TO FORGET THE PAST

Chamberlain Urges Boer and Briton to Unite.

HE STANDS BY LORD MILNER

Colonial Secretary's Arrival in South Africa Is Occasion of Popular Demonstration and Speech Advising Peace Between Races.

DURBAN, Natal, Dec. 25.—Colonial Sec-retary Chamberlain and Mrs. Chamber-lain, who left Portsmouth, England, No-vember 25, on board the armored cruiser Goodhope, landed here at 10:20 this morn-

ing. They received a warm welcome from large crowds of people.

The long speeches made by Mr. Chamberlain in the course of the recent functions were notable for their strong tone of conciliation and his expression of confidence in Lord Milner, British Commis-sioner in South Africa. Bearing in mind, seemingly, the rumors that his visit would lead to the displacement of Lord Miner, Mr. Chamberlain declared his belief that his visit would have the effect of strengthening the hand of Lord Minner, who, he hoped, would be as great in conciliation as he had been in the maintenance of the rights of the empire.

Referring to the war, the Colonial Sec-

retary said the Dutch and the British had fought in courageous rivalry. Be-tween the two races, not kindred in origin or nature, such a struggle for suprem-acy had been inevitable. From that struggle two proud and kindred races would grow in mutual respect, appreciat-ing and lasting friendship. "Victor and vanquished," said Mr.

Chamberlain, "bravely played their parts. We scorn to glory in our triumphs, the enemy need fear no humiliations in their defeat. Let us see, as Britons worthy of the name, that nothing be done to re-vive the animosities of the past. We must give our new fellow-subjects equality of position with ourselves. We ask, however, something in return; it is with them that the issue lies. We hold out our hand and ask them to take it without thought of the past, but frankly and in the spirit in which it is offered." Mr. Chamberlain elaborated his theme

with eloquence, and was loudly cheered. He announced incidentally the acceptance of the Boer officers to fight in Somali

There was no lack of amusement to aight for the holiday-makers of London, but, so far as the West End was con-cerned, no theatrical manager attempted to dispute the easy supremacy of the Drury Lane Theater, which holds this year a practical monopoly of pantomime in the production of "Mother Goose," with all the theaters' traditional spectacular gorgeousness. Dan Leno appeared in the fille role and an enormous audience tille role, and an enormous audience viewed the production. AMERICANS BUY UP LEATHER. Famine of Article Sends Up Price of Shoes in Austria.

VIENNA, Dec. 28.—The Austrian manufacturers have decided to advance the price of shoes 10 per cent on account of higher cost of leather. They claim this step is due to extensive purchases of hides in the European markets by Americans who have practically cleaned out the Con-tinental stocks. The Austrians also profess to see increased danger to the Euro-pean shoe industry from America, owing to the United States Government refunding 99 per cent of the tariff on the raw article complain that this procedure is too greatly facilitated by Secretary Shaw's order ad-mitting proof of identity by simple dec-laration instead of by affidavit.

BIG DIVIDEND PAYMENTS Amount for January Will Break All Records,

NEW YORK, Dec. 26,-As shown by the figures compiled by the Journal of Commerce of interest and dividend payments to be made in January, there is little doubt that the total disbursements at the New Year will be the largest ever re-corded. The total of payments, according to these figures, is in excess of \$132,000,000. This total is considerably larger than were the payments made in July last, when a similar compilation showed a grand total of \$123,673,353. These figures lid not include interest on Greater New York City bonds, Allowing an approxi-mate sum for this, the total for July would be brought up to a little more than \$125,000,000.
