OVERWORKED WOMEN

WHY SO MANY LOSE THEIR ATTRACTIVENESS.

Miss Mossey Tells How Headaches, Backaches, Weakness and Fitful Sleepers May Be Avoided or Overcome.

Miss Georgiana J. Mossey, of No. 129 Lake street, St. Albans, Vt., is a bright, healthy young woman, and from her appearance one would never think she had ever been sick for a day in her life.

"Overwork," she says, "was the cause of my illness. My system became a run-down generally, my blood was poor, and the doctors said I had anemia. My appetite failed me, I became pale and sickly, with no color at all in my face. I had dizzy spells and severe headaches. My fingers began to numb and I could not walk any distance without becoming very much fatigued and short of breath."

"I suffered for two years, and two doctors were called in. I consulted with an able local physician for a year and received no benefit. Then I went to Montreal and took treatment from a physician there, but he did me no good. But I began to fear I would never get well."

"While in Montreal a friend of mine who had a niece who had been greatly benefited by Dr. Williams' Pink Pills for Pale People advised me to try a medicine. I began taking them, and soon saw a change for the better. I noticed that my lips and ears were beginning to look red and the pallor was fading away. My fingers began to numb and my appetite returned. My friends noticed the change at once, and asked me who my doctor was. I told them that Dr. Williams' Pink Pills for Pale People were doing all this. My appetite returned, and by that time I was a strong and healthy girl again."

"When I went to the store here to buy a supply of Dr. Williams' Pink Pills for Pale People," Miss Mossey said, "the clerk told me I could buy them cheaper in bulk than in the package. But I remembered the clerk's words and that I had never seen the pills in bulk, and so I insisted upon being given the package with the wrapper on it bearing the full name—Dr. Williams' Pink Pills for Pale People—and I got them."

"Dr. Williams' Pink Pills for Pale People may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company, Schenectady, N. Y., fifty cents a box; six boxes for \$2.50."

They filed a number of affidavits made by dealers, consumers and Government employees, alleging unlawful agreements entered into by the company and the raising of the market price of salt and other illegal results from the combination.
