## **BIG TEAMS TO MEET**

Multnomah and Oregon Are Ready for Gridiron Battle.

> ORTHWEST FOOTBALL TODAY.

Multnomah and Oregon, at Portland. Washington and Pullman, at Seattle. Dental College, and The Dalles, at

Albany and McMinnville, at Albany. Corvalits and Pacific, at Corvalits. Whitman and Idaho, at Walla Walla.

Everything is in readiness for the big Thanksgiving day football game between the Multnomah Amateur Athletic Club and the University of Oregon. The colleglans arrived in the city at 7 o'clock last evening, and went directly to the Hotel Portland, where they are resting in antictpation of the hardest game of the season. The visiting team was met at the Union Depot by a large delegation of students from the law and medical departments of the university, Captain Roy Kirkley and a number of M. A. A. C. men. College yells rent the air as the 'varsity lads alighted from their train and started up Sixth street.

The Oregon eleven is composed of a husky lot of fellows, and from the strong determination written on their counts-nances it is evident that they are out to win. Several of the players are well-known in Portland and football critics say that the team, taken as a whole, is one of the best ever turned out at Eugene

### OREGON WILL FIGHT TO WIN.

the field the players will know that they have been in a game, and the hardest, fiercest game ever played on their field. I am no prophet, but I know that peither side has any cinch, and to defeat the Oregon eleven Muitcomah will have to play harder and faster football than ever before in the history of the club. Oregon will fight to win, and will be prepared to take dvantage of any of the fumbles or flukes that contribute to a score. Aside from a few hard bruises, my teamnates are in good condition and ready H. L. Watts, of the University of Ore-

The visiting eleven is accompanied by Head Coach M. F. Dolph, Assistant Coaches Ziegler and Jakway, Managers Wright end Graham and a hundred or more Oregon students, who have come students are very reticent about venturing information concerning the prowess of their eleven, but one and all say that it is the open of any collegiate organiza-tion in the Pacific Northwest today. They hoot at the idea that the Pullman-Washington game, to be played in Seattle today, will decide the Northwest cham-plonship, although they do not claim the honor for Oregon.

There was an air of confidence around , the M. A. A. C. clubhouse last evening, The general opinion being that Multnomah will win by a narrow margin, In age experience and general style of play the club eleven is one of the stronges ever turned out in Portland, despite the fact that it is rather short on avoirdupols, Bishop, Kerrigan, Pratt, Cook, Mc Millan and Captain Kirkley can be de-pended upon to make good advances with the ball, while Keller, Valentine and Van Voorhis are giants in the line. Plowdir Stott is a sure man at quarterback, and always gets into the plays.

Several small bets were made around town last evening, the odds being in fawor of the clubmen. The field will be in excellent condition

During the past few days the good weather had dried out the tain coating of sawdust that has been ground into surface during the past season, and the little rain that has fallen has kept secoming loose and dusty. It is better drained this year than at any time before, and on the whole is in tip-top shape. A force of special officers will line up along the sides to keep the excited crowd back, so that all those in the grand-stand may get a good chance to see what is going on without their field of vision ng interfered with

Oregon will probably have a bigger crowd of rooters and enthusiastic sup porters in today's contest than ever The medical department will be out in full force and the law department, besides the many alumni that are now in Portland. The local school boys generally favor the collegians, as many of their old teammates are now on the Eugene eleven. Dolph, Chandler, Jordan Frizzell are Portland Academy alumni, Kerron comes from the High School Coach Zeigler has been at the Hill Mili-tary Academy, and the Portland friends these men will make a big crowd of About 150 students came from rooters. Eugene, a larger number than has ever accompanied the team to Portland on any other Thanksgiving contest. The leader of the Oregon rooters requests that his leather-lunged followers assem-ble at the head of Morrison street at

The Multnomah rooters have been drilling hard for the big game, and they will be out in force today. There are over 130 of them in the rooters' chorus, and they are all provided with tin trumpets and megaphones to help along in rais-They will meet this afternoon at 1:45 at the club and get together, so that there will be no difficulty about their getting seats in the grandstand. They will occupy the south end, seats reserved for them, and as they have all had song cards learning va rious ditties, a goodly racket may expected by the attending crowd.

The teams will line up as follows: .. M. Pratt 18 Average .

MULTNOMAH MEN IN GOOD SHAPE.

The Multnomah men are in good shape, and will put up the best game they are capable of. I don't know how the Oregon men will show up at the game, but I think we stand a good chance to win, and every man on the team will play his hardest. I realize that Eugene will have good men to buck against but we have won before and we should be able to do so again. -Coach George McMillan, of the M. A.

Scott played a good defensive game, but when it came to advancing the ball, they were not there with the goods, their team work being broken and irregular. The Academy team was in good shape, and allowed the ball to be advanced on them but once during the entire contest, while on the offense they were in every play

The first touchdown was made one minute after the game was started. Wood going around right end for 50 yards, and later, the score stood 6 to 0. The other score was made in the first half, Chal-mers being sent over the line. Fenton failed at the goal, and the score stood 11 to 0.

The second half was devoted to a defensive game on the part of Bishop Scott. Several times the ball was worked close up to the sufall yard lines, but Swope was always able to kick out to the center of the field. A number of punts were exchanged toward the last, both Fenton and Swope showing up in

## CORNELL NOW CHAMPION

WINS INTERCOLLEGIATE CROSS-COUNTRY RACE,

Best Time Was Six and a Half Miles in Thirty-five Minutes-Four Col-

NEW YORK, Nov. 26 .- Cornell won the intercollegiate cross-country champion-ship today, and the individual honor went to A. C. Bowen, of the University of Pennsylvania. The race was decided over the steeplechase course of the Morris Park racetrack in Westchester. The runners, or rather all those who finished covered the course five times, the entire distance being about 6½ miles. Bowen's time for the run was 25 minutes, and Prochet was just one second behind. R. E. Williams was third at the finish, and in fact all through the contest the race was between these three. W. B. Schrett, K. Woodward and T. Newman, all of Cornell, finished fourth, fifth and sixth, as the first three to finish were from dif

ferent universities.

The score by points was counted on the positions in which men finished. White of Cornell was ninth in the order at the finish, so that Cornell had the lowest total, 24 points; Yale was second, with 30; Pennsylvania third with 53; Harvard fourth with 39, Princeton fifth with 75, and Columbia last with 111 points.

## PACIFIC-CORVALLIS GAME

Congregationalists Expect to Keep

Score Below 70 to 0. PACIFIC UNIVERSITY, Forest Grove Nov. 26.-(Special.)-The football team will leave tomorrow morning for Corvallis, where they will play the Thanks-giving game. There has been little practice this week, and the team is ahead of where it was when it met Eu-gene last Friday. Unless the new men prove surprises, it is likely that the line up will be weakened somewhat by the addition of subs. Fletcher is out of it for good on account of his shoulder, Smith will be away, and although both their places will be filled by men who have played all season, should any more men go out, recourse will have to be had to the second team, whose men are rather new, but none the less promising. Shannon, who plays surprisingly well for his first year at the game, will go, as

also will Faulkner, who showed up well at the opening of the season in the only games he played, his weight only being against him. Gwinn, who snapped his collar-bine in practice earlier in the season, may play again tomorrow, as he has recovered. The men hope to keep the score down below 70.

SALT LAKE-LOS ANGELES

the road would be advanced approximately 10 per cent. This will make the wages conform with the new Chicago wage scale. The advance is voluntary on the part of the road. Several hundred men are benefited by the increase.

Arrangements for Using Santa Fe Tracks to Get Into Arizona-

CHICAGO, Nov. 26.-Senator Thomas Kearns, of Utah, and Richard C. Kerens, of St. Louis, have held a conference here on matters connected with the San Pedro. Los Angeles & Salt Lake Ratiroad. That part of the road now built connects with the Santa Fe at Redlands, Cal., and our trains will run over the Santa Fe track to a point in Arizona, where we will have another junction for the line from the North

"In Utah the arrangements are to ac quire by lease or purchase what is known as the Oregon Short Line and thus get an independent entrance to Salt Lake City. It is understood by all the parties interested that no parallel lines shall be con structed in that region.'

Ment and Provisions.

WASHINGTON, Nov. 26,-The Michigan Central today filed with the Inter-Commerce Commission and Chicago, making an increase of I cents in the export rate on provisions and of 5 cents for dressed meats, both for domestic uses and export. The new tariff will be effective January 1 next. The tariff on provisions is thus raised from 25 to 29 cents per 100 pounds, and on dressed meat from 40 to 45 cents. The domestic rate on provisions remains as at present.

The increase means a difference of some hundreds of thousands of dollars to shippers. It is expected that all the other roads in the Central Freight Association territory will, under the agreement which is understood to have been reached by the roads, file similar tariffs and increases in other articles.

Britt went at his man like a wild beast, putting right and left to the law. They fought hard till the sound bell, with Erne fighting gamely. Britt now seemed to have the most steam, but at the close both were

perceptibly weak.
Round 7-Britt came up looking determined and appeared stronger. He drove Erne backwards with a left to the body, and followed it up with right and left swings to the jaw. Erne fought back gamely, but it looked as if he was going to the ground. Britt floored Erne with a left to the jaw, but the Buffaloan came up. Britt uppercut Erne with a hard left and again sent him to the floor.

The knock-out blow was a tremendous left-hand blow on the solar plexus. Erne groaned perceptibly upon receiving the blow and tottered to the floor a beaten man. He tried to rise as the fateful seconds were counted, but the effort was unsuccessful.

## Winter Eczema

OR TETTER Is one of the many varieties of that tormenting disease called Eczema. It slumbers through the summer and breaks out in winter. The head, feet and hands are the parts most often attacked, though it sometimes appears on other parts of the body, the skin hardens, cracks open and bleeds, while the itching and burning is at times almost unbearable. Scratchinonly makes it worse, sores and scabs forming where the skin is broken.

In this form of Eczema brownish white

crusts sometimes form which scale off SKIN CRACKS in fine particles, leaving the skin raw AND BLEEDS and inflamed. It is

especially painful and severe when confined to the hands, which often become so badly affected that the sufferer is unable to perform the lightest work. This, like all other types of Eczema, is due to acid poisons in the blood and not to local causes. The trouble is more than skin deep, and washes, soaps, powders and salves nor anything else applied to the surface can possibly do more than soothe the burning and itching or relieve temporarily the inflammation and pain.

It is the acids thrown off by the blood and which are forcing their way through the pores that cause the skin to harden, crack and bleed, and produce the irrita-

tion and soreness.
S. S. S. neutralizes these acid poisons and cleauses the blood of all irritating substances and humors stances and humors and does it promptly and effectually.

S. S. S. purifies and invigorates the thin acid blood, and builds up the entire system; then the unsightly eruption and sores heal, the skin becomes smooth and soft, and all signs of the Eczema disappear. Our special book on Skin Diseases free.
