SWAMP SCRIP IS GOOD

SELECTIONS OF MONTANA LAND IN LIEU WILL BE APPROVED.

Secretary Hitchcock Overrules Contrary Decision by Commissioner of the General Land Office.

HELENA, Mont., March 25.—(Special.)—A most important decision has just been received by the Helena land office from the Secretary of the Interior, E. A. Hitchcock, to the effect that all land selections made in Montana in lieu of lands in the Cascade forest reserve in Oregon will be approved by the department.

This is a direct reversal of the decision of the Commissioner of the General Land Office in Washington, who held all of these selections for rejection on the ground that they did not show a complete title to the base lands in Oregon, in lieu of which the Montana lands were selected.

This will be good news to many Montana men who have selected tracts of lands in the northern and other parts of the state in lieu of those in Oregon, for which scrip has been issued. All the selections were held for rejection by the Commissioner of the General Land Office in Washington, who held all of these selections for rejection on the ground that they did not show a complete title to the base lands in Oregon, in lieu of which the Montana lands were selected.

WHY ARE THE GAMBLERS GO

SPOKANE SOON TO BE CLOSED AGAINST THOSE WHO TOIL NOT.

Nearly Five Hundred Men in That City Alone Will Have to Learn Some Other Mode of Life.

SPOKANE, March 25.—(Special.)—Where the 400 or 500 gamblers and their satellites were always found, Spokane is a question that is uppermost in the sporting circles of Spokane. Since Spokane assumed prominence on the map, these gentlemen of fortune have always found Spokane a productive spot and a fine place to winter.

It is this problem which a proprietor of the combination gambling-house is trying to solve. On his payroll there are employed 40 men. It is the custom of gambling-houses to pay the dealer and the booker at the table the share and he has adopted this method: Each day and night, as the employee is paid off, the proprietor holds out a dollar. If gambling continues until June 1, the date set for closing, there will be a credit of \$25 to each man, and the money will be in the hands of the proprietor, who knows how to save and accumulate money. He will come in years to come. With very few exceptions, these proprietors are not gamblers. In any other business they would be called solid citizens. They are open-hearted, quiet, unassuming people. They are ready to call for contributions to public enterprises, and willing to strictly obey every law except that which makes their present business unprofitable.
