# **DUEL OVER DREYFUS**

#### An Attache of War Office is Slightly Wounded.

#### NATIONALIST HIS ADVERSARY

Trouble Arose Over Assertion That Official Shook the Hand of Dreyfus at the Home of the Late Novelist Zola.

PARIS, Oct. 6.-The death of Emile Zola was the infirect cause of a duel to-day between General Percin, chief of the Cabinet of the Minister of War and Gas-ton Pollanais, a well-known Nationalist, was responsible for the statement that General Percin met Dreyfus at Zola's late residence and shook hands with him. The General in his letter replying to the question of Count Boni de Castellane on this subject, described M. Pollonals as "renegade Jew" and also told the Count ne did not admit the latter had any right to judge his actions, M. Pollonais then challenged General Percin and they fought with swords near St. Cloud today. The

General was slightly wounded in the hand.
The duel occurred on the estate of
Colonel Picquart's brother-in-law, M. Gast. It lasted for 25 minutes, and both men fought vigorously. M. Pollanais was pricked in the arm in the first encounter. General Percin's sword broke in the fifth round. The General received his wound in the hand in the seventh encounter. A vein and a tendon were severed. The doctors then stopped the duel.

#### REVOLT ON BILL SPREADING.

British Education Measure Is Alarming All England.

NEW YORK, Oct. 6 .- Revolt among the supporters of the Government against the education bill is spreading and is becoming more prenounced, cables the London correspondent of the Tribune. Almost every day during the last week the newspapers have contained convincing evidence of this fact. Four or five prominent Conservatives who also are churchmen have openly declared themselves hostile to the bill in its present form.

But the political situation is still more interesting by the determined stand taken against the measure by the Liberal Unionists of Birmingham. There is trouble in the Chamberlain camp, and though the Colonial Secretary affects to treat the matter lightly it is clear, from the fact that he has summoned a conclave of his supporters for tomorrow, that the mat-ter cannot be dismissed with a sneer at the revolting 200.

The conference will be a private one and the country may have to wait until the middle of the month, when Premier Balfour pays his political visit to Man-chester, for some explicit statement as to the intentions of the Government.

#### MINERS VOTE ON STRIKE TODAY. Frenchmen Want an Eight-Hour

Day and Old-Age Pensions. PARIS, Oct. 6.-The delegates to the national convention of French miners will meet tomorrow to decide whether an immediate general strike is to be ordered, Agitation in favor of this measure has been in progress for some time. It is estimated that 25,000 men have already stopped work in the northern coal fields, but no serious disturbances have yet occurred, the government having sent gen-darmes and troops to the threatened

The demands of the miners include fixed minimum wages, an eight-hour day and the establishment of old-age pen-sions. A strong minority of the miners is actively opposing the strike.

## BOERS IN BRUSSELS.

s Greet Them on Their Arrival in That City.

BRUSSELS, Oct. 6.—The Boer Generals, Botha, Dewet and Delarey, arrived here this evening and were greeted by an im-mense crowd. In a speech from a balmense crowd. In a speech from a bal-cony of his hotel, General Dewet reiterated that they had not come to Europe to seek vain succor to regain their inde-pendence, but to obtain help in repairing the ravages of the war. In a subsequent address Dewet said:

'In the presence of this immense en-thusiasm we ask ourselves why was there no intervention? God willed that we ould lose our independence, and we will remain faithful to our new country if the conditions of peace are observed."

#### NO WORK FOR EX-SOLDIERS. England Is Worrying Over Employ-

ment for Returning Troops. NEW YORK, Oct. 6.-Secretary William

St John Brodrick and the other War Office authorities are puzzled to know what to do for the unemployed reservists and discharged soldiers now returning from South Africa, says a London dis-patch to the Tribune. The demobilization of the army at the Cape is throwing back upon the English labor market thousands of able-bodied workers, for whom there is no apparent opening. Many of the re-turned reservists are in distress, and it is hardly to be expected that there will be a great diminution in the figures.

## SWEDISH RIGSDAG CONVENES.

Government Partisans Are in Control

and Tax Reforms Appear Sure. COPENHAGEN, Oct. 6.-The Rigsday assembled today. The Folkthing re-elected its president and vice-president. The Landsthing elected M. Hansen, an Inde-pendent-Conservative, as president, the ex-president, Dr. Matzen, being defeated by 33 to 26 votes. The present session promises to be independent. The government having at length obtained control of both houses, tax reforms are prom-ised, thereby the burdens of the peasants will be lightened, and the cities will be made to pay a fair proportion of the

Reports for German Tariff Bill. BERLIN, Oct. 6.-The report of the tariff committee of the Reichstag rectariff committee of the Reichstag recom-mends that the Reichstag adopt the bill as amended in committee, and pass resolutions requesting the Bundesrath to investigate how the taxation of tobacco can be simplified in the interests of the aller growers. The report requests the federal government to consider at the earliest possible moment whether the refining of petroleum should not be made a home industry by the introduction of separate duties on crude and refined pe-

Nations Still Unable to Agree. VIENNA, Oct. 6.-The Neue Freis Buda Pest between the Austrian and Hungarian Ministers have resulted in an agreement regarding the customs tariff, but that the differences on constitutional are as acute as ever.

Cholera in Egypt Dying Out. NEW YORK, Oct. 6.-Cholera statistics for the week just ended were 1800 fresh cases and 1782 deaths, says a dispatch to the Times from Alexandria by way of England. The figures show that the epidemic is rapidly disappearing

Majority With United States. LONDON, Oct. &-In a disputch from Copenhagen the correspondent of the

Times, commenting upon the changes in the constitution of the Danish Parlia-ment, says he thinks there will be a small majority with the United States for the sale of the Danish West Indies, which is be presented tomorrow.

VIENNA, Oct. 6.-The Cantonal author-ities have called out the military reserves to preserve order, and prevent the strik-ers from interfering with the street-car companies' employes who are desirous of continuing work.

HEARING FOR BOODLER. Sayder's Motion for New Trial Will Come Up Friday.

ST. LOUIS, Oct. 6.-The case of Henry Ntcolaus, charged with bribery, came up today in Judge Ryan's court. The mil-lionaire brewer was not present, but was represented by his attorneys. The date for his trial, it was stated, would not be definitely set for a few days, but it would come soon after the Butler trial, to com-merce at Columbia next Monday. Judge Ryan announced that the motion

for a new trial made by an attorney for R. M. Snyder, the banker and promoter, convicted of bribery in connection with the Central Traction deal, would be taken

up next Friday.

The case of Charles Kratz, the Councilman charged with bribery in connection with the Suburban case, was called in

Judge Ryan's court.
"I understand," said Circuit Attorney Folk, "that this defendant is a fugitive. I also understand he is desirous of returning to St. Louis, and I suggest that the case be continued to the next term of court, but that it be made possible to set aside the continuance if he should appear in the meantime." Judge Ryan agreed to Mr. Folk's re-

quest.
The cases of Delegates John H. Schnett-

ler, Charles A. Gutke and Ted Albright, on the charge of perjury, were continued, the dates not being set. In Judge Douglas' court the cases of Former Delegates Denny, Albrecht, Schnettler, Gutke, Edmund Bersch, J. J. Hannigan and Harry A. Faulkner, on the charge of bribers, were ordered continued from day to day. Their lawyers will be notified when their trial is to be

The October Grand Jury met today in Judge Douglas' courtroom and organized That body was instructed by the Judge to continue the investigation into Municipal Assembly boodle methods. Circuit Attorney Folk hopes to secure additional indictments in cases he has under inves-

W. R. Reed, confidential clerk of Broker Campbell, was examined at length to-day by the Circuit Attorney and new light was shed on the methods said to have been used to secure the passage of the city lighting bill.

Jessie Morrison's Bond Approved. TOPEKA, Kan., Oct. 6.-The Suprem Court today formally approved the \$10,000 bond of Jessie Morrison, who is serving a 15-year sentence in the penitentlary for killing Clara Wiley Castle. Miss Morri-son will now be released pending the re-hearing of her case by the Supreme Court.

#### OBJECTS TO HARRIMAN.

Minority Stockholder Asks to Have Lease Declared Void.

CHICAGO, Oct. 6 .- A bill attacking the validity of the lease entered into between the Chicago & Alton Railway Company and the Chicago & Alton Railroad in April, 1900, by which all the property owned by the former was transferred to the latter for a period of 99 years, was filed in the Circuit Court today by Henry D. Laughlin, a minority stockholder in the Chicago & Alton Railroad Company. Laughlin declares that E. H. Harriman and his associates, including George J. Gould, M. H. Shiff and others secured a ontrolling interest in the Chicago & Alton Railroad Company and after execut-ing the lease, caused a fictitious issue and increase of incerporation stocks and bonds, by which the holders of the ma-jority of the stock of the Chicago & Alton greatly profited and the minority stockholders correspondingly lost. This process, Laughlin declares, is "vui-

garly known as a squeeze." Laughlin is now seeking to have the lease declared invalid: to have all the property demised by the lease returned to the Chicago & Alton and to have an accounting taken between both concerns. Laughlin avers that it is reliably reported that a sale of the Chicago & Alton Railroad is under consideration. If the cale is made, the complainant asserts, it will be to some other railway in which Harriman and his associates are far more interested than they are now in the Chicago & Alton Railroad Company and will be "on such terms and for such a price as will still further enrich them and impoverish Laughlin and other minority shareholders of the company."

## GERMANS WITH MINERS

PRESS CENSURES AMERICAN OPER-ATORS FOR THEIR STAND.

Leading Financial Papers Allude to Barons' Spirit as "Lunney of Fancted Greatness."

> BERLIN, Oct. 6.—The coal strike in the United States is attracting more and more attention here. The newspapers print rather full accounts of the conference at Washington. The press takes sides with the miners and censures the operators for their unyielding attitude. The Frankfurt-er Zeitung, regarded as the best financial authority in Germany, today devotes a leading editorial to the strike. It alludes to the spirit of the operators as "lunacy to the spirit of the operators as "lunacy of fancied greatness," and adds: "When the coal combination sees it is able to throw 70,000,000 people into anxiety, it will naturally get the idea that it holds possession by the grace of God, like the potentates of old Europe."
>
> This paper also alludes to the probable effect on the Continent of the withdrawal of English coal for the United States, and says it is probable England will draw from

says it is probable England will draw from the Continent the deficit caused by the shipments to the United States, and concludes: "Hence, if the strike continues, the price of coal will rise on the Conti-

MORE ORDERS FOR WELSH COAL. Twenty-Five Steamers Chartered for Trips to Boston and New York.

LONDON, Oct. 8.-Reports from Cardiff say that & steamers have been secured for early sailing from South Wales ports for New York and Boston, and it is said American purchases during the last week at Cardiff alone totaled 100,000 tons, of which 80,000 tons were for New York. The purchases at Swansea last week totaled 20,000 tons. It is estimated that the Weish coal sales for America aggregate 200,000 tons since the rush began. Anthractic coal is now quoted at the highest price which it has ever reached in this country. A prominent coal dealer on the exchange said to a representative of the Associated Press today:
"I should not be surprised if retail coal

in London reached \$10 per ton during the next week." A representative of a big Swansea anthracite company said: "While we are selling every ton of hard coal we can spare for America, the increase in price is affecting us adversely in other ways. We have spent \$5000 yearly during the last 16 years to popularize anthracite for house use in England. We have kept up stove stores and agents in London and else-where, and we were just beginning to make headway, and now this big jump in prices threatens to put back our crusade
