#### P. A. MPHEE, ELECTED MAYOR FOUR HOURS AFTER THE TOWN WAS INCORPORATED.

ALAMO, Or., Feb. 4 .- Oregon's youngest city, perhaps now to be more respectfully spoken of as the commercial center of the fled Boy-Greenhorn mining district of the Eastern Oregon gold fields, was until its incorporation last Wedness day a mining camp which sprang up at the head of the lowest pass to the rallway when the narrow gauge line was extended from Sumpter over the divide to Whitney. Though its first election, which holds the Oregon record for short no tice, was held within four hours after the incorporation act was filed with the Governor's signature in the office of the Secretary of State, a considerable vote was polled, resulting in the choice of P. A. McPhee as Mayor; Peter McCubben, Malcoim Munroe, H. A. Stewart, J. P. McGuigan and G. P. Leavitt, Councilmen; L. Steinmetzer, Recorder, and P. A. Phelps, Treasurer. The Marshal is to be inted by the Council at its organization meeting, Monday,

Alamo is looking for a lively Spring, as two mines close to the city will shortly be in operation, and will disturse about \$10,000 a month. The Alamo mine has decided to erect at once a mill with a capacity of 40 stamps, 25 of which will be installed at first. On the 15th the Quebec's 20 stamps, which have been idle through disagreement among its owners, will again begin dropping, all difficulties having been settled.

Mayor McPhee, who built the first hotel at Alamo, and has added to his investments until he is heavily interested, is well known in business circles through the Inland Empire, and is no stranger in Portland.

DIVIDED INTO COUNTIES.

one of the features of coming issues of the magazine. The Letters from a Self-Made Merchant to His Son met with universal favor, and there is every reason to believe that the new series by the same author will be equally popular. In the new series old Graham tells the story of his own business career : how he began life as a farmer's boy, worked

his way to the front and became the biggest pork packer in the West.

New features, more of them, greatly improved. A

here hel member of the class which forms the highest element of society." After emphasizing the fact that no such

thing as luck existed and the headway one made depended upon one's own efforts. Mr. Ghormley told the graduates of the almost invariable success of the man with one purpose to which he devoted his entire attention, and closed with a description of the wonderful opportunities before a ng person in this age. rs. Max M. Shillock, accompanied by

Mrs. T. T. Davis, gave two contraito sol one a Scotch ballad called "Bonnie Sweet Bessie" and the other a plaintive melody called "The Day Is Done," by Balfe.

Richard Williams, chairman of the Board of Education, next took his place the eside a bushel basket containing long-looked-for parchments of the gradu-ates. The 45 members of the February class of 1905 filed past him, and as each was given the diploma admiring friends clapped their hands in congratulation. Those who received their diplomas last evening and the classes in which they

During the exercises the tables in front of the stage had been loaded with crimson roses and carnations, corresponding in color to the emblem of the High School. The young ushers distributed the sweetsmelling pile among the graduates, each one, it was noticed, being well remembered by two or three bouquets. An informal reception was neld on the lower floor, w agratulations were exchanged.

MERRILL WEST MISSING.

#### Lured by Desire for Adventure, He Runs Away From Home.

Having failed in two attempts to run away from home, Merrill West, con of Charles West, of Milwaukie, finally stole away in the night-time and has not been away in the hight-time and has not been heard of since. No reason is known for his sudden desire to face the world alone, as his people are sain to treat him kindly. He was fond of reading sensational povels, and it is thought that he was carried away with a desire for adventure.

away with a desire for adventure. He and another boy of about his age planned to leave last Friday afternoon. Accordingly young West came home and told his mother that some neighbors had sent for her. The mother did not suspect anything at the time, and hurrledy went to be friends home which is a Midney. to her friend's home, which is in Midway. On arriving there, she found that she had not been sent for, and was not expected. Guessing at once that she had been sent away for a purpose, she hurried home in time to find her son packing up his things and setting ready to leave home. When getting ready to leave home. When tried to stop him he resorted to force, was not able to get sway. In the

find that he is a good boy. He goes to find that he is a good boy. He goes to went through the upper bridge without school and gets good marks in his trouble, but in passing through the Mor-

chistor," "Dismissed," said the Judge, and the boy smiled happily and ran to his mamma. Meach had been playing with another little boy, and had accidentally thrown a marble through a window. The owner of the property was enraged at the damage done his window, and made a criminal charge against the boy.

SELLWOOD SCHOOL READY Will Be Occupied at the Opening of

the Coming New Term.

The pupils of the Sellwood School will occupy most of the new building at the opening of the term. Three grades will continue to occupy outside rooms for a few days, until the floors have thoroughly dried. S. U. Downs, the principal, said all the teachers and pupils are happy over the prospects of getting all together under one roof and being rid of the con-

stant noise of hammer and saw. The corps of teachers have had to work under great disadvantages since the beginning of the year, but Mr. Downs says all these have submitted cheerfully to all inconveniences, and the work of the school has gone forward as thoroughly as under more faverable conditions. "There were times," said the principal,

"when recitations had to stop for a time on account of noise in the building and on the outside." Sellwood now mas means, 300 pupils, who will nearly fill up the new building of eight rooms. The principal says the building will accommodate 360

lameda, which arrived here today from Honolulu, reports having seen, during a storm oh the night of January 20, the dis-tress signals of a square-rigger. The Alameds put about in answer to the appeal, but in less than 10 minutes after having seen the distress lights, the square-rigger had disappeared and it is believed must have been swallowed up in the sea. It is thought here that the vessel may have been the Florence, the American vessel now out 64 days from Tacoma for Hono-

#### FRENCH BARK WRECKED.

The Van Stabel Went Down and Thirty on Board Perished.

LONDON, Feb. 4.-The large vessel wrecked off Durabog Reef yesterday was the French bark Van Stabel, Captain Quimper, which sailed from Glasgow January' II for San Francisco. The 30 per-sons who were on board the bark are thought to have been drowned.

Will Bring Antwerp Cargo. The French steel ship Andre Theodore 259 tons, has been put on the berth at Antwerp to Idad for Port Los Angeles and Portland in the Grace Line, followin the new French ship Berangere. The Andre Theodore will bring a general miacella-neous cargo. She began loading February

2 and will sail from the Belgian port ab February 25. She will come to Portland consigned to Taylor, Young & Co.

## Notice to Mariners.

ALC: I

The lighthouse board reports that the mooring buoy formerly shown on the chart off the southwest side of Tatoosh Island, in a position from which Cape Flattery lighthouse bore N. 57 deg. E. true (NNE, mag.), distant one-fifth of a Bill for Revision of Hawailan Gov ernment-New Liquor Law.

HONOLULU, Jan. 28, via San Francisco, Feb. 4.-The commission appointed at ture to work with the Republican territorial central committee in the prepara-tion of a new government act, has made a report to the central committee, submitting an act which will be offered to the Legislature, after such amendments as result from discussion before the sea

The act divides the territory into five ccunties, the lines of division correspond-ing with those of the five judicial cir-cuits established by Congress in the organic act. The form of government is largely modeled after that of the State of California. An overwheiming major-ity of the members of both houses is committed to the support of the act. Local liquor dealers are drafting a

license law to be presented to the Legislature next month which contains provision that no license shall be granted to any person not an American citizen, or to any corporation of which over half the stockholders are not Americana. The provision is designed to shut out the competition of Asiatics, which is felt to some extent in the retail liquor busi-ness. The same plan is being discussed by business men in other lines of trade and such a system generally established and upheld by the courts would shut out hundreds of small stores kept by Chinese and Japanese in Honolulu.

#### Chinese Christians Celebrate,

The members of the Young People's Christian Association held their annual reception in honor of Chinese New Year at the association rooms, 22 Second street, Tuesday night. The rooms were gaily decorated with large American and and Chinese flags, Chinese lanterns and embroidery work. Over 300 Americans and Chinese weré present and joined in the services. President James Kan, of the association, delivered the opening ad-

dress. This Christian school, he said, was started by the young men about eight months ago, and since that time they have secured the services of a teacher to teach them English. The night school is old five evenings in each week, and is conducted by paid teachers. The member-ship is over 30, and Sunday school is held from 6:39 till 7:39 P. M. After the Sunday

school regular services are held from t till 9:50 P. M. The membership of the as

#### NOMAN'S GENITLE Delicately formed and gently reared, women will find, in all the seasons of their lives, as maids or wives N or mothers, that the one simple, wholesome remedy which acts gently and pleasantly and naturally, and which may be used with truly beneficial effects, under any conditions, when the system needs a laxative-is-Syrup of Figs. It is well known to be a simple combination of the laxative and carminative principles of plants with pleasant, aromatic liquids, which are agreeable and refreshing to the taste and acceptable to the system when its gentle cleansing is desired. Many of the ills from which women suffer are of a transient nature and do not come from any organic trouble and it is pleasant to know that they yield so promptly to the beneficial effects of Syrup of Figs. but when anything more than a laxative is needed it is best to consult the family physician and to avoid the old-time cathartics and loudly advertised nostrums of the present day. When one needs only to ALL Y remove the strain, the torpor, the congestion, or similar ills, which attend upon a constipated condition of the system, use the true and gentle remedy-Syrup of Figs-and enjoy freedom from the depres-的な sion, the aches and pains, colds and headaches, which are due to inactivity of the bowels. Only those who buy the genuine Syrup of Figs can hope to get its beneficial effects and as a guarantee of the excellence of the remedy the full name of the company-California Fig Syrup Co.- is printed on the front of every package and without it any preparation offered as Syrup of Figs is fraudulent and should be declined. To those who know the quality of this excellent laxative, the offer of any substitute, when Syrup of Figs is called for, is always resented by a transfer of patronage to some first-class drug establishment, where they do not recommend, nor sell false brands, nor imitation remedies. The genuine article may be bought of all reliable druggists everywhere at 50 cents per bottle.

Foundering of a Square-Rigger Re-SAN FRANCISCO, Feb. 4.-The steamer
