Among the arrivals Saturday about stendy. Among the arrivals Saturday were the first new-crop navel oranges, which were put on sale at \$5.50. They came from Northern California. Receipts will not be heavy for some time yet. California grapes are still coming in by express, but they are not in the best condition, nor were the Oregon grapes received from Forest Grove Saturday. Appls are in heavy supply and are not moving promptly. Hothouse lettuce is on the market at \$1.7562 per box. Celery and cault-flower front Southern California will be in in a day or two.

Eggs are more plentiful, but there are not enough fresh ranch eggs to fill the demand. Creamery butter shows some little increase in the demand, but with the in-quiry still strong, all brands are taken on ar-

CHICAGO, Nov. 8.—Wheat ruled strong the greater part of the day, after a rather weak opening, which was due principally to the liberal Northwest receipts. Better weather than expected was also a weakening factor early in the day. A feature of the trading was the buying of over 1,000,000 bushels supposed to be buying of over 1,000,000 bushels supposed to be for the account of a leading buil. Around 74c for May there was quite general profit-taking by longs. A good export demand and prospects of a decrease in movement were buil factors.
