MAHER-O'BRIEN FIGHT A DRAW. Six Rounds Are Sparred, and the

Contest Is Fierce at All Times. PHILADELPHIA, Oct. 28.—Peter Maher and Philadelphia Jack O'Brien sparred six rounds tonight at the Penn Art Club, with even honors. The men were in fine condition, and the bout was a determined one from start to finish. In the second round Maher floored O'Brien with a heavy right-hand blow on the jaw, but O'Brien was on his feet in an instant, jabbing Maher in the face. During the first three rounds, O'Brien took the initiative, devotng most of his attention to Maher's face. He used his left to good advantage, and occasionally varied the straight punches on the head and neck with right-hand swings to his opponent's stomach. In the fourth round there was a lively exchange of blows, Maher reaching O'Brien's jaw

Both men tried to make a finish of the last round. Maher delivered a smashing blow on O'Brien's eye, and both countered on the law. Each played for the face du ing the entire round. In the early part of the contest, Maher tried body blows, ut found them ineffective, and followed O'Brien's example by leading for the head,

UNIVERSITY OF OREGON, Eugene, Oct. 30.-(Special.)-Coach Dolph is very

busy getting the men of the University of Oregon football squad into shape for the game with the University of Oregon Med-

ical Department team on the home grid-iron next Saturday. For the past three

evenings the first and second teams have

lined up against each other, doing con-siderable bucking. One of the objects of

the management in trying the men out this week is to give opportunity to select new men to fill some of the places Sat-

arday. Captain Watts is going to play as

many new men is possible, in order to give them some actual experience, and

also a chance to show what they can do. Several of the men who played in the games with Albany and Whitman will

not go in the line-up. Hale has quit the game entirely, and he was counted on

to play at halfback in Goodrich's place.

"Pat" Murphy, it is believed, is now out of the game for the season. He sprained

his ankle severely in the Whitman game

and his physician says he must not play any more this year. Goodrich and Payne

who have not been in proper condition at

any time this season to play football, are not expected on the field Saturday, unless

LEADS IN LAND ENTRIES

OREGON IN LAST FISCAL YEAR DIS-POSED OF 1,297,632 ACRES.

Greatest Amount of Public Land Sales of Any State West of Rocky-Mountains-District Tabulations.

OREGONIAN NEWS BUREAU, Washington, Oct. 20.—During the fiscal year which ended June 30, 1902, there were more public lands entered and disposed of in Oregon than in any state west of the Rocky Mountains, and more lands than have heretofore been entered in Ore-gon in any fiscal year, save that of 18%. The aggregate area disposed of under the homestead, timber and various ether land laws, during the past year was 1.297,532 acres, as against 1.281,567 acres in Washington, and 671,327 in Idaho, California disposing of but 656,456 acres.

The amount realized from the sale of these public lands, while considerably in excess of the amount raised in 1901, was yet below the cash receipts in 1891. Not-withstanding this, Oregon again led the states west of the Rockies in the item of funds, having collected \$495,339 from cash sales, against \$446,317 in Washington, \$276,529 in Idaho and \$289,119 in California. Adding to these figures the fees and commissions collected, Oregon is found to have raised \$58,281 in the past year, against Washington's \$336,913, Idaho's \$336,062 and California's \$336,208. In 1901 Oregon raised from sales, fees and com-missions the total amount of \$404,742, Washington raised \$228,596, and Idaho

The land business of Alaska continues to be small, owing to the failure to extend surveys to that district. Last year but 1440 acres were taken up under the various laws, and but \$5797 was realized from sales, fees and commissions.
At the close of the past fiscal year the

unappropriated and unreserved lands of Oregon aggregated 31,873,671 acres, of which amount all but 8,275,711 has been surveyed. The area reserved amounted to 5,873,411, and the area appropriated 23,525,358 acres.

In Washington there were 11,673,211, acres unappropriated and unreserved, of which but 4.945.116 acres has been sur veyed. The reserved area is 10,546,165 acres, and the area appropriated 21,17,454

There has been considerable homesteading in Oregon during the past year, as shown by returns from the several land districts. In the Burns district 272 original homesterd entries were filed, for 28,984 acres; LaGrande, 1253 homesteads of 193,-053 acres; Lakeview 278 homesteads of 41,-351 acres; Oregon City 493 homesteads of 72,608 acres; Roseburg 928 homesteads of 133,969 acres, and The Dalles 1674 homesteads of 256,696 acres.

The following statement shows the total

number of entries of all kinds in the re spective land districts, with the area taken up, and the amount realized:

DELAY ON PANAMA TREATY Attitude of Governor Has Had Much

to Do With Course of Minister. WASHINGTON, Oct. 20 .- It developed today that Senor Concha, the Colombian Minister, is growing restless under the delay of his government in giving him further instructions in answer to dispatch regarding the conditions which have arisen slace the forwarding of the letter directing him to proceed with the egotiations for a treaty with the United States affeuring the right of way for the Panama Canal. The legation officials, lowever are moved to the belief that the ispatch of Secretary Hay to Minister

tions, which are delaying final action of he treaty, may be looked for. Much of the delay has been occasioned is learned, by the attitude of Governo Salazar, of Panama, who has been writlog letters to the legation here, and these more or less influenced Mr. Concha in preparing action on his instructions to rocced with the negotiations of treaty.
