INJUNCTION MADE PERMANENT Right to Free Tuition as Soon as

Judge Morrow Intimates That Should an Appeal Be Taken the Decision Would Be Sustained-After Salt Lake Company.

SAN FRANCISCO, Nov. 10.-After United States Attorney Woodworth had concluded his argument today in the United States Circuit Court upon his pe-tition to destroy the Federal Salt Com-pany as a trust, United States Circuit Judge Morrow ordered that the temporary injunction be made permanent as to all the defendants except the Experial Salt Company, which was not shown to have been a member of the trust. Judge Mor-row intimated very broadly that, should his decision be appealed to the United States Circuit Court of Appeals, follow-ing its reasoning in the red cedar shingle trust, the tile, mantel and grate trust and the coal trust, the court would sustain the injunction. The decision kills the sait

An order was made citing the officials of the International and Crystal Sait of the International and Crystal Sait mpany, of Salt Lake, to show cause y the injunction should not be made why the injunction should not be perpetual against that firm also.

SOUTHERN OREGON COPPER. Jackson County Mine Bonded for \$20,000.

ASHLAND, Or., Nov. 10 .- (Special.)-The copper prospects near the state line, in the vicinity of Elliott Creek and Joe Creek, are still attracting unusual attention and experts are inspecting the lo-cality most industriously. George Neuber and George Walt recently acquired what have proven to be very valuable claims in that vicinity, lying just north of the justly celebrated McVey claims, which were located by Crescent City parties. Neuber and Wait have just bonded their claims to Montana people for the sum of The rainfall has been too light as yet to

start work actively at the placer mines of this section; and the miners are getting things in readiness for operations as ditches flow freely. At the celebrated Sterling mine, owned by Ankeny & Cook, the most important mine of its class in Jackson County, the Fall work is now under way. While the water in the ditches is still light, there is plenty to drive one giant and it is tearing away at the gravel fn a vigorous fashion. A few good rains will put the entire equipment of the Ster-ling mine in active operation.

Increased energy in the work has lately

manifest in the Wolf Creek district. Ditches are being enlarged, new flumes built and all the other necessary preparation made for the starting of the hydraulics as soon as the waters are plentiful Messrs. Scriber and Henderson, ho have a very promising claim in this istrict, recently put in a new arastra that will break from 12 to 18 tons of rock per day. The rock is in the nature of decomposed porphyry and quartz and is very rich. It is quite usual to take out om \$5 to \$30 a pan from this dirt. The Wolf Creek Mining & Development

Company has a large force at work on its quartz and placer properties. Besides four claims this corporation has 130 acres of valuable placer ground and splendid water rights on Wolf Creek. Much improvement and development work is be-ing prosecuted on these claims, new es are being dug and flumes built, a three ledges are being faced off preparatery to the driving of a main

J. S. Pearce recently picked up a nugget on his placer claim on Poorman's Creek that weighed over \$38. There is much coarse gold on this claim, on which the old channel has been located during past Summer. The Bachelor Mine on Sardine Creek has recently been sold to M. Ketchum. Pipe and glants have been taken to the property and piping will be started as soon as the water flows. Dur-ing the past week T. M. Reld reports an excellent clean-up at the Oregon Belle Mine on Forest Creek. Two shifts of miners are hard at work on the White Horse Mine in the Gold Hill district, running a tunnel, which has already been driven 400 feet, J. Ff. Berman has sold his Lucky Bart mine on Sardine Creek to a Callfornia company.

HINTERS' NARROW ESCAPE. Wagon Overturned in Stream and

Men Forced to Swim for Lives. ASHLAND, Nov. 19 .- (Special.)-A quar tet of Ashland hunters, consisting of Dr. R. T. Burnett, E. V. Carter, W. G. Kropke and John Churchman, who started for a duck shoot at the Big Springs, Siskiyou County, Saturday, had a thrilling and perllous adventure that nearly ost them their lives. At Gazelle, a sta-ion on the Southern Pacific Company's Railroad, they engaged a driver to take them to Big Springs. The route selected took them across a ford to the Shasta River, over which the waters of the stream usually run very shallow

The recent phenomenal rains had greatly swellen the waters of the always swiftrunning stream, and in going across the driver mistook the location of the ford, and the horses plunged into the river, where the water was over 19 feet deep. The wagon and its occupants were quickly overturned, and the five men were compelled to swim hard to save their lives. Luckily all were good swimmers. Kropke made the bank, while the others landed on an island in the middle of the where they remained for several hours until help could reach them. The horses and the wagon were carried over a mile down the stream where they were rescued by some neighboring ranchers. All the guns, ammunition and camp impedimenta were lost. The hunters returned here last evening and are being congratulated on their very narrow escape from death.

NEW SCHOOL RULING.

Pupils' Parents Move Into District. SALEM, Or., Nov. 10 .- (Special.) -- Supertendent of Public Instruction J., H. Ackerman today rendered the following decision regarding the time when a person becomes a resident of a school district, so as to entitle the children to free tuition

"The question has arisen as to the length of time required, after a parent or guardisn has moved into a school district, before such parent or guardian has gained a legal residence in such school district. In answer to this question, this department has ruled that as soon as the parent or guardian has moved into the district, with the intention of making said school district his bona fide residence, he be-comes a resident of such district at once; and, hence, a child of such parent or guardian is entitled to free tuition from

the time he moves into the school district, "In case of doubt, it would be entirely proper for the district board to require the parent or guardian to file an affidavit with the board setting forth his real intention as to residence. The intention of the parent or guardian is the controlling factor in determining his residence.

SPEAKS TO SALEM STUDENTS. Congressman Tongue Delivers Ad-

dress on Intellectual Strength. SALEM, Or., Nov. 10.—(Special.)—Congressman Thomas H. Tongue addressed the students of Willamette University in the chapel this evening. The theme tellectual strength by hard work. He said that neither the wealth nor influence of parents can make a young man or woman successful, but success depends upon the persevering effort of each for himself The tree that grows in the sheltered valley falls easily before the gust of wind, but the tree that grows upon the mountain side, where it is buffeted by the storms of Winter, gathers strength to withstand the strongest blasts. Hard study is the secret of success in any intellectual undertak-ing. The address was listened to with close attention and several outbursts of eloquence were greeted with applause.

The question for the Oregon debate war sent to Eurene today. It was: "Resolved, That tribuna's should be established with power to settle conflicts between capital and labor which affect public interests." Oregon must choose a side and return their decision to Whitman in two weeks, The debate between the two societies will also be on this question.

Whitman will be conched this year, as formerly, by Rev. Austin Rice, formerly leader of the Yale team in the Yale-Harvard debate, and by Professor Bratton, of the department of mathematics, and in addition to these Professor Hendricks, of Whitman, a former intercollegiate debater on the University of Toronto team, will assist in coaching the teams. Whitman is very hopeful over the prospects of this year's debating season.

time early in December. — Whitman is in good shape in the debating line this year, having five of her old intercollegiate debaters back. "Hez" Brown, the star debater of the school, and probably one of the best college debaters west of the Mississippi, has been a Whitman intercollegiate debater for four years: Palmer was on the Moscow team year before last, while Chittenden, Guy, Galloway and Baldwin were among last year's debaters. George Marquis, who led the Pullman team last year, and W. W. Johnston, of the Moscow team, did not return to school this year. There is much promise in the new material which Whitman has; also Brainard, Campbell, Ringer

and Cox are all debaters of experience.

A new feature this year is the appointment by the executive committee of the Associated Students of a business manager for debates and oratory. Robert L. Ringer, who so successfully managed the Idaho debate last year, was appointed about a month ago. Showing Some people begin to show age before

Age. to show age before the meridian of life is reached, or they have lived out half their days. They are prematurely gray, haggard and sickly, and seldom free from an ache or pain of some description. Cold feet, chilly sensations, stiffness in

muscles and joints, weak stomach and poor digestion, lack of energy, and drowsiness, nervousness, etc., show that old age has been reached ahead of time. Bad blood and weak circulation more often produce these miserable feelings and signs of de-

cay than anything else. An inherited taint or poison of some descrip-tion is at work in the system, causing stagnation and a general unhealthy condition of the blood; and this, and not the weight of years, is drag-

ing you down to an untimely old age and making life a protracted torture. For purifying the blood and toning up the circulation nothing is equal to S. S. S. It removes from the system all the waste matter that has been accumulating for years, and makes the blood rich and pure,

stimulates the appetite and digestion, and

invigorates the entire body. S. S. S. is a purely vegetable remedy, and the best purifier and tonic for old people, and those who are beginning to show age because of the run down condition of the blood. With rich, pure blood there is no reason why old people should not retain the happy disposition and buoyant

spirits of youth.

Now and again there is an item in the newspapers concerning the birth of a puny baby so small that a quart cup puny baby so small that a quart conholds it comfortably. If the article told all the facts it would probably tell also of a mother who in weakness and misery had looked forward to the baby's advent

with shrinking and fear. To have fine, healthy children the mother must be healthy, and it is the

common testimony of mothers that the use of Dr. Pierce's Favorite Prescription not only promotes the mother's health but also gives her strength to give her child.

"Favorite Prescription" accomplishes these results by tranquilizing the nerves, promoting a healthy appetite, and giving refresh-

MOT A RELIEF BUTACURE

Dr. C. A. Perrin, Helenia, Montz;
I wish to thank you for my relief. I was suffering agonies from piles and was making morphine to relieve me, when, on the advice of a friend, I procured a bottle of your Perrin Pile Specific and took a table-spoonted at night and another in the morning. At half-past twelve mean my wife gave me another tablespoonted, when my pain all stopped. In two days I was able to attend my regular business entirely relieved. It was simply wonderful.

Truly yours,

JULIUS MEYHOEFER.

Furrier, Helena.
