were responsible for present conditions. The debate was lively and evoked much interest. Miss Addams' subject was "The Social Waste of Child Labor," but she made her reply to Mr. Stickney before beginning her paper.

FOR NEW INSURANCE LAW.

State Commissioner's Plan to Protect Policy-Holders.

COLUMBUS, O., Sept. 24.—At today's session of the State Insurance Commissioners' Convention, the State Insurance Commissioner announced his plan to protect policy-holders. He submitted a list of 59 names of "wildcat" companies collected by the committee from the insurance department records of the various states. It was decided to call the list of states in order that the Commissioners might have the opportunity to explain the presence and operations of the questionable concerns in their respective jurisdictions. The whole matter was laid over for the day. A letter directed to the Postmaster-General was adopted and ordered forwarded to Washington. It requested that the Postal Department exclude from the mails the fraudulent matter sent by these companies as advertisements.

BOER GIFT BY PHIPPS

NEW YORK STEEL MAGNATE DONATES \$100,000 FOR RELIEF.

Fund Is to Be Divided Among Widows and Orphans by Three Trustees. LONDON, Sept. 24.—A dispatch from The Hague today confirms the report that the donor of the \$100,000 sent to General Botha for the relief of destitute Boers was Henry Phipps, an American, and not Arthur White, as announced by the General in Rotterdam Monday. The money, however, was sent through Arnold White.

Boers Appeal to World.

Turned Down by Britain, They Ask Financial Aid of Other Nations. AMSTERDAM, Sept. 24.—The Boer Generals, Botha, Dewet and Delarey, have issued a manifesto in the shape of an appeal to the civilized world. This document recalls how, after the terrible struggle in South Africa, and the Boers were compelled to accept the British terms of peace, the Generals were commissioned to proceed to England. Appeal to the new government to allay the distress which is devastating the colonies, and in the failure of the mission to appeal to the civilized world for charitable contributions.

MEXICO'S CASE AT LENGTH.

Attorney De Lacroix Reasons Why It Is Not Liable for Plus Fund. THE HAGUE, Sept. 24.—When the International Arbitration Court, which is hearing arguments in the Plus fund claims between the United States and Mexico, reassembled today, Attorney De Lacroix resumed the presentation of Mexico's case. He criticized the decision of the previous arbitrators that the only object of the founding of the fund was the propagation of the Catholic religion, and said the founders gave the money to the Jesuit missions in California because

differences are silent in the presence of such great misery. They say the small amount given by Great Britain, even if multiplied tenfold, would not suffice to cover the war losses alone. He solicited the hearty co-operation of all existing committees in the various countries which we are on the point of visiting with the object of establishing a satisfactory organization. The manifesto is signed by General Botha, General Dewet and General Delarey.
