THE LAWYER'S DESIRE: Tells how Justice first got a foothold in a little mining town and how her champion, Dan Anderson, secured the acquittal of his friend Curly, at whose door was laid the sudden death of a pig. By GEORGE ADE. TALES OF A COUNTRY TOWN: Only a humorist like George Ade could find a village boasting six characters with histories as plausible, and yet as absurdly funny, as those told in this series. By F. Hopkinson Smith. Another popular contributor to the magazine is Mr. F. Hopkinson Smith. His next tale, entitled A POINT OF HONOR, is a clever, humorous story, which centres around a French duel over an absurd misunderstanding.

Denounce the Use of Formalin. NEW YORK, Feb. 18.—The widely heralded discovery of formalin as a cure for bloodpoisoning is now declared by New York physicians to be a failure. Tests which they have made are said to have shown that formalin is only a temporary check to the growth of germs, and in the long run proves an injury to the patient. Rabbits infected with bloodpoisoning germs and subjected to formalin treatment died several hours sooner than rabbits similarly infected and not placed under the treatment. General George F. Shady says he regards the result of the tests conducted by the bacteriological expert of the Health Department as confirming his view and that of many others of the profession that the formalin treatment was a failure. "It has gone the way of many other suddenly heralded cures," said Dr. Shady. "When it was first announced it struck the medical profession with wonder that such a simple remedy should have so long been overlooked. That had much to do with the skepticism with which it was regarded."

Advertisement for California Fig Syrup. Men of Affairs. One may sail the seas and visit every land and everywhere will find, that men of affairs, who are well informed, have neither the time nor the inclination, whether on pleasure bent or business, to use those medicines which cause excessive purgation and then leave the internal organs in a constipated condition. Syrup of Figs is not built on those lines. It acts naturally, acts effectively, cleanses, sweetens and strengthens the internal organs and leaves them in a healthy condition. If in need of a laxative remedy the most excellent is Syrup of Figs, but when anything more than a laxative is required the safe and scientific plan is to consult a competent physician and not to resort to those medicines which claim to cure all manner of diseases. The California Fig Syrup Co. was the first to manufacture a laxative remedy which would give satisfaction to all; a laxative which physicians could sanction and one friend recommend to another; so that today its sales probably exceed all other laxatives combined. In some places considerable quantities of old-time cathartics and modern imitations are still sold, but with the general diffusion of knowledge, as to the best medicinal agents, Syrup of Figs has come into general use with the well-informed, because it is a remedy of known value and ever beneficial action. The quality of Syrup of Figs is due not only to the excellent combination of the laxative and cathartic principles of plants, known to act most beneficially on the system, with agreeable and refreshing aromatic liquids, but also to the original method of manufacture. In order to get the genuine and its beneficial effects one should always note the full name of the Company—California Fig Syrup Co.—printed on the front of every package.
