SALEM, Or., Jan. 29.—(Staff Correspondence.)—There is more talk tonight about a possible adjournment tomorrow until Monday than about the Senatorial question. Members generally are anxious for an over-Sunday recess, and they want it to begin at noon Friday. The friends of Mr. Fulton, however, are said to be disposed to insist on continuous sessions. They could be easily outvoted, but the combined opposition may not want to take the chance. Some risk lies in the possibility that if the Geer forces and the Multnomah delegation go away, Mr. Fulton might endeavor to hold a joint convention Saturday, and from some source muster up enough votes in addition to his own to make a majority of all members elected to the Legislature—he has 24 of his own—12 additional would make a legal quorum, and if the 46 were to assemble Saturday at noon, they might proceed to ballot for a United States Senator.

That would be an easy way to elect the Clatsop County Senator. But it is not at all likely that the Geer forces will go to elect Mr. Fulton. He would scarcely be a party to such an enterprise, even if it were feasible, and even though he may oppose adjournment it may be expected he will accept it in good faith and spirit, if the majority insists. The precedent last week is a guide for all factions and the outlook tonight is that it will be followed.

#### Letters From Multnomah.

No developments of any kind is the substance of the report that must be made tonight on the Senatorial fight. A little flutter has been created in the Multnomah delegation by the receipt of several letters from Portland merchants, saying substantially that no criticism will be made by them if members from Portland should see fit to vote for and elect Mr. Fulton. These letters have not been generally received, but have been addressed to one or two members only. Representatives who have not received them say they have been inspired by persons in Portland, mostly Federal officeholders, who are personally and politically friendly to the candidate from Astoria. They appear to have had no effect and are not so numerous as to cause the delegation as a whole to think that there is any real sentiment in Portland that desires them to alter their course. If there is to be a division in the delegation on the subject of Mr. Fulton's candidacy it has not yet manifested itself in any open manner. The week will without doubt end with the delegation in precisely the same situation as at the beginning.

Mr. Fulton has been extremely active today and has had personal interviews with a number of members from Eastern Oregon. He has informed them that he is certain to be elected, and that he has enough votes in sight and pledged, to bring about that result. Members from that part of the state are for the most part voting for ex-Governor Geer. Representative Ghin, who started out with the ex-Governor, is the only one from that section who has so far changed his attitude.

#### No Change in Sight.

Representative Hume did not arrive today, and no change occurred in the vote. Nor is a break of any kind to be expected tomorrow, so far as can be ascertained tonight. The Fulton people do not promise it, the Geer men say they are sold, and the Multnomah delegation will probably continue to act as a unit in distributing their votes among citizens of Portland. E. B. P.

#### EMMITT MAKES A STIR.

He Answered "Here's" All Thought He Said "Geer."

SALEM, Or., Jan. 29.—(Special.)—The first genuine excitement of the session was kicked up in joint convention today by Representative Emmitt, of Clatsop. He took and a few other counties. About the time the Senators were due to arrive, Mr. Emmitt was seized with a burning desire to go outside and see how the dome of the Capitol looked in a real Oregon rain storm. The observation required more time than the Eastern Oregon Representative had expected, and by the time he had fully satisfied his curiosity the balloting for Senator had begun. When he reached the door of Representative Hall, it was to find that the lobby was packed. It required no little maneuvering and strategy to get through the crowd. When Emmitt was about half way in the clerk reached his name on roll call.

"Here!" responded the Clatsop County legislator in a tone that fairly assailed the ceiling and started the dormant echoes into life. In the confusion everybody thought he had said "Geer" and the Fulton forces were fairly paralyzed. President Brownell, who was trying to read something or other, gave a startled look over his glasses at Speaker Harris, and the latter turned a deadly crimson. The entire Fulton contingent turned in their chairs and the Geer people began to smile. They had made a real accession at last. Chief Clerk Mendenhall stepped and whisked Emmitt to the door. The latter shook his head doubtfully. By this time Emmitt had reached the bar of the House and Clerk Jennings thought he would better make sure.

"Emmitt!" he again called.

"We are now voting on United States Senator," interjected President Brownell, who had managed to secure a firmer grasp on himself.

Emmitt did not respond at once, and stood looking uncertainly about the house. He finally responded.

"In that case I desire that my vote be recorded for Hon. Charles W. Fulton."

The President sighed with relief, the Fulton men composed their agitated features, the Geer people ceased grinning, and things went on the even tenor of their way.

Judge George H. Williams, Mayor of Portland, was present during roll call and took of the Multnomah delegation (tendered him the compliment of their votes. The ballot resulted:

#### PEOPLE'S PRESS SUSPENDS.

State Socialists' Organ at Albany Goes to Newspaper Graveyard.

ALBANY, Or., Jan. 29.—(Special.)—The People's Press, the Socialist organ published in Albany, has gone out of business. Today's issue ended the existence of the sheet. Editor A. D. Hale published a vague notice in which he attributed the death of the paper to his incapacity for work on account of falling eyesight.

Saturday, January 24, a number of Socialists met in Portland and formed a stock company known as the Co-Operative Publishing Company, having for its object the publication of the Liberator, which will succeed the People's Press as the Socialist organ of the state.

#### Granted \$500 Damages.

SPOKANE, Jan. 29.—In the Superior Court this morning the jury awarded Mrs. Agnes W. Marsh a verdict of \$500 damages in her suit against Mrs. Mary E. Marsh. The plaintiff had asked \$20,000 damages because of alleged slanderous statements about her character by the defendant.

Supreme Court Calendar.

SALEM, Jan. 29.—(Special.)—The Supreme Court today set cases for hearing as follows:

Monday, February 9—Lent vs. City of Portland.

Tuesday, February 10—Bussard vs. Hibble.

### TO MOVE A COUNTY SEAT

#### HOW IT MAY BE DONE UPON PROPER PETITION.

#### Three-Fifths of All Voters Required to Make Change—Senator Myers' Bill.

SALEM, Or., Jan. 29.—(Staff Correspondence.)—Senator Myers' bill for a general enabling act, which will permit counties to vote upon the relocation of county seats without a special act of the Legislature, is in part as follows:

"Wherever the inhabitants of any county of this state desire to remove the county seat to some place other than where it is fixed by law or otherwise, they shall present a petition to the County Court of their county, praying such removal and that an election be held to determine what place such removal must be made; provided, that the petition for removal shall set forth the names of the towns or cities to which such county seat is proposed to be removed.

"If the petition is signed by qualified electors of the county equal in number to at least three-fifths of all the voters cast in the county at the last preceding general election, the board must, at the general election of county officers, submit the question of removal to the electors of the county.

"Notice of such election, clearly stating the object, shall be given, and the election must be held and conducted, and the returns made, in all respects in the manner prescribed by law in regard to elections of county officers.

The bill also provides that when the returns are received, if it be found that three-fifths of the voters are in favor of any particular place, the board must give notice thereof by posting notices in all precincts in the county. The notice must also specify a day, not more than 90 days distant, when the county seat shall be changed. If no place receives three-fifths of the votes, no change can take place. An election on the change of a county seat cannot take place oftener than once in two years.

#### TO HAVE SAME PRIVILEGES.

#### Telephone Lines to Enjoy Right of Condemnation.

SALEM, Or., Jan. 29.—(Special.)—Senator Pierce, of Umatilla, made an unavailing fight in the Senate today on a bill to amend the law conferring the right of eminent domain on the telegraph, telephone and electric light companies. It is the purpose of the law to confer the same powers on telephone and electric light companies as are conferred by the railroad laws, when the usual arbitrators are unable to agree and it is necessary to resort to condemnation proceedings.

These laws were proposed railway companies in Umatilla county that came in and proceeded to appropriate the high-ways," said Mr. Pierce. "It looks to me

### SENSATION IN PENITENTIARY.

#### A Woman Inmate Makes Serious Charges Against Second Warden.

SALEM, Or., Jan. 29.—(Special.)—Mrs. Rosa Carlisle, who is serving a nine years term in the Penitentiary, is pregnant and charges Second Warden A. C. Dilley with having caused her condition. Dilley has been suspended from duty at his own request, pending an investigation. Gordon Hall, dentist at the prison, has tendered his resignation, though nothing has been charged against him, except that he did not at once disclose his knowledge that something was wrong. Mrs. Carlisle charges that the illicit relations were continued for some time, and with her full consent. She made no complaint to the officers, but the information was given to the superintendent by the dentist last Saturday. Dilley makes a full and square denial of the charge against him, and invites the most searching investigation. Governor Chamberlain visited the prison this morning, but made only a hasty inquiry into the matter.

Mrs. Carlisle occupies a cell in the south end of the prison, but has the freedom of the hospital room during the day. The only other officer who has access to any room occupied by her are Warden James and Deputy Dilley. As James has been exonerated by Mrs. Carlisle and Dilley is the only other officer responsible for her safe-keeping, it seems to be incumbent upon him to show that some other person had an opportunity to have illicit relations with her. This, it is understood, Mr. Dilley expects to do. Dilley is well known in Salem, where he served three terms as City Marshal. He is a cousin by marriage of Governor Geer, and has been a warden at the prison about nine months. He has the full confidence of Superintendent Lee and other officers of the prison.

When seen this evening Mr. Dilley protested his innocence, and said that he had never had any relations with Mrs. Carlisle, who escaped from the prison 19 days ago and had an opportunity to commit the crime.

In April, 1900, Mrs. Carlisle was committed to the Asylum, and in December, 1901, she was returned to the prison. According to her story, she has been pregnant four months. There is a possibility that the entire story is a fabrication, but the prison physician is inclined to believe that her condition is as she declares.

Governor Chamberlain says a full investigation will be made.

#### ADAMS WILL NOT BE THERE.

His Condition Will Not Permit Him to Attend Legislature.

WALLA WALLA, Wash., Jan. 29.—(Special.)—It is highly improbable that State Representative Henry Adams, of West Walla, who is ill at the Walla Walla Hospital, will be able to attend the present session of the Oregon Legislature.

Mr. Adams is convalescent but still under the physician's care.

To a correspondent of The Oregonian Mr. Adams said:

"Had I been in Salem when the Legislature convened I would have cast my vote for Fulton. As things now stand I was a supporter of the ex-Governor until he proved false to the Republican party at the last election, and I will never cast my vote for a traitor. Had he and the Legislature of Umatilla County played fair, Furnish would have defeated Governor Chamberlain."

Port Blakeley Mills and 50,000 Acres of Timber Sell for \$3,000,000.

SEATTLE, Jan. 29.—The big lumber mills at Port Blakeley, together with 50,000 acres of timber lands in Mason and Kitsap Counties, have been sold for \$3,000,000 to a syndicate of Michigan lumbermen. The deal, which has been pending for some time, was closed today in San Francisco at the office of Runt, Holmes & Co., who were the majority stockholders. It is understood that the syndicate purposes continuing the business of the mills without interruption.

He had been in Washington for a week on business for his tribe. White Calf was one of the chiefs who participated in the battle of Wounded Knee.

**Chehalis News Notes.**

CHEHALIS, Wash., Jan. 29.—(Special.)—State Treasurer C. W. Maynard has arranged to plant a 40-acre hop yard on his Bolstorf farm, in Lewis County. With the exception of one other small yard, this has been the only hop acreage known in the Chehalis district.

A cedar tree was recently cut near Morton, in Lewis county, from which 42 1/2 inch shingles were taken. The tree measured 73 feet on the stump and had 400 bolts, scaling 17 bolts to the cord, or 22 1/2 cords.

## Woman's Nightmare

No woman's happiness can be complete without children; it is her nature to love and want them as much as it is to love the beautiful and pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of **Mother's Friend** so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering.

## MEN'S DISEASES CURED TO STAY CURED

"WEAKNESS."

We not only cure "weakness" promptly, but we employ the only treatment that can possibly cure this disorder permanently. It is a system of mainly local treatment entirely original with us, and is employed by no physicians other than ourselves. This is not a broad assertion, but it is just as substantial as it is broad. So-called "weakness" is but a symptom of local inflammation or congestion, and a radical cure is nearly always effected by normal conditions throughout the organic system, and this we accomplish thoroughly and with absolute certainty.

**Stricture.**

Our treatment for stricture is entirely independent of surgery. A complete cure is accomplished without cutting or dilating. All growths and obstructions in the passage are removed, the membranes cleaned, and all irritation or congestion removed.

**Contracted Disorders.**

Every case of contracted disease we treat is thoroughly cured. Our patients have no relapses. When we pronounce a case cured there is not a particle of infection or inflammation remaining, and there is not the slightest danger that the disease will return in its original form or work its way into the general system. No contracted disease is so trivial as to warrant uncertain methods of treatment, and we especially solicit those cases that other doctors have been unable to cure.

**Specific Blood Poison**

We cure this disease completely. The system is thoroughly cleansed and every poisonous taint is removed. The last symptom vanishes to appear no more, and all is accomplished by the use of harmless blood-cleansing remedies. Do not submit to dangerous mineral dosing commonly indulged in. Such treatment merely obscures the symptoms.

**VARICOCELE Cured Without Cutting**

The time was when every man afflicted with varicocele had no choice other than to allow the disease to go on undermining his power and health, or submit to a surgical operation. Now he can choose a thorough cure by painless treatment and without being detained a single day from his business. Our method is original with ourselves, and is the only safe and successful treatment for varicocele yet devised.

Consultation and advice free at office from 9 to 5 and 7 to 8, Sundays from 10 to 12. If unable to call, write for our book, describing the male anatomy and our method of treatment. We send it free by post inclosed in a plain sealed wrapper.
