St. Louis Reformer Secures Denny's Conviction.

SENTENCE IS TWO YEARS

Butler, the Political Boss and Convicted Hoodlum, Goes His Bail, Judge Ryan Reversing His Former Decision to Accept Him.

ST. LOUIS, Dec. 5.—After two days of trial, Charles J. Denny, the millionaire brewer and director in the Suburban Street Railway Company, formerly a member of the House of Delegates, charged with perjury in connection with the Suburban bill boodle deal, was found guilty early this evening and his punishment fixed at two years in the penitentiary.

The only defense offered by Judge Krum, attorney for Denny, was testimony in behalf of the defendant's good character. Denny tonight gave bond pending a motion for a new trial. Edward Butler, who was recently convicted at Columbia, Mo., on a charge of bribery and has appeared in his case, was also made into court to answer to a new information, Judge Ryan ruled that as Butler was under conviction of a crime, with a punishment of three years' imprisonment attached, he had forfeited his legal rights and was civilly dead.

Today Judge Ryan stated he was in error in his decision, and therefore reversed it, restoring Butler to his full rights as a citizen. He then accepted Butler as bondsman.

REASON FOR KAISER'S VISIT

Tariff Questions Coming Up With Russia and United States.

BERLIN, Dec. 5.—The reason that the government came to terms with the majority parties in the Reichstag on the tariff bill was because it learned that Russia would denounce the commercial treaty before the year's end, hence the necessity for getting the tariff bill passed as quickly as possible, in order to have a basis on which to negotiate a new treaty. The government was also extremely anxious to get the treaty ratified by the present Reichstag, and remove the tariff and treaty questions from the realm of practical politics before the general election of June. In order to do so more

effectively, indications point to the government's intention to bring up some military question, like the appropriation for the improvement of the artillery, on which the election fight will be made. Baron von Heyl-Herrnsheim, Count von Kanitz and Baron von Wardorf, together with 64 Conservative, National-Liberal and anti-Semite members of the Reichstag, introduced a resolution today directly aimed at the United States. The resolution asks Chancellor von Bulow, before renewing the commercial treaties, to serve notice on any country not giving German goods fair reciprocity treatment that the existing most-favored-nation provisions would be discontinued in its case when the general commercial treaties are renewed.

Liberal critics point out that if the above leads to a tariff war Germany will get worsted, since the United States is able to get manufactured goods from England and France, which Germany is now supplying, whereas Germany must have American raw materials, petroleum, etc. The majority parties introduced an amendment to the rules designed further to suppress obstructionists by limiting all kinds of questions of order to five minutes, and also empowering the president to refuse the floor at his discretion to members wishing to speak on such questions. The Conservative papers have been reviewing the history of American parliamentary practice, showing how filibustering has been wholly eliminated from the House of Representatives.

The House adjourned to Tuesday, owing to Monday being a Catholic holiday.

MEDICS TO MEET DENTALS

RIVAL TEAMS TO BATTLE FOR GRIDIRON HONORS.

Both Elevens Have Trained Hard for the Contest and Have Stars in Their Line-Up.

The game this afternoon between the Medics and the Dentals will be called at 3 o'clock sharp, on Madison-Square field. Both teams have been hard at work during the past week, and the game will be one of unusual interest. Both teams are composed of men who have had much practice and training on the grid, and as the spirit of rivalry which has existed between the two schools has been intensified by the long delay in making the final arrangements, the play will be hot blooded. There will be many stars in the contest, Ziegler, the crack end of the University of Oregon team, and a member of the All-Pacific Coast team last year; Templeton, one time full-back of the university team;

FRESHMAN PLAYERS WILL LEAD PACIFIC

University in 1903.

PACIFIC UNIVERSITY, Forest Grove, Dec. 4.—(Special).—At a meeting of the football squad last evening, M. L. Barnet, 1902, was elected captain of the team for next season. Although it is rather unusual to give the honor to a freshman, Barnet has played a star game this season at half, and deserves the position. In backing up the line on defense, he has done more than his share of the work, and has always played a gritty game. No one knows what kind of a team Pacific University will have next year, but it is a certainty that more beef must be had if anything is to be done. That the football season is over for this year was emphasized by the departure of Coach McFadden this week for California. Before he left he was tendered a spread by the Glee Club, of which he was a member.

FIELD GIVES A LECTURE.

English Paper Explains Move of New Henley Rule.

LONDON, Dec. 5.—The Field this week discusses the proposed new Henley regatta rule against professional coaches, and calls attention to the fact that the rule is not intended to apply to amateur scullers. The paper thinks that it was the attitude of the American crew that provoked the proposal, and, while admitting that the rule might have a salutary effect on the whole it inclines to the hope that the Henley stewards will not sanction it, because the rule would supply the Americans with a new grievance. At the same time, argues the paper, by compelling amateurs to depend on their resources, the rule would tend to improve American rowing.

Offer for Corbett-McGovern Contest Acceptable to Managers.

DETROIT, Dec. 5.—The Metropolitan Club of Detroit has agreed to put up a \$2000 forfeit for the Young Corbett-McGovern fight for January 3, and Sam Harris, for McGovern, and John Conditine, for Corbett. It is said, however, that the local club's proposition to give 60 per cent of the gross receipts. Mayor Maybury said tonight: "If the provisions of the fight are according to law, I see no reason why there should be any interference from the Detroit authorities. With the men well trained, it seems as though such a contest should occasion less comment than a contest between greenhorns who might not be able to stand a good, stiff punch."

"Certainly, Front!" and a boy was called and instructed to attend to the matter. "He is not alone in his class. There are hundreds of men just like him. They are respectable, and in no way offensive, but they enjoy a lot of hotel privileges for nothing so long as they finally look upon them as 'vest rights'."
