POLITICS CAST OUT

Roosevelt Acted for Humanity in the Coal War.

FRIENDS ADVISED NONACTIVITY

Public Sentiment the Wenpon the President Depended Upon to Force a Settlement, and Operators Soon Came to Realize It.

OREGONIAN NEWS BUREAU, Washington, Oct. 16.-President Roosevelt dia not perform the great public duty of bring: ing about an adjustment which will secure the people from a coal famine through any desire for political advancement. It was against the advice of politicians and men close to him that he first entered upon negotiations to settle the strike. The operators and some others said he was powerless. They reviled him at the first interview, but Roosevelt depended upon public sentiment to force both sides to some sort of an agreement which would prevent great disorder and riots and suffering among millions of people. The coal operators and the men behind them became convinced that Roosevelt meant business. Just how far the President was prepared to go, probably no one will ever know, but now that it is all over, it may be assumed that women and children would not have been allowed to freeze to death if the President could have prevented it. Probably the men behind the coal barons realized that coal would have been mined and the people supplied.

The only criticism passed upon the President is by those who assert that he has gone far beyond all precedents, but other precedents might have been smashed if the arrogance and insolence of the coal operators had continued. The relief which the people of the East experienced this morning when they read the announcement that ar agreement had been reached is largely due to the fact that there is a determined man in the White House-a man who does things.

HAM LEWIS AS A PROPHET. Again a Democrat, He Can See Noth-

ing Ahend but Success. OREGONIAN NEWS BUREAU, Washington, Oct. 16.-Jim Ham Lewis, formerly of Senttle, is in town, and the papers are bristling with wonderful tales. He is a full-fledged Colonel, and has moved to Chicago. He has recently received a fee of \$100,000, and is counsel in a case involving 20,000,000 acres of land. He is to be many other things, and has been many things in the past. These things are detailed in the interviews with the "only" Lewis. Among other things, notwithstanding the fact that he repudiated the Democratic party in Washington, he is a Democrat in Chicago. Then he predicts. According to Jim Ham, the Democrats are sure to carry the next House, and they are going to elect the President in 1904. Lewis names three mcn, Olney, Hill and Tom Johnson, who are to be considered as Democratic candidates. Strange to say, he does not name the Vice-President, but It is indicated that an ex-member of Congress from Washington is to be the man. There is much more, so far as words go, but no more than could be expected when Jim Ham comes to town.

TAWNEY NOW A FRIEND OF CUBA. Minnesotan Is Convinced of Error in Opposing Reciprocity.

OREGONIAN NEWS BUREAU, Washlugton, Oct. 16 .- Senator Dolliver, of Iowa, who was here today, defends the lown idea upon the tariff question, and declares it is not radical. He says it is indersed by nearly every Republican who understands the subject. The lows idea is to have the tariff reformed on Republican lines. Dolliver pokes some fun at an ex-House colleague of his on the question of Cuban reciprocity. He says that they

"Up in Minnesota," he adds, "Tawney, on bended knec, has been telling his people that he never was very stalwart in his opposition, to the best of his recollection, and he is now convinced that Cuban reciprocity as desired by President Roosewelt is a good thing.

PAYNE MAY REQUIRE WHIPPING. New York Representative Comes Out

Agninst Tariff Revision. OREGONIAN NEWS BUREAU, Washington, Oct. 16.-Sereno E. Payne, chairman of the ways and means committee, comes out flat-footed against any tariff revision. He belped to frame the plank in the New York platform. Payne, however, will be "whipped" into line if the President calls an extra session of a Republican Congress next March to revise the tariff. Payne also says that the House must pass upon any Euban reciprocity treaty which is adopted by the Senate. This is not according to law, because a treaty may not conform to the Dingley law, and may go far beyond that in granting concessions to Cuba. In that event the Supreme Court will uphold any treaty which is made by the President and Senate.

DEMOCRATS UNABLE TO AGREE. Congressional Convention Closes

Without Making Nomination, BOSTON, Oct. 15.—After several days pent in balloting, the Ninth Congressional Democratic Convention broke up today without making a nomination. The ses-sions were boisterous, encounters being prevented only by the action of the police. As the time for filing the convention nom-ination expired, the delegates would not reconvene, and they must flie nomination papers before 4 o'clock tomorrow. The district is overwhelmingly Democratic. It is remodeled from the old Ninth, long represented by John F. Fitzgerald, who at e time had the distinction of being New England's only Democratic Congressman. Five times the convention sat, and in a total of 6 ballots taken, the vote of 156 delegates scarcely varied from 54 for Representative Joseph A. Conroy, 54 for Senator John A. Keliher, and 50 for Joseph A. Dennison, a lawyer.

Editor Convicted of Conspiracy. SLIGO, Ireland, Oct. 16.-P. A. McHugh, M. P., editor of the Sligo Champion, was sentenced today to two months' imprisenment at hard labor after having been invicted of conspiracy and intimidation He was released on ball pending appeal.

End of a Bitter Poltical Contest. HARRISBURG, Pa., Oct. 16. - The Dauphin County Court today declared in-valid the certificates of the state nomifactions of the Union party. This action disposes of a bitter contest growing out of an effort to secure the Union party indorsement for the rival candidates for Governor on the Democratic and Republican tickets.

And then, in a speech which on all sides was characterized as one of the finest satires ever heard in the House of Commons, Mr. Healy, always as a Ugandan, thanked the Premier for his considerational parily. tion, which enabled the Imperial Parliament to devote time to the discussion of native affairs. He complimented Mr. Bal-four on being able sufficiently to detach himself as to be oblivious of the vital disturbances now prevailing in that dis-tent and distressful country, Ireland. In this vein, which irresistibly held the at-tention of the House, and which caused Mr. Balfour himself frequent amusement, Mr. Healy completed what Unionist mem-bers defined as "one of the finest satirical indictments" the government had ever

Its Purpose Is to Promote Trade at Home and Abroad-Some Objections Answered.

BERLIN, Oct. 16.-The Reichstag, at its ession today, entered on the discussion of the tariff bill, commencing with the sched-ule relating to wheat and rye. Chancel-lor von Bulow recommended that the bill be passed se drawn up, saying that the House committee proposals increasing the minimum tariff would render the conclusion of new treaties impossible. The tar-iff proposed by the government, he added, was the extreme limit if Germany wished to obtain from other countries greater

concersions than she now enjoyed.

They were driven to the Hotel of the Four Seasons, where they were received with great enthusiasm. Herr Trojan, editor of Kladderadatsch, greeted them by reading a sonnet. In his reply to the editor, General Botha emphasized the nonpolitical character of the mission of the Boers, the only purpose of which he said, was to alleviste the unspeakable misery of their people. The Generals re-sponded to the calls of the immense crowds in front of the hotel by appearing on the balcony and addressing the people. General Dewet said the Boers had been defeated in war and submitted to their fate. Crowds lingered in front of the hotel until after 10 o'clock at night. A strong detail of police remained in the adjacent streets, in rendiness to suppress any political demonstration. The visitors received an ovation from very large crowds of people along the route from the railroad station to their hotel.

His conversion to the Canadian policy of preferential trade is not of recent date. for he supported it as long ago as 1887 when the Oxford conference was held. A representative body of delegates from Conservative associations has now accepted a resolution presented by him embodying the principle that new sources of revenue can be found by taxing articles competing with the home trade, and urging the government to carry out a policy of preferential trade between all parts of the British Empire. Dr. Kilmer & Co., Binghamton, N. Y.:

Gentlemen-In justice to you, I feel it is my duty to send you an acknowledgment of the receipt of the sample bottle of Swamp-Root you so kindly sent me. I had been out of health for the past five years with kidney and bladder trouble. Had our best physicians prescribe for me. Since then I have taken eight small bottles bought at my drug store, and I consider myself perfectly cured. It seemed as though my back would break in two after stooping. I do not have the smarting and irritation, nor do I have to get up during the night to urinate, as I formerly did three or four times a night, but now sleep the sleep of peace. My back is all right again, and in every way I am a new man. Two of my brother officers are still using Swamp-Root. They, like myself, cannot say too much in praise of it. It is a boon to mankind.
