taken possession of by the strikers. Two were kept prisoners at the union headquarters all afternoon, carefully guarded, and not even members of the union were allowed to talk to them. The other two are concealed tonight at some other point known only to the strikers. A fifth nonunion man, who had been an inspector for the company, became frightened, and when his sweetheart clung to his neck and dragged him from the car, he was greeted with cheers by the strikers. He is to be married tomorrow night. One policeman was hit on the foot by a brick, and another of the nonunion men, who is a prisoner, was roughly handled, but not badly hurt. The cars were badly damaged by bricks and stones, and all the glass was broken.

CORNER-STONE IS LAID.

Exercises at New Pendleton Academy Building Yesterday.

PENDLETON, Oct. 7.-(Special.)-Several hundred persons witnessed the ceremonles attending the laying of the corner-stone of the new Pendleton Academy this afternoon at the building site across the river. The exercises were very appropriate and interesting. The fact that the hopes of many years were about to be realized seemed to impress the spec-tators as well as those vitally interested in the institution

It was a great day and hour in the history of the institution. Having pulled together from the wreck brought on by hard times, the minagement of the academy during the past few years has triumphed over all obstacles, started the school on a firm footing, and more than

burying it in the river. It was feared for some time that the company could not finish the new one before the wet season and high water, which would make it impossible to construct until next Spring or Summer, but good weather has favored the work, and it will soon be completed. The large dry kiln used for drying prunes, belonging to W. H. Ruddell, in West Elma, burned Sunday morning. As this was the only one of the kind in this vicinity, it will be a serious loss to a large number of prune raisers, who have large quantities to be dried. They are persuading Mr. Ruddell to rebuild as soon as possible Elma now has a night school. It will be conducted by Professor E. L. Brewer, of the public school, and will open Tues-day night, October 7. Work began today on the Withers School building transition

School building, two miles west of Elma. The contract was given to the firm of Porter & Gore, of Elma. The old building was lost in the recent fire. Bids have been called for to construct a school building at the town of Satsop,

four miles west of here. Celery-raising has become a profitable business in this region. A great deal of fine celery is shipped every day from Elma. One producer alone, J. H. Hale, shipped last week nearly a ton. In the entire season he has shipped 10 or 12 tons. The same farmer shipped last week a half ton of tomatoes to Aberdeen and Ho-

Manufacturers Hear Miners' Side and Will Now Meet Operators.

BUFFALO, Oct. 7 .- The conference tween the committee appointed by the National Association of Manufacturers and President Mitchell and his lieutenents, held at the Iroquois Hotel this evening, did not result in any definite plan being agreed upon for the partial resumption of work in the anthracite coal fields, but the members of the manufac-turers' committee said they were greatly pleased with the progress made. The fact that communication was established with the operators by long-distance telephone and an appointment made to meet a com-mittee ropresenting them in Philadelphia tomorrow is looked upon as significant, as

Barbour, Detroit; Richard Young, New York; Frank Leake, Philadelphia, and John Maxwell, Indianapolis. The miners were represented by President Mitchell, Secre tary-Treasurer Wilson and District Presi

dents Nicholis, Duffy and Fahey. The conference was held behind closed doors, and only a brief statement was given out at the end of the meeting. The statement is as follows: "The committee of the National Asso-

ciation of Manufacturers has listened to the explanation of the strike difficulty as offered by a special committee of the United Mineworkers, at the head of which was John Mitchell. The National Asso-ciation of Manufacturers' committee has learned what it could of the conditions, and now goes to Philadelphia for the pur-

pose of meeting a committee of mine operators, with the idea of getting their side of the difficulty. CHICAGOANS CALL ON STONE. Governor Urged to Take Prompt Ac-

tion to End Strike. HARRISBURG, Pa., Oct. 7.-A delegation of Chicago clergymen and business men called upon Governor Stone at the Executive Mansion todev, and, urged him to take prompt action to settle the coal strike. The delegation was composed of Rabbi M. Emil G. Hirsch, chairman; Rev. M. J. Dorney, M. Edward Fawcett, H. Atwood Percival, H. K. Kindred, Leander Turney, Jenkin Lloyd Jones, Sid-ney Strong, R. A. White, S. R. Holden, William D. B. Corwin, Lawrence F. Mc-Ginn, James McAndrews, Dr. J. G. Gray, M. G. Holdin and Dr. C. A. Young.

Mr. Hirsch said the situation in the strike region was without parallel in the history of the country and that the peo-

ple of the West were in sympathy with the movement to effect a settlement between the operators and the miners. The party had no suggestion to offer to end the strike, but simply called upon the Governor to take such action as in his judgment would bring the trouble to an

NEW YORK, Oct. 7 .- None of the coal operators present at the meeting of the Temple Iron Company today would make any statement regarding what was done at the meeting. After the meeting Presi-cent Truesdale, of the Lackawanna, announced that no statement would be given President Oliphant, of the Delaware & Hudson, would only say that he knew of no change in the general situation. Presi-dent Baer, of the Reading, went from the conference to J. P. Morgan's office, and later took a train for Philadelpha. President Foster said 2000 tons of anthracite of domestic sizes were shipped East over the New York, Ontario & Western Rall-

road Monday. A prominent wholesale and retail dealer, speaking of the present scarcity of soft coal, said today that the presidents of the coal roads have promised to relieve the situation by rushing coal here. Pennsylvania Citizen Begins Action Against Mine Operators.

PHILADELPHIA. Oct. 7 .- Counsel for Frank H. Thomson, a citizen of the com-monwealth, will tomorrow file in the United States Circuit Court a bill in equity against the Philadelphia & Read ing Railroad Company, the Central Rail-road of New Jersey, the Lehigh Valley Railroad, the Delaware, Lackawanna & Western and the New York, Ontaria & Western Railroad. The bill charges these companies with having formed an illegal corporation with the purpose of fixing the price of coal and controlling the coal

market, and asks that the court declare such combination illegal, and to restrain and prohibit the respondents from meeting together for the purpose of fixing the rate at which coal shall be sold. Application will also be made to the Attorney-General of the State for a revoon of the charter of the Philadelphia & Reading Company for operating in violation of the state constitution. The bill in equity avers that the companies men-

tioned formed a combination under which the respondents were not to compete with each other, and which regulated the price to be charged for coal at tidewater. It is charged that the respondents are unwill-ing and refuse to operate their mines. greatly to the loss of the complainant and in violation of the rights, duties and ob-ligations which the said respondent owes to the public,

TOO GREAT EXPENSE.

Not the Reason.

It is not because Pyramid Pile Cure is so expensive that many people decline to give it a trial, but because they find it too great a tax on their credulity to believe dist the published letters hearing testimony to the merit of this remedy are genuine and bona fide; especially to those who have realized the suffering incident to piles is it incredible that anyone who has been afflicted 25 and 30 years with the worst forms of protruding and bleeding plies should be cured by the application of a simple remedy, when their piesician has assured them that the only relief is in a surgical operation. This is rightfully viewed with dread by all those afflicted, as it means at the least a great shock to the nervous system, with more than a possibility of utter collapse and death; in the majority of cases, too, there is a return of the complaint, owing to the fact

that the cause is not removed. The proprietors of Pyramid File Cure agree to forfeit \$1000 to anyone who will show a single published testimonial to be not genuine and unsolicited; this latter fearfure is most gratifying, inasmuch as these letters are written solely out of gratitude, and with the hope that those who are afflicted as the writers have been may learn that relief is at hand, at h comparatively trifling expense. Pyramid Pile Cure is for sale by druggists at 50 cents a package, or will be malied by the makers to any address upon receipt of

Mr. William Lichtenwalter, head of the largest printing house in Canton, Ohio, says: "It is with the utmost pleasure and satisfaction that I can say I believe I am cured of protruding and bleeding piles, after suffering more than 25 years. I have been in bed for two weeks at a time. I have not suffered in the least for over a year, and I used only three 50-cent boxes of Pyramid Pile Cure. I advise every person suffering with this distress-ing and painful complaint to give this remedy a trial. I have every confidence in it." Write the Pyramid Drug Co., Mar-

TROOPS MAY MAKE NO CHANGE. **Operators** Not Confident General Or-

der Will Have Desired Effect. WILKESBARRE, Oct. 7 .- There is

feeling among some of the officials of the coal companies that the mere move of sending all the troops of the state into the coal region may not have the desired effect of bringing about an early resump-tion of the collieries. An official of one of the largest coal companies in the terri-tory is authority for the statement that an early resumption depends altogether upon where the military place the troops. If Governor Stone's order that "all men who desire to work, they and their fam-ilies shall have ample military proto-tion," is literally carried out by Major-General Miller, instead of mobilizing the troops at certain points, then the comnanies will be able to make good progress in opening the mines. "If the troops are kept in all communities where violence and intimidation are practiced," he said, "there will be no trouble. The difficulty now is that a man goes to work one day under the protection of the sol-diers, and the next day after the neighborhood kns quicted down the troops are borhood ans quictes down the troops are sent away, and the willing workmen are again at the mercy of the lawless ele-ment. SOFT-COAL FAMINE IN SIGHT. Railroads Have Plenty of It, but Are

Short on Motive Power.

NEW YCRK, Oct. 7. - A soft-coal famine, on the heels of the present anthracite coal famine, according to the coal dealers, is now impend-ing, and it is likely to strike this city in a few days. While the sidings along the railroads are choked up with thousands of cars loaded with soft coal, very little of it is reaching the city, and the price of soft coal is increasing day by day. The soft-coal operators have ap pealed to President Cassatt, of the Penn eylvania Railroad, to try to bring the coal to this city. Scarcity of motive power is given as the cause of the delay

Prospects are that if the coal strike continues until Winter sets in, the gas companies will have great difficulty in turning out the normal supply. In Man-hattan Borough the gas company is manufacturing about 60,000,000 feet of gas a day and is able to so adjust its plants that either soft or hard coal can be used to advantage. The Brocklyn Gas Com-pany is not so situated, however, and is buying all the anthracite available.

Chicago Acts for Consumers.

CHICAGO, Oct. 7.-Action was taken by the City Council last night in at at-tempt to meet the exigencies resulting from the coal strike. A resolution was passed without debate requesting "the Mayor, City Controller, City Treasurer, Commissioner of Public Works and City Clerke, constituting a committee to ascer-tain as soon as possible the lowest cost at which Indiana or Illinois coal can be delivered in Chicago in quantities of 500 and 1000-ton lots, to the end that coal may be brought to this market and sold to con umers at its actual cost for delivery."

KNOX AFTER THE COAL TRUST.

Attorney-General Orders an Investigation in New York.

NEW YORK, Oct. 7.-It was learned to-day that United States District Attorney Burnett has been instructed by the At-torney-General in Washington to investigate the working of the coal trust in his district, that of the southern half of New York State. General Burnett de-clined, however, to state the nature of the investigation to be made by him, or when it would be commenced. Further than to state that such an investigation had been ordered, he would not talk.

Not Connected With Strike.

WASHINGTON, Oct. 7 .- It is stated here that the investigation into the al-leged anthracite strike which District Attorney Burnett will make has no significance as regards the present strike so far as the Administration is concerned. The matter was referred to the District Attorney for the Southern District of New York for investigation in the regular course of practice of the Department. Several days ago the Department of Justice received a formal petition from New York alleging the existence of an anthrocite coal trust and requesting the Council tofight appropriated \$500 to as-sist those rendered homeless by the re-cent forest fires. Hollon Parker donated a ton of flour, which was shipped today.

Gompers Says Pence Is Not in Sight. WASHINGTON, Oct. 7.-President Gom-pers, of the American Federation of Labor, today declared that there was no outlook for an early resumption of work by the striking miners, and said he was unable to say whether the strike would continue until Spring. He refused to ap-swer questions as to whether he had any communication from Mr. Mitchell. Legislature Commends President. Pittsburg Soldiers.

PITTSBURG, Oct. 7.-The Eighteenth Regiment, 600 strong, in 17 passenger coaches, was the first to get away from Pittsburg, pulling out at 10:10 P. M. As the regiment marched down Fifth avenue to the union station pedestrians hissed and hooted the soldlers, and only the coolness of the officers prevented a riot. This regiment will proceed to Mount Car-mel and await instructions. Three companies of the Tenth Regiment left short afterward, and just before midnight Fourteenth Regiment, 500 men, start-The Sixteenth Regiment proceeded ed. from Corry, and the Fifth from Lewiston according to instructions.

Philadelphia Troops Leave.

PHILADELPHIA, Oct. 7 .- The First Regiment, with a detachment of Battery A, left here shortly after midnight for Hazleton, and the Second Regiment, also with a detachment of Battery A, followed a little later for New Philadelphia. The regiments occupied separate special trains on the Philadelphia & Reading road. The newsinder of the traons of Philadelphia remainder of the troops of Philadelphia and the surrounding towns will leave be-tween 8 and 9 o'clock in the morning.

Dynamite Under "Scab's" House, SHENANDOAH, Pa., Oct. 7 .- The home of Frank Hintz, a nonunion man living on South Chestnut street, was dynamited today. The explosive was placed on the back door still, and the door was splintered and the windows shattered by the concussion. Hintz was not at home when the explosion occurred. A crowd gathered about the house, and Mrs. Hints. in her excitement, went to a window and fired a shot into the crowd, but the bullet did not take effect. The family escaped without injury.
