#### IN ILLINOIS.

#### Both Sides Clafm Success but Say Independent Vote Is a Puzzle.

CHICAGO, Nov. 2.-The Republicans claim that in tomorrow's state election they will have 19 out of 25 members of Congress, and more than enough mem-bers of the State Legislature to elect the United States Senator who is to succeed Senator William E. Mason. The Democrats claim that they will have a few more than a majority at the joint ballot, while the Republicans assert there is no doubt whatever of at least 12 or 15. Of the 25 members of Congress to be elected in the State, the Republicans claim that they will have 16 for sure, and feel confident of getting three more. The Demo-crats claim 12. The present delegation in Congress is evenly divided-11 Republi-cans and 11 Democrats. It is practically conceded by the Democrats that the Republicans will have the majority of the Congressmen from this state. The Republican campaign managers as

sert that they will carry the County of Cook by not less than 15,000, and say they expect the plurality to be rather over this figure than under it; 25,000 is their high claim. The Democrats claim their county ticket will go in by 12,000, but the managers of both parties admit that it is difficult to make accurate predictions. It is admitted on both sides that there ill be a very large independent vote.

Only Fight Is on Van Sant, and He WHI Win With Other Republicans. ST. PAUL, Nov. 2.-Both' Republican Chairman Jamison and Democratic Chair-

The fight has been principally for Gov ernor, the Democrats virtually conceding the rest of the ticket to the Republicans and putting in their best efforts to elect L. A. Rosing to the Governorship. This fact will certainly reduce the vote for Governor Van Sant below the rest of the gress, state ticket.

The Democrats will not admit that more than six of the nine districts are Republican, cialming the others are doubtful. Governor Van Sant has sought an indorsement of his anti-railway merger fight in his speeches, but there has been no attack on his record on that question. The Legislature will have a large Republican majority in both branches, the Democrats not having nominated candidates in many districts.

MILWAUKEE, Nov. 3. - While the chances seem greatly to favor the suc-cess of the Republican state ticket tomorrow, party differences are expected to cut quite a, figure on both sides. Especially is this the case among the Repub-licans who have been practically divided for two years. Mayor Rose (Democrat) appears to be confident of being elected by anywhere from 12,009 to 17,000 plurality and General George F.
