BATTLE IS A DRAW

Young Corbett and Hanlon Fight Fiercely.

EQUALS NOT SEEN ON COAST

After Twenty Rounds of Clean Scientific Work, Neither Has Advantage-Hanlon Looks Like Winner at First.

Young Corbett and Eddie Hanlon fought 20 fierce rounds to a draw at San Francisco last night.

Both showed skill, science and endurance, and the fight is declared one of

the best ever seen on the Coast. Hanion had the advantage during the first seven rounds, but Corbett showed great recuperative power, and kept the game about even, though he seemed several times on the point of being

SAN FRANCISCO, Feb. 26.-After 20 SAN PRANCISCO, Feb. 25.—After 25 rounds of the fastest fighting ever seen in San Francisco, Referee Grancy declured the bout between Young Corbett. of Denver, and Eddie Hanlon, of San Eddie Hanlon, Francisco, a draw. Young Corbett clearly demonstrated to the immense crowd present that he has not gone back, as some sporting writers would have the public believe. Hanlon also showed that the high opinion in which he has been held by California boxing enthusiasts has been justified. The contest from a spectacular standpoint was the best ever witnessed on the Coast, both men putting up a

clean, hard, scientific contest.

Corbett's experience and knowledge of the game saved him on several occasions the defeat which seemed to be his inevitable portion. But the minute's in-terval did wonders for the Denverite and he came back at the Californian always willing and ready to take the blows which Hanlon rained on his head and body. From the first to the seventh rounds Hanlon had a shade the better of the contest, but the lucky seventh was the turning point apparently in the tide of battle in Corbett's favor. At one stage in this round it seemed as if the little Californian could not ward off a knockout, but his wonderful punishment - taking powers stood him in good stead and the call of time was a welcome sound for him.

From the seventh until the twentieth, it was a give and take contest and to the pro-Hanion house present it seemed as if the decision should have been his. But Referee Graney thought otherwise and declared the contest a draw. During the last 10 rounds Hanion had Corbett on Queer street on several occasions, but each time the Denver lad came back strong and willing for the fray, taking much punishment and always awaiting an opportunity to send his right to the

head or his left to the body. Their Strongest Points. Corbett's best blow developed in to

night's fight was a right uppercut to the chin and the Californian's heretofore al-most impregnable guard was beaten down on more than one occasion. Corbett sending in his right to the chin repeatedly. Toward the end of the contest he split Hanlon's right eye open and had the 'Frisco boy's nose beaten out of shape. Honlon's best blows were rights to the body and left to the head and he old his most effective work at close range. Whenever Corbett stood off from him, it was disastrous for Eddle, as the former in-Corbett's guard down on at least four almost defenseless condition and the Denand had the Denver lad in an d to hang on to avoid

unishment and a knockout. On several occasions the gong saved the denvertte. The 19th round was all Hanion's and it seemed as if the Denver boy could not possibly withstand the terrific punishment administered. But the minnte's rest preceding the twentieth and final round worked wonders for him and he toed the scratch as strong as during the earlier rounds of the contest. It was ke from the call of time to the nd of the gong in the last round, ther being able to put in a finishing

Hanlon gave him the hardest fight of his career and added that with a little more experience the Californian could whip the best of them. Hanlon also had many praiseworthy things to say of his opponent and declared him to be the gamest man he ever fought. He added that Corbett was one of the hardest hitters he had ever met and credited the Denver man with being the first pugilist in his ring experience to beat down his ring experience to beat down his They fought at 130 pounds ring-

Early in the evening every available coint of vantage in Mechanics' Pavilion was occupied; standing room was at a premium and the police with difficulty restrained the surging masses in the galleries. It is likely that Hanlon will be pitted against Jimmy Britt if the McGovern-Corbett contest cannot be arranged.

The Fight by Rounds Round 1-Hanlon was the first to lead, out was short. Corbett pranced around and uppercut Hanion lightly with right. Hanlon assumed a crouching position and was well guarded. Corbett was unable to penetrate it. Corbett finally got in a light right to the face. Eddle put his left to the head and Corbett retaliated with to the head and Corbett retaliated with right to head. Eddle neatly blocked a left uppercut. He tried twice with left for face, but Corbett backed out of harm's way. Corbett brought his left to the ear, but with not much force to it. Hanlon drove a straight left to the head and in a mix-up sent his right and left to face. As the gong sounded, Hanlon drove his left and right hard to body and head. The champion went to his corner with a don went to his corner with a

The student of human nature who wished to write a treatise on "The Slaugh-ter of the King's English," would do well to study a prize fighting crowd, as it listens to a fight as it is being read by rounds. A Portland crowd does not differ from the usual followers of Marquis of Queensberry, and that last night which heard the returns from the Corbett-Hanion fight was not an exception.
