FREEDMAN IS OUT

Well-Known Baseball Man Quits the Business.

NEW YORK CLUB CHANGES HANDS

National League Magnate Will No Longer Take an Active Interest in Its Affairs-Prominent in Ball Circles Since 1894.

NEW YORK, Sept. 29.—Andrew Freed-man, president of the New York Base-ball Club, announced his retirement to-night from baseball. He said that he had sold the New York Club to John M. Rush, formerly owner of the Cincinnati Mr. Freedman has been in basehall since 1894, when he purchased a con-trolling interest in the New York Club. While Mr. Freedman will retain a cermin amount of stock in the club for some time to come, he has entirely withdrawn from active participation in National League councils The announcement of the sale of the clul and Mr. Freedman's withdrawal from baseball came as a sur prise when it was taken into consideration that by dint of the hardest sort of fighting Mr. Freedman became the absolute master of the National League within the past year. No one, apparently, had any inkling of Mr. Freedman's intention to quit basebail until he made the announce-ment personally at the headquarters of the National League tonight.

M'CLOSKEY'S MEN ARRIVE. Butte Manager, Happy and Hopeful, Throws Bouquet at Portland.

"Honest John" McCloskey and the Butte baseball team arrived in Portland yesterday afternoon from Tacoms, and will open a series of five buil games here today (weather permitting). The miners all appear to be in good condition, and are all happy over the fact that they are at the top of the list. One of the members of the team failed to come in with the rest of the bunch. The missing man is Salisbury, formerly of the Port-land pitching staff. "Old Saul" dropped off at Centralia to get a cup of coffee and a sinker, but by the time he had got on outside of those stimulants the train and pulled out, and the twirler was forced to walt for the next train.

"Well, we are on the top of the list," said McCloskey, when seen at his hotel-last evening, "but whether we will be there when the season closes is more than I can say. I hope, as do all the boys on the team, that Butte will be able to win the pennant, but I am making no boasts, as I do not want to have to re-tract anything that I have said. We have a good team in spite of the loss of Weaver and Houtz, and we will certainly nake a showing for ourselves. However, Seattle is right after us, and has much the advantage, because Dugdale has his team on the home grounds for the rest of the season. That is a big handleap that he has over us, and we will have to play mighty hard to get the best of those Seattle fellows. But there is one thing that I want to say right here, and that is, if we do win the pennant we will do so by having played good, clean ball, and that is more than some of the other

teams have done this season You bet I am glad to get to Portland. like to play against the Portland team e it is composed of a gentlemanly ball players, and then the crowd here treats us right. When a Butte man makes a good play he gets just as much applause as if it was a Portland man that made it. That's the spirit that I like to see displayed. Then I like to jolly with the Portland bleachers. The fans there will boot and yell at me during the enwill hoot and yell at me during the en-tire game. They think it makes me mad. That's a good one. Say, did you ever see me mad? No, sir, they can jolly me from morning to night and never get John He likes it too much and can hand back the same medicine as good as it comes. Well, I'm not saying how many games we are going to win here, but we want all we can get and we will try our hardest."

WARSHIPS MAY BE NEEDED Minister Bowen Cables That Vene-

zuela Proposes to Cut Cables. WASHINGTON, Sept. 29 .- The following cablegram has been received today from Minister Bowen, dated at Caracas yester-

"Have been reliably informed that the government will probably cut all the 18 cable lines this week. Therefore I suggest the dispatch to this point of warships in case communication is interrupted."

The dispatch is interpreted as showing conditions unfavorable to the Govern ment of Venezuela. Unless the tide has turned strongly against it, it is thought here that there would be no desire on its part to prevent the news of the daily happenings in the campaign from reach-ing the outside world.

The Raleigh, now at the Boston Navy-Yard, will be in commission in a few days, and it was said at the department today that she will probably be sent to Vene-zuela if the prospective interruption of communciation takes place,

FRENCH CABLE CUT.

Venezuela Believed to Have Taken

Step to Hend Off Rebels. PORT-OF-SPAIN, Trinidad, Sept. 29 .-News has been received here from Vene-nuela that General Volutini, acting as special delegate to the Caracas Government, has caused the arrest of the man-ager of the French Cable Company at Carupano, as well as the company's clerks at that point. The French Con-sular Agent at Carupano, who was in-terviewed in behalf of the manager and clerks of the cable company, was also placed under arrest. The cable office at Carupano is closed, and coastwise munication has been interrupted for the last five days.

The Venezuelan cruiser Restaruador is suspected of having cut the French cable in order to prevent the revolutionists from using it.

The managers of the offices of the cable at Caracas and La Guayra have protested against what they term the arbi-Carupano, and the cutting of the cable

without notice.

MOBILIZING REBEL FORCES.

Mntos Will Soon Move on Carnens With 16,000 Men.

NEW YORK, Sept. 28.-According to the latest advices from Venezuela, Gen-eral Manuel A. Matos, the revolutionary leader, is gradually mobilizing his forces for an advance on Caracas, says a dispatch to the Herald from Willemstad, Cu racao. His army will consist of about 16,000 men. The delay in the revolutionary movement has been due to rains and the death of General Domingo Monagas, chief of staff. General Jose M. Penaloza has been appointed chief of staff in place of General Monagas, General Zollo Vidal, who was one of General Hernandes' (El Mocho) officers, has succeeded to Pena-loza's former position. He has done some good fighting recently.

SEATTLE, Sept. 28 .- Two men held up John Michael, a Polish peddler, near Black Diamond, a small mining town about 30 miles from Seattle, early this afternoon, and after threatening to kill their victim, robbed him of \$65, all the money he had with him, and tied him to a tree. He managed to loosen his bonds, and notified the authorities at Franklin. The robbers coolly walked into the town, and when accosted by the policemen showed fight. They were overpowered. When taken to jall they admitted having held up Michael, and one of them ex pressed regret that they had not killed him. The men answer the description of the two men who robbed a Franklin saloon, early last Spring, and, when fol-lowed, shot and killed the bartender. When the miners, who compose the larg-er portion of Franklin's population, heard the news, they started to organize a lynching bee. Sheriff Cudthee, of Seattle, was notified, and hastened to the scene with a large force of deputies, and brought the men to this city and lodged them in the County Jail.

MYSTERIOUS CONFERENCE.

Miners' Official Discusses Situation

With Unknown Person. PHILADELPHIA, Sept. 29 .- A mysterious conference took place in this city to-day between President Mitchell, of the United Mineworkers of America, Secretary-Treasurer W. P. Wilson, District Presidents Nicholis, Duffy and Fahey and an unknown person whose identity the other parties to the conference refused to divulge. The five miners' officials were divulge. The five miners' officials were closeted with the mysterious personage for nearly three hours.

At the conclusion of the conference Mr.

Mitchell and the three district presidents left for Wilkesbarre, and Secretary Wil-son departed for Indianapolis. Senator Quay was not in the city, and Senator Penrose denied having any communica-tion, directly or indirectly, with Mr. Mitchell, Mr. Mitchell declined positively to make any statement concerning the ob-ject of his visit here. He left the hotel at 1:55 P. M., and was met by a number of newspaper reporters, and to each he made the same reply, "I have nothing to say." Every effort to learn who Mr Mitchell met proved futile.

NO CHANGE IN SITUATION. Twenty-first Week of Strike Finds

Both Sides Hopeful. WILKESBARRE, Pa., Scpt. 29.-The pening of the 21st week of the coal strike hows very little change in the situation. The operators say they have more men at work this morning than they had on any day last week. Strike leaders say there has been no break in the ranks of the strikers. Several battalions of troops scoured the Wyomiug region today, but found no crowds assembled at any of the mines. Sheriff Jacobs says the troops will be called upon when there is an outbreak to suppress, but they will not do police duty, and no soldiers will be placed be-hind the barricades at the mines. Joseph E. Giles, the striker who was

shot at West Nanticoke yesterday by Jo-seph Sweeney, a detective, died this morning. After a preliminary trial, Swee-ney was committed to jail. The miners' train on the Pennsylvania road, bound for the Richards Colliery, near Mount Carmel, was stopped by a mob this morning, and was thoroughly

stoned. Only two window panes were left unbroken. Most of the men aboard got under the seats and escaped injury. The passengers were carpenters, repair men and pump men for the Richards Colliery. No attempt is being made to work this peration.

DETROIT, Sept. 29.-Steps were taken tonight by the special committee of the Common Council appointed for the purpose of the holding of a conference in this city October 9 of citizens from all parts of the country to devise ways and means of se-curing a supply of anthracite coal. Invitations were sent out today by telegraph to the Governors of all states in the East, Middle West and Northwest and the Mayors of the principal cities in these states to send delegations to the conference, which it is hoped will have sufficient effect to bring about some settlement of the strike. Tonight's action followed the action of the Common Council last Friday in adopting a resolution providing for the appointment of a special committee to call and arrange for a National conference on the coal strike. The committee met tonight with Mayor Maybury and a large number of citizens in the Council chamber, and, after a general discussion of the coal situation, decided on October 9 as the date for the proposed conference. The neces-sity for haste was realized, and it was decided to telegraph invitations to the various Governors and Mayors of principal cities. The Associated Press was requested to announce that the information was meant for the country at large. Tele-grams were sent to the Governors of the following states: Michigan, Ohio, Indiana, Illinois, Wisconsin, Minnesota, Missouri, Kentucky, Pennsylvania, New York, Maryland, Iowa, Massachusetts, Rhode Island, New Hampshire, Vermont, Maine, Con-necticut and New Jersey.

COAL LEAGUES TO BE FORMED. New Nonpolitical Plan for Solution

of Labor Trouble. SPRINGFIELD, Mass., Sept. 29.-Plans for the organization of the People's Coal League were launched here today by Herbert Myrick, who organized the League of Domestic Producers three years ago. The platform in brief says:

"We demand that the Federal Govern-ment own the coal mines and administer them in the interest of the whole people." Mr. Myrick declares that the adoption of his plan will permanently solve the coal question by sending to Congress men who have pledged to favor Government ownership of coal mines. The plan in-cludes soft and hard coal mines, and Mr. Myrick says it will be put before 1,000,000 readers by Saturday of this week. The scheme is declared to be nonpartisan and nonpolitical, and to be designed to effect a recurrence of existing conditions shall

CAPTAIN SEEKS

COMMANDER OF SHIP PETER RICK. MERS GOES TO COURT.

Obtains Injunction Against Boarding-House Men Interfering With His Sailors.

A suit was filed by A. Walson, master of the German ship Peter Rickmers, in the United States District Court, in Portland, yesterday, for an order restraining Richard McCarron, Lawrence M. Sulit-van, Peter Grant, John Doe, Richard Roe and Paddy Lynch, sallers' boarding-house keepers, from interfering with his sailors in any way. Walson alleges that he em-ployed 17 sailors in San Francisco to man ployed 17 saliors in San Francisco to man his ship, and that they left that port for Astoria on the 25th. He says the defendants threatened to kidnap them or entice them away unless a large sum of money was paid them as a bonus, in violation of the trenties and laws of the general Government and the laws of oregon.

Captain Walson asks for an order restraining the defendants from intimidating the seamen or enticing them away from the ship. This was granted by Judge Bellinger, and the defendants were

Judge Bellinger, and the defendants were ordered to appear on October 6 and show cause why a permanent injunction should not be granted.

TWO OF SAILORS TURN UP.

Cinim Captain Broke His Agreement -Ship Cannot Leave Port.

ASTORIA, Sept. 29 .- (Special.)-The deputy United States Marshals who were searching the city Saturday night and yesterday for the six sailors who were brought from San Francisco on the steamer Geo. W. Eider for the German ship Peter Rickmers, but escaped, falled to find any trace of the men. The versel is still ten short of men to proceed to sea, and Captain Walson is at a loss what to do so he has turned the whole matter over to the German Consul at Portland and will act under his instructions,

This morning two of the missing sallors appeared on the streets and openly stated that they had signed to ship on a vessel out of this port, but had changed their minds and had concluded not to go. Their names are Andrew-Thompson and William Warrington, both claiming to be native-born American citizens. Thompson says his home is in Brookline, Mass., and that he was recently discharged from the United States Navy. He states that while at San Francisco he signed articles to join some ship here, but was to receive his advance on arriving at Astoria and to be given shore leave to enjoy himself before leaving. Neither was given, so he decided not to go on the ship. Today he accosted Captain Walson on the street and demanded that his clothing be sent ashore, threatening to have the captain arrested for larceny if the demand was

not complied with.

No further action has yet been taken by either side, and the two men are now openly stopping at the local sailor boarding-house, but where the others are is not known. What the next move will be is not known, but, judging from the present outlook, Captain Walson and his vessel have trouble ahead before they get to sea, and it is probable that some of the boarding-house keepers will have diffi-culty in keeping clear of the injunctions issued by Judge Bellinger, restraining them from interfering in any way with the men signed by the Peter Rickmers. Andrew Thompson was arrested this evening by Deputy United States Mar-shal Proebstel on a complaint sworn to by Captain Walson, charging him with Andrew Thompson was arrested this evening by Deputy United States Marshal Processed on a complaint sworn to by Captain Walson, charging him with desertion. He will have a hearing before Commissioner Thomson tomorrow. The defense will be that Thompson is an American citizen, and is being forced on board a foreign ship against his will.

FLAWLESS.

Is the one word that can best describe the KIMBALL plane of Chicago, the CHICKERING plane of Boston and the WEBER plane of New York.

These planes are the result of years of

the most careful and painstaking attention to every detail of piano-making. In tone, in action, in construction and in finish every flaw has been eliminated.

In them the cabinetmaker's art has been exhausted. The forests of the world have been searched for the rarest woods to make their cases, and to the exquisite gloss of the polished wood is added the finest ideas of talented artists. Clear and sympathetic in tone, of full vibrant volime, easy, light, responsive action and great lasting quality, they are a source of satisfaction and delight to the most fastidious performers. By all artists are they indorsed, and thousands of homes are made happy by them.

These pianos are on exhibition at our sales rooms in all the latest styles. In addition, there are some 25 other makes of high grade planes, every one of which we can heartily indorse; and, further, we give a written guarantee with every instrument we sell. Satisfaction guaran-teed or money refunded. Ellers Piano House, 251 Washington St.,

MANY YEARS ALONE

For 15 years old Dr. Kessler was the only specialist in this city for diseases of men, and hundreds of men are healthy today who were cured by him of Prostatic Inflammation or some private disease. He could point to thousands he has cured, but he has always made it a rule to never use a patient's name. He wouldn't tell your own father that he was doctoring you. His word is good and he guarantees to cure any case he takes. He cured a case of private disease last month that had been treated by five doctors. He wants just such cases that other doctors can't cure.

SAD **SUFFERING** WOMEN

The Ladies' Department is luxurious, and there is no need of you suffering any longer from your complicated diseases. Dr. Kessler will see you himself if you call for him. He is a very busy man, but any lady who desires to consult him in person can see him. Quite a number are sent by country doctors. All such are provided with a comfortable, homelike place while they are being treated. Always write a few days before coming so he can arrange for you.
