PRICE IS SUSTAINED

Hops Continue Firm on the New York Market.

BREWERS' DEMANDS MODERATE

Reported Sale at Eugene at Over Twenty-five Cents—Yakima Growers Are Inclined to Hold Their Crops.

NEW YORK, Oct. 20.—(Special.)—Hops continue firm. Brewers' demands are moderate, and these, with local trading between dealers, sustain present values. Wires from Franklin County report firm and advancing markets. Growers refuse 33c bid for strictly choice. Coast wires report additional buying there for export at 25c for choice Oregons. German cables note firm and active markets.

Salem Hop Market.

SALEM, Or., Oct. 20.—(Special.)—Salem hop-dealers report 25c as the ruling price today for choice hops. George L. Rose purchased a 66-bale lot at that figure. Hattie Jones sold the remainder of her crop, part of which was under contract, at 25c.

Salem dealers have received a report of the purchase of the Anderson crop of 133 bales, at Eugene, by F. E. Dunn. Some reports have the price 25c, and others 25¼c.

Kirkpatrick & Williams, of Dallas; Faber & Neis, of Salem, and E. C. Herren, of Salem, made purchases of hops below choice in quality at 25c at Independence today.

Faber & Neis bought 117 bales of hops at Independence today, and 135 bales at Eugene, at 25c.

Gilbertson, of Aurora, bought the Kyle & Greenwald crops at Hubbard at the same figure.

Local Market Strong and Active.

The week in the Portland hop market opened with great strength and activity. Twenty-five cents is now generally quoted, and at this figure most growers are disposed to let go. They all have not got choice hops, of course, but those who are fortunate in this respect have no difficulty in finding buyers. From 300 to 400 bales were sold at the top figure yesterday in various parts of the state. Second grades are quotable at 23½@24c.

Yakima Growers Holding.

NORTH YAKIMA, Oct. 20.—(Special.)—Very little is doing in the way of purchase of hops in this valley. The growers feel that the market prices are coming their way, and are holding out for prices above 30c. However, Fechter, Poole & Janeck report that they have bought within the last week 1000 bales at prices ranging from 22c to 25c a pound. These are the only sales reported, though shipments of contracted hops are going on steadily and in good quantity.

Hops at London.

LONDON, Oct. 20.—Hops—Pacific Coast firm, £6 10s@£7.

SALMON IN NEW YORK MARKET.

Sockeyes and Red Alaskas Quiet but Firm—Prunes Are Easier.

NEW YORK, Oct. 20.—(Special.)—The salmon market opens quiet, but sockeye tails hold firm at $1 35, and red Alaska at $1 10. Pink is neglected, but quoted at 72½@75c for tails.

Tomatoes are irregular, owing to offerings of low grades. Baltimore wires 82½c f. o. b. for full standards.

Corn continues scarce and firm.

California lemons sold at auction at $2@4 37½ per box.

Heavier receipts of California raisins have induced easiness in both loose and seeded. On the latter, 8c will buy choice, and 8½c fancy in one-pound cartons. Three-crown loose is easy at 6¾c. Local seeders offer for delivery November 1 at ¼c under Coast basis laid down. Imported Valencia layers show firmness.

Prunes, 40-50s in 25-pound boxes, are selling at 8c. In the four sizes, increased receipts cause an easy feeling.

Apricots are in good jobbing request and firm in sympathy with Coast advices.

California almonds are lower, today's receipts being 1385 bags. Quotations are: Nonpareil, 14½c; I. X. L. and Ne Plus Ultra, 13c, and Languedoc, 11@11½c.

All walnuts are strongly held. Grenobles advanced ½c. New Naples to arrive are offered at 12½c.

PORTLAND MARKETS.

Grain, Flour, Feed, Etc.

All the grain markets are strong. Wheat cables came through higher from Liverpool and Paris, and the East also closed at an advance. Shippers quoted club wheat here for export purposes at 65@66c, and bluestem at 68½@69c. From 1½@3c above this price is known to have been paid, as competition is unusually keen. Nothing new is reported in wheat charters. Shipowners are still asking 25s, but it is believed they would go as low as 23s 9d to close business. Following the advance at San Francisco, oats and barley have gone up in the local market. Flour and feed are firm, but unchanged.

STOCKS ARE IRREGULAR

VARIOUS INFLUENCES AT WORK AT NEW YORK.

Outcome of Miners' Convention, Rise in Foreign Exchange and Threatened Action Against Merger.

NEW YORK, Oct. 20.—Irregularity marked the course of today's stock market. The controlling influences were the uncertainty as to the outcome of the coal miners' convention, the rise in foreign exchange, and the threatened action of the Southern courts against the latest railroad combination. There were some material gains at the outset, however, especially in St. Paul, Baltimore & Ohio, Pennsylvania, Missouri Pacific and Wisconsin Central. On the other hand, such active issues as Reading, Louisville & Nashville, Norfolk & Western and Atchison were lower. The strength of St. Paul was due to reports of an early announcement of "rights."

The first reactionary movement was checked by the increased strength of Baltimore & Ohio, as well as pool movements in several other stocks, including Illinois Central. At the same time, Union Pacific, which has been fairly steady, sold off, and St. Paul also lost a point from its best figure.

Advances in the issues of Kansas City Southern, Canadian Pacific, Minneapolis, St. Paul & Sault Ste Marie and Toledo, St. Louis & Western preferred were ascribed to the various pools interested in those stocks. Practically the same influences were at work in other quarters. The United States Steel shares were firmer and in fair demand. Trading in the tractions was very moderate.

Money was decidedly easy, opening at 6 per cent, advancing ½ point and then lending as low as 4 per cent. The downward trend of the list was more marked during the afternoon session, and especially all of the gains were lost at the close. The exceptions to this rule were mainly in the miscellaneous group. London was a seller all day.

The bond market was quiet and irregular all day in sympathy with the uneven stock speculation. Total sales, par value, $2,885,000. United States bonds were all unchanged on the last call.

Metal Markets.

NEW YORK, Oct. 20.—Tin was unsettled in all markets today. The manipulation noted toward the close of last week was continued in the London market, where prices advanced £1 10s, which was maintained, though at the close the undertone was rather less firm. Spot closed at £121 10s, and futures at £120 2s 6d. The local market was influenced by the developments abroad, closing with spot at 27.75@28c. There was a sale of five tons for November delivery at 26.40c.

Copper, like tin, was also unsettled, advancing here to 12c for Lake, 11c for standard, 11.87c for electrolytic, and 11.85c for casting, but was nominal at those figures, there being no business at the advance. In London there was an early advance of 5s, followed, however, by a decline of 11s 3d, spot closing at £52 13s 9d and futures at £52 16s 3d.

Lead was quiet and unchanged in both markets, London closing at £10 13s 9d, and New York at 4⅛c.

Spelter also was unchanged, the local market closing at 5½c, and London at £19 2s 6d.

The English iron markets were lower, with Glasgow at 57s 3d, and Middlesboro at 53s. Locally iron was steady but quiet. Warrants continue nominal.

Commercial Notes.

Three cars of California prunes, packed in barrels, were shipped to France from Los Gatos last week.

The 1902 cranberry crop of the United States is estimated at 725,000 bushels, against 1,040,000 bushels in 1901.

Rye bread went up 1c per loaf in New York bakeshops last week. The size of rolls and buns was decreased.

The hay crop of America is figured by the Orange Judd Farmer at 89,000,000 tons, or about 14,000,000 tons, or 15 per cent in excess of last year.

A proposed combine of 40 concerns throughout the country engaged in the manufacture of toys, games and novelties is understood to involve a capitalization of $10,000,000.

Ginseng, whose value is $12 a pound, has been cultivated with success at Pembroke, Me., and next season Maine will contribute a large quantity of this commodity to the American supply.

The Southern Pacific took out a shipment from New York last week of 600,000 pounds of tobacco. It went to Galveston via the Morgan Line, and from there is to be carried to San Francisco on a special train of 11 cars.

Dansville, N. Y., nurserymen are digging trees for shipment, and the work will be prosecuted vigorously until cold weather sets in. The number of trees that will be shipped this Fall is estimated to be more than 2,500,000. Some trouble is experienced in getting cars to ship this vast number of trees.

The owners of a big rice farm, consisting of 10,000 acres, located near Houston, Tex., have perfected arrangements for new machinery by which electricity will be used as the power for lifting the water, instead of steam, as at present. It is expected that the move will work a revolution in the rice-growing business.

The first window-glass factory west of the Mississippi is in operation at Stockton, Cal. One hundred expert glassblowers have been imported from the East, and this number will be doubled as soon as possible. Most of the material to be used will come from the deposits near Tesla, and will be taken to Stockton by the Alameda & San Joaquin Railroad, which has two spur tracks running the full length of the eight large buildings in which the factory is located.

Los Angeles is to have a tinplate factory on a co-operative basis, and the laboring people of Washington and other Eastern cities have subscribed for the stock. The plant at Gas City, Ind., is to be removed to a point 10 miles from Los Angeles, where oil can be obtained for fuel. The Pacific Tinplate Company has been organized under the laws of South Dakota, with $300,000 capital to handle the new concern. Workmen at Gas City are preparing to leave in a body with their families for Los Angeles.

SLOT MACHINES.

They Form a Part of the Whole Gambling System.

Troy Press.

One of the wholesome effects of reform municipal administration was the smashing of 200 nickel-in-the-slot machines in Brooklyn police headquarters the other day. They were worth, in the aggregate, about $25,000, and were destroyed in compliance with the statute in relation to gambling paraphernalia. In Troy and Rensselaer County the illegal and demoralizing slot machines flourish under the Black-Howard-Conway regime, and we hear of no purpose to enforce the law in this respect. Occasionally parties operating them are "tipped" to move them upstairs, but it would be an easy matter to confiscate all those in use if District Attorney Howard or the Conway police authorities were so inclined. The slot machines are among the vilest of "skin games." Fools who try to beat them get left. Yet there are lots of youths and men of small caliber or partly intoxicated who are induced to squander their money in this manner. They should be protected. But that there will be anything effectual done to destroy these swindling machines, Brooklyn fashion, cannot reasonably be hoped for upon the initiative of officials while District Attorney Howard and Mayor Conway retain their present offices.

Of course, an aggressive citizens' committee, organized for the purpose, could stop the slot machines and other scandalous irregularities very quickly. Corruptionists are afraid of a few honest men, banded together to locate, complain of and remedy evils that are disgracing the city—and gambling is not the worst of them. But the best way is to elect officials of conspicuous ability and integrity, who would stamp out gambling, grafting, disorderly saloons, blackmailing, the shameless assessment of subordinates and other crimes common to county and municipal administration under machine rule.

THANKS FOR PROMPT AID

People of Springwater Acknowledge Relief in Time of Distress.

SPRINGWATER, Oct. 16.—(To the Editor.)—On the evening of September 27, pursuant to a call (for that purpose in part), the citizens of Springwater and vicinity elected a committee of three to send to your valuable paper and those published in Oregon City, their thanks for the munificent contributions of money, clothing and provisions sent to our relief. Through some hitch in the committee these thanks have not been sent in. Inasmuch as I was elected chairman of that meeting, and as I know how much the people desire the public to be informed of the fact, I take the responsibility of saying through your valuable paper that we fully appreciate the kind help thus extended, and hereby, as a community and as individuals, express our heartfelt thanks to the Evening Telegram, The Oregonian, and all who so quickly and liberally responded to the cry of our necessities when smitten by the terrible forest fire. Very sincerely, JULIAN HATCH.

DECEMBER WHEAT STRONG

HEAVY BUYING AT CHICAGO SENDS PRICE UP.

Corn Is Heavy and Without Support, and Oats and Provisions Are Featureless.

CHICAGO, Oct. 20.—Wheat was once more the center of attention by the traders and the feature to the dealings was the strength in the December delivery, due to buying by brokers supposed to be for a prominent local long. The local crowd sold short early, with the expectation that prices would take a drop, but being disappointed in this they later turned active buyers, causing a good advance. Large receipts in the Northwest, together with excellent weather, were the early bear factors. May sympathized with December to some extent, and closed steady under Saturday's close. December closed ⅛@⅜c higher, at 73@73⅛c.

Corn was heavy, and the market seemed to lack the support of the strong holders. There was considerable scattered profit-taking, and toward noon there was a rush of general selling orders, and sharp breaks occurred. December closed at 51⅝@51⅛c, a loss of 2@2⅛c.

Oats were dull and featureless. December closed a shade lower, at 31⅝c.

There was no special feature to the trading in provisions. January pork closed 15c lower, lard 12½c lower, and ribs, 5@7½c lower.

PLAN TO INVADE BRITAIN

Canadians Propose to Establish Stores to Handle Own Products.

LONDON, Oct. 20.—Considerable interest is taken in a proposed trading corporation, now in process of formation, with the object of opening stores through the United Kingdom, to sell exclusively Canadian products at prices minus the middleman's profit. The Earl of Aberdeen, ex-Governor-General of Canada, is among the supporters of the movement, which originated with W. R. Mursey, formerly Minister of Agriculture for Manitoba, who is now in Canada arranging to raise part of the capital of the concern from among the producers, growers and manufacturers of the Dominion. The total of the proposed capital is $2,750,000.
