

MINERS TO STAY OUT

Strike at Several Mines Is Renewed.

MITCHELL ISSUES AN ORDER

Union Men Refuse Point Blank to Sign an Agreement Which They Hold Discriminates Against Strike Leaders.

HAZLETON, Pa., Oct. 30.—The strike at the seven collieries of Cox & Co., the four mines of G. B. Markle & Co., and the Silver Brook mine of J. S. Wents & Co., was officially renewed today through an order issued by District Secretary Gallagher, of the United Mine Workers, upon instructions from President Mitchell. The strikers at those mines were not permitted to return to work in a body, the Coxes insisting that their employees make personal application for their former posts, and G. B. Markle & Co. requiring each man before going back to work to promise to abide by the decision of the arbitration commission. The miners allege that the object of these requirements is discrimination against men who were prominent in the strike. The trouble at Silver Brook is similar to that at Cox & Co.

The following notices were posted by Cox & Co. at their colliery today: "Any man who by intimidation (moral persuasion) attempts to induce a company employee to leave or join a society, or anybody who objects to working with any other employee because he does not belong to a society, will be discharged."

"EDGAR KUDLICK, Mining Engineer." "A scope of the Board of Arbitration in connection with the strike of 1902," and a copy of that portion of the fifth paragraph of the coal president's arbitration proposal which refers to the non-interference of former strikers with nonunion men.

A. Fardee & Co.'s collieries, where the men have been asked not to interfere with nonunion hands, are not included in the strike order. The men voted on Saturday not to resume work until the agreement is withdrawn.

Collieries Resume Operation. POTTSMVILLE, Oct. 30.—All the collieries in the Panther Creek Valley resumed operations today. The Park Place colliery in the Mahanoy region resumed operations today after a week's idleness. One thousand employees had gone on strike because several union men were not reinstated. The leaders prevailed upon the men to return to work with the understanding that the discharged union men and women, and the old employees will be given the preference and be the last to be laid off in cases where it is necessary to cut down the working force. Seven hundred employees are affected.

Arbitrators Decide for Strikers. CHICAGO, Oct. 30.—The arbitration board hearing the controversy between the rubberworkers and Morgan & Wright last night made a decision granting the strikers all their demands. The firm will reinstate all the discharged union men and women, and the old employees will be given the preference and be the last to be laid off in cases where it is necessary to cut down the working force. Seven hundred employees are affected.

Coal Output Increasing. WILKESBARRE, Pa., Oct. 30.—There was a general resumption of coal mining today, but as is generally the case after a holiday quite a number of miners did not report for work. All the collieries in operation, however, are capable of turning out more coal now than last week. President Mitchell is busy at headquarters compiling statistics for presentation to the arbitration board when he is called upon.

Three Injured in Strike Riot. CHICAGO, Oct. 30.—Three men were injured and four arrested were made today in connection with disturbances incident to the 'bill posters' strike, now on in this city. A wagon containing several non-union bill posters and four special detectives, and guarded by 30 policemen, was stopped several times by mobs and greeted with a storm of stones and other missiles.

Longshoremen's Strike. MONTREAL, Oct. 30.—The Longshoremen who went out on strike here yesterday for an increase of wages have all returned to work, the steamship companies having granted their demands for 30 cents an hour for day and 25 cents for night work.

More Troops Start Home. POTTSMVILLE, Pa., Oct. 30.—It is expected that all troops in the coal region will be ordered home before the beginning of next week. Two battalions left for Philadelphia today, and two battalions will be sent home tomorrow.

PAPER FACTORY BURNED. Six Firemen Injured in a Blaze at Minneapolis.

MINNEAPOLIS, Oct. 30.—Six firemen were injured at midnight in a fire that entailed a damage estimated at \$250,000. The six-story factory building occupied by the Minneapolis Paper Company, and owned by J. C. O'Brien & Co., was gutted. The stock of the paper company, known also as Wright, Barrett & Stillwell, was consumed. The contents are said to have exceeded \$500,000 in value.

Captain George Smith, of Engine Company No. 38, was leading a squad of men up a ladder on an adjoining structure on First avenue when the ladder broke, precipitating six men to the ground. Captain Smith suffered internal injuries that may prove fatal. Fireman George Cheney and Frank Heselock were also badly hurt. The other three firemen were able to reach the City Hospital without assistance.

Fire at Montreal. MONTREAL, Oct. 21.—A destructive fire started about 1:30 o'clock this morning in the Simpson & Co. establishment. The whole city fire brigade has been called out. The fire is still burning at 2:30.

CROWN PRINCE IN BOSTON Visitor From Siam Calls at Statehouse and City Hall.

BOSTON, Oct. 30.—The Crown Prince of Siam, accompanied by his suite and Third Assistant Secretary of State Pierce, called at the Statehouse and City Hall today to return formally the visits of Governor Crane and Mayor Collins, respectively. The formalities being completed with the Prince was driven through the parks and in the afternoon he went to Southboro, to visit St. Mark's School.

Mrs. Mollie Allen, of South Fork, Ky., says she has prevented attacks of cholera morbus by taking Chamberlain's Stomach and Liver Tablets when she felt an attack coming on. Such attacks are usually caused by indigestion, and these tablets are just what is needed to cleanse the stomach and ward off the approaching attack. Attacks of bilious colic may be prevented in the same way. For sale by all druggists.

AMERICANS IN DISFAVOR

MORGAN-YERKES FIGHT CREATES PREJUDICE IN ENGLAND.

Prominent Financiers Will Invade Western Pennsylvania.

LONDON, Oct. 30.—The Globe this afternoon, commenting on the "tube" railroad debate in the House of Commons yesterday, says: "Last night's proceedings were a melancholy foretaste of what we are to expect under the rule of American capitalism. The real sting consists in the fact that American syndicates should have been allowed to fight over the body of the London citizen."

The paper attributes the present condition of affairs to the apathy of British investors but declares it is "better to muddle on, overcrowded and badly served as we are, than to place our means of locomotion in the hands of trans-Atlantic jobbers."

In conclusion the Globe urges the government to control the "tubes."

The other afternoon newspapers comment on the situation in a similar tone. Many technical points have been raised through the battles of the Yerkes and Morgan syndicates to secure control of traction matters in London.

BIG MINING VENTURE.

Pittsburg, Oct. 30.—Work has just been started on a most important mining venture in Western Pennsylvania.

Cuffey & Queen, the well-known oil producers, associated with the old Carnegie Steel Company interests have formed the Great Lakes Coal Company, with \$5,000,000 capital; have acquired 5,000 acres of coal land near Brady's Bend, have begun the operation of 10 large mines and will open five more, giving them a daily output of 12,000 tons. It is the intention of the Lakes to enter aggressively in the Great Lakes coal trade during the coming Spring, and preparations have already been made to stock the coal and ship it at the opening of navigation to Connetquot Harbor over the Pittsburg, Desermer & Lake Erie Railroad.

Over 100 men have been put to work constructing 18 miles of what will be a 50-mile line from Red Bank to Newcastles, a thoroughly opening the Monster tract. It is the expectation that this road, known as the West Allegheny, will become an important link in the Pennsylvania system to relieve the freight congestion of the Pittsburg district.

ELECTRIC TRUST FAILS.

High Price of Raw Material Makes It Impossible to Deliver Goods.

NEW YORK, Oct. 30.—Frederick A. Day, of Elizabeth, N. J., has been appointed Receiver of the American Electric Supply Company, a combination of plants and factories supplying nearly everything needed for the complete equipment of electric roads. The action was taken at

the instance of F. C. Hollings, a creditor to the extent of \$25,526. The increase in the price of raw material, which made it impossible to deliver goods on long-time contracts at the prices at which the company was taken, said to be responsible for the trust's failure after a brief career.

The company was incorporated last June under the laws of New Jersey, with a capital of \$1,000,000. The concern acquired the Union Railway, Power & Electric Company, the Morris Electric Company, the Falcon Electric Manufacturing Company, the Electric Motor Specialty Company, the Fountain Manufacturing Company, the Metropolitan Switchboard Company, and the Federal Manufacturing & Specialty Company, all of New York. It operates an extensive plant at Ampere, N. J. The company also controlled a plant in this city.

Receiver for Michigan Lumber Firm.

GRAND RAPIDS, Mich., Oct. 30.—Robert H. Munson, of the Hall & Munson Company, of Bay Mills, was today appointed receiver of the company by Judge Warty, and his bond was fixed at \$75,000. The company operates several mills at Bay Mills, and is capitalized at \$400,000. Its assets aggregate \$1,000,000. The action today was due to the appointment of a receiver yesterday for the Export Lumber Company, of New York, which is one of the firm's heaviest creditors.

Hearing in Gates' Fight Postponed.

ST. PAUL, Oct. 30.—Judge D. C. Beauman and A. M. Stevenson, attorneys for the Colorado Fuel & Iron Company, appeared before Judge W. H. Sanborn in the United States Court of Appeals in this city today and prayed for an appeal from the order of Judge Caldwell, who in the United States Circuit Court at Denver, October 3, 1902, appointed a master in chancery to conduct another supervision of the election of officers of the Colorado Fuel & Iron Company and to determine who had a right to vote, C. N.

Waterman, of Denver, opposed the application. The hearing was adjourned until tomorrow awaiting the arrival from New York of W. N. Hornblower, who will join with Mr. Waterman in opposing the application. The appeal is the result of a controversy between John W. Gates and his associates and the officials, directors

Lipman, Wolfe & Co.

and other stockholders for control of the fuel company.

METHODIST BISHOPS MEET

WILMINGTON, Del., Oct. 29.—Two executive business sessions were held today by the board of bishops of the Methodist Episcopal church, who are holding their semi-annual meeting in this city. Seventeen bishops were present, the only absentees being Bishops Hurst, Bowerman and Foster, who are ill. Bishops Foster, McCabe and Warren were appointed a committee to prepare an address to the Methodists of the country setting forth what has been accomplished by the 25th century thank offering movement, by which \$5,000,000 has been realized. During the course of an address tonight Bishop Moore referred to Delaware politics, and said:

"There is a silence in the upper house of Congress when Delaware's name is called that is far more eloquent than if

Revolutionists Imprisoned.

PORT-AU-PRINCE, Hayti, Oct. 30.—Forty followers of General Firmin, the revolutionary leader, and five members of the Chamber of Deputies who were left without means of support by General Firmin at Mathewon, in Agua Island, Bahama, have returned to Port-au-Prince. With the exception of the Deputies, they were all imprisoned.

The session of the Chamber of Deputies will soon recommence. General Nord, with 800 men, is expected to reach here next week from Gonaves.

Missionary Society in Session.

MINNEAPOLIS, Oct. 30.—The Woman's Foreign Missionary Society of the Methodist Episcopal church began its sessions today. The receipts of the 12 branches for the year ending October 1, 1902, were \$42,536, of which the Topeka branch gave \$20,684, and the Columbia River branch \$6800.
