MORE LEVEES CUT

Great Area in Arkansas is Flooded by River.

WHOLE VILLAGES SWAMPED

Other Levees in Dangerous Condition and Further Disaster Is Likely—Government Sends Aid—Negroes Desert Plantations for Cities.

MEMPHIS, Tenn., March 20.—The feeling of hope that was produced yesterday and last night by the Mississippi River coming to a stand at this point was dispelled today by the occurrence of two additional breaks in the St. Francis levee north of the first crevasse at Trice's Landing, Ark., and the grave reports that are being received from Mississippi points as well as by a rise of one-tenth of a foot here. Today the St. Francis levees gave way at Random Shot and Shawnee Village, Ark., the first about 42 and the second about 35 miles from Memphis. Both crevasses are reported to be serious, the one at Shawnee being the worst.

The two breaks today probably will increase slightly the water in the territory of the Arkansas which was flooded by the break at Trice's Landing and in addition they are flooding a vast scope of country which has thus far been free from any large amount of water. The situation therefore in Arkansas is more grave than at any time during the flood. Relief measures have been and must be for several days completely inadequate. the long line of levees that guard the river front of Mississippi and protect the vast and fertile delta region of that state, and which have thus far stood firm against the great flood are reported to be in a critical condition at many points, and news of disasters from that country will not be surprising. At points the water is sweeping through the embankments, flooding villages and plantations and at other places the embankment is overtopped by the flood and enormous quantities of water are being discharged into the country.

The most encouraging feature tonight is the fact that the river has remained stationary all day and that a falling stage is reported from St. Louis, Cairo and other points on the Mississippi and its tributaries. The stage this morning was 40.1 feet, a rise of .1 in 12 hours. The stage has not changed during the day. It is hoped that the fall will begin tonight or tomorrow. Two new breaks on the Arkansas shore are thought to be having a considerable influence on the stage and the water being discharged through them and the first crevasse could hold the river in check here. For this reason the standing stage is not received with the satisfaction that it would otherwise give.

Refugees are continuing to arrive in great numbers and the facilities are too limited to care for them. In response to a telegram for aid from Mayor Williams, of this city, Secretary of War Root has answered that he will supply all needed tents as well as provisions for the flood sufferers. These tents will be pitched on vacant lots and commissaries will be established, so that all the destitute may be cared for. The prompt action of the Secretary and of the Cabinet has given the greatest satisfaction to the people of the city.

From the protected sections able-bodied negro men and their entire families are coming to the city in large numbers, ostensibly as flood refugees, but their real purpose seems to be to escape work and be cared for by the city and charitable organizations. This is not only increasing the city's burden, but is working great hardships upon the planters, as they cannot secure the laborers so badly needed at present.

The railroad situation west of Memphis shows no improvement and tonight traffic is still completely suspended.

Developments today tend to show that the reports from Marion, Ark., last night were somewhat exaggerated. The levee was not dynamited today and no relief boat has been sent to Marion. President Killough, of the St. Francis levee board, tonight stated to the Associated Press that a train was sent to Marion yesterday by the Frisco Railroad with General Superintendent Davidson aboard and that the offer of the railroad company to carry persons from Marion free of charge was accepted by only three persons. Mr. Killough said further that the levee board was operating a fleet of 12 skiffs between Mound City and Marion and transporting persons free of charge.

Helena Suburbs Under Water.

HELENA, Ark., March 20.—Two or three small breaks have occurred in the North Helena levee, which protects the northern suburbs. The water pouring through the breaks in the levee and over the top of the embankment will soon fill the entire basin and cover the territory from Walker street to the hill. Walker-street levee, which protects the city proper on the north, is positively in no danger.

SUFFRAGISTS' BUSY DAY

Women Politicians Plan Measures to Circumvent Legislators.

NEW ORLEANS, March 20.—The Woman Suffragists had every hour of their time occupied with business today and tonight. Miss Susan B. Anthony presided at one of the best attended sessions of the present meeting. Gail Laughlin, of Maine, and Frances Griffin, of Alabama, delivered stirring speeches.

The morning session comprised a conference behind closed doors, the delegates and members participating in a discussion on the press work being carried on. A general discussion of literature also took place. At the afternoon session, reports were presented by the credentials committee, corresponding secretary, treasurer and auditor.

The treasurer's report shows that for the first time there was a surplus in the treasury and $15,000 had been put out at interest and the foundation laid for a memorial fund.

LIVELY TIME IN NEW MEXICO.

Bitter Fight on St. Louis Appropriation—Legislators Fight Duel.

SANTA FE., N. M., March 20.—Both houses of the Legislature adjourned sine die at midnight. An appropriation of $30,000 for an exhibit at St. Louis, which had been bitterly fought because the St. Louis papers opposed statehood for New Mexico, was made at the last moment. Just before adjournment of the House, Member Pedro Romero, of San Miguel, assaulted Zacarias Valdes, an ex-member, after a political dispute. Valdes was seriously but not fatally injured. Romero was arrested. Five new counties, Leonard Wood, Quay, Torrance, San Doval and Roosevelt, were created during the session, and four new territorial institutions were established.

READY TO GO TO THE HAGUE

British Ambassador Will Resume Negotiations With Bowen.

WASHINGTON, March 20.—The present expectation is that negotiations for the drafting of the protocol for the determination by The Hague tribunal of the question of preferential treatment of the Venezuelan blockading powers in the payment of the claims of their citizens will be resumed between Herbert W. Bowen and the British Ambassador next week. In a note to Mr. Bowen today Sir Michael Herbert indicates his intention to do this. Sir Michael also sets at rest an impression that has existed that the allies did not care to have this question go to The Hague by stating that so far as he is aware it is the wish of his government that the matter go to The Hague.

FOULKE HITS AT SPOONER

Makes Sharp Retort to Attack Made by the Senator.

WASHINGTON, March 20.—Civil Commissioner Foulke today sent a letter to Senator Spooner, of Wisconsin, in reply to sharp criticisms of letters written to individual Senators by Mr. Foulke regarding certain inaccuracies in statements made on the floor during consideration of a resolution calling for information from the commission regarding the removal of Elmer E. Forshay from the Surveyor-General's office of Idaho. Mr. Foulke says:

"Thus the paradox is presented that, although the charge was untrue, I had no right to point out the particulars in which it was untrue, even in letters to individual Senators. If this position is sound, it will be the duty of executive officers to submit in absolute silence to the gravest charges of misconduct, or even of crime, uttered in the most public place in the Nation. No self-respecting man could hold an administrative office under such conditions. I submit that it is not to my letter that the epithet of 'supreme effrontery' can most fittingly be applied.

"In conclusion, hereafter when my conduct and the body to which I belong is unjustly attacked in either House of Congress, I shall continue to address to any Senator or Representative who will receive a communication pointing out the incorrectness as specifically as I know how; that I will seek to have the unjust charge refuted as publicly as it was made; and if (as I do not believe) the time should come when I can find no Senator or Representative who is willing to give me a hearing, I shall seek by every means in my power to make the world acquainted with the injustice. I do not believe that any considerable number of Senators will insist on such a doctrine of Senatorial lese majeste as will prevent any officer, however humble the position he may hold, from protecting himself against unfounded accusations, by every lawful means in his power."

AGAINST ARMY OFFICERS.

Court Refuses to Interfere With Root's Action on Promotion.

WASHINGTON, March 20.—The District Supreme Court today decided adversely to First Lieutenant Frank B. Edwards and Second Lieutenant Henry M. Daugherty, both of the Artillery Corps, who petitioned for a writ of mandamus to compel the Secretary of War and the Adjutant-General of the Army to restore them to the numbers they formerly held in the list of their respective grades. The decision of the court affects many other officers.

Both men are West Pointers. It was contended that in rearranging the list of officers, many new officers appointed from civil life and otherwise, months after the petitioners had received their commissions, were given credit for their former service in the volunteer branch and therefore hold lineal rank much higher than the petitioners. The court held that it had no jurisdiction to interfere with the discretion and judgment vested in the Secretary of War. The petitioners appealed.

SATISFIED WITH THE WORK.

President and Cabinet Think Congress Did Well.

WASHINGTON, March 20.—At today's Cabinet meeting the President and members of the Cabinet expressed satisfaction with the results accomplished by Congress at the regular session and by the Senate at the extraordinary session which adjourned yesterday. Both the President and the members of the Cabinet are satisfied that the Cuban reciprocity treaty will be ratified by the Cuban Congress, as it was ratified by the Senate. President Roosevelt is particularly gratified, because the American Congress has demonstrated what he regards as the good faith of the United States in extending so far as it may, relief to Cuba.

TO ORGANIZE GENERAL STAFF.

Board of Generals Ordered to Select Army Officers.

WASHINGTON, March 20.—The War Department today issued a general order convening a board to meet in this city March 30, to recommend the detail of 42 officers from the Army at large to constitute the personnel of the general staff under the act of February 14. The board is to consider only the efficiency of officers and no recommendations or letters except those submitted through military channels are to be considered by the board, which will consist of Major-Generals Young, Chaffee and Bates, Brigadier-Generals Carter, Bliss and Ransom and Major H. J. Green, assistant Adjutant-General.

HE STANDS BY HIS CHOICE.

President Again Appoints Crum and Byrnes to Office.

WASHINGTON, March 20.—The President today appointed Dr. W. D. Crum, colored, Collector of Customs at Charleston, S. C., and William M. Byrnes United States District Attorney for Delaware. Both of these nominations failed of confirmation at the recent session of the Senate.

New Captain of the Chicago.

WASHINGTON, March 20.—It is said that Captain Dayton, who assumed command of the European squadron today on the retirement of Rear-Admiral Crowninshield, will be relieved of the command of the cruiser Chicago by Captain Cornell at about the same time that Rear-Admiral Cotton assumes command of the Europaen squadron. Admiral Cotton will join the squadron at Villefranche about April 15.

CANADA FINDS MAPS.

Assertion Made They Confirm Her Claim to Lynn Canal.

MONTREAL, March 20.—Search in the Chateau de Ramesay by the request of Joseph Hope, Under Secretary of State, and one of the commissioners preparing the Canadian case for the Alaska Commission, has brought to light two atlases of 1823 and 1824. One of these gives a map of Russian-America and British-America, in which the Lynn Canal is shown clearly within British-American territory. The maps will be exhibited in the Canadian case.

Hamilton Wants No House.

H. H. Hamilton has no lodging-house of his own, and so last night he attempted to run the Witch Hazel lodging-house. He had things coming his way, when Patrol Driver Price, who has rooms there, was awakened by the disturbance and took the man in charge. Hamilton had been drinking, and thought that he had a room engaged. When informed that he was not at home, he commenced abusing the people and smashing the furniture.

Bank-Wreckers Found Guilty.

BOSTON, March 20.—The Federal grand jury in the case of Cashier M. Foster, and Director John M. Dickinson, who were charged in 15 counts with misappropriating the funds of the South Danvers Bank of Peabody to the amount of $150,000, tonight returned a verdict of guilty on three counts, not guilty on seven counts, and a disagreement upon the other five. The counts upon which the defendants were found guilty charged that money to the amount of $7747 was misapplied.

For any case of nervousness, sleeplessness, weak stomach, indigestion, dyspepsia, relief is sure in Carter's Little Liver Pills.

OFFER TO ARBITRATE

WABASH TRAINMEN TAKE UP LAWYER'S ARGUMENT.

But He Pleads Lack of Authority—Argument Is Closed and Decision Will Come Next Week.

ST. LOUIS, March 20.—Arguments in the Wabash injunction suit were closed at 3 o'clock this afternoon and the case was taken under advisement by Judge Adams. He gave no intimation of how much time he might require to prepare his opinion, but the attorneys declared after the adjournment of the court that they would look for a decision in about one week or 10 days.

Attached to one of the affidavits made by President Ramsey, of the Wabash road, and submitted to the court was a stenographic report of a meeting between President Ramsey and the grievance committee representing the two brotherhoods. In this report, J. R. Courtney, of the committee, is quoted as having said to President Ramsey that the men would be willing to arbitrate, but would not allow the railroad company to select any of the arbitrators.

This afternoon Judge Priest, who made the final argument for the company, alluded to the statements of Mr. Courtney and declared that the railway company had been willing to arbitrate. Grand Master Hanrahan, of the Firemen, who was seated behind F. N. Judson, the chief counsel for the defendants, leaned quickly forward and spoke a few words to the attorney, who at once interrupted Judge Priest's argument.

"Are you willing to settle this thing in that manner?" Mr. Judson asked.

"I am here to answer the argument made by the gentlemen," said Judge Priest. "I have no authority to speak either for Mr. Ramsey or for the Wabash road upon such a question."

Instantly Mr. Judson was on his feet, saying:

"I wish to say, speaking both for the trainmen and the firemen, that we are willing to accept the arbitration of the tribunal provided for under the acts of Congress."

"The gentleman's afterthought is better than his forethought," retorted Judge Priest, and he resumed his argument. Grand Master Morrissey, of the Trainmen, was not in court this afternoon, but Grand Master Hanrahan, of the Firemen, said:

"We are willing to do as Mr. Judson said. In fact, I told him to say it. Mr. Morrissey agrees with my position on this matter."

President Ramsey is now in New York, but Colonel Blodgett, chief counsel for the Wabash, said:

"I hardly think President Ramsey would care to say anything. The men refused arbitration when he offered it."

Mr. Judson, in his argument for the Brotherhood, gave attention to the claims advanced by the railroad that the grievances in the case originated with the defendants, and not with the employes of the railroad.

Judson claimed that the assertion of the railroad that if the men struck it would be in violation of contract was not tenable, inasmuch as there were no contracts in existence. In summing up the evidence given in the case, Mr. Judson declared that the sole jurisdiction possessed by the court came through violations of the interstate commerce law. These violations must be illegal in the means used to attain an end, or illegal in the ends sought, and there had been nothing shown, he declared, to indicate that either the end sought or the means used to attain it were against the law, and therefore the entire case fell to the ground, and he prayed the dissolution of the injunction.

He concluded his argument at 10:45, and Judge H. S. Priest, special counsel for the Wabash Road, rose to make the third argument for the company.

Judge Priest laid down the fundamental principle that whoever interfered by intimidation or persuasion in inducing an employe to leave his employer's service is liable to that employer for all damages sustained through the defection of that employe. He quoted a number of legal decisions in support of this position.

"These defendants claim," said Judge Priest, "that they came down here to submit a schedule of wages to President Ramsey. Now where is that schedule? They never presented it. They claim to have been receiving instructions every day from the Wabash employes. Why are they not brought into court?"

The speaker charged the defendants with bad faith in claiming the existence of grievances when their sole motive was to secure recognition of their union. Judge Priest questioned the fairness of the vote by which the men ordered a strike. "Why are not the ballots shown in this court?" he asked. "They are the best proof of the result of that vote."

WAGE SETTLEMENT IS MADE.

Advance Given Southern Pacific Trainmen and Yardmen.

SAN FRANCISCO, March 20.—The result of the long conference between the trainmen of the Western division of the Southern Pacific and the officials of the company was announced today. A settlement was reached on a basis of 15 per cent increase in wages of the freight trainmen and of 12 per cent increase in the pay of the passenger trainmen. These increases will affect between 3500 and 4000 employes on the division. Some minor details remain to be adjusted, including the questions of abolishing "double-header" trains and of the hours of labor.

Another point settled is that of the wages of the yardmen. Some time ago the company advanced the wages of operatives in the larger yards, such as Stockton, Sacramento and Oakland and Ogden from 5 to 17 per cent, and in the smaller yards of 10 per cent. Later it was realized that the apportionments were not equally made and today arrangements were agreed upon whereby the smaller yards will get an additional 4 per cent increase.

BASIS FOR NEW WAGE SCALE.

New Haven Road Given Time to Prepare Figures.

NEW HAVEN, Conn., March 20.—Almost simultaneously with the assembling today of the grievance committee of the conductors and trainmen of the New York, New Haven & Hartford Railroad, the reply of the directors to the men's demands was made public at President Hall's office.

The company proposes to secure from its operating department figures on which new wage schedules can be offered to the men on Wednesday, March 25, and desires the grievance committee to arrange that not only trainmen and conductors, but all employes shall be included in the negotiations.

The communication was sent to the men's grievance committee and shortly thereafter that body went into secret session. Later a reply was sent to President Hall, saying in effect that the committee would comply with the wish of the board of directors and await a further message from the board on March 25.

FEDERATION WINS LAWSUIT.

Court Orders Contractors to Employ Its Members.

WASHINGTON, March 20.—Judge Hagner, of the Supreme Court of the District, has issued an injunction involving the American Federation of Labor and the Knights of Labor. The practical effect of the decision is to compel the sub-contractors on a building who had engaged Knights of Labor, to employ members of the American Federation of Labor, as provided for in the contract with the original contractors.

May Order Strike in Cotton Mills.

LOWELL, Mass., March 20.—The conference between the agents of the cotton mill and the committee representing the textile council just held, resulted in a refusal to grant any increase in wages. As a result, the weavers and carders have given their delegates to the textile council full authority to act as they can see fit in the meeting to be held Sunday. The agents reiterate their statements that conditions in Lowell will not permit of an increase, and it will require cool judgment to prevent a strike in the city.

Carmen's Strike Postponed.

SAN FRANCISCO, March 20.—There will be no immediate strike by the employes of the United Railroads. The Carmen's Union has retreated from its position in refusing to allow the suspended men to sign student cards and the men will return to work at once after signing the cards. The controversy between the union and corporation is now postponed until March 30, when the corporation will reply to the demands of the union for an increase in wages.

One Thousand Idle for One Man.

CHICAGO, March 20.—One thousand employes of Selz, Schwab & Co., shoe manufacturers, were thrown out of employment today on account of one fireman, who struck for union wages. The lone fireman was being paid 12½ cents an hour, and upon his joining the Brotherhood of Stationary Firemen, that union demanded that he be paid the scale of 28½ cents an hour. The employes of the factory were notified that the plant would be closed until further notice.

Metalworkers Are Enjoined.

CHICAGO, March 20.—An injunction has been granted by Judge Holden against the officers and members of the Sheet Metalworkers' Union, No. 73, their agents and pickets stationed about the plant of the Sykes Steel Roofing Company. It is claimed in the petition for the injunction that a reign of terror has existed since the sheet metalworkers went on strike, March 10.

Pickets at Cripple Creek Mines.

CRIPPLE CREEK, Colo., March 20.—But little change has taken place in the strike situation today. The executive committee of the miners is keeping a close watch upon the mines now in operation in order to prevent any shipments of ore to the mills of the United States Company. Stratton's Independence mine today paid off its men and is closed.

Golden Smelter Trouble Ended.

GOLDEN, Colo., March 20.—Instead of having closed down permanently, as reported yesterday, the Golden Smelter will resume operations when repairs now under way are completed.

The trouble with the workmen has been adjusted.

Coal Operators Give Eight Hours.

ALTOONA, Pa., March 20.—The coal operators today finally consented to accept an eight-hour day, but have added other conditions which the miners are taking time to consider.

Wage Conference on Erie Road.

NEW YORK, March 20.—A committee of the engineers of the Erie system is here conferring with officials of the company on their wages. Satisfactory results are anticipated.

TANNERY FIRMS FAIL.

Receivers Appointed for Two of the Largest Concerns in the East.

BUFFALO, March 20.—C. Moensch & Co., and Moensch, Fisher & Gannesiin, of Gowanda, two of the biggest tannery concerns in this part of the country, are insolvent. Applications for the appointment of receivers for both companies were made today. The capital stock of C. Moensch & Co. is $1,500,000, and that of Moensch, Fisher & Gannesiin is $600,000. The motion for the dissolution of the companies was made in behalf of the majority of the directors. Both corporations have large plants at Cattaragus, Gowanda and Salamanca and Alpena, Mich. Warehouses of these concerns are located at Chicago, Boston and other cities.

It was stated in the petition that the apparent assets of Moensch & Co., are $1,348,000. Actual liabilities were given at $634,000, and contingent liabilities at $500,000.

Attorney Moses Shire, who first presented the petition of Moensch & Sons Company, said there was a possibility of dissolution proceedings, because over $500,000 in notes was now due certain creditors, with not sufficient funds on hand to meet the demands, and actions in court had been threatened. He said the directors would be satisfied with the appointment of Herman Waterman, of Buffalo. After a long discussion Judge White named Mr. Watson as receiver, and appointed Ward J. Wilber, of Gawanda, as referee. Henry Sprague appeared for Charles J. Hathaway & Co., note brokers of New York, who, he said, represented creditors to the extent of $510,000. Other creditors whose claims amounted to $175,000 were represented. The First National Bank of Chicago, the Traders Bank of Buffalo and the Bank of Salamanca also were represented as creditors.

Later in the day Mr. Shire presented an application in behalf of the directors of Moensch, Fisher & Gannesiin. Mr. Shire said that the nominal assets of this company were $750,000, and the liabilities $150,000. According to present information, it is not believed that the actual assets of the company will amount to half the amount specified in the schedule of nominal assets. C. J. Hathaway & Co. are creditors to the extent of $385,000. David J. Shire and Howard Smith were appointed receivers for this firm, and I. R. Leonard, of Gowanda, was named as referee.

Telegraphic Brevities.

H. G. Bax-Ironsides, the new British Minister to Venezuela, arrived at Caracas yesterday.

A. Purdue Leed, a student of Cornell University, is the latest victim of typhoid fever at Utica, N. Y.

The condition of J. Whittaker Wright, the London promoter who is in jail in New York, was much improved last night.

The National Retail Hardware Dealers' Association has elected officers as follows: President, J. L. Bogardus; secretary, M. L. Correy.

Ole Olesen, who killed his daughter with a butcher knife because she intended to marry contrary to his wishes, was hanged at Atkin, Minn., yesterday.

James Ruffin and J. Green, both negroes, were hanged at Star City, Lincoln County, Ark., yesterday, for the murder of Don McGhee, on January 3, 1902.

The carelessness of Alex Kemperty in smoking a pipe near a can of powder at a quarry in West Rutland, Vt., caused an explosion which cost him his life and injured seven others.

Mrs. Katherine Duer, who has been ill for some time at the Waldorf-Astoria, New York, took a turn for the worse yesterday, and it was believed that the end was fast approaching.

The Nova Scotia, one of the largest mines owned by the Gauley Mountain Coal Company, near Huntington, W. Va., is on fire, and its complete destruction is threatened. The entire mountain is smoking.

Rear-Admiral Crowninshield, who recently applied for immediate retirement from the Navy, yesterday lowered his flag on board the cruiser Chicago, and gave up the command of the European station, says a Rome dispatch.

W. E. Hoxie, who was expected to accompany Captain Coffin in his attempt to reach the North Pole, as second mate of the steamer America, has returned to his home at New Bedford, Mass., and announces that he will not go on the trip.

A patient, an 8-year-old girl, was operated upon last Wednesday, at Philadelphia, for congenital dislocation of the hip, by the Lorenz method. The surgeons did not succeed in reducing the dislocation, but the child was later seized with convulsions, and died in a short time.

A vein of phenomenally rich ore, five feet in width and of unknown depth, and assaying 200 ounces of gold and 2000 ounces of silver to the ton, has been discovered at Parral, Mexico. The Hidalgo mine, where the body of ore was discovered, belongs to a company composed of Texans.

Judge McPherson, of the United States Circuit Court, at Philadelphia, has named D. Stuart Robinson and William S. Furst to act as receivers for the Consolidated Ice Manufacturing, Refrigerating & Fish Company, a West Virginia corporation. The Reading Company has a claim against the concern.

The Corporation Counsel of the City of New York contends that James R. Keene owes the city $1737 for personal taxes for 1901. Mr. Keene has informed the Corporation Counsel that he will not pay this tax because in that year he was a resident of Hempstead, Nassau County. Mr. Keene will fight out in the courts the payment of the taxes.

Three women were instantly killed and a fourth was probably fatally injured while walking from Pawtucket to Philippsdale, R. I., on the tracks of the New York, New Haven & Hartford Railroad yesterday. The victims, in trying to avoid a train, were struck by an engine on another track. Rose McAloon, Bridget White and Mary McTierney were killed and Lizzie McKnight was injured.

Girlhood

Is the foundation of Womanhood.

Girls that are **delicate**, girls that do not thrive on ordinary food, girls that are passing through **critical periods**, girls that need **more and richer blood**, should be given

Hood's Sarsaparilla

The Great Alterative and Tonic, Blood-and-Strength-making medicine. Only three small doses a day, and pleasant to take.

If there is biliousness or constipation, HOOD'S PILLS should be given also.

"My little girl was greatly run down. I procured a bottle of Hood's Sarsaparilla and before she had finished one bottle we saw a great improvement in her condition. When she had taken three bottles she was stronger, had a better appetite and was in better spirits." MRS. N. C. PATTERSON, Irving, N. Y.

Accept no Substitutes for Hood's Sarsaparilla and Pills. No Substitutes act like them.

CHARGE OF LOOTING BANK

Pennsylvania Banker Arrested on Complaint of Government.

PHILADELPHIA, March 20.—George B. White, vice-president of the South Pennsylvania Bank, of Hyndman, Bedford County, was arrested here today, charged with looting the bank of $20,000. He was taken before the United States Commissioner and was held in $8000 bail for a hearing.

The arrest was made by Deputy United States Marshal Meyers on a warrant sworn out by Special Bank Examiner W. A. Mason, who says he acted under instructions from Attorney-General Knox. White referred to the charge against him as a matter of little importance.

TWO ARE UNDER SUSPICION.

Detroit Police Believe They Know Who Stole Gold Bar.

DETROIT, Mich., March 20.—Nothing has developed today to help solve the mysterious disappearance Wednesday night from the Union Depot office of the Pacific & Dominion Express Company, of the ingot of gold valued at $22,500. No arrests have been made, and so far as can be learned the police have no clew to the whereabouts of the precious bar.

Chief of Detectives McDonnell said significantly this afternoon that he was satisfied that two men seen at the Union Depot Wednesday night, and who were acting supiciously, are the persons who stole the bar.

McDonnell said he learned that Messenger Dean, after loading the four gold bars on a truck, walked around a corner of the room and sat where he could not see the truck, while waiting for his train for Buffalo, which was late.

FINDS BUNCO OUTFIT.

Robert H. Greenwold Has Made Good Wages by Clever Schemes.

By searching Robert H. Greenwold's room last night the detectives obtained evidence which convinces them that he has been doing a wholesale bunco business.

Greenwold's favorite game is said to be to take subscriptions for the Ladies' Home Journal, and obtain part payment in advance. In each case he promised to send a handsome picture to the subscriber, but after he had received the money, the subscribers say, they neither heard of him nor of their paper.

Mrs. R. E. Boudurant yesterday identified him as the man to whom she had paid money four weeks ago. Detective Sam Simmons and Officer Slover last night found in his room an entire outfit for his work.

Greenwold was arrested, while the Anna Held Company was playing at the Marquam Theater, for buying and selling tickets without a license, but was acquitted. He is a man of intelligence, and the detectives say that he has been making a large amount of money by his work.

Hunt Club Run Today.

The "point-to-point" race of the Portland Hunt Club, scheduled for last Saturday, and postponed on account of stormy weather, will be run this afternoon from West avenue and Sandy road. The start will be made at 3:30 o'clock P. M. Flags will be placed at elevated points in view of the start, riders being required to pass around the flags and return to the starting point. The length of the run will not exceed four miles. The committee hopes to see a large turnout of horsemen and horsewomen.

Funeral of Mrs. Sarah B. Colwell.

The funeral services of Mrs. Sarah B. Colwell, who died at Mountain View, Cal., will be held at Finley's Chapel, Sunday afternoon at P. M. The remains were brought from California, and arrived here last night. Elmer B. Colwell, secretary of the Multnomah Trunk & Box Company, is the only son of the deceased. His father, William Colwell, died in Portland three years ago.

H. G. Panway Held Up.

H. G. Panway, who lives at 308 College street, was held up at 10:50 last night at Sixth and College streets. The robbers took a watch and chain and a few cents in change. Mr. Panway says that the men appeared to be young in the business, and were very much frightened. They wore handkerchiefs over their faces for masks, and were well dressed.

Rainier Grand Hotel, Seattle. European plan. Finest cafe on Coast. Hdqrs naval, military and traveling men. Rooms en suite and single. Free shower baths. Rates, $1 up. H. P. Dunbar, prop.

SHE MADE A CHANGE.

A Charlestown Mother Did So With Advantage to Herself and Children.

A mother living in Charlestown, Mass., the happy possessor of four children, writes: "Every Fall and Winter I have laid in a stock of cough remedies, croup mixtures and throat medicines for my children, for somehow or other they never seem to be free from colds, coughs or sore throat.

"This Fall I made a change in the usual programme. I had myself been cured of an obstinate catarrh, from which I had suffered for years, by Stuart's Catarrh Tablets, and as they were pleasant to take I determined to try them with my children. Our family physician told me he knew them to be perfectly safe, and nothing better could be used for catarrh, coughs and colds.

"So I gave them to the children, and have continued to do so ever since, whenever there is the least sign of croup or sore throat, and I no longer dread the approach of cold weather as I once did.

"Stuart's Catarrh Tablets not only cured me of chronic nasal and throat catarrh but they have saved me many an anxious night with my little ones. The children like the taste of them, and it is really wonderful how quickly they will break up a croupy cold or an obstinate, deep-seated cough."

People who have used sprays, inhalers, salves or washes for catarrh and have found how useless they are, will be agreeably surprised at the results following the use of a pleasant, convenient, internal remedy in tablet form. Druggists everywhere admit that Stuart's Catarrh Tablets, which sell for 50 cents full-sized package, is the safest, most effective and popular of catarrh medicines.
