#### THE MORNING OREGONIAN, SATURDAY, MARCH 7, 1903. STRIVE FOR PEACE west circuit, would be welcomed by the Eastern organizations. As it is, however, the California League is making a big business mistake in antagonizing the struct reasterity of insorray or Hickey, who were sent to the Coast to or Hickey, who were sent to the Coast to make peace between the two leagues. The local manager has no grist desire to see the ambassadors, but he will meet with them when they come, and listen to any proposition they may have to make. The acceptance of it will be another matter, and for the league to reject or accept. Hickey and Sexton seem hopeful of suc-cess, but the local powers have no opin-lom. As the latter are not seeking peace, it matters little what the result amounts to. ### **Reflex Allments**

Giten the condition appearing to be the chief disorder is only a re-flex ailment resulting from some other discase. Weakness some-times comes from varicocele or urethral obstruction; skin and bone discases result from blood poleon taint, and physical and mental decline follow long-stand-ing functional disorders. Our long experience in treating men es-nbles us to determine the exact conditions that exist and to treat accordingly, thus removing every damaging cause and its effects.

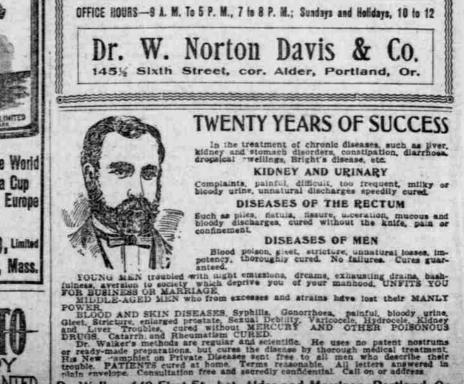

Varicocele

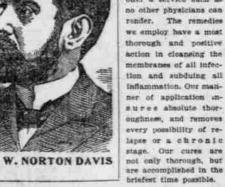

Varicoccie Under our treatment the most aggrevated cases of varicoccie are cured in the shortest possible time. There is no pain, and it is seldom necessary that the pa-tient be detained from his occu-pation. Normal circulation is at organs, and the natural process of waste and repair is again es-tablished. If you are afflicted with varicoccie, consult us at one. Delays can but bring on aggravated conditions and nervous complications that will impair the general health.
