His Election as Senator From Utah Assured.

KEARNS BROKE CONFIDENCE

Made Public a Private Conversation With Roosevelt, Which Helped Smoot Along-Senate Not Likely to Shut Out Apostle.

OREGONIAN NEWS BUREAU, Washington, Jan. 12.-Representative Sutherland, of Utah, had an extended conference with President Roosevelt today on the Senatorial contest in his state, and much was said about the case of Apostle Smoot.

The rresident is much surprised and embarrassed at the turn given his remarks by Senator Kearns a few days ago, and feels that his personal declarations were warped beyond their true intent. What he said about Smoot was personal, not an expression from him as President. He naturally expected that a personal conversation would have been treated as such.

the President's sentiments under an improper light, the election of Smoot is assured. What will be done by the Senate in the event of Smoot's election is a matter of speculation. There have been less

It is quite probable that some Senator when the 18th Congress organizes may object to the swearing-in of Smoot and a long discussion may result, but he is not a polygamist, and the same reasons do not prevail against him as against Roberts The Senate, furthermore, is less susceptible to public opinion than the House, and It is believed generally, will not refuse ot a seat merely because he is apostle in the Mormon Church.

FOR RELIEF OF SETTLERS. Bill to Allow Use and Sale of Timber

on Public Domain. OREGONIAN NEWS BUREAU, Washington, Jan. 12.-Representative Mondell, of Wyoming, today introduced a general bill repealing the conflicting and largely obsolete statutes relating to the use and

appropriation of timber on the public domain, and providing in simple terms for the free use of timber from public lands by settlers, miners, prospectors, etc., and for the sale efter advertisement of the timber from the unreserved and unappropriated public lands. It does not in any way conflict with the laws relating to the sale of public timber lands under the tim-

Under the Mondell bill, settlers, prospectors and others will be allowed to cut timber free of cost from the public domain for use for firewood, fencing, building purposes, and for development of their lands, its mineral and other resources, but one person is not to exceed stumpage 50,000 to 100,000 feet, board measure.

At present, under a decision rendered a year and a half ago, there is no way in which timber on public lands can be purchased, the department having held that the statute under which sales had been made for many years previous did not authorize such sales. At this time those oplowed, and who are not able to buy under the timber and stone act, find it impossible to secure timber legally.

KEEP GOVERNMENT TRANSPORTS. Hull Remonstrates With President Agninst Contract System.

OREGONIAN NEWS BUREAU Wash ington, Jan. 12.—Representative Hull, chairman of the House committee on military affairs, had a conference today with the President on the proposition to abandon the Government transport service on the Pacific and turn the business over to private steamship concerns. Mr. Hull is opposed to this being done, and gave his

"It would be bad business for us to relinquish our own transport service," said Mr. Hull, "and I shall oppose any effort to do so. We have the best transport service in the world, and it is much cheaper than any similar service by commercial lines would be. The fact is that we ought to hold on to these transports and keep them in good repair. We haven't too many vessels, and never know when we may need many more."

No Action on Bancroft.

OREGONIAN NEWS BUREAU, Washington, Jan. 12.-Owing to the fact that was no executive session of the Senate today, because of adjournment out of respect to the memory of Representative Tongue, no action was taken on the nomination of Fred A. Bancroft as Pogtmaster at Portland.

ARE ADMITTED AT LAST Chinese Students' Long Struggle Ends, Thanks to Miss Miner.

WASHINGTON, Jan. 12-Kung Helang Hasi and Fel Chei Ho, the Chinese stu-dents whose expulsion by the Treasury Department has excited the interest of the missionary world, have finally been admitted to the country. The authorities at Buffalo have been notified by Com-missioner of Immigration Sargent to al-low the young men to enter that port, and they are now on their way to Oberlin and they are now on their way to Oberlin College, Oberlin, O., whither they were bound more than a year ago when they landed at San Francisco and found themselves barred by the immigration officials.

Fing and Fel were brought to the gattry by Miss Lucila Miner, the missionary. During the siege of the legation at Pekin, it is said, they rendered valuable services to the foreigners. In results

ble services to the foreigners. In recognition of this work, Miss Miner made arrangements for their reception at Oberfin. When they landed at San Francisco, however, it was discovered that they had no regular papers. They carried passorts from Li Hung Chang written in hinese, which were rejected as irregular

by the immigration officials. The only concession the authoritier would make was to take bonds for the roung Chinamen in San Francisco, pend- provement.

HOW ABOUT SMOOT? Ing the arrival of proper papers from China. The papers did not come, and Miss Miner spirited her wards out of the They were arrested and sent back to San Francisco. Again the determined missionary left the city with them, and next appeared in the neighborhood of Toronto. The president of Oberlin College made a special trip to Washington to argue with the Secretary of the Treasury for the admission of the two Chinese. Under the law, however, they could not be admitted with the papers they then held, but as soon as the proper docu-ments were received they were promptly

MAY DEPOSE PRESIDENT.

Colorado Senate Gives Strange Power to Its Secretary.

DENVER, Jan. 12 .- After the joint resdon of the Legislature this afternoon the Senate met and adopted its rules. A sensailonal feature was one making re-ports of the Colorado elections undebata-ble. Another was a rule providing that, ble. Another was a rule providing that, if the president of the Senate shall at any time refuse to submit a question to vote, the secretary of the Senate shall, upon the request of any member, super-sede the President until the question is disposed of. The Senate is strongly Democratic, while the Lieutenant-Governor is

While not inclined to talk of the interview. Mr. Sutheriand says tonight that, while the President expressed the opinion to Senutor Kearns and to others that the election of Smoot would be unwise, yet has not intended and does not now intend in any manner whatever to interfers in the election of United States Senators in Utah or in any other state.

The Legislature, in joint session, cantwassed the vote on state officers. The vote of South States of Governor stands: James H. Peabody, Republican.

THREE CANDIDATES IN KANSAS.

Legislature Meets Today to Begin

Choosing Senators.
TOPEKA, Kan., Jan. 12-The Kansas egislature will convene tomorrow noon. sation would have been treated as such.

Repeated reports from Utah received the disposition of the State Printer fight here indicate that, since the publication of and the election of a United States Senator. The Senatorial fight will be the feature of the Legislature, and little else will be done until it is disposed of. The Leland faction is divided between Gov-ernor Stanley and Congressman Chester I. Long, while Congressman Charles Curthan half a dozen cases of expulsion from | tis is the leading candidate of the oppo-

The Leland people organized the House this evening by the election of J. T. Pringle as Speaker, and this is regarded as showing to a great extent the sentiment of the House on the Senatorial question. Speaker Pringle, however, is a Curtis man by virtue of the instructions received from his constituents, and will be obliged to use his influence for Curtis in the Sen-

atorial caucus.

Curtis is now in the lead in the number of votes pledged, with Governor Stan-ley a close second, and Long third. The Curtis men have a compact organization. while the sentiment of the Leland faction is divided between Long and Stanley. The inauguration of Governor-elect Bai-

ey and other new state officers took place at the Auditorium today, beginning promptly at 12 o'clock. Governor Stanley, as retiring executive, made a brief speech, followed by the inaugural address of the new Governor, W. A. Johnston, who today became Chief Justice by reason of seniority, administered the oath of office. An immense crowd witnessed the ceremony. This evening a public reception was given at the Statehouse for the inoming and outgoing officials.

GOVERNOR M'MILLIN RETIRES. He Discusses the Trust Evils in Last

Message to Legislature. NASHVILLE, Tenn., Jan. 12- Governor McMillin retires from office this af-ternoon after an incumbency of four years and his last message was presented to the General Assembly today. On the subject of trusts the Governor

would cause them to urge the enactone person is not to exceed stumpage value of \$50 per annum, which, at the use of capital, however large the amount, for industrial development. Against this terior Department, would give them from tions to crush competition, restrict production and thereby enhance the price of necessities are prejudicial and de-mand the wisest legislation."

The message declares that to Congress must be left the application of those remedies against trusts which exist by reason of the protective tariff, but there are on the state statutes strenuous laws for the sufficient enforcement of which erating sawmills for the purpose of supplying the wants of neighborhoods and by the Governor or Attorney-General or both, acting conjointly. The message deurging all organizations of this state to facts in regard to their capitalization bonded indebtedness, receipts and expenbonded indebtedness, receipts and expen-ditures, but it will take more than pub licity to reach the root of the evil in

> Governor McMillin defends his action in refusing to call an extra session of the Legislature to deal with the contemplated railroad merger upon the ground that the exigencies of the case were not imperative and says that any consolidation of competing lines in Tennessee which would result in destroying competition could not be other than detrimental and recommends that such legislation be enacted as will best subserve the interests of the state.

An appropriation for an exhibit at the Louisiana Purchase Exposition is strongly urged.

Caucus Nominees Elected.

SALT LAKE CITY, Jan. 12.—The fifth biennial session of the Utah Legislature met at 12 noon today. Beyond electing officers and organizing for the coming session, nothing was done in either house, and adjournment was taken until 2 P. M tomorrow, when Governor Wells' mes sage will be heard. The Republicans con trol both branches by heavy majorities In the Senate Senator E. M. Allison was chosen President pro tem. Thomas Hull of Sait Lake, was chosen Speaker of the House. Both are caucus nominees. Be-yond the election of a United States Senator to succeed Senator Rawlins, little business of importance is in view at pres-

Arkansas Legislature Convenes LITTLE ROCK, Ark., Jan. 12.—The Arkansas Legislature convened today. The election of a United States Senator will

not occur for several days. Ex-Governor James B. Clarke is the Democratic nom ince, and there is no doubt of his election succeed Senator James K. Jones, Joins National Electric Society. NEW YORK, Jan. 12.-The General Elec-

tric Company of Pertland has become a member of the National Electric Lighting Association with headquarters in this city This association includes every electri-lighting and power company in the coun try. Its objects are to promote the mu-tual interest of its members by holding conventions from time to time at which opics of interest to the members are disissed and papers are read. There is said be no object of financial advantage attached to the organization. It is also

denied that the ultimate object of the as-sociation in getting every lighting com-pany into the ranks is to fix prices of lighting in cities and agree upon other lighting in cities and agree upon other matters involving the interests of the To Report on Danish Islands. OPERATING OFFICIALS TESTIFY BEFORE COMMISSION.

Miners Take Many Holidays and Limit Each Man's Day's Work-Bad Places Are Boycotted.

PHILADELPHIA, Jan. 12.-The proceedings before the anthracite coal commission consisted principally calling of the witnesses by the Delaware & Hudson Company to tell of the con-ditions existing in and about its colleries and to refute certain testimony presented against the company when the miners' side was being heard. In the absence of Chairman Gray, who is ill, Brigadier-Gen-eral Wilson assumed the duties of chair-

Abel I Culver, of New York, controller of the Delaware & Hudson Company, who was on the witness stand when the Commission adjourned Saturday, was again called upon to testify today. Mr. Culver said that the wage statements handed in on Saturday are final, and that the miners' representatives have agreed that they are a fair presentiment of their case.

General Wilson hoped that the representatives of other companies would be abl to arrive at some understanding with the miners in the presentation of statements as the Delaware & Hudson Company had Mr. Culver was cross-examined by C. S.

S. C. Rose, of Scranton, superintendent of the cond department of the Delaware & Hudson Company, who testified on Satur-day, was recalled. He stated that sev-eral of the company's colleries were flood-ed as a result of the strike of the steamen on June 2. On cross-examination.

he said he would rather let the mines fill with water than submit to unreasonable demands made by any union. He considered the strikers were dictating to the company and, rather than surrender he would let the properties

Company's Relief Fund. George Anderson, of Scranton, a clerk in the coal department of the company. esented numerous statistics bearing up issues before the Com of the statements showed that 23% of the Company's 12,258 employes have been working in or about the mines for from 10 to 60 years. He produced data showing the workings of the company's relief fund, with which more than 5000 of the company's employes are connected. workers pay to the fund one day's pay each year, the company contributing an equal amount. Men who are injured receive \$5 a week for three months and, in funeral expenses. The widows receive \$3 a week for one year and \$1 a week for The company fixed \$2 18 as the amount contract miner should contribute as a

ent showing that the 25 collieries of the company lost 368 ten-hour days in 1901, for which the employes were responsible. Of these 115 were lost on account of picnics and other holidays (not including legal holidays), 59 days on account of "Mitcheld day" and other days, and 54 days on acthe strikes. Another statement showed that since the strike ount of the strikes. ended in the latter part of October, the 28 nded in the latter part of October, the 18 the locomotive firemen employed by the ollieries lost 110 days, reducing the coal Chicago & Alton Railroad waited on

Mr. Anderson also presented a state-

The men had been requested to work on Thanksgiving day and New Year's day, but they ignored the request, he said. None of the miners worked on "Mitchell day," he added, and 12 collieries were idle the day after Christmas.

Mr. Darrow, on cross-examination, disputed the method of witness in arriving at conclusions contained in the statement. The witness said he procured most of his information regarding the loss of time from the foreman of the company and, in answer to a question by Mr. Dar-row, he said he never knew of a foreman turning in a report showing that he (the foreman) was responsible for a colliery being idle

Do Miners Limit Output?

Thomas R. Thomas, outside foreman at the Jermyn Colliery of the company, told of the difficulty he had in inducing the men to mine more coal. He produced a paper alleged to have been drawn up by local union 125, which stated that any man loading any more coal in the heading than is allowed in the chambers would be expelled from the union. Two men, he said, violated this alleged rule of the union and their tools were destroyed and one of their houses was dynamited as a result of not restricting their dally output. The two miners referred to, Michael McHale and Harry Gilbert, were put on the witness stand and cor-roborated the testimony of Mr. Thomas, who, on cross-examination, said he was always willing to meet grievance commit tees of his own employes, but he would refuse to meet officials of the union are not employed in the mine over which he had charge. He added he had never received orders from the company officials not to deal with the officers of the miners

On redirect examination, he said the contract miners averaged about four hours a day, and that he had talked with union men who said they were not favorably inclined toward the organization, but that they were compelled to belong to It.

William H. Dettrey, of Neuremburg, the newly elected president of District No. 7 of the miners' union, against whom it was testified last week that he said nonunion men should have their throats cut or should receive "a good thump-ing," was summoned to the witness-stand by the miners. He denied the charges absolutely, and several witnesses were called who corroborated his statements. Presi-dent Dettrey took occasion to say, while on the stand, that his family was annoyed and his house stoned by enemies of the union while he was away from home on business connected with the David Davis, foreman of the Langeliffe colliery, and H. T. Hughes, foreman of the Plymouth No. 5 colliery, and Fred-erick Hadman, foreman of Plymouth No. 8, all testified that since the strike of 1900 the miners and laborers do as many cars as they did prior to the strike. The men were willing, but were afraid of expuision from the union. Mr. Hughes told of how a portion of the men in his colliery struck because the com pany would not pay for standing props, and that one chamber in the mine was boycotted because it was hard work. A certain mark was placed in the chamber, he said, and when a union man was asked to work the place and saw the mark, he refused to do it. Mr. Hadman told of diffi-culties he had in filling a place where a union man had been discharged. He said it was the rule of the union that no union man should take another's place

Alton Will Not Raise Wages, CHICAGO, Jan. 12.-Representatives of

sented demands for an increased wage scale. Mr. Barrett informed them the company had increased their wages twice in two years, and said he could not prom ise them any further advance at present. He assured them, however, that should the Wabash or any of the other competi-tors of the Chicago & Alton increase wages, he would immediately grant similar concessions. The committee said they would have to consult with Grand Master Hannahan, of the Brotherhood of Locomotive Firemen, before taking final ac-tion. It is believed that a settlement will be reached at future conferences.

Santa Fe Rendy to Compromise. TOPEKA, Kan., Jan. 12.—The grievance committee of the Santa Fe conductors and brakemen organizations, in session here, were today notified by General Manager Mudge, of the Santa Fe, that Third Vice-President Kendrick would confer with them regarding an increase in wages. No action on the invitation was taken, but it is expected the conference will be held in Chicago some time next week. The men are holding out for 20 per cent increase in wages. This will not be granted by the road, but the Santa Fe is anxious to agree on a compromise measure.

DISCOURAGED

The expression occurs so many times in letters from sick women to Dr. Pierce; "I was completely discouraged." And there is always good reason for the discouragement. Years of suffering. Doctor after doctor tried in vain. Medicines doing no lasting good.

courage regained as the result of the use of Doctor Pierce's Favorite Prescription. It establishes regularity, dries unheals inflammation and ulcerention, and cures female weakness. It makes weak women strong and sick women well.

In the year 1899
I was taken sick.

"In the year 1899
I was taken sick."

Writes Mrs. Edna
Crowder, of Ripley,
Lauderdale Co., Tenn.

"My limbs ached,
had severe pains in
black and lower part
of bowels, with difficulty in urination,
and smarting a u d
medicine and four of the best doctors in the
country, until I gave up all hope of recovery.
In January, 1901, I wrote to Dr. R. V. Pietre, of
Buffalo, N. Y., and received from him a letter,
telling me to try his medicines. I took cleven
bottles, six of 'Favorite Prescription, five of
'Golden Medical Discovery,' one vial of 'Pellets,' and used one box of 'Lotion Tablets' and
one of 'Healing Suppositories,' and am now
eble to work at anything I want to. Thanks to
you for yout valuable medicine and kind advice."
