ALL SLAVS ARE ARMING.

Preparing to Drive Turks From Europe, Aided by Russia.

NEW YORK, Feb. 10.—There were enough dry tinder on the slopes of the Balkans for a great blaze if a match be thrown on the ground, according to the Tribune's London correspondent. This is the conclusion reached by Fleet street, where the Macedonian question is regarded as a serious menace to the peace of Europe.

It is assumed by all centers of Slav feeling that Count Lambsdorf has obtained guarantees of Austrian neutrality, and that Russia is ready to stand behind Bulgaria and Serbia.

DON'T BELIEVE THE SULTAN.

French Officials Insist That He is Mobilizing His Army.

PARIS, Feb. 10.—Officials here are not disposed to accept the Sultan's assurance that Turkey has no intention of mobilizing a large number of troops. When Turkey's denial was brought to the attention of the officials here who have access to the government's source of information, the following reply was made:

"We have received similar pacific assurances from Turkish sources, but our own information is positive and specific that orders for the mobilization have been actually issued. This was three days ago, and we are unable to say whether the execution of the order is withheld in view of the effect it has produced among the powers, who are seeking to reinforce the Balkans. Our advice further shows that the mobilization would affect 240,000 troops."

SIDES WITH BONILLA.

Guatemala Preparing for War in Honduras Quarrel.

PANAMA, Feb. 10.—No confirmation has been received here regarding the reported declaration of war by Guatemala against Salvador and Honduras. It is known, however, that Guatemala openly sympathizes with the President-elect of Honduras, Senor Bonilla, but it is believed that the present critical situation in Guatemala will not allow the government to render Senor Bonilla any substantial aid.

It is reported that Guatemala has 8000 men on the frontier. The Nicaraguan Government has sent forces from various points to help the retiring President of Honduras, General Sierra.

President Zelaya, of Nicaragua, and President Regalado, of Salvador, are considered that Guatemala will not attend the meeting of the Honduran Congress. Senor Alvarado Guerra, one of Sierra's Ministers, has left him to join President-elect Bonilla, who has organized his government at Amapala Island.

BRUTAL BRITISH OFFICERS

THEY PLOG BROTHER OFFICERS TILL BLOOD COMES. Admiral Cochrane Exposes Hazing Practices in the Army—Mild Punishment of Offenders.

LONDON, Feb. 10.—Rear-Admiral Basil Cochrane, retired, in a letter published by the London Times today, makes astounding revelations regarding the "barbarous system" prevailing among the guards regiments for the punishment of subalterns who are found guilty of social or military offenses.

According to Rear-Admiral Cochrane, the Colonel of one battalion has been in the habit of handing over offending officers to the senior subaltern. The latter summons a court-martial, at which the attendance of all the subalterns is exacted, and the sentence is almost invariably flogging. This is administered on the bare back, after the removal of all the clothing, and from six to 40 blows with a cane are given with such severity that the lower number is sufficient to draw blood. All the officers present, even the most intimate friends of the victim, are compelled to administer their share of blows.

Admiral Cochrane cites the instance of a young officer who fainted after receiving 40 strokes, and he also refers to the case of his own nephew, who is not named, but who for an unintentional military fault, was tried and flogged. Subsequently, according to Admiral Cochrane, his nephew was punished with great severity by Major-General O'Connell (formerly Commander of the Grenadier Guards) for a petty fault, and in consequence of continued ill-treatment, resigned his commission last week.

When Lord Roberts, the Commander-in-Chief, was informed of these occurrences through relatives, he severely reprimanded Colonel Ricardo, Commander of the Grenadier Guards, and placed Lieutenant-Colonel Kitchener of the same regiment on half pay.

That such a "revolting custom" could prevail among officers and gentlemen or could be submitted to by full grown men has caused a very great sensation. The whole subject will be fully aired in Parliament.

The letter of Rear-Admiral Cochrane is republished throughout the press, and has created intense indignation. Demands are made for a full inquiry into the cases referred to, and for a suppression of such disgraceful practices, which are held to operate powerfully in the direction of the exclusion of a class of officers which the country needs and which it so rarely sets.

Rear-Admiral Cochrane, in an interview, declares that all his statements can be sworn to.

"These floggings," he said, "have been going on for years, and I hope and trust that this exposure will end them."

CHAMBERLAIN SPEAKS OUT. Reminds Cape Colony of Her Duty to Aid the Empire.

GRAHAMSTOWN, South Africa, Feb. 10.—In replying to deputations as a guest at a banquet given here, Colonial Secretary Chamberlain made speeches today which are considered as clearly foreshadowing an invitation to Cape Colony to make a money contribution to aid the imperial government in carrying out its South African proposals.

in the Kumkapu Cathedral on the occasion of the Armenian Christmas, was sentenced to death yesterday afternoon after a trial behind closed doors. A six years' sentence was passed on his friend, Baghos Krapelian, supposed to be the instigator of the assassination, who, however, has escaped from the country. MAY REOPEN DREYFUS CASE. Socialist Deputies Fear Evidence May Be Destroyed.

PARIS, Feb. 10.—The Socialist group in the Chamber of Deputies has formally decided to hold two meetings to consider the proposition of M. Jaures to renew the Dreyfus agitation in connection with the hearing of the matter of the verification of the election of M. Syveton. Nationalist. Owing to the strength of this group, the action taken is regarded as significant of there being a considerable element in the chamber favorable to reopening the case.

In an interview the Socialist leader, M. Jaures, says he learned from the Nationalist organs that the War Office had in its possession a document tending to establish the innocence of Dreyfus. Any attempt on his part to reopen the case now would be made at the risk of destroying the source of information which must be useful some day. When the time came he would explain what he knew without weakness or reticence.

STRIKES CAUSE TUMULT. Anarchists Parade Streets of Spanish Cities, Shouting Revolution.

MADRID, Feb. 10.—The strike situation in Barcelona and Cadiz is regarded as most grave. The Imparcial demands that martial law be proclaimed in Barcelona, where, it asserts, many hundreds of foreign refugee anarchists have joined the large body of resident anarchists.

Serious disturbances are reported from Barcelona, where the government has ordered the suspension of the labor federations and the arrest of all their committees. Disturbances also occurred in Cadiz today. Eight thousand strikers marched through the streets cheering for a social

revolution. The civil guards charged and dispersed them.

PARIS, Feb. 10.—The Governor of the French dependencies in the South Pacific has called to the Colonial Office that a "cyclone has devastated the Tuamotu group of islands," forming a dependency of the French possession of Tahiti. Society Islands. The Governor adds that he is proceeding to the relief of the sufferers. These advices, however, give no details of the loss of life.

Outline of New Irish Land Bill. LONDON, Feb. 11.—The Daily News understands that in the new Irish land bill the government has decided to ignore the principal suggestion of the recent Irish landlord-tenant conference, presided over by Lord Dunraven, and will frame a measure mainly on the lines of the previous Irish land purchase bill. If this decision is carried out, it will cause consternation in Ireland.

RELIEF FOR OLD SWEDEN. American Donations in Hands of Committee—\$1,000,000 Needed.

STOCKHOLM, Feb. 10.—Up to the present moment the central committee for the relief of the famine sufferers in Northern Sweden has received from America about \$750,000. Besides this amount, considerable sums have been sent to individuals by American sympathizers for distribution. The American donations sent to the central committee are under the express proviso that they are not to be distributed

in the shape of loans or in payment for labor on the specially organized relief works. About \$500,000 of American money has been expended in the purchase of seed wheat, which has been distributed in six of the most needy provinces.

The members of the central committee say the misery is more widespread than was anticipated, as they estimate that \$1,000,000 will be required to furnish the relief that will be necessary until matters improve in the Spring.

Appeal to People of Kansas. TOPEKA, Kan., Feb. 10.—Governor Bailey announces that he will issue a writ of habeas corpus to the people of the state asking their aid for the famine-stricken Sweden. He has been only waiting for detailed information, and this is supplied largely by the cablegrams received from the American Legation at Stockholm by Dr. Carl Swenson.
