New Plant Advance Thresher Company

J. O. Humphrey, Manager

PORTLAND, OREGON

Factory Battle Creek, Michigan

The above is an illustration of the new up-to-date Machine Warehouse of the Advance Thresher Company of Battle Creek, Mich., situated on the corner of East Second and Belmont streets, Portland, Or.

This modern Threshing Machine Warehouse is thoroughly up to date in every detail, being equipped with one of the Moon freight elevators, with a lifting capacity of 20,000 pounds, and capable of taking one of the biggest threshing rigs from basement to the upper floor, thus furnishing us with a convenience that cannot be equaled for prompt shipments.

The building has a capacity for storing 100 complete threshing outfits, besides giving ample room for work-shop and a well-equipped "extra" room, where, in the future, we will carry a full stock of all lines of extras for the Advance machinery.

The building of this house became necessary owing to the unprecedented growth of the business, which has grown in the last two years from \$50,000 per annum to a quarter of a million dollars.

The goods speak for themselves, and as a money-maker for the operator of them and the agent handling them they have no equal.

We will take pleasure in showing our agents and customers through the house when visiting the city, and are now ready to make contracts for handling our goods through Oregon, Washington, Idaho and California.

Write us for Catalogue and price list. We will also be glad to have one of our travelers call on you with a view of doing some business in the near future.

The Advance machinery has a world-wide reputation. An honest, square dealing policy with patrons and agents has given this firm the confidence of the public, and everywhere you find them loyal to their standard bearer, "The Banner Boy."

TWENTY-SEVEN YEARS PRACTICAL FARMERS

RICH WILLAM-
ETTE
VALLEY LANDS
A SPECIALTY

Farms at from \$10 to
\$50 per acre.

CARD TO BUYERS AND SEL- LERS OF GRAIN, FRUIT AND DAIRY LANDS.

The undersigned desire to inform
persons contemplating the purchase
of either grain, dairy or fruit farms
that we have had 27 years' actual ex-
perience in grain, fruit and dairy farm-
ing in the Willamette Valley, that we
are at this time large owners of pro-
ductive farms, that we are perfectly
equipped with knowledge born of ex-
perience relative to the superiority of
any one section of Oregon over any
other section, that we have listed with
us over 100 such farm properties for
sale, and that we cheerfully supply
any desired information concerning
these properties to any person calling
at our office or making mail request
for the same.
To the prospective seller we wish to

add that we have now in preparation
our annual Spring catalogue of prop-
erties offered for sale, and those wish-
ing the large advertisement this will
afford are urged to speedily report their
desires to us, to the end that we may
describe their properties in this pub-
lication. This will greatly facilitate the
disposal of such holdings, and will
advantage both buyer and seller in
making each acquainted with the oth-
er's desires. No time should be lost
in this, as we shall send the booklet
to press as soon as we have completed
its compilation.

BORROWERS OF MONEY.

Are also informed that we have am-
ple funds at our disposal to be in-
vested in farm mortgages at the low-
est rates of interest, and that we are
always prepared to care for the inter-

ests of this class of patrons of our
concern.

HEIRS OF DECEASED PERSONS

At home or in distant parts will find
us fully prepared to make quick dis-
patch in the settlement of estates,
either large or small, in a thoroughly
satisfactory manner. This we guaran-
tee. In fact,

OUR FOUR SPECIALITIES

Are Buying Farms,
Selling Farms,
Lending Money and
Settling Up Estates.
And in these we claim to be experts.
As stated, we are ourselves practi-
cal farmers, not theoretical tillers of
the soil. When we talk farm lands,

therefore, we are speaking of that with
which we are perfectly familiar, and
this knowledge should be of value to
both the prospective buyer and pros-
pective seller of Oregon farms and
farm lands. We have abundant capital
to loan—capital that seeks investment
at low rates of interest—hence we are
in position to favorably attend to the
wants of all persons desiring accom-
modations in that line.

Oregonian readers in Oregon and oth-
er states are invited to call at our
office or correspond with us. We will
gladly answer all inquiries that may be
made. We have been in the real es-
tate business for 12 years in Oregon.
We know every yard of territory worth
knowing in this neck of the woods.
We can impart information to the
stranger that he could not acquire for
himself in the travel of a dozen
months.
