SUE ON HOP CONTRACTS

LILIENTHALS BEGIN SUIT IN UNITED STATES COURT.

D. W. and R. S. Stearns Are Charged With Breaking Contract to Sell at 12 1-2 Cents on 27-Cent Market.

Albert Lillenthal, of New York, and Philip N. Lilienthal, of San Francisco, have begun suit in the United States Circuit Court against D. W. and R. S. Stearns, of Oakland, Douglas County, Or., and also a separate suit against A. F. Stearns, of Oakland, for damages caused by the defendants' alleged breaking a contract for the delivery of their crop of hops at the stipulated price of 12% cents per pound,

In the case against D. W. and R. S. Stearns the plaintiffs estimated the crop at 20,000 pounds, and on March 19 made a contract with the defendants to pay 12% cents per pound for their entire crop. Another contract was signed April 17 allowing 12% cents. Twelve hundred dollars was advanced to care for the crop, but when the hops were harvested the defendants refused to sell. As the crop amounted to 39,000 pounds, and as the price is now about 27 cents per pound, Lilienthal Bros, ask for \$5551, with 6 per cent interest since November 15, the date when the contract expired.

The case against A. F. Stearns is practically the same. His crop amounted to 15,000 pounds, and the plaintiffs ask for

HOLDS ONE WITNESS ENOUGH. Andre Sears Therefore Grants Divorce to Thomas Nicholas.

Judge Sears decided yesterday that there was no binding rule that a Judge cannot grant a divorce on the uncorroborated tes-timony of one witness, and entered a de-cree in the case of Thomas Nicholas ainst Druscilla Nicholas on the ground

Judge Sears stated that the rule requir ing corroboration did not exist except in the ecclesiastical courts. It did not exist in the courts of the United States, nor in England. The court referred to Bishop's work on marriage and divorce, where it is stated that the practice of requiring corroboration was never adopted in Eng-land or the United States. Judge Sears, cussing the question, said where the witness was a person of high character, whose evidence was believed, and not contradicted by another witness, the di-verce might be granted, but this practice would not be adopted. The court would be slow to grant a divorce under such circum-stances, and would refuse in 19 out of 20 cases. Attention was called to the fact that in a number of states corroborative evidence has been required, and while not provided directly for by the statute of this state, it has been insisted upon by the courts.

Nicholas came here from Texas, Mo. where his family still reside. He and his wife are said to have had a serious disagreement, and he settled \$12,000 upon her before he came away. His testimony was that she abandoned his home.

Is Not Gulliy of Murder. Ung Gow, tried for the murder of Lum was acquitted by the jury which the case. The verdict was returned tried the case. The verdict was returned at 19:39 o'clock yesterday morning, after deliberations lasting for about 18 hours. Judge Frazer called the jury in when court convened, stating that he hoped they would be able to reach a verdict, as another trial of the case would entail a large expense, not only on the county, but on the defendant as well. He asked the jurors to retire once more to the jury-room and see if they could not agree. The jury had stood for some time 10 to 2 for acquittal, and in less than an bour two obstinate men agreed on acquit-

Fault on Both Sides. PORTLAND, Or., Nov. 18.—(To the Editor,)+Some few days ago there appeared in the editorial columns of your an article criticising the who graduate from the High School of Portland as not being able to spell or express themselves intelligently, espec-ially in making application for a posi-

ture to say that the article has taken two of the very worst applications out of the ones received, and if the truth were known these two applicants in question have never seen the inside of a High School. The average business man cannot dictate an intelligent letter, except in any old way, leaving the young stenographer to decipher it out as est she can. I have never had a High School education, and, in fact, was thrown out in the world on my own resources when quite young, thereby being de-prived of a thorough education. Peo-ple are apt to be a little hasty in ridiculling others, thereby showing their own weak points. It will be well for some of the business men to devote a part of their time toward improving their education instead of ridiculing the young men of today. I can state as a result of my experience that the property of the property o of my experience under the emplor some of the "business men," ti youth, fresh from school, no matter how well versed he may be in the correct use of the English language, is apt to lose much of what he has learned by a

year or more's contact with some of these illiterate business men. In my struggle for an education I considered myself handlcapped by working for business men who though prone to snap up others for their little faults and deficiencies, never conceived the idea of how much they particularly lack in a knowledge of the proper use of our lan-guage. Will Be Flercely Fought. The hearing of the case of Abe Tichner, charged with assault and battery on F. It had been set for yes-terday forenoon, but the jury asked for by the defendant could not be got to-Henry McGinn, attorney for Mr. Tich-

ner, as soon as the court opened, moved for dismissal on the grounds of want of jurisdiction. He held that, according to the recent amendment to the law govern ing Justice Courts, cases must be tried in the district in which the parties reside, and cannot be heard in a neighboring court. W. N. Gatens, Deputy District Attorney, held that the amendment referred to by Judge McGinn did not apply to criminal cases, and called attention to the law. Justice Seton said he was satisfied the East Side Court had jurisdiction. and overruled the motion to dismiss.

Judge McGinn then asked for a jury. R.

A. Wilson, H. H. Crosier, E. A. Phitney, A. Wilson, H. H. Crosler, E. A. Pminey, E. H. Virgil, J. C. Jameson and J. Shau-nessey were drawn.

It is evident that the case will be hotly contested by the prosecution, Judge Mc-Ginn asked that a record be made of his motion to dismiss, and Justice Seton ordered the clerk to make the entry. A well-attended meeting of the residents of Milwaukie was held in the Town Hall Monday evening to consider the matter of bringing Minthorn springs water to the schoolhouse, and also for general use in Milwaukle. F. H. Lechler, the chairman, made a short talk detailing the purpose of the gathering and setting forth the need of better water for the schoolho Following there was a general discussion of ways and means of getting Minthorn springs water. It was decided to investigate the probable cost of piping it to the schoolhouse. A committee was appointed to look into the matter. On the result of the investigation will depend whether the water will be brought in or not. It seemed the consensus of opinion that it would be a good thing for Milwau-kle to get a supply from Minthorn springs.

SOUTH MOUNT TABOR CAR LINE. Survey Made for Extension of Haw-
