TRINIDAD, Colo., Nov. 18. - Four masked robbers held up passenger train No. 7, on the Colorado & Southern Railroad, 12 miles south of here today. One of the robbers was shot by Express Messenger H. W. Sherwick, of Fort Worth, Tex.

The robbers fingged the train, and as it slowed up they ran alongside of the en-gine and covered the crew with revolvers. They then compelled the engineer, John Guitfril, to alight, and, after placing a sack with dynamite under the baggage car and attaching a fuse to the explosive, they ordered Guilfril to ignite the fuse. This he attempted to do several times, but for some reason the fuse would not

During this proceeding the robbers kept up a fusillade of shots in the direction of the train, for the purpose of intimidat-ing the passengers. While they were pre-paring to rearrange the dynamite and fuse, Messenger Sherwick, after extin-guishing the lights in his car, quietly opened a side door in the car far enough to admit a gun barrel, and fired at the nearest robber. The latter fell in his tracks, His startled companions picked him up and quickly disappeared in the woods near by. None of the passengers were moiested. PLOT TO KILL THE PRESIDENT. Bo Says a Woman Whose Sanity Is

Questioned. NEW YORK, Nov. 18.-Mrs. Lena Doxhelmer, who says that until she became a member of the First Methodist Episcopal Church at Hoboken two years ago she was associated with an anarchistic society of that place, and whose mental balance is questioned, is reported to have related to the Mothers' Club and the paster of her church a story of alleged anarchist plotting against the life President Roosevelt. According to Mrs. Doxheimer, there has been in the last four months three persons assigned to the task of "removing" the President. One of these, a Frenchman named Melove, she says, she persuaded to return to Paris, where he was killed by a street-car. She professes to believe that he put himself in the way of death in order to spare his relatives the humiliation of re-garding him as a suickle. According to Mrs. Doxheimer's statement, the assassin's task was assigned to a man living in Avenue B, in this city, who a few days later died of poison, self-administered. The last of the three designated for the murderous work, Mrs. Doxheimer alleges, was a Mrs. Schweder of Herley. was a Mrs. Schroeder, of Harlem, who also ended her life by means of poison. Mrs. Doxhelmer asserts that among the plotters were several millionaires. Her conception of what constitutes a million-aire is indicated by her statement that these men "owned houses." Mrs. Dox-heimer says that recently she has been bader suspicion of her former anarchistic

HERR KRUPP IS OFFENDED, Socialist Organ Published a Story About Him and He Seeks Redress.

BERLIN, Nov. 18.-The seizure by the police of Saturday's issue of the Voerwarts, the Socialist organ, for publishing an article strongly reflecting upon Herr Krupp, the richest man in Germany, is likely to be followed by an extraordinarily sensational trial, as it is said today that Herr Krupp intends to bring criminal pros-ecution against the paper. The publication referred to was made Saturday, and the seizure of the undistributed portion of the edition Monday was followed by a search of the Voerwarts office for the manuscript of the article in question, which was a column in length and contained what purported to be the details of the Italian police investigation into the charges made. The Berlin police, during the domiciliary visit, forced the desks of several members of the Reichstag, among them being Herr Babel's. This, the Voerwarts avers, is contrary to the constitution, and will be a matter to be taken up later.

An acquaintance of Herr Krupp says the

latter had been aware since July that a mallclous story was in circulation, and added that it was the result of a conspiracy of hotel-keepers at the Island of Capri, where the great gunmaker has a residence, and who, supposing him to be about to build a modern hotel on the island where he has expended several million marks on his villa and grounds, determined to drive him from the place. Herr Krupp has a taste for beautiful hotels, and has built model inns at Kiel, Essen and other places in Germany. What began as a project to make Capri distasteful to Herr Krupp demisled, but Herr Krupp designs taking immediate steps toward legal vindication.
