DIVINITY OF "SPOT"

Her Dog the Central Idea in Mrs. Tingley's Religion.

SHE STARVES THE CHILDREN

Dr. Anderson Says She Thus Tries to Subdue Their Animal Nature and Make Their Souls Appear—She Is a Seceder From Theosophy.

SAN DIEGO, Cal., Dec. 23.—In the Tingley-Times libel suit today the deposition of Dr. J. A. Anderson, of San Francisco, once a member of the Tingley cabinet, was finished. Anderson described his initiation into the society of the Lost Mysteries of Antiquity. He said all who were present sat on canvas and were supposed to be taking part in a very ancient ceremony. All were dressed in light muslin costumes and the rite was solemnized in the open air. Describing the initiation, Anderson said it consisted chiefly of Mrs. Tingley's telling of her dog "Spot" and what the dog had done. Then Mrs. Tingley ate some fruit, which was supposed to be a very mysterious symbol, and a part of the high initiation which was taking place. Anderson then told how he was made a member of the Order of the Rising Sun—a son of the rising Sun. The chief feature of this initiation was, he said, that each candidate held a sunflower. There was another order known as the Ancient Order of Scribes, which was very high.

Anderson related in some detail what Mrs. Tingley had said about the dog "Spot." Mrs. Tingley, he said, had related how she was very blue and cast down and that "Spot" had gone to a heap of letters on the floor and picked one from Dr. Allen Griffin, which greatly comforted her. In describing the ceremonies, the deponent said there were a great number of them. In some, those who took part went about barefoot, but they varied so that it would take much time to describe them.

Looks Queenly in Purple.

Anderson said when Mrs. Tingley went to welcome her visitors she wore a large purple robe that gave her a queenly appearance. Describing the sacred costume, such as was worn to welcome a bridal couple married at the homestead, Dr. Anderson said it was something like a skirt, but rather longer. "The one I wore," he said, "was like a wrap belted at the waist. Men and women wore about the same." All those who took part carried limelights in order to read improvised parts and responses to the ceremony, which took place at night and was supposed to be one of great antiquity."

In reference to the food of children, the deponent continued:

"The little tots were fed principally on bread and milk, a suitable food, I suppose. They seemed to have sufficient. I am referring to those from a year to two years old. Those, Mrs. Tingley told me, she had great trouble with, because of Dr. Woods (Mrs. Tingley's physician). He would not fall into line with her ideas as to food. She said he desired to have them fed, while she desired to have them starved first, because they could more quickly kill out the lower animal nature in such children. She believed in giving them very little food, and the doctor protested. This she told me directly and personally."

As to parents being separated from children, Anderson said: "I know of one instance in which they were separated. It was a matter of discipline."

Parents were permitted to see their children once in two weeks. Of course, there were exceptions, but he said that was the rule. Mrs. Tingley's reason was that parental favoritism and parental law interfered with the proper development of the children, and were things to be avoided as much as possible.

Starving the Children.

Referring to the discipline of children, Anderson averred: "She takes away their food—that is, she orders them away from the table and orders them to cease eating if they do anything that she does not want; that is contrary to the rules. I have seen that and know that they were deprived altogether of a meal for the time being. I did not watch very closely, because it was considered a matter of impertinence almost to question her on any of her methods or to observe things too closely."

Reverting to the feeding of the babies, Anderson said: "I was going through the grounds once with Mrs. Tingley. We came to the babies and one was only a few days old. She was explaining her methods, starvation—withholding the food. She said in one case she withheld the food 24 hours. The child was about one year old. She said that the children's lower nature was subdued and broken; that the quickest way to bring it about was to adopt the course of withholding food until the child came to its senses—until its soul appeared."

In reply to a question touching the status of the institution at Point Loma, Anderson said:

"Truthfully, it is not a theosophical society at all. It is a seceded movement from the theosophical society—a branch."

He said he left the Universal Brotherhood because Mrs. Tingley had substituted her will for the institution. As to writings that had been prepared for publication by Mrs. Tingley's manager, he said they were rejected by Mrs. Tingley because he would not acknowledge her as divine, as others did.

POWER FOR CONNECTICUT

Big Plant on the Housatonic Will Supply Many Firms.

NEW YORK, Dec. 23.—Work has just begun at Bull's Falls, on the Housatonic River, three miles below Kent, on what is to be the largest water power plant in this state, says a dispatch to the Tribune from New Haven, Conn. A dam 200 feet long and 20 feet deep is to be constructed across the Housatonic, and an immense water storage reservoir built. The water from this reservoir will be conveyed about two miles through a canal to the power-house, where there will be a fall of 116 feet. This canal will be partly blasted through solid rock, and will be 30 feet wide by ten feet deep. The plant will generate 7000 horse-power when run at its full capacity.

The plan is to generate electricity to sell over a wide area of Western Connecticut for manufacturing purposes, town and city electric lighting and trolley and third-rail roads. It will be possible to transmit the current as far as Derby and possibly Waterbury. The work involves the outlay of nearly $2,000,000. It is planned to build distributing stations and to light several of the largest cities of the Natutauk and Housatonic Valleys, with the ultimate object of attaching Bridgeport.

RIGHT OF COMBINATION.

St. Louis Court Says it Belongs to Both Capital and Labor.

ST. LOUIS, Dec. 23.—"Capitalists have a right to do as they please with their money, so long as they do not become public charges.

"A man without capital may labor, or refuse to labor, so long as he keeps out of the poorhouse.

"Capitalists have the right to combine capital in productive enterprises and by lawful competition drive individual producers and small ones out of business.

"Laborers and artisans have the right to form unions and fight this combination of capitalists by lawful means."

This statement of the right of combination on the part of capital and labor was handed down by Judge C. C. Bland, of the Court of Appeals, today, in a decision in favor of Joseph E. Walsh, who sought an injunction to prevent members of the Master Plumbers' Association from combining in the refusal to sell him supplies because he was not a member. Judges Barclay and Goode concurred in the decision, which was a reversal of the decision in Judge Wood's court. The case was remanded to Judge Wood, who had denied an injunction asked for by Walsh, and the right of answer is left to the association.

The Appellate Court, while holding that the association should be restrained, as Walsh asked, refused to dissolve the organization, as he had requested in his petition. It was stated that the association was lawful.

BRIDGEWORKERS STRIKE.

Question of Overtime Causes Conflict—New York Subway Affected.

TRENTON, N. J., Dec. 23.—Four hundred employes of the Trenton works of the American Bridge Company, who inaugurated a strike last night, did not report for work today. The men have gone on strike because one of their number was discharged, they claim, because he had refused to work overtime without extra pay.

The American Bridge Company posted notices this afternoon to the effect that the men who had quit work might consider themselves discharged. The men held a meeting tonight and decided not to return to work unless their discharged colleagues were reinstated.

International Delegate Fitzpatrick, of the Bridgeworkers Union, reported that he had tied up work being done by the American Bridge Company on the subway in New York City.

Wells-Fargo Raises Wages.

NEW YORK, Dec. 23.—The Herald says that employes of Wells, Fargo & Co. to the number of over 6000 will have their salaries increased from 5 to 10 per cent, the increase to date from December 16. The increase is spoken of by the officers of the express company as a readjustment of the scale of wages, but virtually in the readjustment the salaries are raised.

TOWBOAT IS BLOWN UP.

Captain and Fireman Mangled and Vessel Sunk.

NORFOLK, Va., Dec. 23.—Two men were killed and another fatally injured in an explosion of a boiler of the towboat Lizzie Massey on the southern branch of the Elizabeth River this evening. The dead:

George M. Williams, captain.
William Byman, fireman.

Fatally injured:

Samuel Dunn, engineer.

The tug was towing the lumber-laden barge Maple from the Richmond Cedar Works to Norfolk, when the accident occurred.

Captain Williams, who, with Dunn, owned the boat, was thrown 50 feet into the air and horribly mangled. Byman was blown into pieces. The boiler was blown through the top of the boat and landed some distance away in the river. The tug immediately sank in 15 feet of water.

It is reported that an unknown man employed in the barge also was killed.

MORE DEATHS FROM WRECK.

Total Due to Byron Disaster Now Reaches Twenty-Seven.

FRESNO, Cal., Dec. 23.—A telegram just received from Dr. Gardner at the Southern Pacific Hospital in Oakland, announces the death of J. S. Carroll, of Fresno. This makes the death list of the wreck 26.

SAN FRANCISCO, Dec. 23.—Lee Sou, a Chinese woman, injured in the railroad wreck at Byron Station, died tonight in the Southern Pacific Hospital. This makes the 27th death caused by the disaster.

"Hoodoo" Engine Spreads Death.

BUENA VISTA, Colo., Dec. 23.—The boiler of Rio Grande locomotive No. 711, pulling a freight train, exploded this morning six miles east of Buena Vista, killing Engineer George Miller, fatally injuring Brakeman V. A. Potter and badly burning Fireman W. S. Newby. The explosion was caused by the water becoming too low in the boiler. No. 711 has long been known as a "hoodoo" engine, having injured many men.

Perished in the Storm.

KIMBALL, Neb., Dec. 23.—John Cotte, a prominent ranchman, is believed to have perished in the recent storm. He left the ranch Friday to look for some stray cattle, and has not been heard from since. His horse returned Sunday.

Suffocated by Coal Gas.

RACINE, Wis., Dec. 23.—James Peterson, a widower, aged 52, and his daughter, aged 15, were found dead today at their home, having been asphyxiated by coal gas escaping from a stove.

Survivors Improve Rapidly.

BOSTON, Dec. 23.—Most of the survivors of the crews of the schooners Frank A. Palmer and Louise B. Crary, which were sunk off Thatcher Island last Wednesday in collision, were today reported to be improving rapidly.

CASTLE OF THE KING OF SAXONY AT DRESDEN.

LATE HOME OF FUGITIVE PRINCESS.

KILLS HIS OWN BROTHER

TERRIBLE MISTAKE OF A FARMER IN ONTARIO.

His Detroit Brother, Come to Pay Christmas Visit, Is Shot in Belief He Is Burglar.

BRADFORD, Ont., Dec. 23.—Wesley Watson, of Detroit, was shot and killed by his brother Samuel at Middleport, near this city, today. The brothers, Samuel and James, ran a farm near Middleport, and the third brother, Wesley, lived in Detroit.

Last night Wesley came home unexpectedly, it is supposed, to spend the Christmas holidays. The brothers at home, both men over 80 years of age, heard him approaching the house and became possessed of the fear that they were about to be attacked by thieves. They ran upstairs, and, getting out of a window, went to the home of a neighbor, where they spent the night. They returned today armed with a shotgun.

Wesley had gone into the house, and, finding no one there, went to bed. When his brothers opened the door of the room in which he had been sleeping, he raised himself in the bed. Failing to recognize his brother, Samuel fired, killing him instantly. Recently the two men had been attacked by burglars.

CROSSLAND HAS A FIGHT

American Minister to Liberia Both Pugilist and Diplomat.

WASHINGTON, Dec. 23.—It is learned at the State Department that leave of absence has been granted to J. R. A. Crossland, United States Minister resident and Consul to Liberia, and that upon his return to this country he will tender his resignation. Minister Crossland was appointed to his post from Missouri in January last, and his conduct has been under investigation owing to a personal encounter between himself and one of the officials of the Monrovian Legation. There appears to be a state of affairs in existence at Monrovia that was not acceptable to the State Department, and therefore a change in the mission will be made.

Question of Frills in the Army.

WASHINGTON, Dec. 23.—The special Army board on the new Army uniform has decided in favor of the use of the blue facings for the uniforms instead of white facings, as had been suggested. The action of the board was based mainly on the fact that many officers had gone to the expense of having their new uniforms made with the blue facings in conformity with the original action of the board, and it was thought that the work had gone too far to justify a change simply to gratify a taste in the matter of color.

There is a strong sentiment in favor of white facings in the Army, despite the action of the board, and the matter will not be settled until passed on by the Secretary of War.

Signal Service Needs More Men.

WASHINGTON, Dec. 23.—At the instance of General Greely, six men of the Signal Corps have been ordered home from the Philippines, having served more than three years in the islands. It is with difficulty that these men can be spared, there being only 45 signal men in the archipelago, but as three years in that climate entitles men in other branches of the service to a return home, it is the wish of the chief signal officer that the same rules should apply as far as his limited force of men will permit to the Signal Corps. In his annual report General Greely makes urgent recommendations for an increase in the Signal Corps because of the demands both in the Philippines and in Alaska.

New Evidence Against Clayton.

WASHINGTON, Dec. 23.—Senator Penrose, of Pennsylvania, today forwarded to President Roosevelt some evidence bearing upon the charge made last Winter against Ambassador Clayton, the representative of the United States in Mexico. The new evidence is in the form of affidavits that Ambassador Clayton is the owner of certain specified shares in the Carmen Mining Company, a Philadelphia corporation doing a mining business in Mexico.

Message From Tsi An to Roosevelt.

WASHINGTON, Dec. 23.—The Secretary of State is preparing a suitable response to a special message to the President from the Dowager Empress of China. This message was personally entrusted to Rear-Admiral Frederick Rodgers, recently detached from command of the Asiatic station, and was returned to the President last week.

Fake Lottery in New Orleans.

WASHINGTON, Dec. 23.—Having been informed by the Consul of Costa Rica in New Orleans that a lottery under the name of the Loteria de la Beneficencia Publique, of Carrillo, Costa Rica, has been advertising by means of circulars as being established there, the Costa Rican Legation sees proper to state that no such lottery exists in any part of that country.

Mrs. Roosevelt Sees "Hamlet."

WASHINGTON, Dec. 23.—Mrs. Roosevelt, accompanied by Commissioner of Civil Service Proctor and Mrs. Proctor, Miss Ethel Roosevelt and Kermit Roosevelt, occupied a box at the new National Theater tonight to witness E. H. Sothern's performance of "Hamlet." They frequently applauded the strong features of the acting. A brilliant audience was present.

Generals Back in Washington.

WASHINGTON, Dec. 23.—Generals Corbin and Young, who have been visiting friends in Ohio, returned to this city today and resumed their duties at the War Department. General Chaffee, who was with them part of the time, went direct to New York.

New Treatment for Consumptives.

NEW YORK, Dec. 23.—A dispatch to the Tribune from New Haven, Conn., says the tuberculosis hospital which there has been talk of building near this city for some years is to be built within a short time, recent gifts of land on Woodbridge Heights having assured the success of the undertaking. The hospital will be run mainly on the fresh-air theory. Until now Connecticut tuberculosis patients have had to go to the New York uplands or West for treatment, but Connecticut physicians have believed for some time that the hills of this state have offered just as high and dry a climate as the resorts in Saranac and in Colorado. The experiment will be watched with interest by students of tuberculosis.

OF TWO OPINIONS.

(Continued from First Page.)

recognize the Calvo doctrine. The position taken under this idea is entirely erroneous. If a sovereign state makes a contract with an individual and controversy arises between them as to the terms of the contract, it is ridiculous to assume that the sovereign state—one of the parties to the contract—has the right to sit as a court and end a quarrel in which it is itself a party. That doctrine will have to be abandoned by all countries that have taken it up, as all foreign nations will insist upon the right to intervene in behalf of their subjects.

"Since our decision was rendered, President Diaz, of Mexico, one of the most capable executive officials in any Latin-American country, has decided a case involving $2,000,000. In this decision he ignored the Calvo doctrine. President Diaz' position is a very important precedent and I expect that the belief of the Latin-Americans that they can uphold the principle of non-intervention will not last very long."

SHOULD GO TO THE HAGUE.

Administration Anxiously Awaits British Reply to That Suggestion.

WASHINGTON, Dec. 23.—Great Britain's response to the President's suggestion that the issues involved in the Venezuelan troubles be referred to The Hague tribunal for arbitration had not been received in Washington up to 9 o'clock tonight. It is expected the first thing tomorrow morning, the delay in transmitting the reply, which is presumably quite long, no doubt being due to its reduction to cipher.

The Administration is anxious that the whole matter of the settlement of the question shall go to The Hague tribunal in preference to the President acting in the capacity of arbitrator.

ONLY PALTRY QUARREL.

Liberal Leader Says Alliance Is Endangering American Friendship.

LONDON, Dec. 23.—Speaking at Dunfermline tonight, Sir Henry Campbell-Bannerman said there was no excuse for the government in having allowed Great Britain to "glide" into the present position in Venezuela. "It is a paltry quarrel," asserted the speaker, "with a disrupt, distracted and rickety state; if ever there was a case for arbitration, this is one."

Sir Henry had only condemnation, he declared, for those who, by their "rasping, writing and gibes, had fomented discord between Great Britain and Germany." The War Office, he believed, had done well in such cases where its instructions had been timely. These instructions, however, were often wrong and sometimes they were not given. He regarded with misgivings certain enterprises being conducted in different parts of the world.

Sir Henry strongly emphasized the importance of preserving the good will of the United States. He said it would require a case of the first importance to justify any action likely to alienate the good feeling and confidence the American people entertain toward Great Britain. It was not enough to be on the best possible terms or avoid actual hostilities; it was essential to the policy of Great Britain to stimulate intimate friendship, and any course which threatened in any degree the continuance of that perfect feeling of friendship, or invalidated it to any extent, was a crime not only against both great nations but against humanity itself.

PROMISES EQUAL TREATMENT.

Castro Agrees Not to Subordinate Claims of France.

PARIS, Dec. 23.—The Foreign Office has received President Castro's acceptance of the conditions of the French note. The President says France will receive equal treatment with the other powers in the settlement and payment of claims. The purpose of the French negotiations was, as previously pointed out, to safeguard French claims against being subordinated to those of the powers which are adopting forcible means for their collection. It is expected here that the United States and other powers which are not resorting to force will receive a similar assurance to that given to France.

The official view here favors, first, arbitration; second, the appointment of an international commission to execute the decision of the arbitrators similar to the commissions appointed in the cases of Egypt and Greece. In case the commission is appointed it is probable that the French claims which it had decided to submit to arbitration will be included in those to be considered by the commission.

ITALIAN IS TOO HASTY.

Forbids American Steamer to Land, but Reverses Himself.

More Warships Sent Out.

HAMBURG, Dec. 23.—The German steamer Siberia, with men and supplies for the German fleet in Venezuelan waters, sailed today.

SPEZIA, Italy, Dec. 23.—The Italian cruiser Elba sailed today for Venezuela.

Their Dates Do Not Agree.

WASHINGTON, Dec. 23.—The following cablegram was received at the Navy Department from Commander Diehl, of the Marietta, dated La Guayra:

"Germany establishes blockade of Porto Cabello on December 22, Maracaibo, December 24. Steamers from the United States and West Indies 10 days' grace, sails 20 days. Steamers from the other ports, 30 days; sails 40 days. Vessels not Venezuelan in blockaded ports, 15 days' grace."

Ambassador Tower reported yesterday, from Berlin, that the blockade of Porto Cabello would be effective December 20.

Veteran Warrior Freezes to Death.

CHEYENNE, Wyo., Dec. 23. — John Donovan, a pioneer resident, veteran of the Civil War, and Indian fighter during the early days in Wyoming, is dead at his home in this city. He had been ill for some time with paralysis, and his wife being away at the time, he made an effort to attract the attention of neighbors by throwing a pail through the window. He was unable to get back to bed and froze to death on the floor.

Whayne's Will Is Probated.

LOUISVILLE, Dec. 23.—The will of Robert C. Whayne, the heavily insured business man found dead last Wednesday, was probated today. The testator named his widow as executrix and trustee, but she declined to serve, and the Fidelity Trust Company was appointed at her request. The testator left the bulk of his estate to his widow and child, and sets aside $40,000 for local charities.

New Ecuadorean Minister.

NEW YORK, Dec. 23.—Dr. Alfred Baquerriso, Minister of Ecuador to the United States, has arrived here today on the steamer Alliance from Colon.

THOUSANDS HAVE KIDNEY TROUBLE AND DON'T KNOW IT

To Prove What Swamp-Root, the Great Kidney Remedy, Will Do for YOU, Every Reader of "The Oregonian" May Have a Sample Bottle Sent Free by Mail.

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, therefore, when through neglect or other causes, kidney trouble is permitted to continue, fatal results are sure to follow.

Your other organs may need attention—but your kidneys most, because they do most and need attention first.

If you are sick or "feel badly," begin taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

The mild and immediate effect of Dr. Kilmer's Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root will set your whole system right, and the best proof of this is a trial.

14 West 117th St., New York City.
Oct. 15th, 1901.

Dear Sir:

"I had been suffering severely from kidney trouble. All symptoms were on hand; my former strength and power had left me; I could hardly drag myself along. Even my mental capacity was giving out, and often I wished to die. It was then I saw an advertisement of yours in a New York paper, but would not have paid any attention to it, had it not promised a sworn guarantee with every bottle of your medicine, asserting that your Swamp-Root is purely vegetable, and does not contain any harmful drugs. I am 70 years and 4 months old, and with a good conscience I can recommend Swamp-Root to all sufferers from kidney troubles. Four members of my family have been using Swamp-Root for four different kidney diseases, with the same good results."

With many thanks to you, I remain,
Very truly yours,
ROBERT BERNER.

You may have a sample bottle of this famous kidney remedy, Swamp-Root, sent free by mail, postpaid, by which you may test its virtues for such disorders as kidney, bladder and uric acid diseases, poor digestion, when obliged to pass your water frequently night and day, smarting or irritation in passing, brickdust or sediment in the urine, headache, backache, lame back, dizziness, sleeplessness, nervousness, heart disturbance due to bad kidney trouble, skin eruptions from bad blood, neuralgia, rheumatism, diabetes, bloating, irritability, wornout feeling, lack of ambition, loss of flesh, sallow complexion, or Bright's disease.

If your water, when allowed to remain undisturbed in a glass or bottle for 24 hours, forms a sediment or settling, or has a cloudy appearance, it is evidence that your kidneys and bladder need immediate attention.

Swamp-Root is the great discovery of Dr. Kilmer, the eminent kidney and bladder specialist. Hospitals use it with wonderful success in both slight and severe cases. Doctors recommend it to their patients and use it in their own families, because they recognize in Swamp-Root the greatest and most successful remedy.

Swamp-Root is pleasant to take and is for sale the world over at druggists' in bottles of two sizes and two prices—50 cents and $1. Remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

EDITORIAL NOTICE.—If you have the slightest symptoms of kidney or bladder trouble, or if there is a trace of it in your family history, send at once to Dr. Kilmer & Co., Binghamton, N. Y., who will gladly send you by mail, immediately, without cost to you, a sample bottle of Swamp-Root and a book containing many of the thousands upon thousands of testimonial letters received from men and women cured. In writing, be sure to say that you read this generous offer in the Portland Daily Oregonian.

ODELL ENTERS PROTEST.

Insists That Cattle Quarantine Continue Against Connecticut.

ALBANY, N. Y., Dec. 23.—Governor Odell today telegraphed to Secretary of Agriculture Wilson, at Washington, a protest against the removal of the quarantine against Connecticut, which had been imposed owing to the prevalence of the foot and mouth disease among cattle in New England.

No Disease in the State.

HARTFORD, Conn., Dec. 23.—Regarding the announcement from Albany that the New York authorities will maintain a quarantine against cattle from Connecticut in spite of the removal of the embargo by the United States Department of Agriculture, Cattle Commissioner Averill said today that such action was entirely uncalled for. "There is not a single case of the disease in this state, and there has not been any," he said.

Cattle Disease Attacks Men.

NEW YORK, Dec. 23.—Henry F. Turner, State Cattle Commissioner, and John F. Pollard, State Veterinarian, who have been working to stamp out the foot and mouth disease prevalent here, have, according to the World's Providence, R. I., correspondent, been attacked by the disease. Large blisters have appeared on their tongues, and the other symptoms have been observed. Neither patient, however, is confined to his home, and both are believed to be out of danger.

Against Cuban Reciprocity.

SAGINAW, Mich., Dec. 23.—The Michigan Manufacturers' Association, at a meeting here today, adopted resolutions protesting against the ratification of any treaty with Cuba which reduces the present tariff on sugar.

Kentucky Feud Finished.

MIDDLESBORO, Ky., Dec. 23.—William Mills, aged 19, was shot dead last night by Christopher Turner. Turner was mortally wounded. The fight was the result of an old grudge.

Successor to Partridge.

NEW YORK, Dec. 22.—General Francis Vinton Greene was today appointed police commissioner in succession to Colonel Partridge, whose resignation takes effect January 1.

Ayer's Sarsaparilla

Pure and rich blood carries new life to every part of the body. You are invigorated, strengthened, refreshed. That's what Ayer's Sarsaparilla will do for you. Take Ayer's Pills for constipation, sick-headache, biliousness. Sold for 60 years. J. C. Ayer Co., Lowell, Mass.

DEMANDS ITS MAIL.

School of Magnetic Healing Follows Up Victory in Court.

KANSAS CITY, Mo., Dec. 23. — The American School of Magnetic Healing, known as the Wolmer School, applied to Judge Phillips today for an order of injunction to prohibit the postmaster of Nevada from interfering with the delivery of mail to the school.

Two years ago the Postmaster-General of the United States issued an order against this school and under that order the postmaster at Nevada withheld the school's mail. The school retained counsel to fight the order of the Government. An injunction was asked for against the postmaster at Nevada, but it was denied in the United States Court in St. Louis. The attorneys for the school appealed to the United States Supreme Court and there it was decided recently that the injunction prayed for must be granted because the fraud order has been issued without full investigation by the Government.

Judge Phillips today took all the papers in the case to look them over before issuing the order of injunction.

Constipation

Headache, biliousness, heartburn, indigestion, and all liver ills are cured by

Hood's Pills

Sold by all druggists. 25 cents.

There is no waste with GORHAM SILVER POLISH
Cleans as well as polishes
Most economical in use
All responsible jewelers keep it 25 cents a package

Tutt's Pills Cure All Liver Ills.

Prevention better than cure. Tutt's Liver Pills will not only cure, but if taken in time will prevent

Sick Headache,

dyspepsia, biliousness, malaria, constipation, jaundice, torpid liver and kindred diseases.

TUTT'S Liver PILLS
ABSOLUTELY CURE.
