

PROBABLY AN ACCIDENT

AMERICAN DOCTORS TAKE THIS VIEW OF MRS. GORE'S DEATH.

In Harmony With the French Experts—Consult Gowdy Takes Charge of Deceased's Effects.

PARIS, Nov. 25.—In spite of the rigid secrecy which has been maintained by the officials and by the commission of American doctors concerning the result of the autopsy conducted by the latter on the body of Mrs. Ellen Gore, it is learned from an authoritative source that the doctors tend to the acceptance of the theory of an accident, and the probabilities are that their official report will strongly incline to that theory, if it does not positively establish it.

After the post-mortem examination held this morning the American doctors arranged to have a consultation later in the day, in order to draw up their official report, but this conference was postponed, owing to the indisposition of one of the gentlemen. Meanwhile the doctors were interviewed by a representative of the Associated Press, but they positively declined to make any statement as to the results of the examination. It is clear, however, that the American doctors are impressed with the thoroughness with which the French surgeons investigated the case, and they are not inclined to raise a professional issue. At least two of the American doctors hold outlight to the accident theory, and they will seek to have that view incorporated in the official report. The grounds for this conclusion are the following: The French experts exhibited at the morgue this morning a geometrical design, in which one line showed the direction of the bullet from the revolver as it struck the floor, and another line showed the victim in a leaning position, fitting at the foot of the bed, as had been described by the physician. The angle of the bullet wound tallied exactly with the geometrical design based on De Rydzewski's statement, and the American doctors verified this. The fact that the direction of the wound was almost parallel with the earth is accounted for by the leaning posture of the victim. The doctors regard this design as almost equal to a mathematical demonstration.

Consult-General Gowdy continues to take the depositions of all witnesses. The "Empire tonight" says that the activity displayed by the Russian colony on behalf of De Rydzewski which stimulated the American officials into a counter activity on behalf of the late Mrs. Gore.

The provisional release of De Rydzewski yesterday is considered as establishing the view of the Russian authorities of the innocence of the Russian. It is held under surveillance, and if he attempts to leave this city he will be liable to arrest as a fugitive from justice. The American officials do not expect that De Rydzewski will be further actively prosecuted, although he probably will be arraigned later on the minor charge of having possession of a revolver and of carelessly participating in the circumstances which caused the death of Mrs. Gore.

Mr. Gowdy received from the State Department today a request from Mrs. Gore's relatives to take possession of her effects. Accordingly, he took charge of two trunks, a good deal of money and little jewelry. The articles showed the simple, refined tastes of the deceased. The burial place of the remains of Mrs. Gore has been chosen by the State Cemetery, owing to its being non-sectarian. Mr. Gowdy has leased a lot there for five years, during which time the relatives of the deceased will decide whether they will remove the body to America.

Mrs. Gore Feared the Russian.

CLEVELAND, O., Nov. 25.—A letter written by Mrs. Nellie Gore from Paris under date of November 7, has just been received here by Mrs. J. D. Slater, the aunt of Mrs. Gore. The communication contained no mention of De Rydzewski, but told of Mrs. Gore's daily life in Paris. She said that she had been working hard in her studio, that she arose at 9 o'clock every morning, practiced her music for two hours, and then took a long walk and returned to her work. She was seldom away from home during the past month. Then she had gone to the opera in company with a New York piano man. Mrs. Slater said that De Rydzewski was infatuated with her niece, but she was certain that he had never proposed marriage. She said Mrs. Gore had written that she feared him. Mrs. Slater further said that Mrs. Gore was the possessor of about \$20,000 in Mexican money, and that Mr. and Mrs. Gore were the founders of the American colony in Mexico City.

Railroad Money for School Fund.

INDIANAPOLIS, Nov. 25.—The state won the long-fought case against the Vandalla Railroad in the Supreme Court today and the school fund for the Havana route will be taken to the United States Supreme Court and the State Supreme Court reversed, will receive an addition of \$68,000. The Marine Supreme Court is affirmed and the Vandalla must pay the judgment of \$92,966. Of this sum W. A. Kachan, ex-Attorney-General, and other attorneys employed by him, will receive 25 per cent. The suit was brought for the purpose to be due the school fund under the charter to the road in 1847.

Strike Is in Control.

WASHINGTON, Nov. 25.—A cablegram received at the State Department today from Minister Squires at Havana reports that the government is taking a firm stand and that the strike situation is better. Senator Quesada, the Cuban Minister, talked over the situation with Secretary Day today. The conditions are being watched with the closest interest, as it is believed that the ability of the Cuban government to maintain law and order and adequately safeguard the heavy investments of foreign capital at Havana is about to be subjected to a severe test.

Two Captured Steamers.

PANAMA, Nov. 25.—The government steamer Chacabuco arrived here yesterday with two steamers laden with hides, which she had captured. She reports having left the government cruiser Borzota at the entrance to Pedregal, the port where the revolutionary fleet now is, and that the commander of the British cruiser Phaeton had had time to communicate the news of the peace treaty to Captain Narmadake, commanding the Bogota.

WHITMAN'S GREEK CLUB

ONLY ORGANIZATION OF ITS KIND IN THE NORTHWEST.

Object to Diffuse a General Knowledge of Hellenic Literature, Language and Life.

WHITMAN COLLEGE, Walla Walla, Nov. 25.—(Special.)—A unique organization, and the only one of its kind in the Northwest, is the Greek Club of Whitman College, Walla Walla, Wash. This club was founded on March 19, 1902. Its purpose is broad, being the diffusion of knowledge bearing upon Hellenic literature, language, life, history, geography and archeology. Any student of Whitman College may become a member of the club. The only requirement is that each member shall during the year read the club some paper which is the fruit of original investigation along the lines upon which the club is founded.

Professor Anderson, of the department of Greek, is the founder and moving spirit of the club. The club meets on the third Tuesday of every month. At the first meeting last year President Penrose gave a critical lecture on "Plato's Republic." There have been two meetings so far this year. At the first of these, in October, Professor Lovell, director of the conservatory of music, talked on "The Music of the Ancient Greeks." The last meeting of the club was Tuesday afternoon. The principal feature of the meeting was Professor Anderson's paper on "The Ancient Greek Games and Their Modern Revival." This paper was an interesting description of the ancient games, a comparison of these with their modern revival, and ended with a hopeful prophecy of what their revival means to athletics. Professor Anderson then spoke of the great revival of the games in 1896 at Olympia, in which athletes from all parts of the world participated.

MEETING OF OREGON TEACHERS.

State Association Now in Session at La Grande.

LA GRANDE, Nov. 25.—(Special.)—The State Teachers' Association convened here today for a three days' session. The meetings were opened today in the auditorium of the public school building. President P. L. Campbell, of the State University, spoke on the subject, "The State Course of Study for Grades Above the Eighth." S. Y. Gillan, of Milwaukee, then presented a paper on geography in a very clever manner, and, after some discussion on this subject, Mr. Gillan gave a paper on arithmetic.

Name Council Candidate.

ASTORIA, Nov. 25.—(Special.)—The Republican city central committee held a meeting this evening and appointed James J. Robinson as a candidate for Councilman from the Third Ward to fill the vacancy caused by the withdrawal of George Nelson. No action was taken relative to naming a candidate for City Attorney.

Wiprut; Marshal, A. J. Tupper; Councilmen—First Ward, W. H. Craven; Second Ward, J. W. Kirkland; Third Ward, William Ball. Another convention is called for tonight, when an opposition ticket will be put in the field.

Madam La Bonta Is Arrested.

SAN FRANCISCO, Nov. 25.—Madame La Bonta, who is wanted at Butte, Mont., in connection with the murder of Dr. Caley last October, was arrested here this afternoon. At first she denied her identity, but afterward admitted it. In an interview she stated that Dr. Caley was killed as the result of the accidental discharge of his own pistol, and that she merely indulged in a friendly scuffle with him.

Corvallis Circuit Court Adjourns.

CORVALLIS, Nov. 25.—(Special.)—The Circuit Court adjourned this morning after a session of only a day and a half. The principal case before the court was the injunction brought by the Oregon-Pacific Colonization Company to restrain Benton County officials from selling lands of the company for delinquent taxes in past years, aggregating in all more than \$3000.

New Willow Creek Mines.

PAYETTE, Idaho, Nov. 24.—(Special.)—William Perry has returned to Payette from the new Willow Creek mine district in Oregon, where he is interested with Messrs Lyon and Russell. Mr. Perry brought back some very fine specimens and says that the district will prove a good one and will contribute a large business to Huntington and Baker City.

Lane County Board of Equalization.

EUGENE, Nov. 24.—(Special.)—The Lane County Board of Equalization, composed of County Judge H. R. Kincaid, County Clerk E. U. Lee and Assessor D. P. ORDER AGAIN IN HAVANA

GENERAL GOMEZ TOOK PART IN SETTLEMENT.

Interviewed Employers and Then Gave Strikers a Piece of His Mind—Test of Government.

HAVANA, Nov. 25.—The Central Labor Union tonight decided to call off the strike, and committees were appointed to inform the various unions of this decision. There probably will be a complete resumption of work tomorrow. Much of the credit for the settlement of the strike is due to General Gomez, who headed the committee which consulted today with the officials of the Havana Commercial Company against whom the strike was first directed. After the conference General Gomez and the majority of the committee expressed themselves as satisfied with the stand the company had taken. The officials maintained that they had not discriminated against Cuban apprentices, the fact being that the company's books showed that over 90 per cent of its apprentices were Cubans. The company would maintain and even increase this ratio, but it refused to treat with the Central Labor Union in matters pertaining to its employees. The officials said that they were always willing to meet a committee made up of workers from their factories, and they agreed to open the factories again if the men returned to work.

Rewards for Collins' Slayer.

DENVER, Nov. 24.—Governor Orman announced tonight that tomorrow he would increase the reward offered by the state for the murderer of Manager Collins, of the Smuggler-Union mine, to \$2000. His original offer was \$1000. The authorities of San Miguel County have already offered \$2500, but will increase their offer to \$10,000.

Cut It Down One-Half.

Since Governor Geer has refused to listen to the plaintive appeal of Portland for an extra session of the Legislature to appropriate \$500,000 of state funds for the Lewis and Clark Exposition, let the people of that city who are connected with the management of the Fair become a

Little more modest in their demands.

Let them ask for a reasonable appropriation at the hands of the Legislature, one that will be proportionate with the benefits to be derived by the state at large, say \$250,000. Such an appropriation will very likely meet the approval of a majority in both houses, and will be sanctioned by the people generally throughout the state. It will receive attention early in the session, and a referendum vote will hardly be demanded.
