NEW YORK, March 6.—The stock market ontinued very much ensettled today, and traversed its range of prices several times, but the nal result showed that the urgent pressure of quidation had spent itself, and that the bear arty felt themselves at the limit of safety on a short side. Probably the demand from this sement to cover their short contracts was the rincipal factor in the late strong rally in fices. There was, however, some indication investment demand on the declines. Support was evident at the opening, and had a important effect in veileving the anxiety nused by yesterday's many rumoes of financial mearransment, which were considerably leared this morning, with a reassuring effect NEW YORK March 6-The stock market

HEAVY SELLING MOVEMENT. Chicago Wheat Market Weak During

the Greater Part of the Day.

CHICAGO, March 8.—There was another heavy selling movement in wheat, and with but little support, the inarket ruled weak the greater part of the day. Opening prioss were easier on lower cables and on the amouncement of the official Argentine shipments for the week, which were larger than had been expected, being estimated at 2,912,000 hushels, and May was off a fraction to a shade higher, at 75% 75%c. There was little demand at the start, and the market weakened, May declining to 75% 75%c. There was little demand at the start, and the market weakened May declining to 75% 75%c. There was a scattered demand at the bottom, which caused a slight reaction, and prices held about steady until near the close, when active covering on the strength in combrought about an advance, and the close was at the top, May being \$6%c higher, at 78c.

The sentiment in the corn pit was decidedly buillish, and the market recovered much of the loss sustained yesterday. Provision interests and commission houses were the best buyers. The weather was the principal buill factor. May closed strong and \$6%c higher, at 47%c. The strength in corn caused considerable covering in cata, and the market ruled strong. May closed \$60%c higher, at \$45,620c.

Provisions ruled strong on a good demand by commission houses and for the account of local packers. The close was strong, with May pork I'vic higher, lard up 7%c and ribs 27½c higher. The leading futures ranged as follows: the Greater Part of the Day.

New England.

In Iron and steel, the demand is improving and prices are hardening. Iron and steel imports for January are fully six times as large as in the same month a year ago, and for the seven months already aggregate over 1,000,000 tons.

tons.

Business failures in the United States for the week ending March 5 number 171 against 195 last week, 206 in 1804 and 180 in 1806.

Wheat, including flour, exports for the week ending March 5 aggregate 3,491,486 bushels, against 2,656,879 last week, 4,095,944 in this week a year ago, and 4,228,579 last week, 4,095,944 in this week a year ago, and 4,228,579 last week, 4,095,944 in this week a year ago and 4,229,528 in 1801. Wheat exports since July 1 aggregate 194,284,134, against 184,262,048 last season, and 138,555,480 in 1800.

mprovement Helps the General Situntion-Prices of Commodities. NEW YORK, March 6.—R. G. Dun & Co.'s weekly review of trade tomorrow will say:
Further improvement in the movement of fright and fuel makes the general situation more favorable, although shippers are still constantly complaining, and pig fron furnaces are not able to run steadily. Numerous labor struggles are interrupting manufacturing, yet mills and shops are producing freely as a rule. Jobbers and wholesalers are busy, while Spring retail trade has opened very well in many lines, notably wearing apparel. Permits for building operations show large gains over last year's figures, giving additional strength to lumber and other materials.

Prices of commodities scarcely altered in the agaregate during February. Dun's index number shows \$100,607 on March I, against \$100,800 a month previous. Foreign trade continues very heavy.

Conditions in the iron and steel industry need no other elucidation than the plans for extensions announced by the United States Steel Corporation.

Spinners are growing very conservative to NEW YORK, March 6.-R. G. Dun & Co.'s

Corporation.

Spinners are growing very conservative in regard to accepting contracts calling for distant deliveries of cotton goods, owing to the uncertainty as to what the raw material will cost. Dealings are small in woolens and worsteds, but mills are fully occupied. The Spring clothing trade is satisfactory, especially in staple lines. New lines of fancy worsted goods have not sold freely. Firmness is reported in dress divisions. Footwear has lost nothing in strength, but somewhat in activity, as buyers are placing orders cautiously. A large volume of contracts could be taken at old prices. large volume old prices.

Failures this week number 229 in the United States, against 176 last year, and 16 in Canada, compared with 17 a year ago.

SAN FRANCISCO MARKETS

COOL WEATHER RETARDS SALE OF CITRUS FRUITS.

Old Pointoes Bull and Weak, With Oregon Arrivals Being Stored-Apple Market Overcrowded.

SAN PRANCISCO, March 6-(Special.)-Grain opened weak, but closed firmer. Free-stuffs are in moderate supply and steady. Cool weather retarded business in oranges.

Pavored brands of navels are steady and cheap-er grades are easy, with liberal stocks. Three arloads, mostly choice and standards, brought fair prices at auction. Tangerines soid readily in the open market, supplies being moderate, are bringing firm prices. Hanknas are plenti-ful, but selling well. The apple market is vergrowded with medium and cheap stock, Only fancy Pippins and Spitzenbergs are sus-tained. A carload of Ben Davis, from Snake River, was poorly colored, and sold slowly at 90c@\$1. Dried fruits are dull and largely nom-

though fancy commanded full prices. One-half of the Oregon, ex Columbia, are being stored. New potatoes are in light supply and firm, Onlone are quiet, but steady. Southern vege-tables, including green peas, are in smaller supply and firmer. Another sack of Bay peas brought 9c. Some Mexican tomatoes arrived by rail. Asparagus and rhubarb are in light

rivals. Young stock is firm and old steadier. No more Eastern arrived. Arrivals of dairy products are lighter, but a arge accumulation is en hand. No outside demand has yet developed. Prices are weaker, Receipts, 27,900 pounds of butter, 13,800 pounds of cheese, 41,880 dozen eggs.

Wool is quiet and nominal. Hops are dell and steady.
