

ALLIES COME FIRST

They Claim Preference in Venezuelan Affair.

BOWEN AWAITING AN ANSWER

Will Stand Firm for Equal Treatment of All-Dispute May Go to The Hague, Then Venezuela Will Put in Counter Claim.

WASHINGTON, Jan. 29.—The Venezuelan situation tonight is still very uncertain and officials are awaiting with some concern the developments of the next 24 hours.

The contention of the three allies that they shall be given preferential treatment in the settlement and payment of their claims against all the other seven creditor nations is the point on which the negotiations now hang fire.

The rejection of his proposition for the treatment of all the creditors alike, it is believed here, would result in throwing the case to The Hague for arbitration, which body all the nations having claims against Venezuela would place on an equal footing.

One of them is that, if they came before The Hague tribunal, Venezuela would have the right to set up counter claims as an offset to those presented by the allies.

It is learned that on the second day after his arrival here Minister Bowen informed the French diplomatic representatives in Washington that the French claims would be treated on the same basis as claims of the allies and would be taken up after the blockade was raised.

LOST HER INDEPENDENCE.

British Alliance With Germany Involves Danger of Friction.

NEW YORK, Jan. 29.—Writing with reference to the Venezuela affair, the London correspondent of the Tribune says it is immaterial whether the first step toward joint action by Germany and Great Britain came from Great Britain in July or even in February, 1902.

It is incredible that the precise form of this alliance was not made in Germany. Whenever the first proposal for joint action originated in the British Ministry, the German Emperor, who accepted the German patent, tied their hands and exposed themselves to the serious risk of affronting the United States.

PREPARING FOR TROUBLE.

Venezuelan Crisis Causes Increase in Army Appropriations.

WASHINGTON, Jan. 29.—The Venezuelan situation, especially the attitude of Germany, was discussed by the Senate committee on the Budget today, and the situation influenced the committee on some matters pertaining to the Army appropriation bill, among which was the provision relating to transportation that they be retained in the service.

The committee also provided for an increase of electricians, skilled gunners, mechanics and others who take care of the guns in the various arsenals.

GERMAN OFFICERS MUST.

They Sound Harbor and Photograph Fortifications of Havana.

NEW YORK, Jan. 29.—It is reported that several German army and naval officers, passengers on the steamer Moltke, which has arrived here on a cruise through the West Indies, saw the forts of Havana.

A report that Minister Squiers had informed President Palma of the action of the Germans was denied by the Minister, who says he has heard only rumors. The Moltke sailed yesterday for Nassau, and will arrive in New York February 1.

ALLIES REJECT PROPOSITION.

Object to Putting Other Powers on Equal Footing with Them.

LONDON, Jan. 29.—Great Britain, Germany and Italy have sent a reply to Minister Bowen refusing to accept the proposal that all the countries having claims against Venezuela should be placed

on equality with the co-operating powers.

Venezuela's latest communication to the powers (the joint note refusing to place all claims on an equality with those of the co-operating powers) is expected to arrive here tomorrow.

If Mr. Bowen can agree to give preference to the claims of Great Britain, Germany and Italy, the blockade is likely to be raised immediately, for so far as known this is the only outstanding point.

French Minister Cannot Land. NEW YORK, Jan. 29.—It has been learned officially, says the Herald's Caracas correspondent, that Venezuela has been informed that M. Welmer, the new Minister of France to Venezuela, has been halted at Martinique until the allies' blockade is raised.

PUT AMERICAN IN JAIL.

Nicaraguan Officials Roughly Handle George Williams.

SAN FRANCISCO, Jan. 29.—With his flesh cut and bruised by the beating he had received at the hands of his Nicaraguan jailers, George Williams, an American miner at Corinto, sought refuge on board the Pacific Mail Steamship City of Panama, which has arrived in San Francisco, and was carried by her to La Union Salvafer, Williams had been a prisoner in the hands of the Nicaraguans for three months, and was released at the instance of the United States Consul-General at Managua, the capital of Nicaragua.

His arrest, he declared, was a pretext to enable the Nicaraguan government to reclaim a valuable gold mine he discovered near San Fernando, and for which he secured title before the Nicaraguans were aware of the value of the property.

Williams, when he left the City of Panama, declared that within a week he would be on his way to Guatemala City to lay his case before United States Minister Hunter or his representatives. He said he would push the matter and demand heavy indemnity from the Nicaraguan government.

CONFERENCE ON COMMERCE

SENATE AND HOUSE DISAGREE ON NEW DEPARTMENT.

Upper House Proposes a Bureau to Deal With Trusts—Would Leave Out Interstate Commission.

WASHINGTON, Jan. 29.—The Senate committee on commerce today heard the report of the sub-committee appointed to report the Department of Commerce bill as it passed the House and make suggestions as to what if any amendments should be made.

The principal amendments relate to the provisions authorizing the President to transfer Commerce Commission to the proposed department and to the amendment for a bureau of corporations inserted by the House.

The trust provision constitutes section 5 of the House bill, and the Senate committee will ask for a modification of that provision which will direct the corporation bureau to secure all obtainable information concerning corporations and which will authorize the publication of that information at the discretion of the President.

The committee also adheres to its opposition to the inclusion of the Interstate Commerce Commission in the new department.

The text of the proposed trust amendment follows: "Section 5. That there shall be in the Department of Commerce a bureau to be known as the Bureau of Corporations, and a commissioner of corporations, who shall be the head of said bureau, appointed by the President, and shall receive a salary of \$10,000 per annum, and who shall, in the absence of the commissioner, act and perform the duties of the commissioner of corporations, and who shall also perform such other duties as may be assigned to him by the Secretary of Commerce and Labor by the said President."

He referred to previous legislation on appropriation bills and said that an appropriation bill had contained the provision establishing a civil government in the Philippines, and that the Army appropriation bill reported today provided for legislation creating a general staff.

Clay (Ga.) also took the same position, and read from the record showing that the act to organize the Regular Army was passed by the House on the 29th of August, 1898.

After a brief executive session, the Senate, at 4:55 P. M., adjourned.

NORTHWEST IN CONGRESS

Contract for Fort Worden Buildings—Dam at Kettle Falls.

OREGONIAN NEWS BUREAU, Washington, Jan. 29.—A contract has been awarded to Hart & Dungan, of Spokane, for erecting 15 new buildings at Fort Worden, Wash., including officers' quarters, barracks for one company, hospital and other post buildings, the whole to cost \$17,538.

The Senate committee today favorably reported and the Senate passed Senator Foster's bill authorizing the construction of a dam across the Columbia River near Kettle Falls, Wash., for the purpose of storing water for generating electric power, provided the dam in no way interfere with whatever commerce may be built up on that part of the river.

The Senate today passed three of Representative Moody's bills granting \$10,000 to Helen N. Packard, of Portland; \$20 to Regina F. Palmer, of Portland; and \$20 to Jesse McIntosh, of The Dalles.

Senator Foster offered an amendment to the sundry civil bill appropriating \$15,000 for establishing a lighthouse at Burrows Island, Rosario Strait, Puget Sound.

MOODY GAINS HIS POINT.

House Reconsiders Reduction of Oregon Indian Appropriations.

OREGONIAN NEWS BUREAU, Washington, Jan. 29.—On motion of Representative Moody, the House today reconsidered its action reducing the appropriation for the Umatilla agency, and consented to an increase to \$200,000, the amount recommended by the Indian Office.

This concession, coupled with Moody's reinstatement in committee of the appropriation of \$100 for an Umatilla agent, which had been dropped on recommendation of the Indian Office, gives Umatilla a slight increase.

Quay has gained anything by offering the omnibus statehood bill as an amendment to two appropriation bills. On the other hand, this action is taken as an indication of weakness on his part.

It is now conceded that an extra session of the Senate is almost unavoidable, and there would be little hesitancy in the Senate if the necessary arose, about forcing the House as well to remain in Washington long enough after March 4 to put through a straight appropriation bill.
