EASY UNDER LIQUIDATION

CHICAGO WHEAT MARKET CLOSES A PRACTION LOWER.

Early Buying of May Due to Weather Rumors and Fears of Manipulation.

CHICAGO, March 14.-There was a moderate trade in wheat, but the market lacked any dis-tinctive features. May opened unchanged to We higher, at 14%-074%c, on a good demand from locals, the early buying being due to ru-mors of colder weather and to the growing impression that the market was being manipulated y a prominent concern. After a small ad-cance, the market reacted on lack of any sup-port, May selling off to 74%. The strength at St. Louis started shorts to covering, and there was also some stuff taken for long account. was also some stuff taken for long account, and under this influence the price railled to Toc. Toward the end of the session general liquidation set in, and prices broke to 74%. The close was 16% lower, at 74% 674%. Call board sales: Wheat-Firm; May, \$1.40; December, \$1.20%; on quite general realizing, and the break in wheat added to the weakness. May closed \$6

lower, at 40%c, after selling between 40%c and 47%@41%c. Oats were a shade higher at the start, but heavy selling by commission houses tended to weaken the market, and later the decline re-

34%c.

There was only a small trade in provisions.
The decline in grains was responsible for much of the weaker tendency. May pork closed 24c lower, lard was off 5c and ribs unchanged.

LIVERPOOL, March 14—Wheat—Steady: No. 1 standard California, 6c 94c; wheat and flour in Parks, steady: French country markets quiet and steady. Weather in England, cloudy.
