NOT THE ARBITER
Roosevelt Declines Proposal of Allies.
THEY GO TO THE HAGUE
All Parties to Venezuelan Crisis Accept Alternative.

BRITISH ARE DISAPPOINTED
 Cabinet Decides Vexed Question, Having Assurances That Monroe Doctrine Will Not Be Involved—More Seizures of Vessels.
 President Roosevelt has declined to act as arbitrator of the Venezuelan dispute, and the allies and Venezuela have agreed to refer it to The Hague tribunal.
 The cabinet reached this decision yesterday, having assurances that the Venezuelan government would not bring the Monroe Doctrine into question.
 This news is received in London with disappointment, except by the Liberal leaders, who find in it cause of triumph over the government.
 The blockade is rigidly enforced. A ship loaded with British coal for the railroad was not allowed to land it. A vessel was sent to take the troops of an island to the mainland, as the blockade applies to the island.

WASHINGTON, Dec. 26.—President Roosevelt will not be the arbitrator of the Venezuelan controversy. The whole vexatious subject will be referred for adjudication to The Hague tribunal.
 Epitomized, this was the situation as it had resolved itself at the conclusion of the cabinet meeting today. The meeting was not so long as the sessions usually are. All the members, except Secretary Root, were present. The Venezuelan question was the principal and practically the only topic of general concern under consideration.
 Secretary Hay presented the results of his cable correspondence with the governments at London, Berlin, Rome and Caracas. In accordance with the suggestion made by President Roosevelt, through Secretary Hay, President Castro was reported to have agreed to submit the difficulties to the arbitration of the tribunal at The Hague. The European powers not only consented to submit the controversy to arbitration, but while they had expressed a preference for an arbitration to be conducted by President Roosevelt, they had assented to his suggestion that the matter be referred to The Hague.
 The presentation of the case met the hearty approval of the cabinet. No fear is expressed by the Administration that the Monroe Doctrine will be brought into the controversy in any manner that might result in an embarrassing situation for the United States. Secretary Hay is preparing a note to the cabinet in which the gratification of this Government is expressed for the course agreed upon. No intimation is given of the conditions which may have been imposed by the European powers or by President Castro as precedent to the arbitration. It is known that Great Britain was willing to submit the subject to the arbitration of President Roosevelt practically without conditions, but the suggestion made that one and perhaps two of the other powers involved proposed some conditions which might have proved embarrassing to the President had he undertaken the responsibility of determining the question.
 It is understood that some money must pass, but it is also known that the amount of cash to be required of Venezuela before arbitration is not nearly so large as had been stated. It is not possible to learn either whether the allies insist upon apologies from Castro, and while it is assumed that the blockade will be speedily raised, no arrangement to that end has yet been made.

MASCAGNI ARRESTED.
 Composer Charged With Embezzlement by His Former Manager.
CHICAGO, Dec. 26.—Signor Mascagni, the Italian composer, who abandoned his American trip while playing in Chicago last week, was placed under arrest tonight on a charge of embezzlement made by his former manager, Richard Heard.
 When Mascagni decided to return to Italy, he had no further use for his American manager and discharged him. Heard claims that his contract called for \$500, and tried to collect that amount. Mascagni refused to pay Heard any such sum, and the arrest followed.
 Mascagni was allowed to remain at the Auditorium Hotel, where he is living, the house detectives agreeing to be responsible for his appearance in court.

ponents of the government, who view it as a virtual defeat and as discrediting the Ministry. The latest phase of the Venezuelan trouble has been welcomed very lukewarmly. Arbitration by President Roosevelt has been anticipated as so desirable an issue from a difficult business that his refusal which is regarded as final, has caused great disappointment. It is foreseen that, even if satisfactory conditions to the submission of the disputes to The Hague court can be arranged, this method will entail endless and wearisome details, with no assurance that at the end President Castro still will be in power or Venezuela in the mood to abide by the decision of The Hague. In short, that element of guarantee which would have accompanied President Roosevelt's acceptance of the office of arbitrator is now lacking. At the same time it is readily admitted that, from the American point of view, President Roosevelt has acted wisely in declining to act.
 The foregoing represents the general drift of newspaper comment this morning. The daily paper which really welcomes the decision to refer the Venezuelan matter to The Hague is the Radical Daily News, which sees a chance of making arbitration once more a reputable theory, paying a tribute to the coolness of President Roosevelt and the correct attitude of the United States during this "sorry business." The Daily News says: "The Venezuelan crisis has done much to enhance Mr. Roosevelt's reputation and to bring home to Englishmen the essential friendliness of the American people."
 The Daily Mail, in a violent attack upon the government, says: "Thus ends perhaps the most ignominious episode in which Great Britain has engaged in recent years."

NO COAL TO BE LANDED.
Ship Loaded With Supply for Railroad is Ordered Away.
 LA GUAYRA, Dec. 26.—The Swedish bark Frammas, from Cardiff, with 475 tons of coal for the La Guayra-Caracas Railroad, a British concern, arrived off this port yesterday and was ordered to remain on the outside of the blockade line. Today orders were conveyed to the captain of the bark to leave. This step was taken because the coal was considered contraband of war. The vessel was not seized, as she left Cardiff before the trouble with Venezuela commenced. The captain of the Frammas is awaiting orders from his consignees.

OREGONIAN NEWS BUREAU. Washington, Dec. 26.—Beet sugar interests are not only fighting the Cuban reciprocity treaty, but have taken a hand against the reduction of Philippine duties. It is a great claim of certain beet-sugar men that an understanding was reached, when the peace treaty with Spain was ratified, that domestic interests (meaning sugar) should not be injured by any tariff concessions to any of the islands over which the United States gained control by that treaty. Some of these men are now seeking to enforce the implied promise.
 Opposition is springing up to the bill which passed the House before the holiday season, making the rate on Philippine goods 25 per cent of the present Dingley rates. The beet-sugar men have been trying to enlist tobacco-growers and manufacturers in this movement, and with some show of success. It is being pointed out that Thomas B. Reed and other protectionists of his kind opposed the treaty with Spain on the ground that it was the opening wedge which would destroy protection in the United States. They claimed that, as soon as the Philippines were placed upon an equal footing with this Government in the matter of tariff rates the protected interests would be seriously disturbed.
Cry of Cheap Labor.
 The cry is now raised that workmen throughout the country will be seriously damaged by the cheap labor of the Philippines entering into competition with them, not only upon sugar and tobacco, but upon other manufactured products, which can be produced in the islands. The Republican leaders furnished ammunition for this cry when the Porto Rican bill was uncertain and they insisted that American labor would be damaged by free trade

NEW RURAL DELIVERY ROUTES.
Tongue Secures Creation of Sixteen in Western Oregon.
OREGONIAN NEWS BUREAU. Washington, Dec. 26.—Representative Tongue, who is busy in Washington with local matters before the departments during the holidays, today secured an order for the establishment of 16 additional rural free delivery routes in the First Congressional District, 10 to go into operation February 1 and six on March 1. These cases have been held up some time because of the exhaustion of the appropriation for rural service. The routes first to be established are:
 Springfield, Eugene and Irving, Lane County; Oswego, Clackamas County; Amity, North Yamhill, and two routes at Newberg, Yamhill County; Gaston and Forest Grove, Washington County, the two last being the first routes established in Mr. Tongue's home county. The remaining routes will be at Lebanon, Halsey and Silverton, Lane County; Mount Angel, Marion County; Ashland, Jackson County, and an additional route at Corvallis, Benton County.
 This will make 60 rural free delivery routes in the First District, with 23 applications pending investigation and 11 rejected.

WANT VEST TO RUN AGAIN.
Missourians Oppose Stone for Senate, but Vest Declines.
OREGONIAN NEWS BUREAU. Washington, Dec. 26.—The opponents of William J. Stone, who seeks to come to the Senate from Missouri, have been trying to get Senator Vest to withdraw his declaration, made six years ago, that he would not be a candidate again, but would retire at the end of his present term. Senator Vest has been interviewed on this subject, and reiterates that he will not be a candidate. Many Missouri Democrats think that Stone is not big enough timber for the place, and that it would be a great drop for Missouri to have a man of his standing succeed a man with the talents of Vest. Missourians here, however, believe that nothing can prevent the election of Stone.

BEET SUGAR MEN IN ARMS
They Call Tobacco Men to Aid Against Philippine Bill.
CLAIM TO HAVE A PROMISE
All Interests Opposed to Reduction of Tariff on Philippine Products and to Reciprocity Treaties May Combine for an Onslaught.

The bill to reduce the duty on Philippine products promises to precipitate a battle with the beet-sugar interests in the Senate.
 The beet-sugar Senators claim that as an inducement to vote for ratification of the peace treaty with Spain, the Government promised that no such reduction of duties on the annexed islands should be made as would endanger home industry.
 They are stirring up the tobacco interests, to pin them in the fight on both the Philippine tariff and the Cuban reciprocity treaty.
 They also seek an alliance with the interests which are opposed to the French and Newfoundland and other reciprocity treaties.

with Porto Rico. It was well known that at that time they wanted to establish the precedent that the United States had a right to impose any tariff it saw fit upon products coming from the islands acquired from Spain. That was a part of the plan to make good the pledges that the Philippines should never be allowed to interfere with the sugar interests of the United States.
 It may be possible in the Senate to defeat such a bill, which received the unanimous vote of the Republicans in the House, and which only incurred the opposition of the Democrats who wanted to establish absolute free trade between the Philippines and this country. If the tobacco interests are aroused it may secure opposition from the tobacco-growing states, but the Senators representing these states, mostly Democrats, would be obliged to place themselves in opposition to their party in the House, as well as their own repeated declaration in favor of lower tariff duties. But it makes little difference what the Democrats do, the responsibility rests with the Republicans, and the defeat of the Philippine tariff bill, if brought about, will be through the influence of the ultra-protection Senators who are in control in the Senate.
Cuban Treaty Opposed.
 The opponents of Cuban reciprocity are finding a number of reasons why that measure should not be ratified. They claim that the treaty in regard to the admission of products into Cuba has been drawn on protective lines and say that raw materials will be admitted at a very low rate of duty, while protected articles will pay a high rate. Several instances of this kind are being pointed out and the claim made that various enterprises recently started in Cuba will be benefited, while the manufacturers in this country will receive little or no benefit. This is another blow in the direction of arousing the protected interests in this country to oppose the Cuban treaty. But unless there is a great change in the sentiment of the Senate since the question was a vital issue last summer, the treaty can be ratified.
 A movement is on foot to consolidate the opposition to the Cuban treaty, the Philippine tariff, the French treaty, the Newfoundland treaty and the other reciprocity treaties pending in the Senate, and to prevent anything being done by the Senate on any treaty which will disturb existing tariff conditions.

HELENA, Mont., Dec. 26.—(Special.)—It developed at tonight's meeting of the directors of the Helena ball club that as a result of the invasion of the Pacific Northwest by the California League a war of extermination is to be instituted against the latter which for drastic measures will stand almost unprecedented in the history of the game. The directors of the Pacific Northwest League will meet at Spokane within a week or 10 days and make effective this policy, which was outlined by one in a position to speak authoritatively to be as follows:
