

SHARP PLAIN FEARED

That's Why Vargas-Santos Didn't Attend Conference.

NO CONFIDENCE IN GOVERNMENT

Harsh Measures Said to Have Been Taken When Revolutionary Leaders Submitted—Peace When Rights Shall Be Recognized.

SAN JOSE, Costa Rica, Nov. 9.—The reason why General Vargas-Santos, Military Director of the Colombian revolution, did not go to Panama to attend the conference arranged to take place today on board the United States battleship Wisconsin between representatives of the Colombian government and the revolutionists, is because the government of Colombia, according to advice received here, intended to limit the subject of the conference to the acceptance of the decree of amnesty recently promulgated by the President of Colombia, Senor Marroquin. General Santo Domingo arrived here last month, bearing peace proposals from the Colombian government to General Vargas-Santos. He was the first of his government in calling the peace conference was to establish an effective and lasting peace, which would harmonize the interests of the several political parties concerned in the revolution. The matter was discussed between General Vargas-Santos and the Colombian representative, who exchanged a number of cables with the government of Colombia, and promised to attend the conference at Panama, with General Perdomo and Salazar, of the Colombian government, and General Herrera, of the revolutionists.

At this point in the negotiations General Vargas-Santos refused to accept the proposals made through his representative here, Colombia purposed limiting the conference to the acceptance of the decree of amnesty. General Vargas-Santos thereupon refused to accept such a proposition, and decided to withdraw from the conference, which, he says, he considers a political act. At the same time the Military Director of the Colombian revolution learned that the Colombian government had issued orders to General Tovar to imprison the revolutionary general Uribe. The order was given in spite of General Uribe's capitulation to the government forces, which occurred at Rio Frio, Colombia, last month. The receipt of this news, which is considered in Colombian revolutionary circles here to be a shameful violation of public faith, further induced General Vargas-Santos not to attend the peace conference at Panama, and he issued orders to the Colombian revolutionary army to continue its warfare.

General Vargas-Santos declares he is willing to make peace, providing the Colombian government will recognize the civil and political rights of which the liberal party has been deprived for the last 12 years, but not otherwise.

After Revolutionary Fleet. PANAMA, Colombia, Nov. 9.—The Colombian government gunboats Bogota and Chicuco left here yesterday on a trip along the coast in search of the revolutionary fleet. It is reported that Captain Marmaduke, of the Bogota, has received instructions to engage the revolutionists in a decisive battle if he finds it possible to do so.

TROUBLES OF HAWAIIANS

Officer Arrested for Embezzlement of Public Funds.

HONOLULU, Nov. 9.—(Correspondence of the Associated Press.)—James H. Boyd, territorial secretary of the Hawaiian Islands, has been arrested by the territorial office, and has involved Governor Dole in another legal tangle so to his position of suspension of officials.

Boyd was in Honolulu when his chief clerk, B. H. Wright, was arrested on account of alleged embezzlements aggregating over \$800, and when Treasurer Wright was accused with absconding with \$8,000 of public money. Boyd's resignation was suspended under grave charges. Boyd returned here October 22 and was handed a letter from the Governor, notifying that Secretary Cooper would remain in charge of his department until certain irregularities had been explained. Boyd's explanations were the payment of \$800 into the department which had not been accounted for in the report submitted by Boyd by letter that his explanation of where the money had been and how it had been used during the interval when he was not in the public treasury was "entirely unsatisfactory," and asked for an immediate resignation. The superintendent's reply was a note stating that he would resume charge of his office.

As in the case of the resignation of Governor Dole placed police on guard to keep Boyd out of his office. Boyd appeared at the Capitol building and attempted to enter his office. An officer kept him out, and later he returned with his attorney and some witnesses and renewed the effort. There was a violent struggle in the corridor of the building, and then Boyd gave up. He will ask a court writ of mandamus to compel the Governor to allow him to resume charge of the office, claiming that the Governor has no power to suspend him without the consent of the Senate.

The public works department is the most important under the territorial government, carrying on large contracts and employing many men. The departmental difficulties leave the administration in great embarrassment, owing to doubt of Governor Dole's power to suspend an official. It is understood that the governor has had the situation before President Roosevelt, and may receive some instructions as to how to proceed. In the meantime Secretary Cooper is in charge of the Department of Public Works.

The Supreme Court has rendered a decision reversing Judge Little, of Hilo, to the effect that the territorial law imposing a stamp in certain documents is unconstitutional. Judge Little held that the territory had no power to impose such a tax, but the Supreme Court declares that the organic act gives the territory such power.

United States Attorney Breckons has begun suit to condemn the schooner Julia E. Whalen, in which Captain Rosehill recently made his trip to Marcus Island, in the hope of getting the Island away from the Japanese. W. C. Peacock, the owner of the schooner, is the defendant in the action, and he is charged with having sworn that he is an American citizen, in order to get American register for his vessel, when in fact he was a British subject. The sum of \$500 was demanded of him as a forfeit.

Last night saw the end of the last week of the most earnestly contested political campaign Hawaii has seen. There are practically only two parties in the field—the home rulers, headed by Delegate to Congress Wilcox, who is a candidate for re-election and is endorsed by the Democrats, and the Republicans, led by Prince

CUPID, KALANANAOLE, CANDIDATE FOR DELEGATE TO CONGRESS

It is expected here from Mexico for the purpose of having them attack the lantana, which is a most destructive weed throughout the islands, are reported to be doing a splendid work. They are on the island of Maui. They have attacked some large tracts that are overrun with lantana and are killing the weed. The lantana covers thousands of acres in Hawaii, and is almost incredible, except at very heavy cost. Professor Koebke, the Hawaiian government entomologist, is now in Mexico collecting insects.

On the list of grand jurors drawn for the November term of the First Circuit Court is the name of a Chinese, Ho Fun, said to be the first of his race to serve on an American grand jury. He is a clerk in a local bank. There is also a Chinese on the trial jury for the term.

TRIES TO BLAME ANOTHER

Negro Charged With Murder Accounts for Possession of Watches.

BOSTON, Nov. 8.—George L. O. Perry, the negro who pawned the watches taken from the murdered woman, Miss Clara Morton and Miss Agnes McPhee, declared today that the man who gave him the watches was the man who pawned them. Perry was taken to the jail in East Cambridge, where Mason, under arrest on the charge of killing Miss Morton, remained, pending a hearing in the Cambridge court tomorrow. In one of the jail corridors Perry positively identified Mason as the man who had given him the two watches. Mason by neither look nor word betrayed any knowledge of having seen Perry before. When questioned by Sheriff Fairbank, Mason merely said: "I do not know this man. I never saw him before."

During the day Chief Ryan and Officer Arty, of Belmont, talked with Perry and later State Officer New, Dunham, Dexter and others. Perry was taken to the jail. He was shown into the room where Mason and six others stood in line. Perry walked straight up to Mason, who was second in position, and pointing his finger at him, said: "This is the man who gave the watches to me to pawn."

He was about to leave the room when Sheriff Fairbank asked him if he would not like to talk to Mason, in order that he might make himself sure that Mason was the man. Perry replied there was no need of that, as he knew who the man was and had known for a long time. On being returned to his cell, Perry was confronted by three newboys, and they identified him as another newboy. Another matter at the police station was Mason's attorney. He was accompanied by a woman. This woman did not see Perry, but it was understood that she was followed by a negro in Cambridge and elsewhere, and embracing her. Mr. Wade places no faith in the statement of Perry that it was Mason who gave him the watches.

CRIMES IN THE ISLANDS

Three Burned to Death—Murder by Agreement—Capital Sentences.

HONOLULU, Nov. 9.—(Correspondence of the Associated Press.)—The tragedy, supposed to have been the result of incendiaryism, occurred here last Wednesday evening, when the home of E. B. Pratt in Nuanuan Valley, was burned to the ground, and with it his wife and daughter perished in the flames, while another daughter, Mrs. Nigel Jackson, was so severely burned that she died in a few hours of mortal suffering. The fire is thought to have been incendiary, and Nigel Jackson, husband of one of the victims, is in custody, under suspicion of having committed the deed. Jackson had just been sued for divorce.

The fire was discovered at about 2 o'clock in the morning. Mrs. Friel and her daughter, Etta, were seen at a window just as the fire was at its height, with both hands raised in the air. The firemen below urged them to jump and the youngest child did so, breaking her arm in the fall. The mother feared to make the leap, saying she was too heavy and Etta's last words were, "I will stay with you, mamma." The remains of both were found amid the ashes after the fire had burned out.

A remarkable story of murder by agreement between two Japanese has been unearthed by the finding of a woman's dead body in a cane field on the island of Maui. The woman had been killed by a man who had signed an agreement with one Pughia Kachita, whereby she agreed to leave her husband for him, with a further stipulation that if she failed to do so, he would have her killed. She had permission to take her life. She failed to keep her agreement and last Thursday she was stabbed to death in a cane field. Fugita has been apprehended and held for trial.

Tanbara Giesaburo, a Japanese, who was found guilty in the United States Court of the murder on the high seas of Captain Jacobsen, of the schooner Fred J. Gray, has been sentenced to death. He is the first prisoner to be sentenced to death in the Federal court here.

The firm of H. Hackfeld & Co. have been notified by the Federal Court that they are to be held liable for the cost of a falling and neglecting to return to Japan three Japanese immigrants, who came here and were rejected at the Custom House as contract laborers. Judge Esteve imposed a fine of \$30 in each case.

WIFE KILLED JEALOUS HUSBAND. He Was Intoxicated and Threatened to Slay Her.

BINGHAMTON, N. Y., Nov. 9.—Mrs. Enoch Hink shot and killed her husband at their home, about three miles above Fort Plain, this morning, about 4 o'clock. Hink was 53 years old, his wife 40. They have been married 23 years. For some time Hink has been jealous of a neighbor, Frank Hink, who has boarded at the Hink home. Saturday Mr. and Mrs. Hink and Frank Hink drove home alone. About 3 o'clock Mrs. Hink and Frank Hink arrived home some time previously in an intoxicated condition, quarreled with his wife, and made an assault upon her. She ran out of doors in her night clothes, hurriedly dressed, and pursued by her husband with a clasp-knife. Finally in the darkness Mrs. Hink eluded him, and going back to the house barricaded her bedroom. The charge entered Hink's breast, just above the heart, and he died within a few minutes.

SHOT AND ROBBED. Baseball Pitcher Mortally Wounded Near His Home.

POMEROY, O., Nov. 9.—Harris Alleman, who pitched in the Southern League this season, and who has signed with Cincinnati for the coming year, was shot and mortally wounded at Mason, W. Va., his home, early today. Alleman had been out with friends and was returning home. He found burglars at work in the post-office. A sentry on the outside ordered Alleman to halt. He paid no attention to the command, and the sentry fired. When Alleman had fallen to the ground, the robbers took \$50 from him.

Not Overdue. There is an old allegorical picture of a girl scared at a grasshopper, but in the present case the grasshopper is a man who is paralyzed by the man who spends a large sum of money building a cyclone. The man who spends the money is a victim of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safe-guard against cholera. The man who spends the money is a victim of cholera. This remedy is everywhere. It is the most reliable and every reliable medicine in use for these diseases. For sale by all druggists.

AFFAIRS IN PHILIPPINES

VICE-GOVERNOR WRIGHT SAYS GOVERNMENT WORKS WELL.

Better Rule Now Than When Spanish Were in Power—Islands Have a Great Future.

HONOLULU, Nov. 9.—(Correspondence of the Associated Press.)—The transport Sumner arrived here October 30, en route to San Francisco, with General A. B. Chaffee and Vice-Governor Luke E. Wright, of the Philippines, who have just returned from a tour of inspection in the islands. They passed through a terrible experience in a typhoon soon after leaving Manila. She lost one of her boats and had several damaged, and for a number of hours was in danger of being wrecked. The transport was published by the Commercial Advertiser, Governor Wright had the following to say of conditions in the Philippines and their future.

"The developments following the inauguration of the civil government of the islands have been most satisfactory. We have now civil government almost everywhere, and the people seem to be learning its advantages. The system of provincial and municipal government has worked well. During the past year there has not been a single defalcation and very few thefts. The government is strictly one of civil service.

"There is a degree of peace and safety in the Philippines now that has never reached under Spanish rule. The Spaniards used to pay the brigands to keep the peace, and we have refused to continue this system. After the passage of the Insular Constitution, and we now have 6000 of these police. We find that they are the best men for the business, and they have cleared the provinces of lawless and lawless rapacity. The service is one which appeals to the natives, for the police are chosen from the tribes where they must serve.

The future of the islands will be a great one. What is needed most are railroads, and these may be built soon by American capital. There is a trunk line on the island of Luzon now under construction, and its building will help matters greatly."

Governor Wright also said he deemed the work of the friars the best thing for the islands, and he expected that the pope would send a new order of friars to the islands to take the place of the old ones.

TO EXAMINE TERRITORIES Senatorial Committee to See if They Are Fit for Admission.

CHICAGO, Nov. 9.—Senators Beveridge, of Indiana, Nelson, of Minnesota, Dillingham, of Vermont, Bate, of Tennessee, and Hittelf, of Idaho, who are expected tomorrow night for Oklahoma, New Mexico and Arizona to investigate these territories' claims to statehood. The five senators are members of the Senatorial subcommittee on territories and it is likely that their report will have much weight with the upper House of Congress. Mr. Dillingham arrived here tonight and is a start to the committee on territories until this is done, there will be little prospect of excitement here.

Money was fairly abundant last week, rates tending to be lower.

LONDON WAITING ON NEW YORK. LONDON, Nov. 9.—The general outlook on the stock exchange here is being encouraged, but practically no business was done. The American elections, the improved financial situation in Wall Street, and the excellent traffic reports of home railroads were all quoted by the optimists as presaging a return of the market's activity, but the net result was merely some small investment buying of the best class of securities. The fact is the immense amount of stocks of every sort, which is carried on borrowed money, hangs over the market and is only awaiting a slight improvement to take profits and get clear. London wants New York to start to work on the department until this is done, there will be little prospect of excitement here.

FOREIGN STOCK EXCHANGE

Berlin Disappointed Because New York Didn't Boom.

BERLIN, Nov. 9.—The bourse here experienced considerable disappointment last week because Wall Street refused to boom up on the result of the elections and because the Deutsche Bank's increase of capital was only \$2,500,000, the bourse having expected an increase of \$7,500,000. All bank stocks rose strongly until the actual figures of the Deutsche Bank's increase were published on Friday, when sharp reaction ensued. Yesterday almost all the bank stocks closed lower than they did the previous week.

Professional speculators were more active last week and caused greater fluctuations in quotations than is usual. Attempts to entice outsiders to participate in transactions was a failure. The market gave little attention to domestic or foreign loans and its chief activity was industrial. There was a general tendency was not uniform. Iron and coal shares mostly declined several points. The Rhine Westphalia pig iron syndicate was renewed yesterday.

It is now said that the forthcoming municipal loan of Berlin will amount to \$6,250,000.

The fact is the immense amount of stocks of every sort, which is carried on borrowed money, hangs over the market and is only awaiting a slight improvement to take profits and get clear. London wants New York to start to work on the department until this is done, there will be little prospect of excitement here.

Money was fairly abundant last week, rates tending to be lower.

LONDON WAITING ON NEW YORK. LONDON, Nov. 9.—The general outlook on the stock exchange here is being encouraged, but practically no business was done. The American elections, the improved financial situation in Wall Street, and the excellent traffic reports of home railroads were all quoted by the optimists as presaging a return of the market's activity, but the net result was merely some small investment buying of the best class of securities.
