

DEATH IN SNOWSLIDE

Destructive Avalanche at Park City, Utah.

THREE KILLED, SEVEN INJURED

Shanthouse is Swept Into Valley Below—Rescuers Quickly at Work—More Slides Are Expected to Follow.

SALT LAKE CITY, Jan. 28.—A special to the Tribune from Park City, Utah, says: A snow slide occurred here early this morning that killed three miners, and injured several others. It swept down from the high mountain that overlooks the Quincy shanthouse, carrying the structure down into the valley below, and in its course wrought untold other damage. The killed: John Gaffney, engineer, single; E. J. Colter, station tender, married; Charles D. Frink, fireman, single. The injured: Con Shay, foreman for the Quincy, George Burt, Peter Burt, Mike Wynn, shift boss; Bates Noble, David Coleman, serious; Robert Giles.

This is the first accident of the kind that has occurred at Park City since March 18, 1895, when four men were killed at the old Daly, which is located close to the workings of the Quincy.

The cause for the snow slide is the fact that the heavy storms that have raged during the past few days in this locality have so packed the snow in the mountains that it had to come. The snow has melted considerably since the morning of the slide, and the heavy parts of the mountains, and the slash that was formed in this manner was not strong enough to hold back the tremendous mass of snow.

As soon as the accident happened the alarm spread rapidly, and in less than half an hour after the occurrence there were more rescuers at work at the Quincy than could be counted. All work at the mine was suspended, and the work of rescuing the unfortunate was pushed energetically. It is not thought that there are any more persons covered by the slide. It is feared, however, that more slides will take place soon, and excitement in the city is great.

The storm has quieted down somewhat, but this evening it is expected that the hurricanes that will sweep down from the mountains will bring down more of the snow from the mountains. It is shaken or displaced in any manner near the top, it will certainly force its way into the valleys over the slippers and insecure base lines. A light snow is falling at the present time, which has an ominous look. The most danger now seems to be to the properties situated in the Quincy Canyon, quite a distance from the Quincy. Here are located the California, Comstock and Keynote mines. The Quincy Canyon is deeper than the one where the Quincy mine is located, and the heavy snow in the Quincy Canyon has been abandoned, and the men have started into the city.

When the report of the accident at the Quincy was received about a third of the shift from the mine that was off when the avalanche descended were hurried out to the workings to rescue their fellow-workmen. The eight men who had been caught by the slide were quickly discovered. A ninth man, who had been partially buried with a team of four horses, managed to uncover himself. Con Shay, the foreman, also managed to dig himself out. Those who were injured were cut and bruised.

The accident has practically paralyzed work at the Daly West mill. The millmen for the Daly West have only one way by which to reach their work, and that is through the tunnel that runs from the city. It is four miles long, and is said to be blocked at the farther end.

VANCOUVER PEOPLE AROUSED.

Commercial Club Active for River Improvement. VANCOUVER, Wash., Jan. 28.—(Special.)—The Vancouver Commercial Club has just held for the first time in about a year. The attendance was said to be probably the largest that the question of the improvement of the river at this place would be up for consideration. A committee, consisting of W. E. Stowe, H. J. Biddle, P. H. Kuhn, H. W. Arnold, B. Eastman, Dan Crowley, John H. Elwell and W. P. Crawford, was appointed to collect statistics of the amount of tonnage at this port. The same to be forwarded to Congressman Jones, to enable him to get a sufficient appropriation for the necessary work to be done on the river.

It was also decided to take steps toward the creation of the Port of Vancouver. Commission, which would have power to levy a tax for the improvement of the harbor here. L. B. Clough, W. W. McCord and L. M. Hilden were appointed to take charge of the matter and to report as soon as possible.

Some other matters of minor importance were taken up and discussed. The following officers were elected for the ensuing year: President, H. W. Arnold; vice-president, L. B. Clough; secretary, H. W. Arnold; treasurer, Lloyd DuBois.

LOGS LOST ON SUSLAW.

Loss This Time Falls on the Mill Owners and Not Loggers. EUGENE, Or., Jan. 28.—(Special.)—The first mail since last Friday night has arrived from the Siuslaw, and brings news of a considerable loss of logs on that river. Many logs which were banded along the stream were taken by the flood and carried down the bay. The Board of Commissioners, who have caught as many as the upper boom would hold and then put out the lower boom, but this would not hold the logs, which rolled under and went to sea.

Heretofore these logs have been sustained by the loggers, but this time as a result of the strike of last summer the logs were scalded on the banks and were the property of the mill companies when lost. One or two loggers who have been disregarding the rules of the union are losers, at which the union loggers are rejoicing.

The road between here and Mapleton is badly damaged by slides and washouts.

OFFICERS TO MAKE REPORTS.

War Department Issues Orders for Filing of Efficiency Reports. VANCOUVER BARRACKS, Jan. 28.—(Special.)—The commanding General has received an important order from the War Department concerning the efficiency reports of officers of the Army which are sent to the War Office the 30th of each June. The new order, however, directs that all officers in command of departments, posts, arsenals, armories, the superintendent of the Military Academy and commandant of each service school will collect for the use of the military authorities at Washington all the information possible about the efficiency of the active list, such as commendatory indorsements, orders, letters and telegrams from superiors, which would indicate the officer's efficiency for both military and civil work. The latter refers to officers who have been doing duty of a civil character in Cuba, Porto Rico or the Philippines. Information must also be given concerning the engagements, skirmishes and campaigns in which the officers have been engaged, and character and personal habits must be reported upon, whether he is inclined to the excessive use of intoxicants or drugs, and if he is careful to pay his just debts. If he has received reprimands, letters or indorsements of admonition from his superiors, and the report of inspectors as to how he has performed his duties. In case of trial by military or civil courts, and if investigation by courts of inquiry or boards are made, the results must be made known to the authorities at Washington. All officers are invited to forward to the Adjutant-General of the Army any authenticated information which might be suitable to enter upon their efficiency reports.

POWERS WILL LEND AID

PRESIDENT OF NATIONAL ASSOCIATION WRITES LUCAS.

Will Suspend and Fine Players Who Jump to Pacific Coast League.

SPOKANE, Jan. 28.—(Special.)—Baseball players who join the Pacific Coast League will be severely disciplined, says President P. T. Powers, of the National Association of Professional Baseball Leagues. He also states he will do everything in his power to aid the Pacific Northwest League in its fight against the invaders, and will impose severe suspensions in addition to fines for the crime of contract-jumping.

In a letter to President Lucas, of the Pacific Northwest Baseball League, President Powers says: "Whether I visit your country or not, I am sure that we will do everything in our power to help you win your fight and protect your territory. For the information of those who intimate that the National Association will not lend aid to the Pacific Northwest League, I wish to state that the National Association will do everything in its power to aid the Pacific Northwest League in its fight against the invaders, and will impose severe suspensions in addition to fines for the crime of contract-jumping."

RECEIVED BY WOMAN'S CLUB.

Members of the Legislature and Visiting Clubwomen. SALEM, Or., Jan. 28.—(Special.)—The Salem Woman's Club tonight gave a reception in the First Methodist Church to the members of the Legislature and a number of visiting clubwomen, who are in the city from Portland and other Valley points.

The cause for the snow slide is the fact that the heavy storms that have raged during the past few days in this locality have so packed the snow in the mountains that it had to come. The snow has melted considerably since the morning of the slide, and the heavy parts of the mountains, and the slash that was formed in this manner was not strong enough to hold back the tremendous mass of snow.

As soon as the accident happened the alarm spread rapidly, and in less than half an hour after the occurrence there were more rescuers at work at the Quincy than could be counted. All work at the mine was suspended, and the work of rescuing the unfortunate was pushed energetically.

Con Shay, the foreman, also managed to dig himself out. Those who were injured were cut and bruised.

PASSES BILL AFTER ALL

SENATE AT OLYMPIA VOTES TO LIMIT JURY TRIALS.

BILL INTRODUCED TO CREATE NEW JUDICIAL DISTRICT—RED CARNACTIONS IN HONOR OF MCKINLEY'S BIRTHDAY.

OLYMPIA, Wash., Jan. 28.—(Staff correspondence.)—The Senate today reconsidered its action in voting down Senator Crow's bill requiring litigants who demand a jury trial to deposit \$12 jury fees with the clerk of the court, and passed the measure. For two days Raaher and Hallett have been at work on members urging the merits of the bill and securing promises of votes. Crow made a strong argument for the bill today, and was answered by Graves, who argued against its constitutionality. Graves was backed up by Moore of King. On final passage the bill was passed by a vote of 31 to 11.

The House resolution to wear red carnations on President McKinley's birthday was adopted. The Senate passed the following House bills: No. 12, Carle—Relating to conditional sales of property.

No. 17, Lewis—Fixing the punishment for highway robbery at from 5 to 20 years' imprisonment in the penitentiary. The present law fixes the term at from one to three years.

The following bills were introduced: No. 4, Tucker—Appropriating money for State Geological Survey.

No. 5, Moore—For relief of Puget Sound Sawmill Company.

No. 6, Moore—Relating to electric railways.

No. 7, Moore—For relief of Frank T. Reid.

No. 8, Kinney—To compel labeling of vegetable canners with official seals.

No. 9, Cornwell—Relating to horticulture.

IN THE HOUSE. Several Bills Reported and Many New Ones Introduced.

OLYMPIA, Wash., Jan. 28.—(Staff correspondence.)—The House met at 11 o'clock this morning. A resolution was introduced by Rank requesting members to wear a red carnation in their buttonholes tomorrow in honor of the late President McKinley's birthday. It was passed.

Philbrick of Chehalis presented a numerous signed petition asking for a readjustment of the northern boundary of Chehalis County.

The judiciary committee reported favorably on House bill 92, defining larceny of fixtures from attached real estate; House bill 90, relating to service of papers from Justice Courts; House bill 110, providing County Treasurers with official seals.

House bill 113, appropriating money for payment of judgments against the state; House bill 12, amending the tax laws, was indefinitely postponed.

The report of the special committee on the Lewis and Clark Centennial, which has already been printed, was received, but not read.

The following bills were introduced: H. B. 125, Lyons of King—Amending the code relating to duties of Constables in Justice Courts.

H. B. 176, Johnston of Ferry—Dividing into two judicial districts the Counties of Lincoln, Adams, Douglas, Okanogan, Ferry and Chelan. The bill provides for the first three to form a district, to be presided over by C. H. Neal, now serving for all six of the counties and for the appointment by the Governor of a Judge to serve in the other three until the election of 1914, at which time Judges for both districts will be elected.

H. B. 177, Tibbets of King—Providing for protection of orphans and neglected children.

H. B. 178, Field of Chelan—Establishing a State Board of Geology.

H. B. 179, Dilling of King—Relieving cities and towns of the first class from liability for death or damage to property or persons on unimproved highways.

H. B. 180, White of Pierce—Compelling railroad companies to fence right-of-way, and protecting owners of stock.

H. B. 181, McKenzie of Whitman—Appropriating \$10,000 for the prosecution of the suit brought by the State of Washington against the Northern Securities Company.

H. B. 182, McKenzie of Whitman—Amending law relating to election of Road Supervisors.

H. B. 183 and 184, Raine of King—Relating to the distribution of session laws.

H. B. 185, Parcel of Clark—Providing for the collection of a personal property tax by the Sheriff.

H. B. 186, Parcel of Clark—Giving to the Board of County Commissioners the ex-

clusive right to license the sale of intoxicating liquors outside of the corporate limits of cities and towns, and fixing the license at \$500 to \$1000 per annum.

H. B. 187, Jones of King—Providing for the election by popular vote of Senators and other officers.

H. B. 188, Jones of King—Amending laws so that cities of the first class can exercise the right of eminent domain in taking land for public purposes.

After the introduction of the bills the House went into joint session with the Senate and took two ballots for United States Senator. On the joint session being dissolved, adjournment was taken until 11 o'clock tomorrow morning.

Cold Weather at The Dalles. THE DALLES, Or., Jan. 28.—(Special.)—A cold snap has succeeded the rainy of Monday, which, although heavy, did no damage in this locality. For several hours the Deschutes River rose to an unusual height Sunday night and Monday morning, but subsided without doing any serious damage as far as can be learned. About three inches of snow has fallen, covering the hills and wet trees, making the landscape white for miles about this section. Last night the mercury registered 15 degrees. It is warmer today with no wind. No hardship to stock is reported as yet from the storm. The Columbia has been rising rapidly for several days past.

Hids for Irrigating Project. SALT LAKE, Jan. 28.—That the gigantic irrigation project for Twin Falls, Idaho, is to be pushed to early and rapid completion by the Buhl-Kimberly syndicate is shown in an advertisement which will appear in a local paper tomorrow morning. Formal notice is given by Manager Filer that sealed proposals will be received by the Buhl-Kimberly syndicate at 8 o'clock on Tuesday, January 29, at the construction of 86 miles of canal, with masonry, headgates, wastegates and culverts, and a dam across the Snake River near Shoshone, Idaho.

SUCCESS WITH FORMALIN Good Results from Its Use in Treatment of Septicemia. PROVIDENCE, R. I., Jan. 28.—The first demonstration in Rhode Island of the effects of formalin in the treatment of septicemia has been made on Mrs. Frederick Woolson by Providence and Pawtucket physicians. January 23 the patient was brought in from Newport by ambulance. Her temperature was 106 and her respiration 44. An injection of formalin was made as a last resort, and the patient rapidly improved. Within 48 hours all conditions returned and her improvement has been constant.

NEW YORK, Jan. 28.—It is said at the Hahnemann Hospital that the young woman patient who was treated there some days ago with the new formalin method for septicemia is making satisfactory progress toward complete recovery.

Telegraphic Briefs. C. E. Fultz, secretary of the Interstate Building & Loan Company, of Youngstown, O., committed suicide yesterday by inhaling gas. The Chicago Society of New York will hold its second dinner in memory of the birthday of Abraham Lincoln at Delmonico's February 12. Signor Marconi left New York yesterday for Montreal to attend a Board of Trade banquet and will return in time to sail for Europe Saturday.

MINNESOTA WILL SEND ST. LOUIS EXHIBIT TO LEWIS AND CLARK EXPOSITION IN 1905.

ST. PAUL, Minn., Jan. 28.—(Special.)—John P. Knapp, special commissioner of the Lewis and Clark Centennial Exposition at Portland, was today introduced by the Speaker of the House and President of the Senate, being an ex-member of both houses on the Pacific Coast, and was given a most cordial welcome.

Mr. Knapp was assured by the presiding officers and the chairmen of the committees that the Legislature of Minnesota was quite as solicitous in the matter of its representation at Portland as at St. Louis, and considered it of particular interest to them. Governor Van Sant, of Minnesota, says he is in favor by all means of Minnesota being represented at the Lewis and Clark Exposition and that the commission which he has appointed for the world's fair at St. Louis will also look after the Minnesota exhibit at Portland.

Hon. Comdr. Hamilton, general manager of the Pioneer Press, and chairman of the Minnesota State Commission to the World's Fair at St. Louis in 1904, said: "You can assure the president of the Lewis and Clark Centennial and Hon. H. W. Scott, of The Oregonian, that our commission is earnestly in favor of taking our exhibits from St. Louis to Portland, and that the State of Minnesota will be represented at the Lewis and Clark Centennial in 1905."

association will take into its fold the California or Pacific Coast League, along with all the players that may jump from organized baseball this year. I want to go on record now as saying that I will positively oppose any such action by the National Association, and will insist that, besides the fine imposed on the players by our National agreement, an extra penalty of one year's suspension shall also be imposed on each and every player that may jump the reserve or contract of a National Association baseball player.

The story has been going the round that Tacoma and Spokane will jump from the Northwest to the Pacific Coast League, though there is but little credence placed in the report. In all probability if these two clubs have ever got their feet on the ground they would have done so long ago, and not waited till now, and then make many whispered talks about it. After Garrett has gone to work and signed playing contracts from California, it is hardly probable that they will jump back with him, as he has already a good six-team league, that will take all his spare time to manage.

Will Manage Everett Nine. EVERETT, Wash., Jan. 28.—Jack Buchanan has taken the management of the Everett baseball team this year. Dalrymple, formerly of the Seattle team, will play first base at Everett.

Tommy Reilly Arrives. Pugilist Comes to Train for His Go With Al Neill. Tommy Reilly and his brother, Jimmy, arrived yesterday morning in not getting the decision over Woods in Los Angeles last week by saying that he wished to keep his hands in good shape for the fight between himself and Reilly which will take place in the Pacific Coast on February 12. Neill considers Reilly the more important antagonist, and wishes to be in the pink of condition when he meets Tommy next month. Speaking of the fight at Los Angeles, the Times says: "Last night Al Neill put up one of the cleverest fights ever seen in Los Angeles, but he was outwitted by the half-breed, Billy Madden, who referred the mill, called it a draw. Madden also did some clever work, which was appreciated by the crowd. Before the fight started Madden stated his interpretation of the rules by which he would be guided, and after that Madden, confined his entire attention to judging the merits of the two men. His explanation of the rules regarding the breakaway had been so clearly put that it was not necessary for him to call 'break' or place his hands on either of the men during the mill. Madden, as one of the men near the ring-side put it, was 'that wise old pugilistic owl,' and his decision was correct, even if Wyatt Earp did come out with statements to the effect that Billy's judgment had been fixed beforehand.

To the spectators and eyes not trained to the game as Madden's, Neill did look to have the advantage. For 20 rounds Woods fought as a man who was striking at a shadow, and Neill's cleverness in getting out of way, under hand and under foot, was the best that the followers of the game in this city have ever seen.

Paper Chase Saturday. The paper chase announced for next Saturday, January 31, by the Portland Hunt Club, will start from the intersection of the Sandy and Barr roads, at 3 P. M. sharp, and will finish at the Irvington track.

Joe Duffy Bound Over. WALLA WALLA, Wash., Jan. 28.—Joe Duffy was today bound over to await action of the Superior Court on a charge of burglary, under bonds in the sum of \$200.

Bangor Clears With Lumber. EVERETT, Wash., Jan. 28.—The schooner Bangor cleared here today with 750,000 feet of lumber for San Pedro.

HEALTH AND ALL ITS BLESSINGS

Health will come with all its blessings to those who know the way, and it is mainly a question of right-living, with all the term implies, but the efforts which strengthen the system, the games which refresh and the foods which nourish are important, each in a way, while it is also advantageous to have knowledge of the best methods of promoting freedom from unsanitary conditions. To assist nature, when nature needs assistance, it is all important that the medicinal agents used should be of the best quality and of known value, and the one remedy which acts most beneficially and pleasantly, as a laxative, is—Syrup of Figs—manufactured by the California Fig Syrup Co.

With a proper understanding of the fact that many physical ills are of a transient character and yield promptly to the gentle action of Syrup of Figs, gladness and comfort come to the heart, and if one would remove the torpor and strain and congestion attendant upon a constipated condition of the system, take Syrup of Figs and enjoy freedom from the aches and pains, the colds and headaches and the depression due to inactivity of the bowels. In case of any organic trouble it is well to consult a competent physician, but when a laxative is required remember that the most permanently gratifying results will follow personal cooperation with the beneficial effects of Syrup of Figs. It is for sale by all reliable druggists. Price fifty cents per bottle.

The excellence of Syrup of Figs comes from the beneficial effects of the plants used in the combination and also from the method of manufacture which ensures that perfect purity and uniformity of product essential in a perfect family laxative. All the members of the family from the youngest to the most advanced in years may use it whenever a laxative is needed and share alike in its beneficial effects. We do not claim that Syrup of Figs is the only remedy of known value, but it possesses this great advantage over all other laxatives that it acts gently and pleasantly without disturbing natural functions, in any way, as it is free from every objectionable quality or substance. To get its beneficial effects it is always necessary to buy the genuine and the full name of the Co.—California Fig Syrup Co.—is printed on the front of every package.

CALIFORNIA FIG SYRUP CO. San Francisco, Cal. Louisville, Ky. New York, N. Y.

ENDLESS NIGHTS

The Experience of a Woman Who Could Not Sleep.

To lie awake and count the hours, with never a wink of sleep, or at most only a fitful doze, till it is time to get up—most people have gone through the experience once in a while. But to have it keep up night after night—then it is wearing, and, in the end, will undermine the strongest constitution and reduce the vitality to a low ebb.

Sleeplessness has always something of disease or undue excitement in it. The excessive use of tea, coffee, tobacco, or any narcotic, may bring it on. In such cases if the patient stop the use of, or use more moderately, those stimulants, he can overcome the trouble. It may come, too, from dyspepsia, a general run-down condition of the system, from disease or insufficient nutrition, feverish excitement, too much blood in the head, etc. In these latter cases a medicine that will feed the nerves and build up and purify the blood, like Dr. Williams' Pink Pills for Pale People, is recommended. That this medicine has been proven in thousands of instances. One of them is that of Mrs. Carrie A. Roberts, of No. 6 Melville street, Augusta, Me., who was at one time a sufferer from insomnia and nervousness, but was permanently cured by Dr. Williams' Pink Pills for Pale People. She says:

"I was very nervous, and could not sleep. I had headache a great deal, and my health was run down in general. For three months I was not able to do any work. "I tried other remedies, but they gave me no benefit. But one day one of my neighbors recommended me to try Dr. Williams' Pink Pills for Pale People, and I began using them. I took part of a box and saw that I was receiving benefit, and, after taking four boxes, enjoyed better health than I had for a long time. I found the pills were all that they were recommended to be, and now I am sleeping well and feeling well."

Dr. Williams' Pink Pills for Pale People are sold only in boxes at fifty cents a box or six boxes for two dollars and fifty cents, and may be had of all druggists or direct by mail, from Dr. Williams' Medicine Company, Schenectady, N. Y. Be sure you get the genuine—substitutes never cured anybody.

of his officers before going to Annapolis to resign his commission as commander.

The formal hearing into the charges of negligence and cruelty made against the men nurses of Bellevue Hospital by John Santa Rosa, a former probationary nurse, has resulted in the decision that sufficient evidence had not been adduced to warrant the suspension or discharge of any of the officials.

More Troops Ordered to Aden. BOMBAY, Jan. 28.—Reinforcements of troops have been ordered from India for Aden, Arabia, with the object of strengthening the British garrison there, in consequence of the increase of the Turkish forces in the disputed hinterland. No conflict, however, is anticipated.

Eleven Chinese smuggled into the United States across the Canadian border. It is thought, are hiding in Pittsburgh, and officers are searching for them.

Lincoln's old home, in Springfield, Ill., from which he went to the White House, narrowly escaped destruction by fire yesterday afternoon. The damage was slight.

To test the constitutionality of the laws for the protection of some birds in New York, suits have been brought against several department stores for selling plumes of birds not allowed to be killed.

William B. Baldwin, a New England millionaire, has been granted a divorce from his wife on the ground of cruel treatment in the Circuit Court of South Dakota by Judge J. H. James Barr Ames, dean of Harvard Law School, at the Northwestern University banquet Tuesday night, in Chicago, declared: "One fault with the law schools of today is the number of lecturers."

The marriage is announced in Albany, N. Y., of Miss Cora Oliver, daughter of General and Mrs. Oliver, to Joseph H. Choate, Jr., the son of the United States Ambassador to the court of St. James.

At the annual meeting in New York of the American Geographical Society, Commander Robert E. Peary, U. S. N., was elected president, to fill the vacancy caused by the resignation a year ago of Mayor Seth Low.

Three men have been arrested while attempting to enter post offices in Hartford, Conn. The police think the men are the ones who secured about \$5000 worth of goods in a store in Holyoke, N. Y., a few weeks ago.
