### **NEW YORK CENTRAL SOLD**

VANDERBILTS GIVE UP CONTROL TO NEW SYNDICATE.

Deal Peaceably Made by Which Bockefeller, Morgan and the Pennsylvania Take Charge.

NEW YORK, March M.—Control of the New York Central and direction of its operations have passed into new bands, according to information received from trustworthy sources, the Tribune will say tomorrow. Control has not been wrested from the Vanderbilta. There has been of friction, and the change is along lines approved by William K. Vanderbilt. The new control is vested in the combination known as the Rockefeller-Pennsylvania. Morgan interests. For a long time the New York Central has been operated in harmony with the Pennsylvania. In fact, the Vanderbilta are the largest individual owners of Pennsylvania stock.

In giving up control it is announced

In giving up control it is announce there is no surrender of interests in the property. The Vanderbilt family will re-tain a large holding and a voice in the management, although the responsibility

There have been reports that there will be a merger of the New York Central and the Pennsylvania, and that the New Haven will eventually be taken into the combination. This is declared to be premature, if not antrue. The two properties can be best operated separately at present. A merger may come later, but it is stated that it is unlikely in the near

will be made now, and that none is planned for the immediate future. It is fble that at the next annual meeting changes may be made in the direc-Mr. Morgan is now in the board. William Rockefeller. It is likely that at the next meeting the Pennsylvania may secure representation. All that is certain is that the burden of control is shifted to other hands, and that the socalled Rockefeller - Morgan-Pennsylvania combination will in the future operate the New York Central system, acting in ac-cord with the Vanderbilis, but relieving em of the onerous duties and the exact-

#### SANTA FE IS REACHING OUT. Will Build Connection With Its Nev Northern California Lines,

SAN FRANCISCO, March 24.—It is evi-ent, says the Chronicle, that the Santa Fe Railroad Company is rapidly perfecting Fe Hairoan Company is rapidly perfecting its plans for establishing a rall line to connect its Humboldt County properties with this city. Captain A. H. Payson, as-sistant to the president, and Assistant Traffic Manager W. A. Bissell, who exer-cise executive control of Santa Fe affairs in California, have gone to Eureka, Hum-boldt County, accompanied by a surveying oldt County, accompanied by a surveying party, in charge of F. M. Bisbee, of the engineering department of the Santa Fe, and the information is given out that the purpose of their trip is to inaugurate the rork of extending the company's recently equired Humboldt County lines south-sard toward Willits, the northern ter-ninus of the California Northwestern Railroad in Mendocino County.

cement that the California Northwestern has passed under Santa Fe control is expected. In connection with this anticipated railroad deal, the incorporation in this city of the Fort Bragg & Southeastern road is of interest. It is to run from Fort Bragg, in Mendocino County, to Healdsburg, in Sonoma County. The Call suggests that this line may be part of a road to parallel the California Northwestern, to be constructed by J. J. Hill, in pursuance of his plan to enter San Francisco from the North. The in-corporators of the Fort Bragg road include G. B. Shaw, a Chicago banker, and the members of the Albion Lumber Company, which owns extensive forests in Northern California.

#### HARRIMAN'S LINE OF DEFENSE. Southern Pacific Officials Summoned East to Help Him.

SAN FRANCISCO, March 24.-Relative to the hurried departure of General Man-ager Kruttschnitt, Traffic Manager Stubbs and Chief Engineer Hood, of the Southern Pacific, for New York, it is stated that the purpose of President Harriman's hurried call for his officials is to prepare his line of defense against the charges made by James Keene to the effect that the profits of the Southern Pacific are being wrong-fully diverted to the Central Pacific with a view of improving that road and making it part of a system of overland roads that dil in time operate to the great injury of

usiness on the Southern Pacific.
It is understood that Stubbs will be one f Harriman's principal witnesses to prove that betterments are absolutely needed on the Central Pacific in order to permit the meet the competition of the Union and Stubba, as traffic manager of the Harriman syndicate, will endeavor to show that the latter road is really a competitor of the Central.

Hood's line of testimony at the hearing will be relative to the extensive work be-ing done and contemplated along the lng done and contemplated along the Central Pacific, and especially the costly cut-offs, and Krutischnitt will be called upon to furnish material for the con-sideration of the court in relation to operating expenses.

#### New Extension of the Wabash.

PITTSBURG, March M.—George Gould has issued orders to J. E. Patterson, chief engineer of the Pittsburg & Toledo Synengineer of the Fittsburg & Toledo Syndicate, to prepare plans for the building
of the Greene County Railroad, at a cost
of \$7,500,000, from Blabop and Hickory, on
the Pittsburg extension of the Wahash
Railroad, to the Connellsville region, at
Uniontown. The length of the line will
be 60 miles. By this route two days will
be saved in shipping coke to Chicago, Mr.
Gould will assume direct and active rese. Gould will assume direct and active man-agement of the Wahash property during the absence of President Ramsey, who salled for Egypt today.

Sheriff Will Sell Vandalia Road. INDIANAPOLIS, March 24. - Sheriff Bray, of Clay County, today received from the Clerk of Marion County a legal no-tice under which he will proceed to sell the Terre Haute & Indianapolis Railroad to satisfy a judgment of the Marion County Superior Court, affirmed by the State Supreme Court. The total liabilities of the Vandalla to the State of Indiana are a-little over \$1,000,000.

#### New Rathroad for Wyoming.

CHEYENNE, Wyo., March 34.-Articles CHEYENNE. Wyo., March 3i.—Articles of incorporation were filed yesterday in the Secretary of State's office of the Wyoming & Black Hills Railroad Company, to operate in South Dakota and Wyoming, with £,000,000 capital, Lewis Twombley will be prosident and general manager, and the following Minneapolis capitalists are interested in the enterprise: A E, Johnson, Philip S, Harris, Cariston L, Wallace, Edwin G, Potter and Alpha E, Hoyt. This read will be about 100 miles in length, and will open up a vasat coal country near Sundance. It will connect with the Burlington and Chicago & Northwestern Railroads.

Texas & Pacific Elects Officers. NEW YORK, March 24.—The directors of the Texas & Pacific Rallway Company elected at the recent annual meeting of the stockholders organized today by reclecting the retiring officers. This includes A. C. Bird, who was elected a vice-president by the old board of directors last week.

Great Traffic for Big Tunnel. NEW YORK, March 24.—At a public earing given today by the special com-lassion appointed by the Appellate Di-ision of the Supreme Court to pass on tunnel plans of the Pennsylvania

Railroad, A. J. Cassatt, president of the Pennsylvania Railroad Company, said the plans were based on an expectation of handling 500 trains daily, and from 70,000,-000 to 80,000,000 passengers yearly.

New Line in Oklahoma.
GUTHRIE, Okla., March M.—A charter was granted today to the Mountain Pass, Texas & Northwestern Hallway Company, capital \$4,000,000, to build a line 200 miles long frem a point on Red River in Comanche County to the northern boundary of Oklahoma in Woodward County. The incorporators are Oklahoma capitaliets.

Contract for Short Line Branch Short Line from Corinne north to the Garland sugar factory. The work will cost \$100,000, and will employ about \$50

The National Reform Association today

mer and protested against the election of and seating in the Senate of Mr. Smoot. It is making plans with the object of hav-ing him unseated at the next aesslon. Quite a number of ministers here, mem-bers of the Reform Association, express themselves in radical terms to consulting themselves in radical terms in opposition to his being received as a guest by the Americus Club.

Ohio Local Option Law Sustained. COLUMBUS, O., March 24.-The Su preme Court today declared the Beall local-option law constitutional, the de-cision being unanimous. The decision was given in the case of a Cambridge saloonkeeper, who sought to escape a sen-tence of imprisonment on the ground that the law was unconstitutional.

Vote for Greater Chicago. SPRINGFIELD, Ill., March 24.- "Great er Chicago" resolution was voted on in the House today—ayes, 65; nays, 15. Before the result was announced further consid-eration was postponed until Wednesday

### MEN CURED o Rational and **Original Methods**

DR. W. NORTON DAVIS & CO. Portland's Leading Specialists

The cure of disease is a matter of full understanding as to the nature of the disorder and the action of the remedies upon it. In most instances the proper treatment is apparent to the physician so skilled as to be able to detect the exact conditions underlying an ailment. An accurate diagnosis is more than half the cure, for it makes plain the thing that must be done in order to effect a cure. If the doing of these things is a possibility, there is no excuse for failure. Too often disease is treated by rule or programme. without adequate understanding as to the nature of the ailment, and without even an attempt to scientifically diagnose the case. This is a practice that comes through ignorance or careless ness, and that has done untold harm, disappointed millions of patients and injured public confidence in the medical profession.

Dr. W. Norton Davis,

We guess at nothing. Our understanding of men's diseases is so thorough that we have no need to resort to guesswork. To this class of allments we have devoted our entire attention for over twenty-one years. We have closely studied them in every possible phase and com-plication. We believe there is no case that we cannot accurately diagnose. Our diagnosis is the foundation of our treatment. It determines the course to pursue. As the cure progresses we carefully note developments and vary remailes accordingly. We employ origi-nal and distinctive methods of reatment, but they are not set methods. They are pilable to methods. They are pilable to meet the conditions in individual cases, and their use calls for the most delicate prescribing. That they are correct, scientific and rational methods is conclusively proven by the cures they produce. We have cured more men than any other specialist in the Northwest has even temporarily relieved. Our methods are our own, and the treatment we offer can be rendered only by ourselves.

CONTRACTED

DISORDERS

disorder is almost as dangerous as

less every particle of infection and

inflammation is removed the prob-

gradually work its way into the

gradually work its way into the general system. Still greater is the danger of the prostate gland becoming chronically inflamed, which always brings on partial or complete loss of power. Perhaps twenty-five per cent of the cases of so-called "weakness" are a direct result of some improperly treated contracted disease. In hundreds of cases we have recently treated we have effected a thorough and safe cure in every instance. There have been no relapses or undestrable developments whatever, and our patients have been cured in a shorter time than usually required in such cases.

REFLEX AILMENTS

Often the condition appearing to

be the chief disorder is only a re-

flex allment resulting from some

other disease. Weakness some-

times comes from varicocels or stricture; skin and bone disease re-

sult from blood poison taint, and physical and mental decline follow

long-standing functional disorder

Our long experience in treating men

enables us to determine the exact conditions that exist, and to treat accordingly, thus removing every damaging cause and its effects.

to allow it to go untreated.

ability exists that the disease

## We Are Always Willing to Wait for Our Fee Until Cure Is Effected

#### SYPHILIS

This most hideous of all venereal diseases can no longer be classed as incurable. The idea that the limit of medical aid is to keep the disease dormant by persistently dosing the system with mineral poisons is as incorrect as many other ancient theories to which many of the profession oling. Such treatment not infrequently results in the virus being driven deeper into the system, where it attacks and destroys even the very bones of the sufferer. We positively drive the very last taint of the poison from the system in sixty days. The cure is thorough and permanent and every symptom of the disease vanishes forever. We use harmless vanishes lovever. We use naturally blood-cleansing remedies, heretofore unknown in the treatment of 
this disease. We regard our success in overcoming this frightful 
leprosy as the crowning triumph 
of our professional career.

### STRICTURE

It matters not how long you have suffered from stricture, nor how many different doctors have disappointed you, we will guarantee that our treatment will make you as well as before you were troubled with the disease. Our treatment dissolves the stricture, which comes away in shreds, leaving the urinary passage entirely free from obstruction and irrita-tion. It also relieves any sympa-thatic disturbance in the bladder or kidneys. We send our treatment for this trouble to nearly every country in the world.

No matter how severe or how long standing, we will cure us for treatment. We use no knife, ligature or caustics, but employ a mild treatment, which is certain in its effects and no relanges follow: Our practice in this branch of our specialty is constantly grow mends by forme

#### "WEAKNESS"

This disease of the functions by no means indicates general nervous decline, but is a direct result of in flammation, enlargement or exces sive sensitiveness of the prostate gland, brought on by early dissipation or resulting from some im properly treated contracted disorder. These conditions cannot pos sibly be removed by internal medicines alone, and any tonic system of treatment that stimulates activity of the functions can but result in aggravation of the real ailment This is a scientific truth, that we have ascertained by careful study and observation in hundreds of cases, and is the truth upon which our own original system of treatment is based. We employ neither tonics, stimulants or electric belts We treat mainly by local methods those cases that other have falled to even temporarily relieve with their topics is conclusive evidence that our method affords the only

#### PILES

ing from recommends by for patients who have been cured.

radical cure. VARICOCELE Variencele is a relaxation, knot ting and twisting of the most important blood vessels of the sexual system. It stagnates the local cir-

gleet brings derangement of func health. Most physicians resort to surgical operations and hospital treatment. We cure varicoccile without operation, pain or deten-tion from business. Our cures are absolutely permanent, and no ill effects whatever can follow our treatment.

We can treat most cases suc

cessfully by letter, but prefer one

personal examination if possible.

Should we accent your case you

can rest assured that a complete

and permanent cure will follow our

treatment.

# **OPERATIONS**

Some deformities and disorder render circumcision advisable, and in such cases we offer a service not to be had elsewhere. Our method of performing the operation is abnd the need not be detained from his business a single day. Nor is there necessity of further calls for having the wound dressed, for so carefully and neatly is the work accomplished that a single dressing is sufficient. We invite all interested

Harpers Buy Out a Rival.

NEW YORK, March 24-It was an nounced today that George Harvey, president of Harper & Bros., has acquired the publishing and syndicate business of R. H. Russell and that Mr. Russell is to beome associated with the firm of Harper Bros. in a statement Mr. Russell said his publishing house was to go to Harper & Bros., and his syndicate business to a syndicate company which Mr. Harvey is about to form.

The success of the Dr. Deimel Underwear is due to its merits.

It is the result of years of hard work to introduce a satisfactory undergarment. The garments are extremely

comfortable to the skin, de-

lightfully cleanly, warm enough for Winter and cool enough for Summer. All garments bear the Deimel name on a woven trade-

erywhere, In Portland at Buffum & Pendleton. Olds, Wortman & King.
