SENDING OUT RELIEF

Committee Provides Shelter for Sufferers.

BY FURNISHING RAW MATERIAL

Theater Benefit Realizes \$2132, and Neurly \$6000 Has Been Paid to Committee-Queer Letters Come From Losers by the Fire.

The relief committees are rapidly dis posing of the funds in their charge, and full and authentic reports from the burned d'stricts are making the work easier. Up to yesterday evening the total sum exed by the executive committee of the relief fund amounted to \$2427 07. All this has gone to the immediate succor of the unfortunate, and does not include the con-tributions of various other organizations that have sent money and supplies by their own special agents. The reports of the men sent out spe-

cially by the committee are not all in, but the present need seems to be of shelter bedding. With this in view blankets and provisions are being forwarded in liberal quantites, together with hammers, nails, saws and other articles necessary for building. Yesterday a lot of these supplies was sent out to the various places of distribution, and more will follow shortly. From what can be learned of the conditions now existing in Springwater and Lents, the sufferers have plenty of what may be termed temporary relief. The committee is now working with the purpose of affording these people oppor-tunity to rebuild and prepare for Winter. At Bridal Vell immediate needs are well supplied, and by today the state of affairs on the Lewis River will be accurately

How the Fund Stands.

The money from the theater benefit has been suded to the fund of the Evening Telegram, and amounts to \$2132. Of this sum \$1000 has already been handed to R. L. Sabin, who is treasurer of the executive committee of the relief fund. Among other additions to the money in his hands are one of \$50 00 from Trinity Parish and one of \$10 cash. Owing to confusion in assigning the subscriptions to the various funds, a correct estimate of all that has been subscribed for the fire sufferers is impossible at present. The amount now redited on the books of Treasurer Sabin is \$5574 20. There will be added to this some \$1200 further from the theater benefit and other moneys subscribed but not yet paid, which will bring the grand total up

Those in charge of the distribution of supplies are meeting with some droll ex-periences at times. A letter was received yesteruay, asking for \$50 to help a man who has already a good share of this world's goods. He thought that this fund was in the nature of insurance, and he was very anxious to get his share. Another man requested that the committee send out an agent to see if some property he owned in the backwoods of Washington was injured, and in case it was he prayed the committee to adjust his losses. So far but two cases have been granted as much as \$100 for relief. In most instances the amount has been under \$25, it being felt by the persons in charge that they were not justified in giving more than enough to relieve immediate necessity.

Friday's Benefit. On Friday evening at the Exposition

building a benefit performance for the fire sufferers will be given under the auspices of the Multaomah Club. Tickets for this are on sale at all prominent cigar stands and hotels, and the entire receipts will go

ming-bird class" of 12-year-old boy wrest-lers. There will be three four-round sparring bouts by prominent boxers in the city, and other events to be announced later. The Y. M. C. A. has been invited participate, but no definite arrangement has yet been made.

Did Not Start the Fire.

SEATTLE, Wash., Sept. 23-(To the Editor).-We wish to call your attention to a statement made in last Saturday's Oregonian regarding the origin of the forest fire on Lewis River being started by two insurance agents from

We wish emphatically to deny this statement, as we have never had a fire outside the stoves in our cabins. The report is a supposition, and not a spark F. A. TERRY, F. M. ROWLEY, 439 Burke Block. of truth in it.

BIG SALE OF TIMBER LAND Michigan Man Makes Extensive In vestment in Klamath County.

D. C. Pelton, formerly of Cheboygan,

Mich., and now of the firm of Pelton, Armstrong & Co., of this city, has purchased a three-fourths interest in the jumber and timber properties of John R, Cook, in Siskiyou County, California. These consist of a large sawmill, box factory and planing mill at Kiamathon, Cal., 22,000 acres of standing sugar and yellow pine timber in Siskiyou County, California, and Jackson and Klamath Counties, Oregon, and a logging railway. The amount of timber purchased is estimated at about 300,000 000 feet, and is all tributary to the Klamath River, one of the best logging streams on the Pacific Const.

Mr. Pelton says he purchased the inter-

est on a basis of \$500,000, which makes this of the largest timber transactions that have occurred for some time. A new mpany will be formed at once, and T. Ward, an expert millman, will take a one-twelfth share in the concern and beterests of the company. These are situnted at Klamathon, and have been oper ated under a lease by other parties for some time, but will now be controlled directly by the owners.

Klamathon is on the Klamath River, at the crossing of the Southern Pacific Com-pany, about two miles from Hornbrook, a division point of the railroad, and is thus provided with ample transportation facilities. Much of the new company's timber in Oregon lies in districts which have scarcely as yet been tapped by the lumber men, but may easily be conveyed across the divide by the logging road, and thus floated down stream to the Klam-

Mr. Pelton has been engaged in the lumber business for many years, and comes from Michigan, where he still retains an interest as a member of the firm of Pelton, Reid & Co. Timber lands in the neighborhood of Cathiamet and Rainier have occupied his attention for some years, but he has made a personal study ie Cook property, and deems it a did investment. He was an employe of Mr. Cook in Michigan years ago,

Permits to Start Fires.

HURLBURT, Or., Sept. 22—(To the Editor.)—The fires have come and left their ashes. My observations lead me to believe that most all fires that do any damage are started when a high wind is on.

"Garland" Stoves and Ranges
and it is dry enough that it is known Awarded First Prize Paris, 1900, Buffalo, 1901.

that a fire will run. With such conditions it is the exception if the fire can

be controlled.

This vicinity has been burned three times by fires started with such conditions. tions. Four persons either started or re-kindled their fires here, so I am informed, on September 10, 11 and 12, when it was known that people in other vicinities were fighting for life and property. The result is that either from these fires or fires started by the railroad company

a great portion of the property in this vicinity was destroyed, and the balance only saved by the sudden lull in the wind. Where fires are started by different persons and these fires run together, it is impossible to say whose fire destroyed your property. Since some people do not have sense enough, or are too careless and indifferent about the rights of others to restrain themselves from setting fires when the conditions are dangerous, I would suggest that a law be enacted di-viding the state into fire districts, having a board of three commissioners, from whom it would be necessary to obtain a permit before it would be lawful to fire a slashing in the Summer time. SYLVESTER E. EVANS.

CHARLES H. MOOR IS DEAD Bright's Disease Quickly Carried Off Former Citizen of Portland.

Charles H. Moor, Prosecuting Attorney of Skamania County, Washington, died of Bright's disease at St. Vincent's Hospital last evening at 6:30 o'clock. Mr. Moor lived in Portland for several years and was Deputy Weigher and Gauger in the customs service here. He was also a compositor at one time on The Oregonian. After his admission to the bar he removed to Stevenson, Wash., and quickly rose into political prominence.

Mr. Moor was born in Polk County, January 15, 1858. His father is Judge Moor, now a banker at Corvallis. In 1883 he married Miss Alice Vineyard, who sat vives him, and in'1890 they moved to Port. land, where they remained until 1896. Mr. Lioor was admitted to the bar in this state in June, 1895, and soon built up a lucrative practice in his new home. In 1909 he was elected to the office of Prosecuting Attorney. He took a prominent part in politics, being a delegate to the last Republican convention held in Tacoma, In that convention he was chairman of the Klickitat and Skamania County delega-

Mr. Moor was a genial, whole-souled man, much liked and respected by all who knew him, and his loss will be deeply felt by his community. Although it was feared that Mr. Moor's case was hopeless his death came so suddenly as to cause surprise to his friends. He only came to the city Tuesday, and was well enough to walk ashore from the steamer, but after his arrival his disease made rapid inroads on his vitality.

COMING ATTRACTIONS.

Mr. Neill Presents a New Play.

"The Honorable John Grigsby" will be seen at the Marquam Opera-House tonight. This is regarded as an uncommitty elever comedy, and Mr. Neill doubtless win a great many admirers for it in this city. The first act holds much promise, which is amply fulfilled in the scenes that follow. The play was originally written for Sol Smith Russell, an actor whose art lay especially in plaintive and quiet effects. Those who have seen Mr. Neill in "A Bachelor's Romance" will appreciate his fitness for the part of "Hon. John Grigsby." The period of the play, 1849, offers a capital chance for quaint costumes, and the company is very well drilled.

Fitzsimmons in His Own Play. Robert Fitzsimmons, hero of scores of well-fought heavy-weight battles, will appear at the Marquam Grand Theater two nights only, Monday and Tuesday, Sep-tember 29-30, in his own play, entitled "The Honest Blacksmith," a comedy, written around the fighter's life. His wife and the boy, Bob, Jr., will be seen in leading roles, and they are supported by a strong company, presenting clever specialties. Mr. Fitzsimmons plays the title role, spars three rounds, punches the bag, makes a horseshoe and shoes a horse, Among those who have volunteered their services are: James W. Duff, juggler: Ryman and Wetzler, acrobats; Joe Acton and Alex DeFrance, wrestlers; the "Humning-hird class" of the "Humning-hird class" morning at 10 o'clock.

> "Girl I Left Behind Me" at Baker. The potency of "The Girl I Left Behind Me," which will be an elaborate production by the Neill Stock Company, at the Baker Theater, next week, beginning Sunday afternoon, is as great as ever. There are business depressions, political upheavals, strikes and rumors of war, but still "The Girl I Left Behind Me" draws like a four-ring circus. Belasco and Fyles have undoubtedly written a play that will have a very long life, and it is hardly to be wondered at when the fact is remembered that their play is a military drama in every sense of the word, yet without the slightest melodramatic effects and devoid of all that could offend the most delicate sensibilities. The third act depicts all the horrors of war, but none of its carnage and without the shedding of a drop of blood, nor the firing of a single shot in the presence of the audience; every presence is filled with the sense of danger and awaits breathlessly the arrival of the rescuing party, or the massacre of a handful of men and women huddled together in the stockade, momen-tarily expecting to fall into the hands of the howling redskins outside. The play also tells several love stories, and sup-plies several sets of lovers, whose alternate hope and despair keep the sym-pathies of the audience at concert pitch in different, but not confusing directions. The full strength of the company is continto action, as the cast is very long.

Gorton's Minstrels Coming. At Cordray's Theater for three nights, ncing Sunday, September 28, Gor-

ton's Minstrels will present a first-class entertainment. The past season has rounded out 24 years of their existence, a record to be proud of. Manager Pearl be-lieves that amusement judiciously devised and properly presented is one of our so cial needs. He believes that the people will have amusement; that minstrelsy among all ages, classes and conditions i refreshing and inspiring when presented by artists whose sole aim is to give a clean and pleasing entertainment

A Rollicking Irish Comedy. Beginning Wednesday, October 1, and

for four nights and Saturday matinee, the attraction at Cordray's will be the funny musical comedy, "McCarthy's Mishaps. The careless, happy-go-lucky Irishman will be portrayed by Barney Ferguson, and his fun will lighten the burdens of humanity. He is ably supported by John Mack, a farce comedy star, and, besides, the comical acrobats Caron and Herbert, James E. Rome and Marguerite Ferguson. Charlotte Ray, Dick Ferguson and Grace Pasmore, the D'Estelle sisters and many will add their contribution of

QUICKEST TO WASHINGTON.

O. R. & N.'s Fast Time Makes It the Popular G. A. R. Encampment Route. The fact that the O. R. & N. Road is the quickest to Chicago by if hours makes it the popular route from Portland to Washington D. C., for the National G. A. R. encampment, October 8-11. Tickets, \$17 35, round trip, good for 60 days, on sale Soptember 25-30. City ticket office, Third and Washington streets.

ON TO WASHINGTON.

September 29 and 20 the Rio Grande Lines will sell tickets to Washington, D. C., and return for \$17.35. Inquire at 124 Third street for particulars.

PROPERTY - OWNERS WEARY OF REPAIRING EAST MORRISON.

Must Be Replanked Soon or Become Unsafe-Permanent Fill and Stone Pavement Is Ultimate Necessity.

It is evident the elevated roadway on East Morrison street, between Union avenue and East Water street, will not be repaired again by the property-owners. It will have to be redecked by the city or be again closed up, and that very shortly. The surface is covered with patches. Holes are broken through every day, and are covered with a piece of slabwood or plank. A well-known prop-erty-owner said, in speaking of this road-

"It is unjust to expect that the proerty-owners will again repair that ros way. We have repaired and repaired it until our patience and money are ex-haussted, and we will not do it again. It is really an extension of the Morrisonstreet bridge approach, a general thoroughfare that is used by the entire public, and, as such, should be cared for by the I have talked with some of the large property-owners, and they city. hold to the same views that I do."

Councilman Sharkey will try to get that portion outside the double tracks re-planked. It probably is not absolutely necessary to replank between the double tracks, as the main portion of the travel is along the outside of the tracks. If the two sides can be replanked, the roadway will last until it is filled.

The property-owners are united in the desire to fill up the street entire, and have done with it. Already a considerable portion has been filled, and when the dredger commences to clear out the harbor, they expect to get enough material to finish the fill. A fill, however, will not end the matter. The surface will have to be paved with some durable material. No ordinary improvement can stand the travel which concentrates on East Mor-rison street. It is thought that it will have to be paved with stone blocks. If the sides of the roadway can be repianked now, by the time it is again worn out the fill will have been finished and everything will be ready for the permanent pavement, which will have to be paid for by district assessment, as provided for by the new charter. However, the problem is to get the street repaired so it will last till the fill is made.

FARMERS WILL BE CONSULTED. Their Co-Operation and That of Com mission Men Will Be Asked.

The committee on farmers' market place on the East Side will consult with farmers and commissionmen on the best method of proceeding. It is the opinion of S. C. Cobb and others, who spoke on the subject at the meeting of the East Side Improvement Association, Tuesday evening, that the only way to make the market a success is to secure the co-operation of the farmers and commissionmen-the men who will use the market place, if it be used at all. In order to bring this about, a number of prominent farmers will be asked to attend the next meeting of the committee and say whether they will co-operate in case a market should be established on the East Side. report of the committee, signed by H. H. Newhall, W. H. Markell, J. H.

Heller and H. Baumer, says;
"We met on the 17th and fully discussed the question of taking up this project as an East Side enterprise. The committee was unanimous in the belief that it would benefit all parties concerned, and the pub-lic in general, to establish a farmers' market and exchange and erect a suitable building as a resort or headquarters for farmers and their families, and that the time to do it was right now. The discussion showed that such an enterprise wa badly needed, that assurances were given that it would be well patronized by farmers and merchants in selling and buying farm products, and would surely benefit the business interests of the East Side.

"Your committee considers that the best and most satisfactory way to accomplish this thing is to form a corporation and issue stock, thus raising necessary funds. issue stock, thus raising necessary funds, secure a good site and erect the buildings, elect good men for the heard of manner. slect good men for the board of manage ment, and give the proposition a good trial. Your committee considers that the capital stock should be placed at not less than \$10,000, and the plan of the and grounds should be laid out in a plain, practical and business-like manner; that an income sufficient to pay running ex-penses, and a fair rate of interest on the investment could be realized, and that the result would be eminently satisfactory and a credit to the East Side.

"It regard to the site, your committee fully appreciates the generous and public-spirited offer of the Hawthorne estate to donate the use of a block of its valuable land for a series of years for this purpose, and considers that this offer should be accepted, provided, however, that this block can be selected in a reasonably cen-tral location, and be in a place reasonably convenient for both buyer and seller.

WILL SAW OUT 125,000 TIES.

Bramhall Will Raft Them Down th Sandy River by Next May. The Bramhall sawmill, east of the Sar

dy River, will cut out about 125,000 tte between now and next May, when the will be rafted down the Sandy River t Troutdale. Here they will be taken or by an elevator into the yard for ship by an elevator into the yard for ship-ment from that point. These ties are sent to the Sandy from the sawmill in a flume two miles long, and no hauling is done in May the water will be at the right stage for rafting the ties in safety. At times the Sandy River is a raging torrent which carries everything out into the Co-lumbia River. No boom at Troutdale can save anything when the water is a tor-rent.

E. S. Bramhall, who was in from the district yesterday, said that the fire di not come nearer than five miles from the sawmill, but precautions were taken to save the mill had it come closer.

COMPLETING ST. DAVID'S CHURCH. Stone Edifice Will Be Finished About First of Year.

The work of completing St. David's Church, East Morrison and Belmont streets, is well under way. The fine organ recently purchased from Trinity Church is being set up on the right side of the altar platform. It will be made as good as new by those who are putting it together. The windows will now be put in. Frames are being fitted. The windows will be of cathedral glass.

By the first of the year this handsome stone structure will be finished and for.

stone structure will be finished and fur-nished. The auditorium will be one of the largest and most beautiful in Portland. Dr. Van Waters, the rector, and the associate members of the building committee have proceeded carefully and conservatively, as they have desired to

East Burnside Street Finished.

The improvement of East Burnside street is finished to East Twenty-eighth, street is finished to man a nor the prop-and a considerable number of the prop-already paid in their erty-owners have already paid in their assessments. Also a portion of East Mill street, in Stephens' Addition, has been completed. A resident wants to know how soon it will be before these two streets will be torn up for water, sewer streets will be torn up for water, sewer and gas pipe. He gives the time within four weeks, which may be correct. How-ever, time will tell. East Burnside seems ever, time will tell. East Burnside seems a very fine graveled street, and it would certainly be a great pity if it should be torn up for these purposes in so short a

to embody many fine points in Winchester Metallic Cartridges for rifles and revolvers which make them superior in many ways to all other brands upon the market. Winchester cartridges in all calibers are accurate, sure-fire and exact in size; being made and loaded in a modern manner by skilled experts. If you want the best INSIST UPON HAVING WINCHESTER MAKE OF CARTRIDGES.

The body will be brought to Portland today for burial.

The Ladies' Auxiliary Civic League, of Woodstock, will give an entertainment this evening in the public hall. The proceeds will be for the improvement fund. Miss Florence Vail has been elected teacher of the sixth grade in the Mount Tabor schools, District No. 5. The place was made vacant by the resignation of the former teacher. The district now has a full corps of teachers.

The women of the Mizpah Presbyterian Church yesterday received \$10 cash and a considerable donation of clothing for the fire sufferers, and hence will be in a posttion to do their part.

GERMANY AND THE JEWS It Is Indifferent and Wants America to Point the Way.

COLOGNE, Sept. 24.—The Koelinsche Zeitung, which is frequently inspired from Berlin, refers to Secretary Hay's Roumanian note as follows:
"However pitiable the position of the

Jews in Roumania may be, individual states must ask themselves whether an affair which concerns foreign subjects justifies them in imposing their jurisdiction upon these subjects. Great Britain and the United States must make it clear how they conceive the whole business be managed. Germany, by itself, is in no way concerned in the question. The fact that the treaty of Berlin was signed in Berlin does not impose the obligation of defending it upon Germany any more than upon the other signatories. It follows that we by no means feel called upon to play the leading role, the more so as we are under no illusion as to the difficulty

of the enterprise.

"Roumania would have done better to frame her Jewish legislation otherwise than she has. The measures taken by Roumania are hopeless. When she recognizes this fact she will perhaps modify

SOUR BREAD

Annoyed the Doctor.

If you get right-down to the bottom of your stomach trouble it is wrong food, and the way to correct it is not by drugs, but by using the right food. A physician in Barron, Wis., writes ar

instructive letter on this point. He says, "I am a practicing physician, 45 years old, and about six feet in height. When I Segan using Grape-Nuts last Spring I weighed 140 pounds, was thin and poor, had a coating on my tongue and fre quently belched wind or gas and small pleces of undigested bread or potatoes which were very sour, in short I had acid dyspepsis.

"I consulted a brother physician, who advised me to est about four teaspoonfuls of Grape-Nuts at the commence ment of each meal and drink Postum Cereal Coffee. I had been in the habit of drinking coffee for breakfast and tea for dinner and supper. I followed the advice of my brother physician as to diet and experienced relief at once,

"Ever since that time I have eaten Grape-Nuts with sweet milk or cream each morning for breakfast, and I now weigh 155 pounds, and am no more trou-bled with sour stomach. I am very fond of Postum Food Coffee and attribute my relief as much to that as I do to Grape-

"Often when I am called out in the night to see a patient and on my return home I feel tired and hungry, I cat the usual quantity of Grape-Nuts before going to bed and then sleep soundly all night."-Name given by Postum Co., hours in Western Oregon and Western Wash ington, and light scattered showers have oc-curred in Southeastern Washington. It is much cooler in the North Pacific States. The indications are for showers Thursday east of the Cascade Mountains, and clearing weather to the west of this range. It will be cooler in Southern Idaho, and the temperature will slowly rise in Western Oregon and West

ern Washington, except near the coast. WEATHER FORECASTS.

Porecasts made at Portland for the 28 hour ading at midnight Thursday, September 25: Portland and vicinity-Fair, probably preced ed by showers during the forenoon; slightly war ner; westerly winds.

Oregon-Fair in south; showers, followed by fair weather, in north portion; warmer in west

portion, except near the coast; west to north-Washington - Showers, followed by fair weather; slightly warmer in west portion, ex cept near the coast; west to northwest winds,

GOOD **PIANOS**

Like everything else, cost money. Yet, after all, it is cheaper to buy a good plane than a cheap one. We do not handle cheap planos. We mean by this the kind that is made of the cheapest material possible to put into a piano, such as soft wood, stained cases, celluloid keys, cheap actions and the cheapest of cheap felt. They look in son respects like good planes, but the sad disappointment comes after a little use. We had a representative of one of those "thump-box" factories here the other day, who tried to convince us that it would pay to order two or three cars and by selling them at from \$175 to \$200 we could make as much as we could on a \$300 piano, and not have so invested, and, as the general public knew very little about planos, they would be just as well pleased as if they had a good one. We soon gave him to understand that our business had not come to that point yet where we wanted to enter the "thump-box" business, that we were endeavoring to raise the standard, rather than lower it. So he vanished, but, from advertise-ments since, it would seem he managed to make a connection here, No, we buy planes of standard rep-utation, and such as we are not ashamed to advertise the name of the maker, and which will bear a critical test. We can promise and guarantee that our \$238 plano is worth two of the so-called \$170 kind, and at the same time is \$50 to \$75 less than the same grade of plano can be obtained elsewhere. When looking for a plano of medium price our advice would be, do not touch the kind with soft wood, staired cases and celluloid keys, for that in itself is sufficient to indicate its cheapness, no matter what the price. We have made our utation by selling pianos that give satisfaction, and as a result sell more pianos than all others dealers Pacific Northwest. If you want the best planos for the least money, and on easy terms, you will find them at our place.
